Date: June 16, 2015

Re: ITB 15-13254-JE –Low Voltage Data Cabling Services

Background:

The Trust (Information Technology Dept.) seeks a Term Contract for the services of a certified firm with expertise, knowledge and experience in providing low voltage cabling to install and test cabling needed within a hospital setting for the Public Health Trust of Miami-Dade County. Cabling needs arise on the twenty-one various buildings within the main campus, five hospitals outside of the main campus, twenty-six clinics supported by the Trust and 196 terminal closets on the main campus. The intent of the subsequent Agreement will be for an initial three (3) year term with two (2) one (1) year options to renew (OTRs). The estimated initial three (3) year term cost is \$1,800,000, and \$3,000,000 should the additional two (2) years be executed.

Minimum Requirements and Special Conditions:

Bidders (Prime Contractors) shall hold a current Certificate of Competency and/or license from the State of Florida as either an ER, ES (Registered Electrical Contractor or Specialty Contractor) or equivalent license in order to provide the required scope of work. The Contractor shall have experience of successfully completing a minimum of three (3) low voltage cabling projects within the past seven (7) years in the State of Florida. The Contractor must also provide evidence that they have completed a project in the past five (5) years that required knowledge and experience of Class II Infection Control Precautions (ICRA) or higher or provide a subcontracting plan with companies that have such ICRA experience. Bidders shall also have knowledge, experience, and familiarity with current codes and requirements of all authorities having jurisdiction.

The Contractor shall be familiar with and adhere to the following standards: 1) National Electrical Code – Current Edition; 2) EIA/TIA 568B and 569A – Current Edition; 3) IEEE Standards 802.3 and 802.5; 4) EIA/TIA606A and 607A – Current Edition; 5) NFPA, NEMA, and ANSI Compliance; 6) Commercial Building Telecommunications Wiring Standards ANSI/TIA 568-B.3, Optical Fiber Cabling Components Standards – Current Edition, and 7) International Standards Organization/International Electro Technical Commission (ISO/IEC) DIS 11801 – Current Edition.

Recommendation:

It is the Trusts' recommendation that the Construction Review Committee (RC) approve/assign the Small Business Enterprise Construction (SBE-C) measure of 10% SBE Bid Preference for the above referenced Master Term Agreement.

If you have any questions regarding this matter, please contact my office at (305) 585-2243.

Regards,

John G. Ellis, III
