Introduction  

Miami-Dade County, hereinafter referred to as the County, as represented by the Miami-Dade County Parks, Recreation and Open Spaces (PROS), is soliciting proposals from experienced and capable parties to establish and operate food, beverage and beach equipment rental services (the "Concession") for Crandon Park Beach. Crandon Park located in Metropolitan Miami, Florida is an 808-acre (3.27 km2) urban park, occupying the northern part of Key Biscayne, FL. The park has a variety of facilities, including a marina, a golf course, a tennis center, a family amusement center, picnic shelters and a nature center.  

The selected Proposer shall have the use of the Concession area(s) and the space to store a limited number of mobile concession unit(s), as shown on the attached site map (see Attachment A). In addition to providing a wide variety of food and beverages, the Concession services can include some beach equipment rentals and other related items as approved by PROS.  

Minimum Qualification Requirement  

The selected Proposer shall maintain the following minimum qualification requirements listed herein prior to contractual agreement:  

1. A Mobile Food Dispensing Vehicle License issued by the State of Florida, Department of Business and Professional Regulations (DBPR) Division of Hotels and Restaurants (H&R).  

2. A Food Service Management Certificate issued by the Florida Department of Health.  

Preferred Qualifications

   - Operate two (2) fixed concession stands provided by PROS.
• Operate one (1) amusement area concession stand on a seasonal/customer demand basis.

• Provide vending machines, with healthy options at locations to be agreed upon by the Crandon Park Manager.

3. Operate the Concession year-round within the operating hours of the park on a schedule that is approved by PROS. Changes to the operating schedule must be requested in writing to the Crandon Park Manager for review and approval. PROS shall retain the right to provide services during special events and to schedule special events that may preclude the selected Proposer from operation during a given event.

4. Conform to and comply with the Crandon Park Master Plan (CPMP), Article 7 of the Miami-Dade County Charter, and Chapter 26, Articles I-III Park and Recreation Rules and Regulations.

License would be a joint license with PROS as primary owner.

18. All operating expenses, including utilities associated with the day-to-day operations of the Concession are the sole responsibility of the selected Proposer. PROS will provide water, but will not provide any other utilities (electricity, etc.).

19. Utilize an electronic cash register for all transactions. The cash register must have the ability to produce “Z” reports (i.e., sales totals for each day) and “X” reports (i.e., sales totals at any given time); run dual tapes, or have the ability to print out an itemized account of each transaction each day; and print the date and time on journal tape and on each individual sales receipt.

Limited storage is also available for the mobile concession unit and other vehicles at the maintenance yard necessary for the concession operation that the concession stands cannot accommodate. Storage items and location to be approved by the Crandon Park Manager.
5. No equipment shall be left on the beach overnight. All removable equipment shall be stored in the area designated in Item 4 above.

**Crandon Park Master Plan (CPMP)**

It is the sole responsibility of the selected Proposer that the Crandon Beach Concession facilities and mobile concession referenced in this Request for Proposals (RFP) conform in all aspects to the CPMP. **Hurricane Preparation**

The Selected Proposer shall prepare and provide to County for approval and then continually have in place a hurricane preparation manual. The manual shall include requirement that all equipment must be removed from the beaches and properly secured no later than 72 hours prior to expected landfall of a named hurricane or tropical storm. **Note:**

There are two fixed concessions at the beach, namely the central and south concessions. The Central concession stand lacks essential food preparation equipment. PROS would consider giving a rent credit for the installation of this type of equipment based on the amount of rent it will be receiving.
