PROJECT INFORMATION

Scope of Work

The scope of the work for this project includes but is not limited to:

Replace and improve Public Address Systems on the Metrorail System.

RPQ No.: TP-0000008807
RPQ Title: Metrorail Public Address System Replacement

The Public Address System shall be an integrated with an existing Station Controller Unit (SCU) in each of the Metrorail Stations.

All components on the Public Address System shall reside on the Metrorail SCADA Network and be IP Network addressable and remotely configurable over the SCADA Network. All monitoring and reporting shall also occur over the SCADA Ethernet Network.

Required Contractor's Certification:

1. At the time of Bid and pursuant to the requirements of Section 10-3 of the Code of Miami-Dade County, Florida and these Solicitation and Contract Documents, the Bidder must hold a valid, current, and active:
 - a. Certificate of Competency from the County's Construction Trades Qualifying Board as an Electrical Contractor or a General Engineering Contractor, or;
 - b. Certification, as an electrical contractor provided by the State of Florida Electrical Contractors' Licensing Board, pursuant to the provisions of Section 489.511 of the Florida Statutes (F.S.), or;
2. Pursuant to Section 255.20, F.S. and in lieu of the above, the County may consider a bid from a Bidder that is a duly licensed Contractor in good standing that has been prequalified and considered eligible by the Florida Department of Transportation (FDOT) under Section 337.14, F.S. and Chapter 14-2, Florida Administrative Code, to perform the work described in the Contract Documents. Contractors seeking consideration under this Paragraph shall submit along with the Bid Documents for review and consideration, current copy(ies) of their FDOT Certificate(s) of Qualification, Certification of Work Underway, and Status of Contract(s) On Hand. Acceptable FDOT prequalification(s) necessary to perform the Work specified in the Contract Documents include the Electrical Work Class.

Experience Requirement:

The Bidder must demonstrate that it has full-time personnel with the necessary experience performing railroad maintenance services. In addition, it must have verifiable experience with high voltage and low voltage work. Demonstrate the experience requirement by:

Providing a detailed description of at least three (3) projects similar in detail to the Project's Scope of Work described in these Solicitation Documents and in which the Bidder is currently engaged or has completed within the past ten years. List and describe the aforementioned projects and state whether the work was performed for the County, other government clients, or similar size private entities. The description should identify for each project (1) The client, (2) Description of work, (3) Total dollar value of the contract, (4) Contract duration, (5) Customer contact person and phone number for reference, (6) Statement or notation of whether Bidder is/was the prime contractor or subcontractor, and (7) The results of the project; provide letters of certification of final acceptance or similar project closure documentation and/or Contractor's evaluation/performance.

RECOMMENDATION

Areas for Possible Measures: None

Areas Recommended for SBE-construction Participation: None

Contract Measure Recommendation:

- No Measure
- Set-Aside:
 - Level I
 - Level II
 - Level III
- Trade Set-Aside(s):
- Aggregate Set-Aside
- SBE-CONST Goal:
- SBE-GS Goal.
- CWP: As Applicable.
- DBE Subcontractor Goal

Reason for Recommendation:

This is a single trade project. Due to its complexity and the very specialized scope of work, DTPW would like to give the opportunity of participating to all contractors with the experience required. Therefore, DTPW recommends advertising this project under the MCC 7360 program.

Similar Projects previously submitted for Project Review and Analysis Process: None
