2.6 METHOD OF AWARD: TO MULTIPLE LOWEST PRICED VENDORS IN THE AGGREGATE:

Award of this contract will be made up to the two (2) lowest priced, responsive, responsible vendors who submit an offer on all items listed in the solicitation and whose offer represents the lowest price when all items are added in the aggregate. While the method of award prescribes the method for determining the lowest responsive, responsible vendor, the County will award this contract to the designated lowest vendor as the primary vendor and will award this contract to the designated second lowest vendor as the secondary vendor respectively. If the County exercises this right, the primary vendor shall have the primary responsibility to initially perform the service or deliver the goods identified in this contract. If the primary vendor fails to perform it may be terminated for default and the County shall have the option to seek the identified goods or services from the secondary vendor. During the term of the contract, the County may also make award to the third lowest vendor as tertiary if the primary and secondary vendors do not perform.

Award to multiple vendors is made for the convenience of the County and does not exempt the primary vendor from fulfilling its contractual obligations. Failure of any vendor to perform in accordance with the terms and conditions of the contract may result in the vendor being deemed in breach of contract. The County may terminate the contract for default and charge the vendor re-procurement costs, if applicable.

In order to discourage excessive packaging of a product solely for marketing purposes and to encourage packaging for purposes of ensuring durability, re-usability and recyclability. No goods shall be purchased if the goods constitute less than 90 percent (by volume) of the item being purchased or if the goods contains more than 10 percent package and packing material (by volume). No packaging shall be purchased which is not environmentally acceptable packaging.

For purposes of meeting the requirements of this resolution, "Environmentally Acceptable" shall be defined as; any item that is returnable for reuse or recycling, or which is recyclable.

In order to insure compliance with this resolution, vendors shall indicate in the space provided on the Bid/Proposal Submission Form or elsewhere as required by this solicitation, the method to be used for returning packaging materials to the distributor in conjunction with this solicitation and/or by completing the General Services Certification of Recycled Product Content Form indicating the ability of the materials to be recycled through existing recycling collection programs.

Appeals for waiver of these requirements may be made in writing to the County Manager through the Director of Procurement Management. No waiver shall be effective unless approved by a majority vote of the Board of County Commissioners. Offers failing to provide this information may result in being declared non-responsive; however the vendor shall be given the opportunity to provide the information during the offer evaluation period. At such time, the vendor shall be given fifteen (15) calendar days to submit this information.

Vendors wishing to obtain a copy of the complete resolution should contact The Clerk of the Board at 305-375-5126.

As the needs arise, the County may solicit spot market quotations for major or minor repairs such as, cleaning the imaging sensor, calibration of the cameras shutters, metering system and autofocus functions.
