It should be noted that Chapter 10 of the Miami-Dade County Code applies to everyone in the appropriate trades. However, over the years, Miami-Dade County has not implemented the lawn sprinkler code to its Landscape Service, Grounds Maintenance Bids and Contracts. Sprinkler and Irrigation is a specialty trade under chapter 10 as highlighted in the provided attachments and there are currently numerous contracts of Miami-Dade County that include repair and service to these systems but there has been no enforcement of the business regulation. Miami-Dade County should either entirely remove sprinkler repair/maintenance or add the licensing requirement to its bids & contracts.
