All vendor's personnel shall be considered to be, at all times, employees of the vendor. The County may require the vendor to remove an employee it deems careless, incompetent, insubordinate, or otherwise objectionable and whose continued employment on County property is not in the best interest of the County. The vendor alone shall be responsible for their employees' compensation and benefits of any kind, including but not limited to federal, state and local withholding taxes, FICA, MICA, and any and all other applicable taxes. The County reserves the right to approve or disapprove any changes in vendor's personnel during performance under this Contract.

Vendor's personnel shall observe and comply with County procedures and, if required by the County, shall wear identification provided by the County.

2.26 SUBCONTRACTING

In the event that the vendor will subcontract all or part of the work to another party, the vendor is required to verify the competency and compliance with requirements, specifically, that no financial gain is incurred in any way from information technology product and service companies on the part of the subcontractor. Therefore, the County reserves the right, before awarding this contract or any projects under this contract, to require vendor to submit such evidence of subcontractor(s), as it may deem necessary.

2.27 SUPPORT AND MAINTENANCE SERVICES

1. Vendor shall provide the County with on-site, telephone, and email support and maintenance services during normal business hours.

2. Queries for specific technical problems and failures are possible at any time. For this purpose, the County will generally leave a voice or email message indicating the exact problem description and a classification in the following priority and error levels:
   a) Level A: System does not work.
   b) Level B: System works with limited functions.
   c) Level C: System basically working. Just errors/problems with specific functions.

2.28 ADDITIONAL QUANTITY OF ITEMS OR UNITS

Although this solicitation and resultant contract states a specific number of Dry Mini Lab Photo Printing Solutions will be purchased and maintained, it is understood and agreed that the County may purchase additional dry mini labs, additional software, parts and accessories, and additional maintenance and support services from the vendor provided that these additional items represent the same manufacturer, model or brand, and unit price stipulated within the contract.

2.29 AVAILABILITY OF CONTRACT TO OTHER COUNTY DEPARTMENTS

Although this Solicitation is specific to a County Department, it is hereby agreed and understood that any County department or agency may avail itself of this contract and
purchase any and all items specified herein from the successful vendor at the contract price(s) established herein. Under these circumstances, a separate purchase order shall be issued by the County, which identifies the requirements of the additional County department(s) or agency (ies).

2.30 DEMONSTRATION OF EQUIPMENT MAY BE REQUIRED DURING EVALUATION

After receipt of offers by the County, the vendor may be required to demonstrate their specifically offered equipment to relevant County personnel at no separate cost. The purpose of this demonstration is to observe the equipment in an operational environment and to verify its capability, suitability, and adaptability in conjunction with the performance requirements stipulated in this solicitation. If a demonstration is required, the County will notify the vendor of such in writing and will specify the date, time and location of the demonstration. If the vendor fails to perform the demonstration on the specified date stipulated in the notice, the County may elect to reject that vendor’s offer, or to re-schedule the demonstration, whichever action is determined to be in the best interests of the County. The County shall be the sole judge of the acceptability of the equipment in conformance with the specifications and its decision shall be final.

The equipment used for the demonstration shall be the same as the manufacturer’s model identified in the vendor’s offer. Accordingly, the equipment used in the demonstration shall create an express warranty that the actual equipment to be provided by the vendor during the contract period shall conform to the equipment used in the demonstration. The vendor shall be required to provide adequate restitution to the County, in the manner prescribed by the County, if this warranty is violated during the term of the contract.

2.31 EQUIPMENT SHALL BE MOST RECENT MODEL AVAILABLE

The equipment being offered by the vendor shall be the most recent model available. Any additional components which are required in accordance with the contract specifications shall be considered standard equipment for purposes of this solicitation. Demonstrator models will not be accepted. Omission of any essential detail from these specifications does not relieve the vendor from furnishing a complete unit. The unit shall conform to all applicable OSHA, State, and Federal safety requirements. All components (whether primary or ancillary) of the delivered equipment are to be in accordance with current SAE standards and recommended practices. The engineering, materials, and workmanship associated with effort performed hereunder shall exhibit a high level of quality and appearance consistent with or exceeding industry standards.

2.32 FURNISH AND INSTALL REQUIREMENTS

The specifications and/or statement of work contained within this solicitation describe the various functions and classes of work required as necessary for the completion of the project. Any omissions of inherent technical functions or classes of work within the specifications and/or statement of work shall not relieve the vendor from furnishing, installing or performing such work where required to the satisfactory completion of the project.

2.33 SAMPLES MAY BE REQUIRED DURING EVALUATION

After the County opens the Bid Proposals, the vendors may be required to submit a sample for the goods to be supplied for evaluation by, and at no cost to the County. If samples are required, the County will notify the vendor of such in writing and will specify the deadline for
submission of the samples. Each individual sample shall be clearly labeled with the vendor's name, bid number, bid title, manufacturer's name and brand name, and style number if applicable. If the vendor fails to submit the samples, properly labeled, within the specified date stipulated in the notice, the County shall not consider the vendor's proposal for that item(s); provided however, that in the event of a group or aggregate award, the bidder's proposal will not be eligible for that group or in the aggregate as applicable. All samples shall become the property of Miami-Dade County.

The County shall be sole judge of the acceptability of the sample in conformance with the bid specifications and its decision shall be final. Any sample submitted shall create an express warranty that the whole of the goods and/or services to be provided by the vendor during the contract period shall conform to the sample submitted. The vendor shall be required to provide adequate restitution to the County, in the manner prescribed by the County, if this warranty is violated during the term of the contract.
