Project Title: Eddy Current Test of Five Chillers

Contract/Project No. RFQ-16-14026-SW

DESCRIPTION: To perform Eddy Current test of the five (5) chillers located at Utility Center. Awarded vendor is to remove all necessary components, brush the condensers and/or evaporators and test the tubes in all chillers. Upon completion of Eddy Current test the chiller's components need to be properly replaced, closed and restored to original condition. A full detailed report explaining the results, findings and recommendations must be provided to the JMH representative when completed. Minimum requirements shall be the possession 'at minimum' of a State Certified or Registered Class B Air Conditioning Contractor License (CA or RA license); or State Certified or Registered Mechanical Contractor's License (CM or RM). The contractor shall provide a copy of the required license with their bid submittal or immediately upon request from the Procurement Contracting Officer. In addition, the bidder or bidder's subcontractor shall submit proof of NDT Level II Certification for the technician who will be performing the Eddy Current Tests.
