Revised April 2005
SECTION 2 - SPECIAL TERMS AND CONDITIONS

2.1 PURPOSE

The purpose of this Invitation to Bid is to establish a contract for the purchase of Proximity Integrated Circuit Cards, also known as Extended and Limited Use Contactless Smartcards (Smartcards) for Miami-Dade Transit (MDT) department. These Smartcards are branded by MDT as “EASY Cards” for extended use and “EASY Tickets” for limited use.

2.2 TERM OF CONTRACT, SIXTY (60) MONTHS.

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter which is distributed by the County’s Internal Services Department (ISD) Procurement Management Services Division; and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the sixtieth (60) month of the contract term.

2.3 METHOD OF AWARD

Award of this solicitation will be made to the lowest responsive, responsible Bidders on a group by group basis. Award of Group 2 will be to the responsive, responsible Bidder who submits an offer on all items listed in this Group and whose offer represents the lowest price when all items are added in the aggregate. The two (2) groups for this solicitation are:

Group 1:
EASY Cards (Proximity Integrated Circuit Cards, extended use), parceled individually.

Group 2:
EASY Tickets (Proximity Integrated Circuit Cards, limited use), parceled in rolls of 1,000.
EASY Tickets (Proximity Integrated Circuit Cards, limited use), parceled individually / pre-cut.

In addition, Bidders shall comply with the following group-specific requirements:

2.3.1 To be considered for award of Group 1, Bidder shall be the manufacturer, or an authorized agent, dealer, representative, or distributor of the manufacturer of the extended use contactless smartcards being offered. Bidder shall submit documentation on their company letterhead affirming they are the manufacturer of the contactless smartcards being offered, or submit documentation from the manufacturer of the contactless smartcards, affirming Bidder has the authorization from the manufacturer as stated above. This documentation shall contain contact information to allow the County to verify its content.

2.3.2 To be considered for award of Groups 2, Bidder shall be the manufacturer, or an authorized agent, dealer, representative, or distributor of the manufacturer of the limited use contactless smartcards being offered. Bidder shall submit documentation on their company letterhead affirming they are the manufacturer of the contactless smartcards being offered, or submit documentation from the manufacturer of the contactless smartcards, affirming Bidder has the authorization from the
manufacturer as stated above. This documentation shall contain contact information to allow the County to verify its content.

2.3.3 The manufacturer’s name, brand names and other product information contained in this solicitation are being used for the sole purpose of establishing the minimum requirement of quality, standard of performance, and design, and is in no way intended to prohibit the offer of any manufacturer’s items of equal material unless otherwise indicated.

Where Literature is submitted with bid that offers information that does not fully comply with the technical specifications of the solicitation, the Bidder shall clearly state on their company letterhead the differences between their Smartcards and the required specifications and how their Smartcards comply with the solicitation’s specifications. Bids submitted without such a letter explaining the difference and compliance may result in the bid being rejected for not meeting specifications.

Miami-Dade County, at its sole discretion, may request Bidders to complete or supplement any information during the bid evaluation period. If after request, a Bidder fails to provide proof of compliance with the specifications the Bidder’s bid may be deemed non-responsive or non-responsible. Miami-Dade County shall be the sole judge of the Smartcards’ conformance with requirements and its decision shall be final, in its best interest. Miami-Dade County reserves the right to verify the information submitted by the bidder and to obtain and evaluate additional information as it deems necessary to ascertain the Smartcards’ conformance to requirements.

2.3.4 The Bidder’s ISO 9000-2000 certification shall be submitted with its bid.

The County reserves the right to request from Bidders any additional information during evaluation.

2.4 PRICES

Bidder’s price(s) offered herein shall include all applicable taxes and fees, when the County is not exempt from such. Price(s) offered herein shall also include all other fees, costs, and charges involved in providing the Smartcards to the County, including delivery. All quantities are estimates and are not guaranteed. See Section 1, Paragraph 1.8.

If a Bidder is awarded a contract under this solicitation, the price(s) offered by the awarded Bidder shall remain fixed and firm for the first three (3) years of the contract. Thereafter, the price(s) may be adjusted yearly by multiplying the awarded price(s) by the yearly percentage of change of the price index listed below, to calculate the adjusted awarded price(s). Adjustments may be upward or downward and applied at the County’s sole discretion.

Page 2 of 8
Price adjustments shall be calculated during the month prior to the start of the next adjustment periods. The two adjustment periods shall commence on the thirty-seventh (37th), and forty-ninth (49th) months of the contract. The period used to calculate the adjustment will include no more than the previous twelve (12) months, using the index above, and include as many months as published, including preliminary [F] numbers, as not all twelve months may be available for calculations at this time.

Example:
If the forty-ninth (49th) month of the contract is January 2014; the percentage of change is calculated during December 2013. The period shall be from January 2013 (230.280) to December 2013 (233.049) if available, and calculated as follows:

\[
233.049 \div 230.280 = 1.02 \\
1.02 \div 230.280 = .01 \\
.01 \times 100 = 1\% \\
1\% \times \text{awarded price} = \text{adjusted awarded price}.
\]

In the example above, if the County authorizes such an increase, the awarded price(s) will be multiplied by one (1) percent, and that amount will be added to any line item prices for next twelve months commencing January 2014.

The submission of an upward price adjustment request to the County is the responsibility of all the awarded Bidder(s), and will not be granted automatically by the County. These requests must be submitted to the Procurement Contracting Officer assigned to the contract during the month before the next adjustment period starts.

It shall be further understood that the County reserves the right to reject any upward price adjustments submitted by awarded Bidders or to terminate the contract for convenience with the awarded Bidder based on such price adjustment requests.

All downward adjustments will be reviewed by the County and may be exercised at the sole discretion of the County if it’s in its best interest.

2.5 LIQUIDATED DAMAGES FOR LATE DELIVERY

Failure to deliver the Smartcards in accordance with the terms, conditions and specifications to the satisfaction of the County within time frames stated herein shall cause the awarded Bidder to be subject to charges for liquidated damages in the amount of $1,500 for each and every calendar day that the Smartcards are not delivered and accepted by the County.

As compensation due the County for loss of use and for additional costs incurred by the County due to such untimely delivery, the County shall have the right to deduct liquidated damages stated above from any
amount due, or that may become due, to the awarded Bidder(s) under this contract, or to invoice the awarded Bidder for such damages if the costs incurred exceed the amount due the awarded Bidder(s).

2.6 **SHIPPING TERMS**

Bidders shall quote prices based on F.O.B. Destination and shall hold title to the Smartcards until such time as they are delivered and accepted by an authorized County representative at:

Miami FL 33166

2.7 **DELIVERY SHALL BE WITHIN (45) DAYS AFTER DATE OF ORDER**

Unless otherwise indicated in writing by MDT, when the smartcard(s) are ordered, the awarded Bidder shall make deliveries within forty-five (45) calendar days after the day the County approves artwork samples, hereinafter called proof. The awarded Bidder(s) shall provide proofs within five (5) working days of receiving final artwork from MDT. Liquidated damages shall apply for late delivery for either of these two timeframes in accordance with Section 2, paragraph 2.5.

All deliveries shall be made in accordance with good commercial practices and completed in accordance with the above, except in such cases where the delivery will be delayed due to acts of nature, strikes, or other causes beyond the control of the Bidder.

The estimated monthly deliveries for the 60 month term are:

In the event that the awarded Bidder fails to deliver the Smartcards within the time specified, the County reserves the right to cancel the order, seek the items from another Bidder, and charge the awarded Bidder for any re-procurement costs. If the awarded Bidder fails to honor those re-procurement costs, the County may terminate the contract for default.
