

LAKE MAINTENANCE SERVICES for SPECIAL TAXING DISTRICTS

SECTION 2 - SPECIAL CONDITIONS

2.1 PURPOSE

The purpose of this solicitation is to establish a contract for the Miami-Dade County Parks, Recreation and Open Spaces Department (Parks), for lake maintenance services at various lakes within Special Taxing Districts located throughout Miami-Dade County.

2.2 TERM OF CONTRACT

This contract shall be in effect for a full six (6) months of service, commencing on the first calendar day of the month succeeding approval of the contract by County's Procurement Management Services Division, unless otherwise stipulated in the Notice of Award Letter distributed by the County's Procurement Management Services Division, and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the last month of the contract term.

2.3 METHOD OF AWARD

Award of this contract will be made to the lowest, responsive, responsible bidder who submits an offer for up to two (2) zones, who submits an offer on all locations within the zone. If a bidder fails to submit an offer, the overall offer may be rejected. The County shall use the next lowest responsive, responsible bidder submitted if the Primary contractor fails to perform.

Minimum Qualification Requirement(s)

1. The contractor shall be licensed to perform pesticide application by the State of Florida. Copies of valid Commercial Applicator Licenses held by any personnel shall be submitted with the proposal as proof of meeting the minimum qualification.

Qualification Criteria:

1. Bidder(s) shall provide contact information to include name of contact, email address, phone number and fax number for Primary (required) and Secondary (optional) Staff within your company who will be responsible for providing a response to Miami-Dade County.
2. Bidder(s) shall provide three (3) references. These references must be from customers for whom the bidder has successfully maintained multiple lakes in a like manner as expressed throughout this solicitation.

2.4 REQUIRED SERVICES

The contractor will be required to provide the required services in a safe, efficient, high productive manner, and within a very specific time-frame stipulated by the County.

The services required consist of but are not limited to the following:

- Water management
- Aquatic weed control (weeds, algae, floating/submerged weeds & border grass/brush treatments)
- Debris removal
- Chemical treatment of weeds and grasses
- Collection and disposal of floating and shoreline debris.

The contractor shall also perform planning, assignments, coordination, inspections, quality control, field operations and reports to comply with the terms specified herein.

2.5 SERVICES TO BE PROVIDED

- A. Maintenance Cycle: A minimum of one (1) treatment per month at the beginning of each month must be provided by the contractor. Each site shall be serviced on a monthly basis and must be completed by the twelfth (12) day of each month.

- B. Debris Removal: The Contractor(s) shall be responsible for removing all floating and shoreline debris within the limits of the lakes during each maintenance cycle. All debris is to be removed entirely from the sites on the same day of service and disposed of in accordance with County Ordinances at a County approved disposal location(s). Floating debris generated by the cycle's chemical treatment must be removed by the contractor during the same maintenance cycle, prior to inspection. The contractor will have the option to immediately remove the resulting floating debris or modestly place it on the lakes' shoreline for a period of no more than three (3) working days from the date of initial monthly maintenance to decompose. Prior to the contractor placing the floating debris on the shoreline, the contractor must obtain approval from the Project Manager and the abutting homeowner.
- C. Contractors shall accomplish general lake maintenance services during daylight hours from Monday through Friday. If necessary to perform work during weekends or holidays, the Project Manager shall approve the work.
- D. Contractors must complete all lake treatments and services prior to the scheduled inspection. Inability to perform monthly lake treatments/maintenance shall be communicated to the Miami Dade County project manager in writing via email no more than forty-eight (48) hours post scheduled cycle maintenance date. Acceptable reason for failure to comply with regularly scheduled maintenance and re-schedule date/time must be provided.
- E. Contractors shall perform bacteria monitoring which, at a minimum, will test for Fecal Coliform Bacteria for each respective lake at the request of Miami Dade County project manager(s). A conclusive report shall be submitted to the project manager upon receipt of test results within thirty (30) days of notification of request.

2.6 **ACCEPTABLE QUALITY LEVEL (AQL)**

Aquatic Weed Control: Maintain a clean, healthy lake shelf area free of all unwanted aquatic vegetation. Maintain the shoreline one (1) foot above the water line free of all grasses, brush, and weeds.

2.7 **QUALITY CONTROL INSPECTIONS**

- A. **Maintenance Quality:** The quality objective of all services and materials provided by contractors in accordance with conditions and specifications herein is to maintain lakes free of aquatic weeds/debris to provide a healthy, safe, clean, attractive condition throughout the term of the contract.
- B. **Maintenance Standards and work methods:** All work shall be performed in accordance with the highest professional maintenance standards and techniques; in a thorough and skillful manner and under competent contractor's supervision to the satisfaction of the Miami-Dade County's Project Manager.
- C. **Inspections:** The Project Manager will provide continuing inspection of the sites throughout the cycle to insure compliance of minimum equipment, personnel, safety standards and all maintenance and treatment services as specified in contract documents.
 1. The contractor, upon completion of service cycle per site, shall provide the Project Manager before 8:00 am next business day a list of sites for which the service has been completed and a list of sites to be serviced on the daily Schedule Site List.
 2. The County intends to inspect work completed by the vendor within forty eight (48) hours of receipt of completion notice in order to verify lake maintenance. Any deficiencies found at time of inspection will be documented in the inspection report and submitted to the contractor for corrective action. The inspection report will reference the contract regarding deficiencies. Debris deficiencies need to be corrected by the vendor within two (2) business days after notification and once corrected will be immediately inspected by the Project Manager. All other aquatic deficiencies will need to be corrected by the contractor before the end of the month. Debris found during the first inspection shall be removed by the vendor within two (2) business days after notification. All aquatic weeds in border grass deficiencies found at the time of inspection will also be documented and reported to the contractor. The contractor shall perform required treatment prior to the following cycle inspection date. The Project Manager will conduct a final inspection before the end of the month to verify that all deficiencies have been addressed as per the technical specifications of the contract.

3. The Project Manager or designee will inspect the facilities monthly and will re-inspect if necessary, to determine if all of the requirements of the contract resulting from this RFP have been met. All of the requirements must be met in order for the facility to be considered acceptable and for the contractor to be in compliance with all the terms and conditions of this RFP.

2.8 **SCHEDULING**

Lake Maintenance Site Schedules: The Project Manager will provide to the contractor a lake maintenance schedule to include: a listing of all lakes to be serviced, the start and end date of each cycle and the order in which the sites shall be serviced. This schedule is tentative and may be modified by the contractor to ensure compliance and effective maintenance practices, with consent and approval of the project manager. If any unscheduled changes in the assigned schedule are required, the contractor shall submit said changes to the Project Manager in writing five (5) working days prior to the start of the next service cycle for approval.

2.9 **PERSONNEL REQUIREMENTS**

- A. The Contractor shall provide sufficient, competent, and physically capable personnel to perform all work in accordance with the conditions and specifications of the Contract. All of the Contractor's maintenance personnel shall be supervised by a qualified foreman, in the employ of the Contractor. The contractor shall provide phone numbers for at least two contact persons (one primary, one alternate) in a supervisory capacity able to provide information regarding work order status, and perform other supervisory tasks. One of these contact persons must be available between the hours of 7:00 a.m. to 4:00 p.m. Monday thru Friday. The contractor shall provide efficient communication including telephone and/or email to County personnel within one (1) hour of initial communication.
- B. Contractor shall insure that all employees performing the services under this contract wear appropriate safety equipment, and company uniforms which clearly indicate to the public the name of the Contractor. All employees shall identify themselves and the nature of their work to area residents upon request.
- C. The County requires a minimum of one (1) crew per site and/or per zone. A Crew consist of a minimum of two (2) employees: one (1) licensed applicator, one (1) maintenance/clean up person and one (1) supervisor per zone. The supervisor may act in a dual role as a licensed applicator or maintenance personnel. The contractor must ensure adequate staffing levels for productivity and efficiency.

2.10 **MINIMUM EQUIPMENT REQUIREMENTS**

The minimum equipment required per crew for each zone is as follows:

1. Spray boat: one (1) per crew/zone, commercial type spray boat with motor and a chemical tank with pump & motor.
2. Granular Broadcast Spreader (Vortex style): one (1) per crew/zone, gas powered with backpack.
3. Backpack Pump Sprayer: one (1) per crew/zone commercial type sprayer.

A list of equipment meeting the minimum equipment requirements should be submitted with the proposal. All equipment must be in optimum condition to be used to its maximum capacity if deemed necessary. The County reserves the right to inspect the equipment.

2.11 **REPORTS**

The contractor must maintain comprehensive and legible records to be submitted per cycle and at the request of the project manager. The contractor shall adhere to the following reporting guidelines:

1. At the end of each cycle, the contractor must submit a copy of the contractor's pesticide record keeping form.
2. Contractor shall submit a bacteria monitor report conducted on a semi-annual and/or upon request for each respective lake.
3. Contractor shall provide a Service Report for each site serviced during each cycle and shall include the following information:

- Date and time of service
- Applicator name
- Location and description of treatment site
- Brand name and total amount of pesticide applied
- Type of weed, algae, and border grasses treated.

2.12 GENERAL USE OF CHEMICALS

The Contractor(s) shall submit a plan for the application of chemical herbicides and pesticides proposed for use under this contract for approval by Miami-Dade County. The plan will consist of a list of the materials proposed for use, the Material Safety Data Sheet (MSDS) of each chemical, the exact brand name and generic formulation of each chemical, the specific proposed applications, the methods of application, the supervision of use, and the training of employees. Materials included on this plan shall be limited to chemicals approved by the State of Florida Department of Agricultural, and shall include the exact brand name and generic formulation. The use of any chemical on the list shall be based on the recommendations of a Florida Certified Pesticide Applicator. The use of chemicals shall conform to the current Dade County & State regulations.

2.13 PROTECTION of PROPERTY and REPAIR of DAMAGE

All portions of landscape, structures, facilities, services, utilities, road, and irrigation systems shall be protected against damage or interruption of service at all times by Contractor, during the term of the Contract. Any damage to the property as a result of the performance of work by Contractor during the term of the contract shall be repaired or replaced in kind, and in a manner approved by the Project Manager. All work of this kind shall be performed by the Contractor at no cost to the County. Repairs shall be made immediately after damage or alteration occurs, unless otherwise directed.

Repairs to landscape, structures, or facilities, including irrigation systems, which are damaged or altered by acts of God, vandalism, vehicular damage, theft, or undetermined causes, that do not result from the performance of work by Contractor, shall be repaired by the County at no cost to Contractor, except where the specifications provide otherwise.

Contractor shall notify the County Project Manager within twenty-four (24) hours, after discovery of any damage caused by accident, vandalism, theft, acts of God, or undetermined causes.

2.14 FAILURE TO PERFORM

- A. Aquatic vegetation/border grass deficiencies found by the County's Project Manager at time of inspection must be corrected by the contractor at no additional cost to Miami Dade County before the end of the current cycle.
- B. Debris found at the time of inspection must be removed by the vendor within two (2) business days after notification. The County's Project Manager will conduct a re-inspection three (3) business days after notification, if deficiencies have not been corrected, the County will assess liquidated damages. Liquidated damage fees will be assessed in the amount of \$50.00. The County's Project Manager or designee assessment of all Liquidated Damages will be final.

2.15 NON-PAYMENT

In the event the deficiencies are not corrected before the start of the next cycle, the entire site's payment including liquidated damage fees will be deducted from that cycle's invoice.

The Contractor shall be liable for failure to meet all contractual requirements as listed on this solicitation. The County's Project Manager or designee assessment of all Liquidated Damages will be final. The County will accomplish this by deducting the amount of the Liquidated Damages from subsequent payments due for service rendered by the Contractor. Repeated violations or patterns of violations will result in a Vendor Non-Performance.

2.16 SUBCONTRACTING

There shall be NO subcontracting or assignment of work delegation to any other than the awarded contractor.

2.17 PRE-WORK CONFERENCE

After award of contract, a pre-work conference will be held with the awarded contractors, members of the Parks, Recreation and Open Spaces (PROS) and other agencies affected by the services to discuss schedule, and contract language. The Special Taxing District Division will contact each awarded contractor in written form, which will include time and place of this meeting.

2.18 ADDITION/REMOVAL of SITES & SERVICES

It is hereby agreed and understood that the County reserves the right to add or delete similar or additional services and facilities. The awarded primary contractor for the specific zone shall be invited to submit price quotes. If the proposed prices are determined to be fair and reasonable, then the additional work will be awarded to the currently awarded contractor. The County may obtain price quotes from all the awarded contractors in the event that fair and reasonable pricing is not obtained from the primary awarded contractor for the zone, or for other reasons at the County's discretion. The County also reserves the right, as deemed in its best interest to perform, or cause to be performed, the work and services, or any portion thereof, herein described in any manner it sees fit, including but not limited to: award of other contracts, use of any contractor, or perform the work with its own employees.

2.19 PURCHASE of ANCILLARY SERVICES/SUPPLIES

The Project Manager may, at his/her discretion, authorize the contractor(s) to perform additional work not provided elsewhere within the contract. Notwithstanding the above authorization, when a condition exists wherein there is imminent danger of injury to the public or damage to property, the Project Manager may verbally authorize the work to be performed upon receiving a verbal estimate from the contractor. However, within twenty-four (24) hours after receiving verbal authorization, the contractor shall submit a written estimate. When the need for ancillary supplies arise request for quotations will be issued to the primary contractor awarded for the specific zones.

All additional work shall commence on the specified date established and contractors shall proceed diligently and continuously to complete said work within the time allotted.

2.20 ADDITIONAL FACTORS

Contractors shall not work or perform any operations during inclement weather. In the event of a severe flood warning, tropical storm warning, or a hurricane warning; the contractor may submit a written request for additional time to complete scheduled work.

Contractors shall recognize that during the term of the contract, other activities and operations may be conducted by Miami-Dade County work forces and other contractors, which may alter the assigned schedule.

2.21 INSURANCE (1) - GENERAL SERVICE AND MAINTENANCE CONTRACT

The awarded bidder shall furnish to the Internal Services Department / Procurement Management Services, 111 NW 1st Street, Suite 1300, Miami, Florida 33128-1989, Certificate(s) of Insurance which indicate that insurance coverage has been obtained which meets the requirements as outlined below:

- A. Worker's Compensation Insurance for all employees of the bidder as required by Florida Statute 440.
- B. Commercial General Liability Insurance - this policy shall be endorsed to include Products & Completed Operations Liability insurance on a comprehensive basis in an amount not less than \$1,000,000 combined single limit per occurrence for bodily injury and property damage. **Miami-Dade County must be shown as an additional insured with respect to this coverage.**
- C. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work, in an amount not less than \$500,000 combined single limit per occurrence for bodily injury and property damage.

The insurance coverage required shall include those classifications, as listed in standard liability insurance manuals, which most nearly reflect the operations of the awarded bidder.

All insurance policies required above shall be issued by companies authorized to do business under the laws of the State of Florida, with the following qualifications:

The company must be rated no less than "A-" as to management, and no less than "Class VII" as to financial strength, by Best's Insurance Guide, published by A.M. Best Company, Oldwick, New Jersey, or its equivalent, subject to the approval of the County Risk Management Division.

or

The company must hold a valid Florida Certificate of Authority as shown in the latest "List of All Insurance Companies Authorized or Approved to do Business in Florida" issued by the State of Florida Department of Financial Services.

NOTE: CERTIFICATE HOLDER MUST READ: MIAMI-DADE COUNTY
111 NW 1ST STREET
SUITE 2340
MIAMI, FL 33128

Compliance with the foregoing requirements shall not relieve the bidder of his liability and obligation under this section or under any other section of this agreement.

The bidder shall submit a certificate of insurance within ten (10) business days after notification of recommendation to award. If certificate does not include the coverages outlined in the terms and conditions of this solicitation, the bidder shall be given an additional five (5) business days to submit a corrected certificate to the County. Failure of the bidder to provide the required certificate of insurance within fifteen (15) business days, may result in the bidder being deemed non-responsible and the issuance of a new award recommendation.

The bidder shall be responsible for assuring that the insurance certificate required in conjunction with this Section remain in force for the duration of the contractual period. If insurance certificates are scheduled to expire during the contractual period, the bidder shall be responsible for submitting new or renewed insurance certificates to the County at a minimum of thirty (30) calendar days in advance of such expiration. In the event that expired certificates are not replaced with new or renewed certificates which cover the contractual period, the County shall suspend the contract until such time as the new or renewed certificates are received by the County in the manner prescribed in the solicitation; provided, however, that this suspended period does not exceed thirty (30) calendar days. If such suspension exceeds thirty (30) calendars days, the County may, at its sole discretion, terminate this contract for cause and seek re-procurement damages from the bidder.

LAKE MAINTENANCE SERVICES for SPECIAL TAXING DISTRICTS

SECTION 3 – TECHNICAL SPECIFICATIONS

3.1 SCOPE OF WORK

The awarded bidder will be responsible for the monthly maintenance of various lakes within Special Taxing districts located throughout Miami Dade County. The contractor will be required to provide the required services in a safe, efficient, high productive manner, and within a very specific time-frame stipulated by the County.
