Re: North Side Police Station at Arcola (Project No: Z00044-C)

This letter serves as a Claim to Miami Dade County

Attention: Asael Ace Marrero

We will like to express our frustration and are reaching out to you seeking for assistance as we have big concerns with our receivables, payables and mostly because the involvement with our vendors and our suppliers. We will like for you to review the information below and hopefully see some sort of resolution to our situation.

Recently we have sent several letters to Miami Skyline Construction, due to payments that are constantly late and inclusive several months behind and we continue to have the same problems.

A.C Electrical has performed all of electrical work on this project to today 12/17/2011 and submitted numerous requisitions for payment that are due to us and in fact remains unpaid.

As you can see all were paid a few months late and base on that we are delaying our payments to Suppliers, due to non-payments from Miami Skyline and as you may be aware this is the costly to AC Electrical since we are been charged for finance charges monthly due to non payment to our Suppliers and is bringing lots of consequences to our credit.

We are a Small Business Development Center (SBDC) and Small Business Development works to increase the participation of small businesses on County contracts. The department coordinates and implements various small business programs to provide business opportunities and technical assistance to aid these firms in their growth and contribution to South Florida’s economy and perhaps
