### NOTES:

1. Parts and labor are excluded for the Fireman's Override Panel & Smoke Evacuation Components, as these are related to the overall HVAC system, but are not Tour Andover controlled equipment. Replacement or repairs of these parts will be subject to third party rates, and will be negotiated separately if needed.

2. Emergency Labor Rates for additional services are only applicable outside of normal business hours, weekends, and holidays. The on-site response time for emergency additional services is within three (3) hours.
