14. Perhaps his most advantageous attribute is that he has acquired his piping system cleaning knowledge from "hands on" experience and exposure to the many varying types of piping material in use, the varying types of problems associated with piping systems of all ages and uses, and his project proven ability to resolve these problems safely, quickly and with a minimum of disruption of the service provided by a system. His ability to explain in simple terms to onsite facility crews the means to properly clean a system and the "trouble shooting" that might arise during this cleaning is also a reflection of his knowledge and experience.

15. As of this date, his management, design input and project supervision has resulted in the successful cleaning and restoration to maximum flow capacity of over 12 million feet of previously malfunctioning and flow restricted piping.

16. In 1987, Professional Piping Services, was selected by the State of Florida to design, manage and implement a piping system cleaning program whose purpose was to effect the reduction of energy consumption in the operation of municipal potable water and wastewater systems. This program was funded by the Governor's Energy Office and done through the auspices of the Florida Rural Water Association. Completion of this initial program resulted in the Florida Rural Water Association being a recipient of a Governor's Energy Conservation Award in 1987, and increased funding for the continuation of this program in 1988.

17. In 1990 this program was reactivated under the auspices of the Florida Energy Efficient Water Project. Mr. Cimbora served on the Advisory Panel for this organization.

GENERAL CONDITIONS, INSTRUCTIONS AND INFORMATION FOR VENDORS  

GENERAL CONDITIONS  
The following Terms and Conditions are applicable to this purchase order/contract entered into by and between Palm Beach County (referred to as County) and Vendor. 

1. CONDITIONED OFFERS  
Vendors are cautioned that any condition, qualification, provision, or comment in their quote, or in other correspondence transmitted with their quote, which in any way modifies, takes exception to, or is inconsistent with the specifications, requirements, or any of the terms, conditions, or provisions of this solicitation, is sufficient cause for the rejection of their quote and shall be considered as non-responsive. 

2. MODIFICATIONS  
No modifications of this order/contract, including but not limited to these terms and conditions, shall be binding upon County unless approved by an authorized representative of County’s Purchasing Office. 

3. ASSIGNMENTS  
Assignments are prohibited unless prior written consent is given by the County and the Vendor. 

4. EXCUSABLE DELAYS  
The County may grant additional time for any delay if the delay will not adversely impact the best interest of the County and is due to causes beyond the control of the Vendor. Such grant must be in writing and made part of the order/contract. 

5. DEFAULT  
The County may, by written notice of default to the successful vendor, terminate the order/contract in whole or in part if the successful vendor fails to satisfactorily perform any provision of this solicitation or resultant order/contract, or fails to make progress so as to endanger performance under the terms and conditions of this solicitation or resultant order/contract, or provides repeated non-performance, or does not remedy such failure within a period of ten (10) days (or such period as the Director of Purchasing may authorize in writing) after receipt of notice from the Director of Purchasing specifying such failure. In the event the County terminates this order/contract in whole or in part because of default of the successful vendor, the County may procure goods and/or services similar to those terminated, and the successful vendor shall be liable for any excess costs incurred due to this action. 

If it is determined that the successful vendor was not in default or that the default was excusable (e.g., failure due to causes beyond the control of, or without the fault or negligence of, the successful vendor), the rights and obligations of the parties shall be those provided in “Termination”. 

6. TERMINATION  
The County may, whenever the interests of the County so require, terminate the order/contract, in whole or in part, for the convenience of the County upon five (5) days written notice to Vendor. Unless directed otherwise in the notice of termination, the Vendor shall incur no further obligations in connection with the order/contract. 

7. NO THIRD PARTY BENEFICIARY  
No provision of this Contract is intended to, or shall be construed to, create any third party beneficiary or to provide any rights to any person or entity not a party to this Contract, including but not limited to any citizen or employees of the County and/or successful vendor. 

8. FOB  
The F.O.B. point shall be destination. If the County agrees, freight charges may be prepaid by the Vendor and listed on the invoice; however, Vendor retains title and assumes all responsibility, liability and risk in transit, and shall be responsible for the filing of claims for loss or damages. 

9. PAYMENT TERMS  
The Florida Prompt Payment Act is applicable to this solicitation. Interest penalties will only be paid in accordance with the Florida Prompt Payment Act, Florida Statute 219.70. 

Note: Palm Beach County Vendors can now be paid by Credit Card via the County’s voluntary Payment Manager Program. For vendors who don’t have a merchant account, one is needed to utilize the Program. For vendors with a merchant account, you will need to enroll with the Palm Beach County Clerk & Comptroller’s office. For information, contact the Palm Beach County Clerk & Comptroller at pbccpaymentmgr@palmbeachclerk.com or 561-355-3295.

11. TAXES
The County is exempt from Federal and State taxes.

12. PURCHASE ORDER
The County will not accept any goods delivered or services performed unless a duly authorized purchase order has been issued for said goods and/or services. The purchase order number must appear on all invoices, packing slips and all correspondence concerning the order.

13. ORDER/CONTRACT
Vendor agrees that by submitting an offer (i.e. Request for Quotation) which is accepted by the County (i.e. Purchase Order, Term Contract Notice) a binding contract is formed in accordance with the County's terms, conditions and specifications as set forth in the solicitation and this purchase order. Vendor certifies that the offer has been made by an officer or employee having the authority to bind the Vendor. Accordingly, payment will only be made to the company and the address as provided in the Vendor's offer unless prior written authorization is received from the County.

14. PRICING
(a) Unless specifically requested in the specifications, any response containing modifying or escalation clauses shall be rejected.
(b) The price offered must be in accordance with the unit of measure provided on the response page(s). One (1) space or line requires only one (1) single, fixed unit price. Anything other than a single, fixed unit price shall result in the rejection of your response.
(c) Vendor warrants by virtue of submitting an offer that prices shall remain firm for a period of ninety (90) days from the date of opening to allow for evaluation and award.
(d) Prices shall remain firm for the initial and any subsequent term unless modified by a special condition.
(e) All unit prices offered should be within two (2) decimal points. If vendor's pricing offered exceeds two (2) decimal points, Purchasing reserves the right to round up or down accordingly.
(f) In the event of mathematical error(s), the unit price shall prevail and the vendor's total offer shall be corrected accordingly. QUOTES HAVING ERRORS OR CORRECTIONS MUST BE INITIATED BY THE VENDOR PRIOR TO SUBMISSION TIME. IF THE CORRECTION IS NOT PROPERLY INITIATED, OR IF THE INTENT OR LEGIBILITY OF THE CORRECTION IS NOT CLEAR, THE RFQ SHALL BE REJECTED.

15. DELIVERIES
Deliveries are to be made Monday through Friday, excluding holidays, unless otherwise stipulated.

16. INSPECTION/ACCEPTANCE
All goods and/or services provided on this Purchase Order are subject to inspection and acceptance upon receipt or completion by an authorized representative of the County. Payment shall not be authorized until the goods and/or services have been received, accepted and properly invoiced.

17. QUANTITIES
Quantities specified in the order/contract cannot be changed without County approval. Goods shipped in excess of quantity designated may be returned at Vendor's expense.

18. DISCRIMINATION PROHIBITED
Pursuant to Palm Beach County Resolution R-2014-1421, as may be amended, all Vendors doing business with the County shall treat all of its employees equally during employment without regard to race, color, religion, disability, sex, age, national origin, ancestry, marital status, familial status, sexual orientation, gender identity and expression or genetic information. All Vendors shall comply with the following and may use the "Non-Discrimination Policy" form to show compliance. Vendor shall submit to County a copy of its non-discrimination policy, which shall be consistent with the foregoing non-discrimination policy; or, in the event Vendor does not have a written non-discrimination policy or one that conforms to the County's policy, the Vendor shall sign and submit to County a statement affirming that it will conform to the County's non-discrimination policy as set forth in the above-referenced Resolution. The Vendor shall satisfy the requirements set forth herein prior to execution of a contract with County and within a time frame specified by County (normally within two (2) working days of request). Failure to satisfy this requirement—shall render your quote non-responsive. It is the responsibility of the Vendor to maintain a written or non-written non-discrimination policy that conforms to the County's policy as set forth herein throughout the term of the contract. Failure to meet this requirement shall be considered default of contract.

19. LEGAL REQUIREMENTS
The Vendor must strictly comply with all Federal, State, County and local laws, ordinances, rules and regulations that in any manner affect the goods and/or services provided herein. The UCC shall prevail as the basis for contractual obligations between the Vendor and the County for any terms and conditions not addressed. The County shall not be liable to the Vendor for any legal fees, court costs, or other legal expenses arising from the interpretation or enforcement of this order/contract, or from any other matter generated by or relating to this order/contract.

20. CRIMINAL HISTORY RECORDS CHECK ORDINANCE
Pursuant to Palm Beach County Code Section 2-371 through 2-377, the Palm Beach County Criminal History Records Check Ordinance ("Ordinance"), the County shall conduct fingerprint based criminal history record checks on all persons not employed by the County who repair, deliver, or provide goods or services for, to, or on behalf of the County. A fingerprint based criminal history record check shall be conducted on all employees and subcontractors of vendors, including repair persons and delivery persons, who are unescorted when entering a facility determined to be critical to the public safety and security of the County. County facilities that require this heightened level of security are identified in Resolution R-2003-127, as may be amended. The vendor is solely responsible for understanding the financial, schedule, and staffing implications of this Ordinance. Further, the vendor acknowledges that its pricing offered includes any and all direct or indirect costs associated with compliance of this Ordinance, except for the applicable FDLE/ FBI fees that shall be paid by the County.

21. PUBLIC ENTITY CRIMES
In accordance with the Florida Public Entity Crime Statute 287.132.133, persons and affiliates who are entering into a contract or performing any work in furtherance with Palm Beach County certifies that it, its affiliates, suppliers, subcontractors and consultants who perform hereunder, have not been placed on the convicted vendor list maintained by the State of Florida Department of Management Services within the thirty-six (36) months immediately preceding the date hereof. This notice is required by Florida Statute 287.133 (3) (e).

22. SBE PROGRAM

Item 1 – Policy
It is the policy of the Board of County Commissioners of Palm Beach County, Florida, that SBE(s) have the maximum practical opportunity to participate in the competitive process of supplying goods and services to the County. To that end, the Board of County Commissioners adopted a Small Business Ordinance which is codified in Sections 2-80.21 through 2-80.34 (as amended) of the Palm Beach County Code, which sets forth the County's requirements for the SBE program, and is incorporated in this solicitation. Compliance with the requirements contained in this section shall result in a vendor being deemed responsive to SBE requirements. The provisions of this Ordinance are applicable to this solicitation, and shall have precedence over the provisions of this solicitation in the event of a conflict.

**Item 2 - Contract Award Criteria**
For purchases made as a result of this solicitation, the County shall make an award to the vendor who is certified as a small business with Palm Beach County and who is within 15% of the lowest responsive, responsible vendor, providing that the small business is also deemed responsive and responsible to the terms and conditions of the solicitation.

**Item 3 - SBE Certification**
Only those firms certified as a small business enterprise by Palm Beach County at the time of quote submission shall be counted toward the established SBE goals. Upon receipt of a complete application, IT TAKES UP TO NINETY (90) DAYS TO BECOME CERTIFIED AS AN SBE WITH PALM BEACH COUNTY. It is the responsibility of the vendor to confirm the certification of any proposed SBE; therefore, it is recommended that vendors visit the on-line Vendor Directory at www.pbegov.org/osbe to verify SBE certification.

**Item 4 - Decertification**
As part of the consideration for quote award under the SBE Ordinance, any firm/proposer decertified by Palm Beach County shall be considered non-responsive to the SBE requirements.

**23. LOCAL PREFERENCE ORDINANCE**
In accordance with the Palm Beach County Local Preference Ordinance, a preference may be given to (1) quotes having a permanent place of business in Palm Beach County or (2) quotes having a permanent place of business in the Glades that are able to provide the goods or services within the Glades.

A. **Glades Local Preference:** Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Glades Local Preference is given when a Glades business offers to provide the goods or services that will be procured for use in the Glades. If the lowest responsive, responsible quote is a non-Glades business, all quotes received from responsive, responsible Glades businesses may be decreased by 5%. The original quote amount is not changed. The 5% decrease given for the Glades Local Preference is calculated only for the purpose of determining ranking and award.

B. **Local Preference:** Pursuant to the Palm Beach County Local Preference Ordinance, a 5% Local Preference is given when a local business offers to provide the goods or services that will be procured for use. If the lowest responsive, responsible quote is a non-local business, all quotes received from responsive, responsible local businesses may be decreased by 5%. The original quote amount is not changed. The 5% decrease given for the Local Preference is calculated only for the purpose of determining ranking and award.

C. **To receive a Glades Local Preference or a Local Preference (collectively referred to as "local preference"), a quote must have a permanent place of business in existence prior to the County’s issuance of this Request for Quotation. A permanent place of business means that the quote’s headquarters is located in Palm Beach County or in the Glades, as applicable; or, the quote has a permanent office or other site in Palm Beach County or in the Glades, as applicable, where the quote will produce a substantial portion of the goods or services to be purchased.” A valid Business Tax Receipt issued by the Palm Beach County Tax Collector is required, unless the quote is exempt from the business tax receipt requirement by law, and will be used to verify that the quote had a permanent place of business prior to the issuance of this Request for Quotation. In addition, the attached “Certification of Business Location” and Business Tax Receipt must accompany the quote at the time of quote submission. The Palm Beach County Business Tax Violent and this Certification are the sole determinants of local preference eligibility. Errors in the completion of this Certification or failure to submit this completed Certification will cause the quote to not receive a local preference.

**25. MATERIAL SAFETY DATA SHEETS (MSDS)**
Vendor compliance is required under Chapter 442, Florida Statutes; that any toxic substance delivered as a part of this order/contract must be accompanied by an MSDS.

**26. ENDORSEMENTS**
No endorsements by the County of the goods and/or services will be used by the Vendor in any way, manner or form.

**27. VENUE**
Any and all legal actions arising from or necessary to enforce this order/contract will be held in Palm Beach County.

**28. PUBLIC RECORDS**
Any information submitted relating to this order/contract will become a public document pursuant to Section 119.07, Florida Statutes.

**29. SALES PROMOTIONS / PRICE REDuctions**
Should sales promotions occur during the term of the order/contract that lower the price of the procured item, the successful vendor shall extend to the County the lower price offered by the manufacturer on any such promotional item. Further, any price decreases effected during the order/contract period by reason of market change or otherwise, shall be passed on to the County. Additionally, anytime after award, the vendor may offer a reduced price which shall remain in effect for the duration of the order/contract.

**30. PERFORMANCE DURING EMERGENCY**

37. **AWARD (LOT-BY-LOT)**

Palm Beach County shall award this bid to the lowest, responsive, responsible bidder on a lot-by-lot basis. The County reserves the right to reject bids which would result in an award which is financially disadvantageous to the County. An award may be considered financially disadvantageous when it would result in an award to a bidder for less than $1,000, or when it would result in avarice of multiple small fragments. This policy is predicated on avoidance of increased administrative costs and operational complexity. Therefore, it is necessary for a bidder to bid on every item in the particular lot for which the bidder submits a bid in order to have a bid considered. It is also required that the bidder carefully consider each item, and make sure that each one meets the specifications as indicated. In the event that one item does not meet such specifications for that lot, the entire lot will be considered non-responsive. Additionally, if a bidder enters a No Bid, or N/A for any item in that lot, they will be considered non-responsive for that lot.

41. **RENEWAL OPTION**

The successful bidder shall be awarded a contract for **twelve (12)** months with the option to renew for **four (4)** additional **twelve (12)** month periods. The option for renewal shall only be exercised upon mutual written agreement and with all original terms, conditions and unit prices adhered to with no deviations. Said Certificate(s) of Insurance shall, to the extent allowable by the insurer, include a minimum thirty (30) day endeavor to notify due to cancellation (10 days for nonpayment of premium) or non-renewal of coverage. PIPELINE CLEANING SERVICES, TERM CONTRACT, RE-QUOTE

PURPOSE AND INTENT

The sole purpose and intent of this Request for Quotation (RFQ) is to secure firm, fixed pricing and establish a term contract for pipeline cleaning services, including but not be limited to wastewater, potable, reclaimed and raw water piping for Palm Beach County Water Utilities Department including the Glades Area, as specified herein.

SCOPE OF WORK

Pipeline cleaning services shall provide for a maximum flow capacity of the diameter of pipe being cleaned containing large deposits of different types of chemicals and debris. Service shall include the cleaning of pipelines ranging from 3" through 54" in diameter using a Poly Pig procedure. The cleaning of pipes shall be accomplished by passing a series of hydraulic or pneumatic polyurethane plugs of varying dimensions, coatings and densities (poly pigs).

Pipeline cleaning services will require the temporary removal and subsequent replacement of sections of piping and the installation of launch and retrieval stations. Pump station(s) may need to be taken off-line during the cleaning process. A work schedule will be established and coordinated with successful bidder to obtain maximum efficiency of time parameters.

TECHNICAL SPECIFICATIONS

1. The dimensions and coating of the poly pigs, as well as the criteria such as pipe size, build up, etc of the system to be cleaned, shall be determined by the successful bidder.

2. A series of poly pigs, predetermined by the successful bidder, shall be entered into the pipeline at a point as near to the beginning of the pipeline section to be cleaned or a location allocated by WUD representative. This entering point may take the form of a fitting installed onto the piping specifically for this purpose or may be a line size access point which can serve as a means to permit entrance of the cleaning pigs.

3. The poly pigs shall be entered into the system by the use of a pig launching assembly supplied by the successful bidder and approved by the County which will be attached to the piping system. This launching assembly shall allow for:
   a) The entering of pigs into the pipeline by providing the means to induce flow from an external source independent of the flows and pressures immediately available from the piping system on the back of the pig to develop sufficient pressure to force the pig through the pipe.
   b) A means to control and regulate this flow.
   c) A means to monitor the flow and pressures introduced into the piping.
   d) A means to be connected to and subsequently be disconnected from the piping system without any mechanical disruption of the operational ability of the system.

4. As an alternative to item #3 above, other means can be utilized to enter the pigs into the pipe required for this cleaning procedure, as follows:
   a) Hand insertion.
   b) Insertion of a series of pigs required into another portion of the piping by the use of a launching assembly and subsequent diverting of the pigs from one portion of piping into the portion now to be cleaned.

5. The poly pigs shall be removed or discharged from the piping at a point as near to the end of the pipe being cleaned or a location allocated by WUD representative as is logistically and mechanically feasible. This discharge point may take the form of a fitting installed on the piping specifically for this purpose or may be any line size existing port which can accommodate the reduction capability of the poly pigs. This port will serve as a means for the poly pigs to be discharged from the pipe.
6. The poly pigs shall be entered into a pig trapping assembly which will allow for passage of the flow used for pressurizing of the pigs through the pipeline, but shall capture and contain the poly pigs within the trapping assembly. Trapping assembly shall not allow pig to proceed, but shall allow for:

a) Discharge of the poly pig from the pipeline.

b) Control and regulate flow.

c) Monitor flow and pressure within the system.

d) Connect to and subsequently be disconnected from the system without mechanical disruption of the operational ability of the system.

7. As an alternative to item #6 above, other means can be utilized for the control of the discharge of the poly pig used to clean the pipeline, as follows:

a) Control existing discharge ports opening as to maintain the discharged flow rate and effluent removed from the system during the cleaning operations.

b) Installed blow offs, drains, or comparable piping which can be safely utilized as a discharge port.

c) The procedure to launch and/or discharge for pig trapping assembly may differ from project to project.

SUCCESSFUL BIDDER’S RESPONSIBILITIES

Successful bidder shall maintain or provide during the entire course of the procedure, continuous monitoring of the piping system and immediately report to the WUD representative any deviation from established pigging procedures, online problems encountered, or any malfunctions of the system discovered by the passage of the pigs through the pipelines.

Successful bidder shall thoroughly clean the system from all materials, including but not limited to sand, grit, gravel, stone, construction debris, etc. to compromise the integrity of the pipeline system.

For potable water pipe cleaning, proper inline disinfection in conformance with AWWA Specification C-651 shall be required to be part of and/or incorporated into the initial cleaning of the system. Bacteriological sampling will be done by the County. Provision of both cleaning and disinfection as one operation can provide the following advantage:

a) Assures total saturation of the interior pipe, fitting, valves and any appurtenances affected in the cleaning procedure.

Successful bidder shall provide a report of the cleaning program to outline and detail information acquired during the cleaning process about the system or confirm existing information.

a) Report shall be provided to the Lines and Lift Station O&M Superintendent in a pdf. Format, no later than thirty (30) days upon project completion.

b) Report shall be received and acknowledged by the Superintendent prior to approval of payment to successful bidder.

c) Report shall include a record of pigs, their sizes, styles, pressure and flow changes and other pertinent information which have entered into the system and subsequently retrieved.

COUNTY’S RESPONSIBILITIES:

The County shall provide access to designated work sites.

The County shall provide excavation services, as required.

The County shall provide water or project location area, for cleaning and flushing procedures.

The County shall provide Vac-Trucks to maintain safe operating levels of County owned and private lift stations.

The County shall be responsible for notifying all of the affect customers.

The County shall request pipeline cleaning services on an as needed basis, during the term of this contract.

**PAYMENT**

CERTIFICATION OF BUSINESS LOCATION
RFQ #250531R/ZG

In accordance with the Palm Beach County Local Preference Ordinance, as amended, a preference may be given to: (1) quoters having a permanent place of business in Palm Beach County ("County") or (2) quoters having a permanent place of business in the Glades that are able to provide the goods and/or services to be utilized within the Glades. To receive a local preference, quoters must have a permanent place of business within the County or the Glades, as applicable, prior to the County's issuance of the solicitation. A Business Tax Receipt which is issued by the Palm Beach County Tax Collector, authorizes the quoter to provide the goods/services being solicited by the County, and will be used to verify that the quoter had a permanent place of business prior to the issuance of the solicitation. The quoter must submit this Certification of Business Location ("Certification") along with the required Business Tax Receipt at the time of quote submission. The Business Tax Receipt and this Certification are the sole determinants of local preference eligibility. Errors in the completion of this Certification or failure to submit this completed Certification will cause the quoter to not receive a local preference.

In instances where the quoter is exempt by law from the requirement of obtaining a Business Tax Receipt, the quoter must: (a) provide a citation to the specific statutory exemption; and (b) provide other documentation which clearly establishes that the quoter had a permanent place of business within the County or the Glades prior to the date of issuance of the solicitation.
