### DETAILED DESCRIPTION OF THE PROJECT SCOPE (INCLUDE LOCATION):

Design, build, operate, and maintain natural gas fueling stations on MDT property that will meet present and future bus fleet CNG fueling requirements and modify existing buildings and equipment to comply with applicable codes and regulations. Lease or finance new CNG powered transit buses, per MDT specifications, for MDT to operate in revenue service. This is intended to be a "turnkey" project. The contractor shall provide for all work required for a fully functional fueling and servicing station to service up to 300 buses per facility. The scope of work includes all natural gas and electrical utility infrastructure development, installation of underground transmission lines, all electrical work, modification of existing facilities, and restoration. Provide thorough inspection of the facilities (maintenance and fueling) and the infrastructure at each location including all existing buildings, structures, and equipment, for all conditions that may impact the work, including all permits, approvals, fees, etc. to meet applicable codes and regulations and to implement all required modifications in accordance with best industry practices. The conversion at Central will be followed by the conversion of two other MDT bus facilities at the Coral Way and North East bus divisions. Similar solutions are anticipated for those two additional facilities. It is anticipated that the completion of the two other facilities will coincide with receipt of new CNG buses to replace older diesel buses as determined by FTA bus retirement eligibility guidelines.

### REASON THE PROJECT IS NEEDED:

This project is needed to reduce MDT fuel costs and improve service.

### REQUIRED DATE OF IMPLEMENTATION:

12/31/2014

### STATE THE IMPACT OF NOT IMPLEMENTING THE PROJECT BY THIS DATE:

Bus operating costs will not be reduced by migrating to less expensive CNG.

All proposals received and time stamped by the Clerk of the Board prior to the proposal submittal deadline shall be accepted as timely submitted. The circumstances surrounding all proposals received and time stamped by the Clerk of the Board after the proposal submittal deadline will be evaluated by the procuring department in consultation with the County Attorney’s Office to determine whether the proposal will be accepted as timely. Proposals will be opened promptly at the time and date specified. The responsibility for submitting a proposal on or before the stated time and date is solely and strictly the responsibility of the Proposer. The County will in no way be responsible for delays caused by mail delivery or caused by any other occurrence. All expenses involved with the preparation and submission of proposals to the County, or any work performed in connection therewith, shall be borne by the Proposer(s).

The submittal of a proposal by a Proposer will be considered by the County as constituting an offer by the Proposer to perform the required services at the stated prices. A Proposer may submit a modified proposal to replace all or any portion of a previously submitted proposal up until the proposal due date. The County will only consider the latest version of the proposal.

Requests for additional information or inquiries must be made in writing and received by the County’s contact person for this Solicitation. The County will issue responses to inquiries and any changes to this Solicitation it deems necessary in written addenda issued prior to the proposal due date. Proposers who obtain copies of this Solicitation from sources other than the County’s Internal Services Department website at www.miamidade.gov/dpm or the Vendor Assistance Unit risk the possibility of not receiving addenda and are solely responsible for those risks.

1.3 General Proposal Information
The County may, at its sole and absolute discretion, reject any and all or parts of any or all responses; accept parts of any and all responses; further negotiate project scope and fees; postpone or cancel at any time this Solicitation process; or waive any irregularities in this Solicitation or in the responses received as a result of this process. A proposal shall be the Proposer's firm commitment to provide the goods and services solicited in the manner requested in the Solicitation and described in the proposal. In the event that a Proposer wishes to take an exception to any of the terms of this Solicitation, the Proposer shall clearly indicate the exception in its proposal. No exception shall be taken where the Solicitation specifically states that exceptions may not be taken. Further, no exception shall be allowed that, in the County’s sole discretion, constitutes a material
deviation from the requirements of the Solicitation. Proposals taking such exceptions may, in the County’s sole discretion, be deemed nonresponsive. The County reserves the right to request and evaluate additional information from any respondent regarding respondent’s responsibility after the submission deadline as the County deems necessary. Proposals shall be irrevocable until contract award unless the proposal is withdrawn. A proposal may be withdrawn in writing only, addressed to the County contact person for this Solicitation, prior to the proposal due date or upon the expiration of 180 calendar days after the opening of proposals.

Proposers are hereby notified that all information submitted as part of, or in support of proposals will be available for public inspection after opening of proposals, in compliance with Chapter 119, Florida Statutes, popularly known as the "Public Record Law". The Proposer shall not submit any information in response to this Solicitation which the Proposer considers to be a trade secret, proprietary or confidential. The submission of any information to the County in connection with this Solicitation shall be deemed conclusively to be a waiver of any trade secret or other protection, which would otherwise be available to Proposer. In the event that the Proposer submits information to the County in violation of this restriction, either inadvertently or intentionally, and clearly identifies that information in the proposal as protected or confidential, the County may, in its sole discretion, either (a) communicate with the Proposer in writing in an effort to obtain the Proposer’s written withdrawal of the confidentiality restriction or (b) endeavor to redact and return that information to the Proposer as quickly as possible, and if appropriate, evaluate the balance of the proposal. Under no circumstances shall the County request the withdrawal of the confidentiality restriction if such communication would in the County’s sole discretion give to such Proposer a competitive advantage over other proposers. The redaction or return of information pursuant to this clause may render a proposal non-responsive.

Any Proposer who, at the time of proposal submission, is involved in an ongoing bankruptcy as a debtor, or in a reorganization, liquidation, or dissolution proceeding, or if a trustee or receiver has been appointed over all or a substantial portion of the property of the Proposer under federal bankruptcy law or any state insolvency law, may be found non-responsible. To request a copy of any ordinance, resolution and/or administrative order cited in this Solicitation, the Proposer must contact the Clerk of the Board at (305) 375-5126.

1.4 Cone of Silence
Pursuant to Section 2-11.1(t) of the Miami-Dade County Code, as amended, a “Cone of Silence” is imposed upon each RFP or RFQ after advertisement and terminates at the time a written recommendation is issued. The Cone of Silence prohibits any communication regarding RFPs or RFQs between, among others:

- oral communications at pre-proposal conferences, oral presentations before selection committees, contract negotiations during any duly noticed public meeting, public presentations made to the Board of County Commissioners during any duly noticed public meeting; or
- communications in writing at any time with any county employees, official or member of the Board of County Commissioners unless specifically prohibited by the applicable RFP or RFQ documents.
When the Cone of Silence is in effect, all potential vendors, service providers, bidders, lobbyists and consultants shall file a copy of any written correspondence concerning the particular RFP or RFQ with the Clerk of the Board, which shall be made available to any person upon request. The County shall respond in writing (if County deems a response necessary) and file a copy with the Clerk of the Board, which shall be made available to any person upon request. Written communications may be in the form of e-mail, with a copy to the Clerk of the Board at clerkbcc@miamidade.gov.

1.5 Public Entity Crimes
Pursuant to Paragraph 2(a) of Section 287.133, Florida Statutes, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal for a contract to provide any goods or services to a public entity; may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work; may not submit proposals on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and, may not transact business with any public entity in excess of the threshold amount provided in Section 287.017 for Category Two for a period of thirty-six (36) months from the date of being placed on the convicted vendor list.

1.6 Lobbyist Contingency Fees
a) In accordance with Section 2-11.1(s) of the Code of Miami-Dade County, after May 16, 2003, no person may, in whole or in part, pay, give or agree to pay or give a contingency fee to another person. No person may, in whole or in part, receive or agree to receive a contingency fee.

b) A contingency fee is a fee, bonus, commission or non-monetary benefit as compensation which is dependent on or in any way contingent upon the passage, defeat, or modification of: 1) any ordinance, resolution, action or decision of the County Commission; 2) any action, decision or recommendation of the County Mayor or any County board or committee; or 3) any action, decision or recommendation of any County personnel during the time period of the entire decision-making process regarding such action, decision or recommendation which foreseeably will be heard or reviewed by the County Commission or a County board or committee.

1.7 Collusion
In accordance with Section 2-8.1.1 of the Code of Miami-Dade County, where two (2) or more related parties, as defined herein, each submit a proposal for any contract, such proposals shall be presumed to be collusive. The foregoing presumption may be rebutted by the presentation of evidence as to the extent of ownership, control and management of such related parties in preparation and submittal of such proposals. Related parties shall mean Proposer or the principals thereof which have a direct or indirect ownership interest in another Proposer for the same contract or in which a parent company or the principals thereof of one Proposer have a direct or indirect ownership interest in another Proposer for the same contract. Proposals found to be collusive shall be rejected. Proposers who have been found to have engaged in collusion may be considered non-responsible, and may be suspended or debarred, and any contract resulting from collusive bidding may be terminated for default.

1.8 Contract Measures
The Disadvantage Business Enterprise (DBE) requirements of 49 CFR Part 26 applies to this solicitation. The Stated Goal for participation by DBE firms is ____ percent (____%). Refer to Attachment XXXX for definitions, explanations, and instructions.

2.0 Scope of Work

See Attachment 1
3.0 RESPONSE REQUIREMENTS

3.1 Submittal Requirements
In response to this Solicitation, Proposer should return the entire completed Proposal Submission Package (see Attachment 2). Proposers should carefully follow the format and instructions outlined therein. All documents and information must be fully completed and signed as required.

The proposal shall be written in sufficient detail to permit the County to conduct a meaningful evaluation of the proposed services. However, overly elaborate responses are not requested or desired.

4.0 SOLICITATION PROCESS

4.1 Invitation to Negotiate
For the purposes of obtaining proposals from interested parties, the County is utilizing an Invitation to Negotiate (ITN) process as described below. The ITN process differs from a standard Request for Proposals (RFP) process in that it provides for more flexibility, and reduces certain restrictions inherent in a request for proposals process without eliminating competitiveness.

4.2 ITN Process
The ITN process is comprised of two steps.

Step 1: INITIAL PROPOSAL

Proposals will first be reviewed by a Technical Advisory Committee (TAC), chaired by Internal Services Department. The TAC will submit its findings to the Selection Committee (SC). The TAC will be comprised of County and other technical staff, as needed, to perform these reviews and will be available to the SC throughout the evaluation process. The SC will be comprised of high-level County Officials. The SC will evaluate and rank proposals on criteria listed below and will take into consideration the findings of TAC. SC will determine which proposal(s) remain in consideration for Step 2 of ITN based on, among other considerations, value to the County, scores in clusters and/or maintaining competition.

The criteria are itemized with their respective weights for a maximum total of four hundred (400) points per SC member.

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Points</th>

</tr>
<tr>

<td>100</td>
</tr>
<tr>
<td>3. Proposer’s approach/overall plan to providing the service(s) requested in this Solicitation</td>
<td>200</td>
</tr>
</tbody>
</table>
Step 2: FINAL PROPOSAL

For this step, the County will seek proposals only from proposers who remain in consideration after completion of Step 1. Proposals will first be reviewed by the TAC who will submit its findings and detailed technical report to the SC. The SC will evaluate the proposals and take into consideration the findings of TAC to give recommendation(s) to the Mayor for negotiations. SC may request oral presentations (See Section 4.4 below) prior to making this recommendation to the Mayor.

The proposals will be evaluated based on the criterion below:

Criterion
Proposer’s detailed approach, resources, implementation, financial strength, capacity and pricing/financing for the proposed term.

4.3 Review of Proposals for Responsiveness (Applies to both steps)
Each proposal will be reviewed to determine if the proposal is responsive to the submission requirements outlined in this Solicitation. A responsive proposal is one which follows the requirements of this Solicitation, includes all documentation, is submitted in the format outlined in this Solicitation, is of timely submission, and has the appropriate signatures as required on each document. Failure to comply with these requirements may result in the proposal being deemed non-responsive.

4.4 Oral Presentations
Upon completion of the evaluation as indicated in step 2 above, SC may choose to conduct an oral presentation. (See Form A-2 regarding registering speakers in the proposal for oral presentations.)

4.5 Negotiations
The County will establish a Negotiation Committee (NC) through which it will negotiate required agreement(s) with Proposer(s). NC will be comprised of appropriate County personnel and members of the community, as deemed necessary by the County, with the appropriate experience and/or knowledge.

The SC will evaluate and submit results of evaluation to the County Mayor or designee with their recommendation. In its sole discretion, the County Mayor or designee may direct negotiations with one or multiple Proposers, or may request best and final offers. The County reserves the right to request and evaluate additional information during the Negotiation process.

Any Proposer(s) recommended for negotiations shall provide the following to the County:

- Information concerning any prior or pending litigation, either civil or criminal, involving a governmental agency or which may affect the performance of the services to be rendered herein, in which the Proposer, any of its employees or subcontractors is or has been involved within the last three years.
- Collusion Affidavit, in accordance with Sections 2-8.1.1 of the Miami-Dade County Code. (If a Proposer fails to submit the required Collusion Affidavit, said Proposer shall be ineligible for award.)

Proposers recommended for negotiations may be required to submit a notarized signed letter from FGT stating the capacity available to the proposer(s).

4.6 Contract Award
Any contract(s), resulting from this Solicitation, will be submitted to the County Mayor or designee for approval. All Proposers will be notified in writing when the County Mayor or designee makes an award recommendation. The Contract award(s), if any, shall be made to the Proposer(s) whose proposal(s) shall be deemed by the County to be in the best interest of the County. Notwithstanding the rights of protest listed below, the County’s decision of whether to make the award and to which Proposer(s) shall be final. The County may award one
contract to a Proposer offering all four items listed in Section 1.1 above if the offer is in the best interest of the County, however the County may award multiple contracts to multiple proposers for any combination of four items listed in Section 1.1 above.

4.7 Rights of Protest
A recommendation for contract award or rejection of all proposals may be protested by a Proposer in accordance with the procedures contained in Sections 2-8.3 and 2-8.4 of the County Code, as amended, and as established in Implementing Order No. 3-21.

5.0 TERMS AND CONDITIONS

The anticipated form of agreement is attached. The terms and conditions summarized below are of special note and can be found in their entirety in the agreement:

a) Vendor Registration
Prior to being recommended for award, the Proposer shall complete a Miami-Dade County Vendor Registration Package. Effective June 1, 2008, the new Vendor Registration Package, including a Uniform Affidavit Packet (Affidavit form), must be completed. The Vendor Registration Package, including all affidavits can be obtained by downloading from the website at http://www.miamidade.gov/DPM/vendor_registration.asp or from the Vendor Assistance Unit at 111 N.W. 1st Street, 13th Floor, Miami, FL. The recommended Proposer shall affirm that all information submitted with its Vendor Registration Package is current, complete and accurate, at the time they submitted a response to the Solicitation, by completing an Affirmation of Vendor Affidavit form.

b) Insurance Requirements
The Contractor shall furnish to the County, Internal Services Department, Procurement Management Division, prior to the commencement of any work under any agreement, Certificates of Insurance which indicate insurance coverage has been obtained that meets the stated requirements.

Scope of Services

Miami-Dade County, hereinafter referred to as the County, as represented by Miami-Dade Transit (MDT) is soliciting proposals to develop a public private partnership that allows MDT to use Compressed Natural Gas (CNG) in its fleet. This partnership may include but not limited to having proposers:

a. Design, build, operate and maintain fuel / service stations (stations) with an option to purchase CNG
b. Upgrade of MDT’s maintenance facilities
c. Purchase/Lease of buses
d. Possible Revenue by selling CNG to third parties

MDT desires a complete “turnkey” and cost effective approach to implement this partnership. The ultimate goal is to reduce MDT’s dependencies on petroleum-based diesel fuel.

Below is an overview of the anticipated scope of work required to design, build, operate and maintain stations, upgrade MDT’s maintenance facilities to accommodate CNG buses, purchase / lease of up to 300 buses and possible revenue by selling CNG to third parties:

1. Provide for all work required for a fully functional fueling and servicing station to service up to 300 buses per facility. The scope of work includes all natural gas and electrical utility infrastructure development, installation of underground transmission lines, all electrical work, modification of existing facilities, and restoration. Provide thorough inspection of the facilities (maintenance and fueling) and the infrastructure at each location including all existing buildings, structures, and equipment, for all conditions that may impact the work, including all permits, approvals, fees, etc. to meet applicable codes and regulations and to implement all required modifications in accordance with best industry practices.

2. The conversion at Central facility will be followed by the conversion of two other MDT bus facilities at the Coral Way and North East bus divisions. Similar work is anticipated for those two additional facilities. It is anticipated that the completion of the two other facilities will coincide with receipt of new CNG buses (see #4 below for additional information) to replace older diesel buses as determined by FTA bus retirement eligibility guidelines (see MDT Chart No. 1).

3. Design, build, operate, and maintain natural gas fueling stations on MDT property that will meet present and future bus fleet CNG fueling requirements and modify existing buildings and equipment to comply with applicable codes and regulations. Evaluate and implement applicable best practices from the EPA Natural Gas Star Program, to minimize loss of product and associated methane emissions (http://www.epa.gov/gasstar/tools/recommended.html). The County may purchase CNG from the awarded Proposer or may purchase from other sources.

4. Purchase or Lease new CNG powered transit buses, per MDT specifications, for MDT to operate in revenue service.

5. Provide electrically powered compression system with sufficient number of compressors sized to meet MDT fleet fueling requirements with high pressure gas lines with one compressor not in operation.

6. Provide back-up generator to fully power the compression system in the event of loss of electrical power.
7. Provide compression system for continuous fueling of four buses simultaneously at 5000 psig and sufficient CFM to completely fuel the buses in 6.5 minutes, assuming each bus requires 80 DGE.

8. Install four CNG dispensers at the fuel island, one at each traffic lane. The operation will include fuel dispensers with required credentials to initiate operation, notification when fueling is completed, and a display and electronic communication of the amount of fuel dispensed to MDT’s inventory system.

9. All servicing transactions including fuel, fluids, operator and vehicle data to be communicated through the E. J. Ward fueling system.

10. At each fuel island install a 2,500 gallon CNG engine oil storage tank, pump, plumbing and four overhead hose reels, one at each traffic lane. Provide additional plumbing for CNG engine oil hose reels for the maintenance shops as needed.

11. Install plumbing and overhead hose reels for coolant, engine oil, and transmission fluid at each traffic lane of each fuel island. Shop air and water also to be available at the fuel island.

12. Provide a bus vacuuming system with hoses for cleaning the buses at each lane.

13. Properly illuminate each fuel island for nighttime servicing of the buses.

14. Provide appropriate office space for each fuel island for MDT personnel.

15. Provide all labor, materials, equipment, expendables, and incidentals to maintain the fuel facility. MDT will be responsible for replenishing the engine oil, transmission fluid, and coolant as needed.

16. Provide necessary electricity (separate meter) to operate the entire fueling operation.

17. The fueling facility operates 24 hours per day, seven days per week.

18. Response time for malfunctions at the fuel islands is within an 8 hour period of notification, unless such malfunction results in loss or degradation of fueling capacity or poses a safety hazard, in which case the response is immediate.

19. Ensure that all equipment is installed in accordance to the manufacturer’s requirements.

20. Execute of the work not to impede MDT’s normal fueling and maintenance operations.

21. Pay for all federal, state and local permits, fees, and licenses necessary to complete the project.

These are the parameters pertaining to the pricing/financing strategy the County anticipates the proposers will consider in preparation of pricing information to the County.

The proposer should take in consideration the number of gallons of diesel fuel currently utilized by MDT and provide a plan to guarantee a minimum amount of diesel gallon equivalent CNG fuel availability on a daily basis to ensure that County and MDT operations are not disrupted as the ramp-up to a full CNG fleet is implemented.

The County reserves the right to purchase natural gas through existing or future county contracts not associated with this ITN. However, a proposer interested in providing natural gas should submit its pricing as an adder on a per Therm basis consisting of all charges necessary for the proposer to fully complete and invoice the business transaction, inclusive of delivery, profit, and any other fees/charges; exclusive of Florida Gas Transmission fuel and usage fees. The firm fixed service adder price excludes taxes and the Index Price of spot gas delivered to pipelines, as published by the Federal Energy Regulatory Commission (FERC).

Prices shall be based on the Platts, inside Federal Energy Regulatory Commission’s (FERC) Gas Market Report, Florida Gas Transmission Company (FGT), Zone Two (2). Proposers recommended for negotiations may be required to submit a notarized signed letter from FGT stating the capacity available to the proposer(s).

A Therm is described by the U.S. Energy Information Administration (EIA) as: Therm — One therm equals 100,000 Btu, or 0.10 MMBtu.

The following are adders the County is interested in the proposer’s price breakdown.

- Adder 1: $__________ per Therm for the cost to design, build, operate and maintain a full service fueling station including providing CNG to the County
- Adder 2: $__________ per Therm for the cost to design, build, operate and maintain a full service fueling station (County uses its contracts for purchase of gas)
- Adder 3: $__________ per Therm for the cost of maintenance facilities upgrades
- Adder 4: $__________ per Therm for the cost of bus purchase/lease.

Proposers may submit alternative pricing/financing models like monthly amount to be paid by the County if payment is not tied to consumption of gas, initial lump sum payment by the County and thereafter a small monthly amount, monthly payment by the County after initial investment by the Proposer or any other option. For each pricing/financing model, a amortization schedule should be included.

For each pricing/financing model proposed, a detailed cost-benefit analysis to quantitatively demonstrate the total costs and savings to the County for the contract term(s) proposed.

Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and

(4) With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the
questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(v) (A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(v) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(2) Withholding - The [insert name of grantee] shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor
under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the [insert name of grantee] may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the [insert name of grantee] for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-0014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form
WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees - (i) Apprentices - Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman’s hourly rate) specified in the contractor’s or subcontractor’s registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice’s level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the
payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

(10) Certification of eligibility - (i) By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

(2) Violation; liability for unpaid wages; liquidated damages - In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of $10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.

33. Special DOL EEO Clause for Construction Projects

(Applicable to all Federal-aid construction contracts and to all related subcontracts of $10,000 or more.)

1. Equal Employment Opportunity: Equal employment opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (28 CFR 35, 29 CFR 1630 and 41 CFR 60) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140 shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The Equal Opportunity Construction Contract Specifications set forth under 41 CFR 60-4.3 and the provisions of the American Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR 35 and 29 CFR 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

a) The contractor will work with the State highway agency (SHA) and the Federal Government in carrying out EEO obligations and in their review of his/her activities under the contract.

b) The contractor will accept as his operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training.
2. EEO Officer: The contractor will designate and make known to the SHA contracting officers an EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active contractor program of EEO and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor’s staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the contractor’s EEO policy and contractual responsibilities to provide EEQ in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

   a) Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor’s EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer.

   b) All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor’s EEO obligations within thirty days following their reporting for duty with the contractor.

   c) All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor’s procedures for locating and hiring minority group employees.

   d) Notices and posters setting forth the contractor’s EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.

   e) The contractor’s EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: “An Equal Opportunity Employer.” All such advertisements will be placed in publications having a large circulation among minority groups in the area from which the project work force would normally be derived.

   a) The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority group applicants. To meet this requirement, the contractor will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority group applicants may be referred to the contractor for employment consideration.

   b) In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, he is expected to observe the provisions of that agreement to the extent that the system permits the contractor’s compliance with EEO contract provisions. (The DOL has held that where implementation of such agreements have the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Executive Order 11246, as amended.)

   c) The contractor will encourage his present employees to refer minority group applicants for employment. Information and procedures with regard to referring minority group applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer,
demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age or disability. The following procedures shall be followed:

a) The contractor will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.

b) The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c) The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d) The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with his obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of his avenues of appeal.

6. Training and Promotion:

a) The contractor will assist in locating, qualifying, and increasing the skills of minority group and women employees, and applicants for employment.

b) Consistent with the contractor’s work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs, i.e., apprenticeship and on-the-job training programs for the geographical area of contract performance. Where feasible, 25 percent of apprentices or trainees in each occupation shall be in their first year of apprenticeship or training. In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision.

c) The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.

d) The contractor will periodically review the training and promotion potential of minority group and women employees and will encourage eligible employees to apply for such training and promotion.

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use his/her best efforts to obtain the cooperation of such unions to increase opportunities for minority groups and women within the unions, and to effect referrals by such unions of minority and female employees. Actions by the contractor either directly or through a contractor’s association acting as agent will include the procedures set forth below:

a) The contractor will use best efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minority group members and women for membership in the unions and increasing the skills of minority group employees and women so that they may qualify for higher paying employment.

b) The contractor will use best efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age or disability.
c) The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the SHA and shall set forth what efforts have been made to obtain such information.

d) In the event the union is unable to provide the contractor with a reasonable flow of minority and women referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age or disability; making full efforts to obtain qualified and/or qualifiable minority group persons and women. (The DOL has held that it shall be no excuse that the union with which the contractor has a collective bargaining agreement providing for exclusive referral failed to refer minority employees.) In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the SHA.

8. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment.

a) The contractor shall notify all potential subcontractors and suppliers of his/her EEO obligations under this contract.

b) Disadvantaged business enterprises (DBE), as defined in 49 CFR 23, shall have equal opportunity to compete for and perform subcontracts which the contractor enters into pursuant to this contract. The contractor will use his best efforts to solicit bids from and to utilize DBE subcontractors or subcontractors with meaningful minority group and female representation among their employees. Contractors shall obtain lists of DBE construction firms from SHA personnel.

c) The contractor will use his best efforts to ensure subcontractor compliance with their EEO obligations.

9. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following completion of the contract work and shall be available at reasonable times and places for inspection by authorized representatives of the SHA and the FHWA.

a) The records kept by the contractor shall document the following:

1) The number of minority and non—minority group members and women employed in each work classification on the project;

2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women;

3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minority and female employees; and

4) The progress and efforts being made in securing the services of DBE subcontractors or subcontractors with meaningful minority and female representation among their employees.
b. The contractors will submit an annual report to the SHA each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data.
