T-Shirts

ROADMAP

Contract Overview:

This contract provides firm and fixed prices for the purchase of t-shirts used by various County departments. Contract prices include all cost associated with the silk screening of the County's logo (hook) and the department's name or division name below it. Additional silk screening shall be performed at the prices shown as additional services.

ART WORK

At the time an order is issued by the County, the ordering department will advise the vendor of the necessary images/designs and wording to be placed on the shirts (artwork). This information will be provided in the user department's most current electronic method, in many cases this will be as a jpeg file. It is incumbent on the vendor to have the necessary expertise and or computer programs to convert the jpeg file to an image that their equipment can process. When artwork is presented in this form a onetime fee may be charged for its conversion into a format that the contractor can use.

If custom artwork is provided by the County (artwork which cannot be provided to the vendor electronically, i.e. a photo or drawing) the processing of it into a 'finished' form may be charged on an hourly rate, an estimate of the number of hours necessary will be agreed to by both parties prior to the start of work.

The County shall be provided a copy of any Vector artwork/acetate created at no additional cost. This applies to all bid items.

These are one time fees charged if the vendor has not established the artwork in its files or not created screens with the artwork.

Primary vendor shall be issued the order first, if the primary cannot provide, then use the secondary.

Price includes the silk screening of a County logo (hook) and the department name (in scale) below the logo on each shirt where directed by the ordering department (para 3.5).

DERM and Signal & Sign have had approved a modified logo, their prices are the shirt price plus the price quoted for item 12 or 13 per shirt.

Price for additional artwork/wording is computed by the price of the shirt plus the additional charges as shown in items 14 – 18

PRE-PRODUCTION SAMPLES:

Upon the County's request the vendor shall furnish pre-production samples for approval by a County representative before notice to complete delivery is given. The pre-production sample shall be furnished within seven days. Completed order(s) must be made within sixteen (16) calendar days of acceptance of the proof and pre-production sample.

Due to security reasons, orders received by the County which vary from the approved sample will be retained and rendered un-wearable by the County at no cost to the County.

Contract Term:
 January 1, 2014 – December 31, 2014

2.1 PURPOSE: TO ESTABLISH A CONTRACT FOR THE COUNTY

The purpose of this solicitation is to establish a contract for the purchase of t-shirts in conjunction with the County's needs.

2.2 TERM OF CONTRACT

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter which is distributed by the County's Procurement Management Division, and contingent upon the completion and submittal of all required bid documents. The contract shall remain in effect for sixty (60) months and upon completion of the expressed and/or implied warranty periods.

2.3 METHOD OF AWARD

Group 1 t-shirts are ordered and warehoused by Parks Recreation and Open Spaces Department (PROS). These shirts require specific images to be screened onto the shirt, and show estimated annual usage, this group will be awarded to the lowest priced responsive, responsible bidder on an item-by-item basis. Where applicable, an 'item' is defined as the total of all prices for both light and dark colors in all the required sizes. Required sizes show an estimated annual usage next to them. Failure to provide a price for a required size may result in the bid for that item being rejected.

Group 2 t-shirts will be used by various County departments and will have the County logo (hook) and the department name screened onto the shirt. This group will be awarded to the lowest priced responsive, responsible bidder on an item-by-item basis. An 'item' is defined as the total of all prices for the required sizes. Required sizes show an estimated annual usage next to them. Failure to provide a price for a required size may result in the bid for that item being rejected.

Group 3 t-shirts are ordered by PROS for use in summer camps. Images which will be screened to the shirts will be forwarded as available. Time frames and deadlines are critical. Award of Group 3 will be made to the lowest priced responsive, responsible bidders in the aggregate; bidders must provide a price for all required items and sizes listed. Required sizes show an estimated annual usage next to them. Failure to provide a price for a required size may result in the bid for this group being rejected.

Group 4 t-shirts will be used by County departments using federal funds or grants and will have the County logo (hook) and the department name screened onto the shirt. Award of group will be made to the lowest priced responsive, responsible bidders on an item-by-item basis. An 'item' is defined as the total of all prices for the required sizes. Required sizes show an estimated annual usage. Failure to provide a price for a required size may result in the bid for that item being rejected. The departments using this group are exempt from various County requirements, see paragraphs 2.19.

In situations where a bidder wishes to provide the item or service at No Cost to the County, enter NC on the appropriate pricing line. In some cases, bidders are given the opportunity of providing pricing for larger sizes than those required; these prices are for informational purposes only and will not be used in the evaluation of lowest bid. At the County's option, the prices received for sizes other than those required may be awarded to the recommended bidder for the item. There may be additional screening as required by individual departments. Charges for the additional work shall be as bid as shown on the pricing pages (Group 2, #17, Group 3 #8, Group 4 #16).

2.4 PRICES

The prices proposed by the awarded bidder(s) shall remain fixed for a period of no less than twelve (12) months after the commencement of the contract. After this period, the bidder may submit a price adjustment to the County based on documented price adjustments by the product manufacturer. Acceptable documentation for an adjustment may be an email or letter by the item Manufacturer to its distributors notifying them of an adjustment. Adjustments greater than five percent on any item will be dis-allowed. The County reserves the right to negotiate lower pricing based on market conditions or other factors that influence price.

It is the bidder's responsibility to request any pricing adjustment under this provision. The bidder's request for adjustment must be submitted to the County's Internal Services Department for review no less than 90 days prior to expiration of the then current contract period.

The County reserves the right to reject any price adjustments submitted by the bidder.

2.5 PRODUCT OTHER THAN THOSE MENTIONED CAN BE CONSIDERED

A. Unless otherwise specified, the mention of a particular manufacturer's brand name or style number in the specifications does not imply that this particular product is

the only one that will be considered for purchase. This reference is intended solely to designate the style, type or quality of merchandise that will be acceptable.

The determination as to whether any alternate product is or is not equal shall be made solely by Miami-Dade County and such determination shall be final and binding upon all bidders. Miami-Dade County reserves the right to request and review additional information and samples to make such a determination.

Each item must be clearly identified on the offer submittal pages(s) as to manufacturer, style number, and colors available if bidding an equal product. Use of terms such as, "As Spec" are unacceptable. Failure to provide this information with the offer may result in rejection of the offer.

B Samples

After the County opens the bid proposals, the bidders may be required to submit a sample of the goods to be supplied for evaluation by, and at no cost to the County. If samples are required, the County will notify the bidder of such in writing and will specify the deadline for submission of the samples. Each individual sample shall be clearly labeled with the bidder's name, bid number, bid title, manufacturer's name, brand name, and style number if applicable. If the bidder fails to submit the samples, properly labeled, by the specified date stipulated in the notice, the County may not consider the bidder's proposal for that item(s). All samples shall become the property of Miami-Dade County.

The County reserves the right to perform its own testing procedures. Any costs for testing shall be borne by bidder. On the basis of this testing and analysis, the County shall be sole judge of the acceptability of the sample in conformance with the bid specifications and its decision shall be final. Any sample submitted shall create an express warranty that the whole of the goods and/or services to be provided by the bidder during the contract period shall conform to the sample submitted.

A charge for rush services may be added to the invoice. This fee must be approved by the office who is requesting the rush delivery prior to the order being placed.

The County reserves the right to place rush orders with any bidder it feels is most advantageous to the County.

Award of these items will be made as described in paragraph 2.3. In cases where a product has been awarded and additional sizes, colors or services are required by the County, the bidders awarded the item shall be solicited for the new requirement. The County retains the right to reject any quote received and purchase the item through other means.

2.9 SUBSTITUTION OF ITEMS

Substitute brands or styles may be considered during the contract period for discontinued items. The bidder shall not deliver any substitute item as a replacement to an awarded product without express written consent of Internal Services Department, Procurement Management Section prior to such delivery. The bidder shall bear all costs of correcting such rejected work. If the bidder fails to correct the work within the period specified, the County may, at its discretion, notify the bidder of its default.

If the bidder is in default, the County reserves the right to obtain the services of another company to correct the deficiencies, and charge the incumbent bidder for these costs; either through a deduction from the final payment owed to the bidder or through invoicing.
