Reasons for Recommendation

An analysis of the trade required for the contract, as well as an analysis of the availability of SBE-Construction firms revealed insufficient availability. Verification of Availability to Bid Letters were sent to SBE/Construction certified firms - 3 firms responded. However only two (2) of them were able to meet all of the contract's requirements. This is a single trade contract. Projects with the same scope were previously submitted through the MCC 7360 plan (10027602 and MDAD718-R).
