SECTION 2
SPECIAL CONDITIONS

VEGETARY CLEANING CHEMICAL, DISPENSER AND RELATED ITEMS

2.1 PURPOSE

The purpose of this invitation to bid is for the purchase of veterinary cleaning chemical, dispenser and related items on as needed when needed basis.

2.2 SMALL BUSINESS CONTRACT MEASURES FOR SOLICITATIONS (Bid Preference)
PENDING REVIEW FROM SPEE

A Small Business Enterprise (SBE) bid preference applies to this solicitation.

For awards valued up to and including $100,000, a 10% (ten percent) bid preference shall apply for certified Micro Business Enterprise (Micro) bidders. For awards valued over $100,000 and up to $1,000,000, a 10% (ten percent) bid preference shall apply for certified Micro and SBE bidders. For awards valued over $1,000,000 a 5% (five percent) bid preference shall apply for certified Micro and SBE bidders.

Micro Business Enterprises and Small Business Enterprises must be certified by Small Business Development under Business Affairs, a division of the Department of Regulatory and Economic Resources (RER) for the type of goods and/or services the enterprise provides in accordance with the applicable commodity code(s) for this solicitation. A Micro Business Enterprise is a certified SBE firm whose three year average gross revenues does not exceed $2 million, or is a manufacturer with fifty (50) employees or less, or is a wholesaler with fifteen (15) employees or less. For certification information, contact RER at 305-375-CERT (2378) or at http://www.miamidade.gov/business/business-certification-programs.asp. The enterprises must be certified by bid submission deadline, at contract award, and for the duration of the contract to remain eligible for the preference.

2.3 TERM OF CONTRACT SIXTY (60) MONTHS

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Department of Internal Services, Procurement Management Division and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the last month of the contract term.

2.4 OPTION TO RENEW – INTENTIONALLY OMITTED

2.5 METHOD OF AWARD TO MULTIPLE LOWEST PRICED BIDDERS

Award of this contract will be made to three (3) responsive, responsible bidders whose offer represents the lowest price per gallon and whose chemical and equipment meets the technical requirements of Section 3.

After the County opens the bid proposals, the chemical and equipment will be tested and evaluated for a period of three weeks on the County’s designated site and at no cost to the County. The County will then determine the lowest priced bidder as a primary vendor and a second lowest priced bidder as a secondary vendor accordingly. This determination shall be based as per results attained by County representatives during the testing and evaluation period. In the event the primary and the secondary vendor fail to perform then the County...
reserves, the right to request the third lowest price vendor to conduct the reference testing and evaluation as specified herein.

The dilution ratio shown on the product label will be used to arrive at the cost per usable unit of product; award will be made to the vendor who provides the County the lowest cost based on the dilution ratio and usable product. For example, (see table below): bidder ‘A’ bids $10.00 per gallon for a product with a dilution ratio of 128 to 1 (128 units of water to 1 unit of product). Bidder ‘B’ bids $12.50 a gallon for a product with a dilution ratio of 256 to 1. The computation for usable product of ‘A’ is $10.00 divided by 128, which equals 7.8 cents per usable unit.

The usable unit price for ‘B’ is $12.50 divided by 256, which equals 4.9 cents per usable unit. Award would be to bidder ‘B’. Items, which are not concentrates, shall be awarded to the lowest price bid for acceptable products.

In the above example, the cost per gallon from Bidder B is greater however; the dilution ratio makes this product the most cost effective.

While the method of award prescribes the method for determining the lowest priced responsive, responsible bidder, if the County decides to award this contract, it will award this contract to the designated lowest priced bidder as the primary bidder and will award this contract to the designated second and third lowest priced bidders secondary and tertiary bidders respectively.

If the County exercises this right, the primary bidder shall have the responsibility to initially deliver the chemical(s) and install the necessary dispenser suitable for the chemical identified in this solicitation. If the primary bidder or the primary bidder’s chemical fails to perform at any time, it may be terminated for default and the County will have the option to seek the chemical and dispenser from the secondary bidder, which will then become the primary. In the event, the primary and the secondary vendor fail to perform the County will then seek the tertiary vendor for the necessary chemical and equipment identified in this solicitation.

Award to multiple bidders is made for the convenience of the County and does not exempt the primary bidder from fulfilling their contractual obligations. Failure of any bidder to perform in accordance with the terms and conditions of the contract may result in the bidder being deemed in breach of contract. The County may terminate the contract for default and charge the bidder re-procurement costs, if applicable.
