MINIMUM QUALIFICATIONS:

- Bidder shall be the manufacturer of the offered product, or be authorized by the manufacturer of the designee, as a direct distributor to be considered for award. A third party bidder (reseller or toll blender) will not be considered qualified. Bidders are required to submit proof of manufacturer's authorization. The proof may be in the form of the following:
- A formal notice on manufacturer's letterhead identifying the Bidder as the manufacturer, or designating the Bidder as equivalent direct distributor. The notice must include contact name and phone number from an authorized signature and be signed and dated within 12 months of bid submission.
- Bidder shall provide an American National Standards Institute/National Science Foundation Standard 60 Certification (ANSI/NSF Standard 60 Certification) for Drinking Water Treatment Chemicals.
- Bidder shall provide a Certification of Analysis supplied by the manufacturer of the material in accordance with Federal Specification and Standard A-A-59370.
- Bidder shall provide Safety Data Sheets supplied by the manufacturer.

- The aqueous ammonia must be clearly identified on the offer submittal page as to the product manufacturer, location of manufacturing plant, percent offered, and by weight, as requested, in order to be eligible for award. Use of terms such as, "As Spec" or left blank is unacceptable. Failure to provide this information with the offer may result in the bidder offer being deemed non-responsive.
- Bidders shall provide all of the specified information and documents listed above with their submittal form as proof of compliance to the requirement of this solicitation. However, the County may, at its sole discretion and in its best interest, allow Bidders to complete, supplement or supply the required documents.
- The County at its sole discretion may request additional information in order to access the bidders' responsibility. Failure to supply these documentations may result in the bidder offer being deemed non-responsive.
