| This contract is being resubmitted to decrease the estimated cost from \$500,000.00 to \$200,000.00 due to Funding constraints. All other items remain the same. An analysis of the trade required for this contract, as well as an analysis of the availability of SBE-Construction firms revealed insufficient availability. |
| The Verification of Availability to Bid process resulted in two (2) certified SBE-Construction firms being able to meet all of the contract's requirements. This is a single trade contract with special requirements for an Aviation environment.   |
