SECTION 2 - SPECIAL TERMS AND CONDITIONS

2.1 PURPOSE

The purpose of this solicitation is to establish a revenue generating contract for the removal and recycling of various mixed scrap metals in conjunction with the County’s needs.

2.2 TERM OF CONTRACT: FIVE (5) YEARS

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the blanket purchase order issued by the Internal Services Department, Procurement Management Services Division (SD/PMS), and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the last month of the five (5) year period.

2.3 OPTION TO REVIEW

Intentionally Omitted

2.4 METHOD OF AWARD: HIGHEST PERCENTAGE OFFERED PER TOTAL GROSS TON WEIGHT BASED ON THE AMERICAN METALS MARKET SALES DATA REPORT

Award of this contract will be up to two (2) responsive, responsible bidders who offer the County the highest percentage based on American Metals Market (AMM) price data and meet the minimum requirement specified below.

2.4.1 While the award will be made up two bidders to assure availability of service, the responsive and responsible bidder offering the highest percentage will be designated as the primary awarded bidder, and given the first opportunity to perform all services under this contract. The responsive and responsible bidder guaranteeing the second highest percentage of the American Metals Market (AMM) Price date will be designated as the secondary awarded bidder, and shall be ready to fulfill the contract upon the County’s notification should the primary bidder fail to perform. Award to multiple bidders is made for the convenience of the County and does not exempt the primary bidder from fulfilling its contractual obligations.

2.4.2 Award Requirements:

All bidders shall meet or exceed the following requirements to be considered for award:

a. Bidder(s) shall be a certified Secondary Metals Recycler as described by Florida Statute 538, Part II, Department of Revenue, as of the bid opening date. A copy of a valid certificate (RD-11S) listing the Bidder OR a copy of a Temporary Registration Certificate letter listing the Bidder shall be submitted with their bid.

b. When applicable, Bidder(s) shall also provide a Materials Recovery Facility (MRF) / dealer certificate as described by the Florida Department of Environmental Protection, rule 62-722, FAC.
Bidders shall provide copies of such certifications with their bid. However, the County reserves the right to request such documentation during the evaluation period. To ensure ongoing compliance, the County reserves the right to request a valid copy of such certifications as applicable at any time during the term of the contract as a condition of award.

2.5 PRICES

If a Bidder is awarded a contract under this solicitation, the percentage offered by the Bidder shall remain fixed and firm during the term of contract.

2.6 METHOD OF PAYMENT BY AWARDED BIDDER: CHECK AND STATEMENT FOR EACH PICK-UP

Payment shall be made in full for each pick up within ten (10) business days from the date of the pickup. The payment amount shall be calculated based on the AMM price data report listed for a gross ton (2,240 lbs.) under Scrap Metal, Ferrous, No. 2 Bundle, Consumers, Birmingham, as of the first issue date of the month in which the mixed scrap metal is picked up at a County facility. The awarded bidder shall list on their payment statement the following calculation (see sample on bid submittal form):

A. Multiply the AMM price per gross ton by the percentage offered to obtain the bid price per gross ton.
B. Divide the bid price per gross ton by 1.12 to obtain the bid price per net ton.
C. Divide the bid price per net ton by 2,000 to obtain the bid price per pound.
D. Multiply the bid price per pound by the number of pounds picked up as listed on the weight ticket(s) to obtain the total price owed to the County.

2.6.1 Payment shall be mailed in the form of a check to each individual County department from which scrap metal was picked-up. In accordance with Administrative Order No. 4-86, all checks shall be drawn only on United States banks in United States currency with the drawer's name and address imprinted on the check. All checks are to be made payable to the specific County Department for which the check is intended in accordance with Resolution No. R-755-13 dated 09/17/2013. Each check shall be mailed to the County department where the scrap metal was picked up from and addressed to the attention of the contract / project manager for each department (See Section 3, Paragraph 3.4) no later than ten (10) business days from the date of the pick-up receipt date.

Any non-payers or Insufficient Funds (ISF) / bounced checks may result in a non-performance. In addition, the awarded Bidder may be charged service fees and/or liquidated damages per ISF check in accordance with Administrative Order 4-86 and Florida Statutes, Sections 68.065 and 125.0105.

2.7 INSURANCE

Note: Insurance is required from the primary awarded Bidder. Secondary awarded Bidder will be required to comply with insurance requirements at the time it performs services under this contract.

Insurance coverage shall meet the requirements as stipulated in Section 1.21.
2.8 **AVAILABILITY OF CONTRACT TO OTHER COUNTY DEPARTMENTS AND ADDITIONAL DEPARTMENTS/FACILITIES MAY BE ADDED OR DELETED**

2.8.1 Although this Solicitation is specific to the County Departments listed in Section 3 Technical Specifications, it is hereby agreed and understood by the awarded bidder that any County department or agency may avail itself of this contract and request any and all services specified herein from the awarded bidder at the same percentage established by this solicitation.

2.8.2 It is hereby agreed and understood by the awarded Bidder that additional departments/facilities may be added to the contract at the option of the County. When such needs are identified, the awarded Bidder shall extend to the County the same percentage as awarded.

2.8.3 It is hereby agreed and understood by the awarded Bidder that any County department may delete service for any or all facilities when such service is no longer required or for any other reason during the contract period; upon written notice to the awarded Bidder. The awarded Bidder shall remove all containers within 10 days after notification by the County.

2.9 **ADDITIONAL TYPES AND/OR SIZES OF CONTAINERS MAY BE SOLICITED**

Although this solicitation and resultant contract states specific types and/or sizes of containers (see Section 3 Technical Specifications), it is understood and agreed that the County may request additional types and/or sizes of containers from the awarded Bidder with the same type of service.

2.10 **WORK DAY DEFINED**

Each user department shall communicate its schedule of operation to the awarded Bidder. There are no payments by the County on this contract; all travel time, tolls, and other expenses shall be borne by the awarded bidder and will not be reimbursed by County.

2.11 **RESPONSIBILITY OF SUBSEQUENT CONTRACTS**

The awarded Bidder shall be solely responsible for any and all contracts into which it may enter with purchasers of recyclable materials. Miami-Dade County shall not become a party to any contract between the awarded Bidder and any purchaser of recyclable materials from the awarded Bidder.
3.1 **SCOPE OF WORK**

The awarded Bidder shall provide and directly transport containers to and from each County facility to a certified facility, in the quantity and size for the period of time or on an on-call basis, as detailed in Section 3.4. The containers shall be 20 cubic yard or 40 cubic yard in size, capable of withstanding the anticipated use of safely containing and transporting mixed scrap metals.

The awarded Bidder shall independently (without the use of County equipment or personnel) and simultaneously (on the same service call) exchange full containers with empty containers in accordance with the service schedule to ensure no service interruptions to any facility, with the exception of one-time pick-ups and/or final pick-ups. Departments may change the number and sizes of the containers assigned to any of their facilities and/or increase, decrease, or cancel the service intervals at any time with due notice to the awarded Bidder (see Sections 2, paragraph’s 2.8 and 2.9). The service schedule is not a guaranty, but rather the departments’ best estimate. No guaranty is made as to the frequency of pick-ups, nor the quantity, weight, type, quality, contaminants and/or content of metals placed in the awarded Bidder’s containers at any time.

A **pick-up receipt** for the materials picked up shall be provided by the awarded Bidder’s operator / driver to the project manager at each site at the time of each pick-up. The receipt shall have the name and contact information of the awarded Bidder and list at a minimum, but not limited to:

- County user department name and project manager’s name.
- Pick up address and/or specific site location.
- Pick up date and time of day.
- Number and sizes of each container(s) picked up.
- A general description of the material picked up.
- An estimated weight and/or amount of the material picked up.
- The signature and printed name of the driver / operator picking up the material.

After commencement of services, unforeseen additional information may be required to be displayed on the **pick-up receipt**. For this reason, it is recommended that the awarded Bidder create an electronic version of the receipt capable of such future modifications.

In accordance with Miami-Dade County Administrative Order 8-2 any contract resulting from this solicitation will not be used by the County to dispose of surplus material.
