By reason of such participation, the Bidder (the terms "Vendor," "Bidder," "Proposer," "Contractor" and "Officer" are used interchangeably) is required to agree to the following provisions:

In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate. The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

Solicitations for Subcontracts, Including Procurements of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, sex, age, or national origin.

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request Miami Dade County to enter into such litigation to protect the interests of Miami Dade County, and, in addition, the contractor may request the services of the Attorney General in such litigation to protect the interests of the United States.

2.9 **EQUAL PRODUCT CAN BE CONSIDERED UPON RECEIPT OF SPECIFIED DATA**

Unless otherwise indicated, the manufacturer's name, brand name and/or model number information contained in this solicitation are being used for the sole purpose of establishing the minimum requirement for the level of quality, standard of performance, and design and is in no way intended to prohibit the offer of another manufacturer's items of equal material unless otherwise indicated on the Bid Submission Form.

2.9.1 This specific solicitation requires submission of the following documentation to enable County evaluation of "equal" products:

- [X] Product Information Sheets (such as factory specifications, technical specifications, standard manufacturer information sheets, catalogues, and brochures)

All supporting documentation submitted by the offeror must in total meet the required specifications set forth in this solicitation. Where the standard product literature submitted with the offer provides information that does not comply with the specifications, the offeror shall state, in an official letter on corporate letterhead as part of their initial offer, the differences between the item they are specifically offering, and the equipment described by the standard product literature, to substantiate compliance to all of the specifications set forth in this solicitation. In such cases, any offer submitted with standard product literature but without the letter explaining compliance may result in the rejection of the offer for not meeting the solicitation specifications.

2.9.3 The County may require a sample of the “equal” items for evaluation, such items are to be provided at no cost to the County, and should be submitted to the County at the time of specific request. Failure to meet this requirement may result in your offer being rejected.

2.9.4 All bidders are required to submit with their bid sufficient technical data to verify that its products are equal to the products listed in this solicitation; however, Miami Dade County may, at its sole discretion, allow the bidder to complete or supplement the information sheets during the bid evaluation period. Failure to provide sufficient information to allow the County to evaluate the bidder’s products, as specified by the County, may result in the bidder’s bid being declared non-responsive. The County shall be sole judge of the bidder’s conformance with the specifications and requirements and its decision shall be final.

The County reserves the right to verify the information submitted by the bidder and to obtain and evaluate additional information, as it deems necessary to ascertain the bidder’s conformance to the requirements.

"Delivering Excellence Every Day"
2.1 PURPOSE

The purpose of this solicitation is to establish a contract to purchase inspection, repair and installation services for industrial roll-up doors and related equipment situated in Miami-Dade County facilities. The types of doors include, but are not limited to, various roll-up, overhead and bi-fold garage bay doors that are electro-mechanically or manually operated. The contract shall also provide for the purchase and installation of new doors in conjunction with the needs of the County.

2.2 TERM OF CONTRACT

This contract shall be in effect for a period of five (5) years, commencing on the first calendar day of the month following approval of the contract by the Board of County Commissioners or designee. The contract shall expire on the last day, of the last month, of the five-year contract term.

2.3 OPTION TO RENEW

Prior to (or upon) completion of the initial term, the County shall have the option to renew this contract for one additional five (5) year term.

Should the awarded bidder decline the County's right to exercise the option period, the County may consider the awarded bidder in default which decision may affect that awarded bidder's eligibility for future contracts.

2.4 METHOD OF AWARD

2.4(A) GROUP 1: Inspection Services

Award of this group will be made to the three (3) lowest priced responsive, responsible bidders for bi-annual inspection services who meet the minimum qualifications set forth in section 2.4 paragraph (D) of this solicitation. While the award will be made to multiple bidders to assure availability, the lowest priced bidder will be given the first opportunity to perform under this contract. The County intends to award this contract to the designated lowest bidder as the primary, the designated second lowest bidder as the secondary bidder and the third lowest bidder as the tertiary bidder. If the primary bidder declines this opportunity the County shall seek the identified services from the secondary bidder, or from the tertiary should the secondary decline.

Awarded bidders under Group 1 are deemed prequalified for Group 2, and are therefore eligible to participate in future spot market competitions for repair and installation services of roll-up door systems at any county facility identified in this solicitation. Bidders can complete Section 4.3 to automatically participate Group 2.

2.4(B) GROUP 2: Repair, Furnish and Installation Services

All responsive and responsible bidders that meet the minimum qualifications described in Section 2.4 paragraph (D), will be deemed pre-qualified to participate in future spot market competitions for the repair, furnish and installation services of industrial roll-up doors at various County facilities.
SECTION 2
SPECIAL CONDITIONS

When the County identifies a repair or installation, the bidders will be invited to offer a proposal for the service. The award of the service to one bidder does not preclude the remaining pre-qualified bidders from submitting proposals for other services when requested by County departments.

It shall be the sole prerogative of the County as to the number of bidders who will be initially included as a prequalified bidder under this contract. During the term of this contract, the County reserves the right to add or delete bidders as it deems necessary or in its best interests. If the County elects to add bidders, they must meet the minimum qualifications established for the original competition.

2.4(C) GROUP 3: Emergency Repair Services

Award of this group will be made to the three (3) lowest priced responsive, responsible bidders for emergency repair services who meet the minimum qualifications set forth in section 2.4 paragraph (D) of this solicitation. While the award will be made to multiple bidders to assure availability, the lowest priced bidder will be given the first opportunity to perform under this contract. The County intends to award this contract to the designated lowest bidder as the primary, the designated second lowest bidder as the secondary bidder and the third lowest bidder as the tertiary bidder. If the primary bidder declines this opportunity the County shall seek the identified services from the secondary bidder, or from the tertiary should the secondary decline.

2.4(D) Minimum Qualifications for Groups 1, 2 and 3.

In addition to other County and contract requirements, all bidders shall meet the following minimum qualifications: (See Section 4.1):

1. Bidders and/or its subcontractor(s) shall hold an Electrical and/or General Contractors License. A valid copy of the license shall be included in the bidder’s bid submittal.

2. In accordance with the Code of Miami-Dade County, Florida, Section 10-3 (B), any person, firm, corporation or joint venture which submits an offer in response to this County solicitation, shall provide a valid Certificate of Competency for Garage and Industrial Doors issued by the State or County Examining Board qualifying said person, firm, corporation or joint venture to perform the work proposed.

3. If work for other trades is required in conjunction with this solicitation and will be performed by a subcontractor(s), an applicable Certificate of Competency issued to the subcontractor(s) shall be submitted with the prime bidder’s offer.

4. Bidders shall have at least one (1) year experience in inspection, repair and installation services as described herein. Bid submittals shall therefore include a minimum of three (3) references where the firm has performed the required services.

5. Bidder shall maintain a fully equipped office with phone, facsimile and an e-mail address of staff accessible Monday thru Friday, during working hours from 8:00 AM to 5:00 PM, to respond to the County’s requests. Information shall also be included for 24-hour, 7 day emergency requests. (See Section 4.4)
2.5 PRICES

2.5(A) GROUP 1: Inspection Services

The initial contract prices for inspection services resultant from this solicitation, shall remain fixed and firm for a twelve-month period from the contract's initial effective date. Bidders may request a price adjustment no less than ninety (90) days prior to the completion of each twelve-month period of the contract term. It is the bidder's responsibility to request any pricing adjustment under this provision, and the request should not be in excess of the relevant pricing index change. The County may consider an adjustment to price based on the Bureau of Labor Statistics Consumer Price Index (CPI), for the categories of 'All Urban Consumers', 'All Items', 'Miami-Ft. Lauderdale Area'.

Failure to request a price adjustment within the allotted time will be interpreted by the County as acceptance of contract continuation without pricing adjustment. Any adjustment request received after the commencement of a new twelve month period may not be considered.

Equally, the County reserves the right to negotiate lower pricing for each twelve month period based on market research information or other factors that influence price. The County reserves the right to apply any reduction in pricing for the additional term based on the downward movement of the CPI.

The County reserves the right to reject any request for price adjustments submitted by the awarded bidder, and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative and not a right of the awarded bidder. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

The hourly rate quoted shall be deemed to provide full compensation to the bidder for labor, equipment use, travel time, materials and any other element of cost. This rate is assumed to be at 'straight-time', except where otherwise stated. The bidder shall comply with minimum wage standards, and/or any other wage standards specifically set forth in this solicitation and resultant contract, and any other applicable laws of the State of Florida. (See Section 4.2)

2.5(B) GROUP 3: Emergency Repair Services

The initial contract prices for emergency repair services resultant from this solicitation, shall remain fixed and firm for a twelve-month period from the contract's initial effective date. A price adjustment is permissible under the guidelines described in Section 2.5 paragraph (A).

2.6 INDEMNIFICATION AND INSURANCE

a. Additional or revised insurance requirements may be necessary when performing work in certain County facilities, such as Miami-Dade Aviation Department (MDAD), Miami-Dade Seaport Department, or other County departments with limited or restricted access. Any change or addition to insurance requirements will be detailed in any Request for Quotations (RFQ) issued subsequent to award of this contract.

b. Commercial General Liability Insurance in an amount not less than one million ($1,000,000) combined single limit per occurrence for bodily injury and property damage. Miami-Dade County must be shown as an additional insured with respect to this coverage.
c. Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work, in an amount not less than $500,000 combined single limit per occurrence for bodily injury and property damage.

**Contractors will not be permitted on the Miami International Airport's Aircraft Operating Airside (AOA) without increasing automobile coverage to $5 million.** Only vehicles owned or leased by a company will be authorized for the AOA. Vehicles owned by individuals will not be authorized. A $1 million limit applies to all other MDAD airports.

### 2.7 GUARANTEE AGAINST DEFECTS

Bidder(s) shall, in addition to all other guarantees, be responsible for faulty labor and defective material and equipment for a period of one hundred and eighty (180) calendar days after date of acceptance of the labor, material and/or equipment by the County. The bidder shall promptly correct these deficiencies without cost to the County, within two (2) calendar days after receiving notification of such deficiencies in writing. Payment in full for the work does not constitute a waiver of guarantee.

### 2.8 CHANGES

Although this solicitation and resultant contract identifies specific sites and types of services, it is hereby agreed and understood that the County may at its option, add or delete sites and services. Should the County determine that sites need to be added, the County will obtain quotes from all the awarded bidders for **Group 2** on an as-needed basis.

The County may determine to obtain price quotes for the additional services from other bidders in the event that fair and reasonable pricing is not obtained from the current contract bidders, or for other reasons, at the County’s discretion.

### 2.9 COMPLIANCE / REGULATIONS

**2.9(A) Legal Requirement for Pollution Control**

It is the intent of these specifications to comply with the Miami-Dade County Pollution Control Ordinance as stated in Chapter 24 of the Miami-Dade Code. This ordinance is made a part of these specifications by reference and may be obtained, if necessary, by the bidder through Permitting, Environment and Regulatory Affairs 33 SW 2nd Ave., Miami, Florida 33130. Telephone (305) 372-6789.

**2.9(B) Toxic Substances/Federal "Right to Know" Regulations**

The Federal "Right to Know" Regulation implemented by the Occupational Safety and Health Administration (OSHA) requires employers to inform their employees of any toxic substances to which they may be exposed in the workplace, and to provide training in safe handling practices and emergency procedures. It also requires notification to local fire departments of the location and characteristics of all toxic substances regularly present in the workplace. For additional information on the Federal Right to Know Regulation, contact OSHA at www.OSHA.gov or call (954) 424-0242.
2.9(C) Accident Prevention, Barricades and Safety

Precautions shall be exercised at all times for the protection of persons and property. All bidders performing services under this contract shall conform to all relevant OSHA, State, Florida Department of Transportation and County regulations during the course of such effort. Any fines levied by the above mentioned authorities for failure to comply with these requirements shall be borne solely by the responsible bidder. Barricades shall be provided by the bidder when work is performed in areas traversed by persons, or when deemed necessary by the Department. Bidder shall conduct tasks so that they will not interfere with any airport operations, pedestrian traffic on adjacent sidewalks or vehicular traffic on adjacent streets, and parking lots bus areas.

Bidder agrees to perform all work in a manner that meets all accepted standards for safe practice, and to safely maintain and operate all the equipment used in the performance of this contract. The County reserves the right to issue immediate restrain or cease and desist to a bidder, when unsafe or harmful acts are observed or reported while performing under the contract. Hazardous conditions, not caused or correctable by Bidders are to be immediately reported to the Project Manager, or designee.

2.10 WORK

A. NOTIFICATION TO BEGIN WORK

The awarded bidder shall neither commence any work, nor enter a County facility, until a purchase order directing the bidder to proceed with various items of work has been received from an authorized representative of the Department; provided however, that such notification shall be superseded by any emergency work that may be required in accordance with provisions included elsewhere in this solicitation and resultant contract.

B. CLEAN-UP

All unusable materials and debris shall be removed from the premises at the end of each workday, and disposed of in an appropriate manner. Upon final completion, the bidder shall thoroughly clean up all areas where work has been involved as mutually agreed with the Department's project manager.

2.11 WORKING HOURS

The bidder shall perform the requirements of this contract during regular working hours and days, except if alternate scheduling is agreed upon with the Department. Regular working hours and days are defined as Mondays through Fridays, 8:00AM to 5:00PM.

2.12 REGULAR SERVICE CALL RESPONSE

Bidder shall acknowledge all regular service calls within an hour of notification from the Department representative. The bidder should respond to the actual service call location within twenty-four hours after such notification, unless instructed differently by the Department's representative. For bi-annual inspections performed under Group 1, the successful bidder will coordinate dates and times with the Departments.
2.13 REPORTING ARRIVAL AND DEPARTURE

The awarded bidder's staff assigned to a project shall report their arrival and departure from the facilities or job site to an authorized representative of the Department. The awarded bidder shall obtain the name, title, and signature of the authorized County representative for the acceptance of the work completed. This information shall be included with the bidder's invoice.

2.14 LABOR, PARTS AND MATERIALS: GROUPS 2 AND 3

Bidder(s) shall furnish all labor, parts and materials necessary for satisfactory contract performance. When not specifically identified in the scope of work, such parts and materials shall be of a suitable type and grade for the purpose. All material, workmanship, and equipment shall be subject to the County's inspection and approval.

The bidder shall not charge the County any markup for parts used for work performed under this contract. Any parts supplied shall be provided at the manufacturer's list price. Proof of actual cost shall be submitted with the bidder's invoice for the specific work completed.

2.15 SUB-CONTRACTING

Bidder(s) will be permitted use of sub-contractors. The company name, contact person, and a copy of their license/certificate shall be submitted to the Department's Project Manager at the point and time when a purchase order is issued. The sub-contractors are the responsibility of the bidder and not of the County. All sub-contractors performing work for the County shall be duly licensed prior to commencement of work.

Bidder(s) shall be fully responsible to the County for the acts and omissions of the sub-contractors and persons employed by them, as they are for acts and omissions of person(s) directly employed by them.

The County department reserves the right to approve, disapprove, or dismiss any sub-contractors.

Nothing contained in this bid solicitation shall be construed to create any contractual relationship between any sub-contractor and the County.

2.16 UNAUTHORIZED WORK

Neither the bidder nor any of their employees shall perform any work other than the work that is defined herein. The County representative may permit specific exceptions to the provisions of this paragraph when such permission is given in writing.

A bidder shall not be paid for any work performed outside the scope of the contract, or any work otherwise unauthorized.
SECTION 3
TECHNICAL SPECIFICATIONS

3.1 SCOPE OF WORK

The bidder shall furnish all labor, parts and materials where necessary to perform inspections, repairs and installations of various roll-up doors, roll-up windows, bi-fold bay doors, overhead doors, related motors and similar types of industrial doors at various Miami-Dade County facilities. The successful bidders will also be required to furnish and install new equipment on an as-needed basis.

3.2 GROUP 1: BI-ANNUAL INSPECTION SERVICE REQUIREMENTS

The bidder shall inspect equipment when scheduled bi-annually by the Department, and shall render such maintenance necessary to keep the equipment in proper and safe operating condition. The services must include:

a. Examination, cleaning, adjustment, lubrication, repairs, and replacement of parts where necessary
b. Operate each door while inspecting gears, chains, and other moving parts for free operation, wear, and possible damage
c. Inspect curtain guides for dents and obstruction
d. Inspect curtain slates for dents and holes
e. Inspect and, if necessary, adjust the torsion of the counter balance spring
f. Inspect and, if necessary, apply more lubrication to gears and other moving parts
g. Inspect the motor for any electrical faults or deficiencies. Correct electrical faults and deficiencies as appropriate
h. Inspect and, if necessary, adjust the limit switches

Should the bidder discover a needed repair during inspection, the bidder shall notify the Department and provide a written report for that repair. That report shall list separately; (a) details of the corrective action required, (b) parts and (c) labor. The County Department will then invite all prequalified bidders under Group 2 to submit a quote for that specific repair as outlined in Section 2.4.

Note: Upon completion of each inspection the bidder shall complete a “Checklist for Maintenance Services” form, provided as Attachment ‘A’ in this solicitation.

3.3 GROUP 2: REPAIR, FURNISH & INSTALLATION SERVICE REQUIREMENTS

The bidder shall provide the following services as required for regularly scheduled requests:

a. Repair or furnish and install roll-up door equipment upon receipt of a purchase order, approved and scheduled by a Department
b. Test all components serviced and/or installed, in the presence of a representative from the requesting Department, at the completion of the service.

c. Tag each repaired and/or installed equipment with company information and date of repair.

d. If a repair cannot be completed, the door must be secured in the closed position, or to the greatest extent practical for the site as approved by the Department, in order to protect the integrity of the facility, its occupants, and/or contents.

e. Repairs that take more than 24 hours to complete must be justified and approved by the Department. Jobs exceeding 24 hours in which the door cannot be operated and the building secured, may require the County to provide staff to safeguard the facility. Should the delay prove unjustified, the County reserves the right to charge the bidder for these extraordinary expenses.

f. In the event that a repair takes more than 24 hours to complete, the bidder shall provide the Department with twice-daily progress reports. Status calls should be spaced (i.e. AM and PM) and an expected completion time refined at each report.

If the repair work extends beyond 96 hours without the Department’s approval, the County reserves the right to discharge the bidder and secure the completion of the repairs from other contract bidders, or from other sources in the best interest of the County. The initial bidder shall be liable for any re-procurement charges.

3.4 GROUP 3: EMERGENCY REPAIR SERVICES

Emergency service shall be for any unforeseen or unanticipated work not covered by scheduled repairs during regular working hours (defined in Section 2.11). As such, the bidder shall provide 24 hour, 7 day emergency response contact information under this contract. (See Section 4.5) When responding to an emergency call, an assessment must be communicated to the Department within 30 minutes of arrival at the site. If an immediate repair is not possible, the bidder must provide an accurate projection of expected completion time. All the requirements of Section 3.3 shall apply to this group.

(a) During regular working hours, emergency service response time (defined as the time from acknowledged notification to arrival on-site) shall be within one and one-half (1½) hours after notification by the County.

(b) Beyond regular working hours, emergency response time shall be within two (2) hours after notification by the County.

A written estimate, approved by the Department, will be required for all emergency repairs before commencement of work. Justifiable costs above the original estimate will also require Departmental approval.

3.5 PARTS, ACCESSORIES AND MATERIALS

All parts, accessories and materials used shall be genuine parts as manufactured and distributed by the manufacturer of the industrial doors being serviced. All non-original equipment manufacturer parts must be approved by the Department before installation.
3.6 **LUBRICANTS**

The lubricants used shall comply with the specifications for lubricants recommended by the equipment manufacturer for the particular type of industrial door to be repaired. Oils and greases must be approved by the manufacturer.

3.7 **LOCATION AND DESCRIPTION OF EQUIPMENT**

PRESUBMITTAL BRIEFING

- As was previously stated the CBE measure established for this solicitation is a **22% CBE Sub-Consultant Goal**

- The sub-consultants being utilized must be certified CBE firms (**Tier 1 CBE and/or Tier 2**) at the time of proposal submittal and must maintain this certification from the time of proposal award and throughout the duration of the agreement.

- Proposers who are CBEs (**Tier 1 CBE or Tier 2**) may perform up to 100% of the CBE goal utilizing their own forces (for the purposes of this Design-Build, this is not applicable)

- The **Letter of Agreement (LOA) – CBE Form 105** must be submitted at the time of proposal submittal and must reflect the following:
  - Reflecting the CBE / CBEs being utilized to meet the **Set-aside**.
  - The Technical Category (or Categories) each will perform
  - Related Percentage
  - Signatures and related information of the **Proposer/s** and **Sub-consultant/s**

- Please ensure the required LOA/s is/are submitted (as applicable). Failure to submit the required **Letter of Agreement** at the specified time may deem the proposal **non-responsive**.

- In cases where correctables exist, the Proposer has **48 hrs** from notification from SBD to provide such clarifications and/or correctables. Correctables are as follows:
  - Missing Percentage/s
  - Missing **Proposer’s** Signature
  - Missing **Sub-consultant’s** Signature
  - Missing Scopes of work (**Technical Category/s**)

- Please ensure the **CBEs** being utilized to meet the goals are certified in the technical categories they are listed to perform. The can be confirmed or verified via our website:  [http://www.miamidade.gov/business/reports-certification-lists.asp](http://www.miamidade.gov/business/reports-certification-lists.asp)

Or, to have them provide you with their letter from SBD indicating the Technical Categories in which they are CBE certified and their certification expiration dates.
• Any question specific to the project please submit it in writing copying the Clerk of the Board and coordinator who will then forward the question to SBD.

**Construction Portion – CSBE**

This project also carries a **10.90% 2nd 3rd 4th Tier CSBE Goal** – However based on the type of Goal assigned to the construction portion, the SOI is not required to be submitted at this phase – the **Utilization and Assurance form 105a** will suffice, until such time as the Prime identifies the CSBE subcontractor who will be utilized to meet the aforementioned goal – SBD must be contacted at that phase, before proceeding.
