RECOMMENDATION

Contract Measure Recommendation:

- No Measure
- Set-Aside: Level I Level II Level III
- CWP: Applicable.

Reason for Recommendation:

This is a multiple trade project; none of the primary trade related work can be subcontracted as per the Miscellaneous Construction Contract (MCC) specifications. All areas to be subcontracted require special licenses and/or certifications. Also, some categories of work are highly specialized and require special equipment that is typically owned and/or leased by the contractor.
