- SPECIFICATION 1: PASSENGER**

- SPECIFICATION 2: PURSUIT AND EMERGENCY HIGH SPEED**  
Tire, Police Pursuit, Radial
- SPECIFICATION 3: LIGHT TRUCK**  
Tire, Light Truck, Radial; Tire, Light Truck, Steel Casing (Includes Off-Road Applications)
- SPECIFICATION 4: MEDIUM TRUCK**

All tires offered under the Contract shall be new and unused and in current production. Retreaded tires shall not be offered. Contractors shall offer only those brands qualified and listed in Cooperative Approved Tire List (CATL) (latest edition in effect at the time of this solicitation), published by the Associated Consultants of Technical Services, Inc., the contract manager for the Federal Government's program for testing new tire performance. In lieu of being listed in the publications, a Contractor may provide a Qualification Certification Form signed by the CATL Program Administrator.

### 2. REQUIRED RELATED SERVICES

Prices for the following services shall be supplied on the price sheets as separate items from the tire price for passenger, pursuit, and light truck tires (Specifications 1, 2, and 3):

- Mounting of the tire
- New valve stem and installation
- Dynamic balancing including weights

Customers may purchase tires alone, without related services. If additional services are purchased, each related cost shall be added to the invoice as an additional charge.

All bulk deliveries of tires shall be completed within thirty (30) days after receipt of an order, unless the Contractor and Customer negotiate a different delivery schedule and include it in an order.

Additional required related services are:

- Disposal of used tires. The Customer has the option of retaining used tires for recycling purposes. On bulk tire deliveries to a Customer's facility, the Contractor must pick up and dispose of an equal number of replaced used tires. This pickup of used tires may be required at a later date. All used tires must be disposed of in accordance with all Federal, State and local requirements, and disposal fee maybe assessed (See Part D "Price Sheets") by contractor to recover such costs.
- Taxes, environmental or other waste cleanup. All taxes, environmental or other waste cleanup fees imposed by the State, Federal or local governments and in effect at the time of the bid opening shall be listed separately. Any increase or new fees effective subsequent to the bid opening date shall be approved in advance by the Cooperative Bid Coordinator.

### 3. PERFORMANCE STANDARDS AND WARRANTY

All work performed shall comply with customary, reasonable, and prudent standards of care in the industry. All products shall be covered by the manufacturer's standard warranty. A copy of the Manufacturer's standard warranty must be submitted with the bid..

### 4. TESTING

Samples of delivered tires may be selected at random and tested for compliance with these specifications using the following standards:

ASTM Standard F1922, Test Method-for Tires, Pneumatic, Vehicular Highway.

ASTM Standard F1923, Test Method-for Tires, Pneumatic, Vehicular Low Speed, Off Highway.

Delivery of non-conforming product shall be grounds for terminating the Contract.

### 5. POSTING AND REVISION OF AUTHORIZED PRODUCT AND PRICE LIST

Every Contractor shall maintain on the Internet a list of the products it is authorized to sell under the Contract. The list shall clearly indicate the discounted price for each product. On the Ordering Instructions form submitted with the bid, bidders shall note the proposed Universal Resource Locator (URL) for this list. Posting of the list in a form easily accessible to the Cooperative Bid Coordinator and Customers shall be a condition precedent to Contractor's right to payment under the Contract. The Cooperative Bid Coordinator, in its sole discretion, may maintain Contractor's authorized list or provide electronic links to it. Regardless of the number of links to the list, Contractor shall ensure that Customers are able to access one, and only one, version of the authorized list. The authorized list shall include, either directly or via electronic link, the following:

Contract number; contact person; part or product numbers and descriptions; ordering information; pricing information, and service/distribution points organized geographically by city. When submitting your information for your "Authorized Service Centers/Distributors", please provide the following headings:

Dealer/Distributor Name

Address

City

State

Zip

Phone Number

PS

LT

TB

OR

AG

Contact Name

Place an X in the all columns that the distributor provides

Contractor's initial authorized list shall be identical to the discounted list submitted with the bid. Contractor shall not make the list generally available or accept any orders off it until the Cooperative Bid Coordinator approves the list. Contractor may thereafter amend the list to reflect product line and price changes, subject to the following restrictions:

- For product line changes, a Contractor may amend its list to reflect product developments. Any added product shall be offered at the then-current authorized percentage discount, which shall always be at least as great as the discount offered initially.
- For price changes, a Contractor shall only decrease, and shall never increase, the prices offered initially. Posted price reductions shall take effect immediately and be applied to unshipped and subsequent orders. **CONTRACTORS ARE FREE TO OFFER GREATER DISCOUNTS FOR INDIVIDUAL TRANSACTIONS, AND CUSTOMERS ARE ENCOURAGED TO SEEK THEM AND TO EXPLORE WHETHER OTHER CONTRACTORS AUTHORIZED FOR THE PRODUCT GROUP MIGHT OFFER BETTER DISCOUNTS.**
- At least two (2) business days before making any changes to the posted authorized list – whether to products, to prices, or otherwise – a Contractor shall notify the Cooperative Bid Coordinator by mail of its intent to make a change and describe the proposed change. The Cooperative Bid Coordinator may, in its sole discretion, prohibit any requested change or direct a Contractor to undo any change already made.
- Changes to the authorized list or to related information (i.e.: ordering information) shall not be deemed Contract amendments.

**FLORIDA SHERIFFS ASSOCIATION  
& FLORIDA ASSOCIATION OF COUNTIES**

**PART D – BID FORMS**

**BID 14/15-06-0131**

**PRICE SHEETS**

For each Specification, please identify the net discounted price of the tire bid. In addition, submit a price list reflecting the discounted prices (that is: expressing in dollars what customers actually will pay for each tire under the contract).

Tires bid as alternate manufacturer's brands must all be the same brand within the item, and cross reference listing must be supplied to substantiate equivalence to the listed benchmarks.

All required additional services must be bid and added to the manufacturer's benchmarks to obtain a total for each item.

All taxes and environmental or waste clean-up fees imposed by the state, federal or local governments, and in effect at the time of the bid opening shall be listed separately, and will be added to invoices. Any increases or mandated new fees effective subsequent to the bid opening must be approved in advance by the Cooperative Bid Coordinator.
