**CONTRACT/PROJECT MEASURE ANALYSIS AND RECOMMENDATION**

Project Title: Trauma Building Plumbing Repair

Contract/Project No. TBD

**DESCRIPTION:** To repair the Trauma Building Resus Drain Line. This project consists of excavating and replacing a drain line. Awarded contractor will need to excavate or tunnel the drain line from the manhole backup for approximately 100 feet. In addition, the removal and disposal of obsolete piping. Install new drain line inclusive of new clean outs wherever necessary. After installation, test the line for proper pitch and flow. Once successful, then backfill tunnel with the appropriate materials and clean worksite upon completion. Minimum requirements shall be the possession of a State Certified Plumbing Contractor License (CF License). The contractor may also be required to submit proof of having previously performed a project of similar nature, size, and scope.

**Importance:** High

Good afternoon Kenneth,

SBD is in the process of creating a Project Worksheet for the subject project however a project number has not been assigned and the estimated project budget is \$30,000-\$50,000. Can you please provide a project number and advise if the estimated project cost will be \$30,000 or \$50,000, as these are two vital factors in the creation of a Project Worksheet ?
