Reasons for Recommendation

An analysis of the trade required for this contract, as well as an analysis of the availability of SBE-Construction firms revealed insufficient availability. This project was bid through the MCC 7040 Contract; however, only one (1) bid was received, which was deemed non-responsive.

Verification of Availability to Bid Letters were also sent to SBE-Construction firms, and a poll was conducted - However; none of them were able to meet the project's requirements. This is primarily a single trade contract with special requirements for an Aviation environment.
