In the event that the Contractor and the Project Manager are unable to resolve their difference, the Contractor may initiate a dispute in accordance with the procedures set forth in this Article. Exhaustion of these procedures shall be a condition precedent to any lawsuit permitted hereunder.

d) In the event of such dispute, the parties to this Agreement authorize the County Mayor or designee, who may not be the Project Manager or anyone associated with this Project, acting personally, to decide all questions arising out of, under, or in connection with, or in any way related to or on account of the Agreement (including but not limited to claims in the nature of breach of contract, fraud or misrepresentation arising either before or subsequent to execution hereof) and the decision of each with respect to matters within the County Mayor's purview as set forth above shall be conclusive, final and binding on parties. Any such dispute shall be brought, if at all, before the County Mayor within ten (10) days of the occurrence, event or act out of which the dispute arises.

e) The County Mayor may base this decision on such assistance as may be desirable, including advice of experts, but in any event shall base the decision on an independent and objective determination of whether Contractor's performance or any Deliverable meets the requirements of this Agreement and any specifications with respect thereto set forth herein. The effect of any decision shall not be impaired or waived by any negotiations or settlements or offers made in connection with the dispute, whether or not the County Mayor participated therein, or by any prior decision of others, which prior decision shall be deemed subject to review, or by any termination or cancellation of the Agreement. All such disputes shall be submitted in writing by the Contractor to the County Mayor for a decision, together with all evidence and other pertinent information in regard to such questions, in order that a fair and impartial decision may be made. Whenever the County Mayor is entitled to exercise discretion or judgement or to make a determination or form an opinion pursuant to the provisions of this Article, such action shall be fair and impartial when exercised or taken. authorized representatives of both parties.

b) Nothing in this Agreement shall be construed for the benefit, intended or otherwise, of any third party that is not a parent or subsidiary of a party or otherwise related (by virtue of ownership control or statutory control) to a party.

c) In those situations where this Agreement imposes an indemnity obligation on the Contractor, the County may, at its expense, elect to participate in the defense if the County should so choose. Furthermore, the County may at its own expense defend or settle any such claims if the Contractor fails to diligently defend such claims, and thereafter seek indemnity for costs from the Contractor.

the County that the subcontract will delay, prevent, or otherwise impair the
performance of the Contractor's obligations under this Agreement. All Subcontractors
are required to protect the confidentiality of the County's and County's proprietary and
confidential information. Contractor shall furnish to the County copies of all
subcontracts between Contractor and Subcontractors and suppliers hereunder. Within
each such subcontract, there shall be a clause for the benefit of the County in the
event the County finds the Contractor in breach of this Contract, permitting the County
to request completion by the Subcontractor of its performance obligations under the
subcontract. The clause shall include an option for the County to pay the
Subcontractor directly for the performance by such Subcontractor. Notwithstanding,
the foregoing shall neither convey nor imply any obligation or liability on the part of the
County to any subcontractor hereunder as more fully described herein.

e) The Contractor shall be solely responsible for determining and informing the County whether a prospective supplier or subcontractor is a party to any litigation involving patent or copyright infringement, service mark, trademark, violation, or proprietary rights claims or is subject to any injunction which may prohibit it from providing any Deliverable hereunder. The Contractor shall enter into agreements with all suppliers and subcontractors at the Contractor's own risk. In addition, the Contractor agrees to cooperate fully and provide any assistance necessary to ensure the confidentiality of the Confidential Information.

c) It is understood and agreed that in the event of a breach of this Article damages may not be an adequate remedy and the County shall be entitled to injunctive relief to restrain any such breach or threatened breach. Unless otherwise requested by the County, upon the completion of the Services performed hereunder, the Contractor shall immediately turn over to the County all such Confidential Information existing in tangible form, and no copies thereof shall be retained by the Contractor or its employees, agents, subcontractors or suppliers without the prior written consent of the County. Justification/Input Document for Non-Competitive Acquisition

It is the policy of Miami-Dade County to consistently purchase goods and services using full and open competition. The citizens of Miami-Dade County are best served when we make sound business decisions based on competitive bids or proposals. Early acquisition planning that includes consultation with Internal Service Department's procurement staff can help avoid delays and facilitates effective market research. However, there may be instances when other than full and open competition may be justified. When a user department(s) determines that other than full and open competition is necessary or in the best interest of the County, appropriate justification for that course of action must be submitted to ISD for approval and execution in order to waive the competitive bid/proposal process.

Please provide the information requested below to support the need and feasibility for waiving the competitive bid/proposal process:

Purpose of the Purchase
Please describe your minimum requirements and the benefits of making the acquisition.

The Library Department requires the ability to obtain debt collection services to recover outstanding funds due to late returns, recovery of library books and materials. Library books and materials are typically more costly and time-consuming to replace, these items in addition to the outstanding debts owed are part of the collection services to be performed. Additionally, the Library needs to collect any outstanding fines and/or fees in order to meet the FY13-14 fine and fees revenue budget.

It is important that the Library have a Collection Agency that understands the need to be patron friendly while trying to effectively collect the outstanding books and materials. If these books continue to be outstanding it decreases access to the Library collections for other patrons. The Library Department currently does not have funds available to replace outstanding materials. Previously, the Library accessed a competitively established contract issued by Manatee County for these services. That contract is no longer a viable option due to the scope and size of Miami-Dade County’s portfolio.

Best Interest of the County / Uniqueness of Product
Please provide a detailed description as to why a waiver of formal bidding is in the County’s best interest (e.g., product standardization, compatibility, proprietary access or distributorship, how vendor is uniquely qualified to provide the needed product or service, etc.). Please note that a lack of advance planning is not an acceptable justification for a non-competitive acquisition.

A waiver of competition is being requested to establish a short term Agreement on a temporary
basis due to the Library Department’s current financial situation. In the current fiscal year 13-14, the Library has to make several line item adjustments due to projected revenue shortfall. Additionally, in the next fiscal year FY 14-15 the department is facing an approximate $20 million shortfall. Under these conditions the Department is not able to determine whether the future funding that will be available in order to enter into a long term contract for these types of services. Library is requesting a bid waiver be established with Unique Management Services (UMS) in order to be able to continue to collect outstanding accounts. UMS is mainly a material recovery agency working exclusively with Libraries. UMS has provided the collection services for the Department in the past through the access of previously competed entity Agreement. UMS are one of the few agencies that have experience working with the Library’s ILS system – Polaris. The process of debt collection must use the Polaris Collection Agency Manager and must be able to interface with it to stay current with all upgrades to the Polaris software. In order to maintain continuity with collection services and given the current and future budget uncertainties it is recommended that a non-competitive acquisition be completed.

Market Research
Please describe your market research and the results thereof. This should include a description of other, similar sources or products available in the market if any and why they are not acceptable.

Unique Management Services (UMS) is mainly a material recovery agency working exclusively with Libraries. They are one of the few agencies that have experience working with the Library’s ILS system – Polaris. The process of Debt Collection must use the Polaris Collection Agency Manager and must be able to interface with it to stay current with all upgrades to the Polaris software. Another collection agency which interfaces with Polaris is Valley Collection Service in Glendale Arizona. However, they focus on serving a broad clientele, much more than libraries, and they do not take costumers outside of their area. We contacted other library systems to determine what collection agency they do business with and within the state of Florida such as Seminole County, Broward County; also out of state such as New York Public Library, Berkeley Public Library systems all use Unique Management Services. The Miami Dade Finance Department was consulted however due to the Library’s emphasis on materials collection and process they are not be able to provide the specific services the Library requires.

Proposed Actions
Please describe the actions the department will take to overcome the present barriers to competition prior
This is a request for a temporary bid waiver with an initial one year term with a one year option to renew. Once the Department is able to determine and allocate future funding for debt collection services the department will move forward with a competitive solicitation process and request the establishment
