2.0 Scope of Services

2.1 Background
Miami-Dade County herein referred to as "the County", as represented by the Miami-Dade County Parks, Recreation and Open Spaces (PROS) Department, is seeking proposals to provide professional land planning consulting services.

The County currently manages multiple properties owned or leased by PROS. These properties are managed under the discretion of the Florida Department of Environmental Protection – Division of State Lands, Florida Department of Community Affairs – Florida Communities Trust, and the National Park Service – Federal Lands to Parks Program. The proposed management plans developed shall serve to meet the statutory requirements of the ownership or lease agreements of those properties. For a list of Management Plan and Stewardship Report Sites, please refer to Attachment 1.

2.2 Preferred Requirements
The selected Proposer should have a successful track-record of providing professional services in the development and submittal of land management plans and stewardship reports for parks and natural area lands to include a minimum of three years' experience with projects of similar size and scope as requested herein.

The selected Proposer should have completed at least three land management plans in the last five years which included submissions to appropriate agencies and presentations to the U.S. Department of the Interior - Land Management Advisory Committee (LMAC) or the Florida Department of Environmental Protection - Acquisition and Restoration Council (ARC), or successor committees.

2.3 Required Services
The selected Proposer shall:

A. Provide to the County completed land management plans and stewardship reports that will contain sufficient detail to ensure land management plans and stewardship reports meet County ordinances as required by state and federal legislation. The County anticipates requiring ten to fifteen plans. Land management plans and stewardship reports shall be compliant and with County policies as well as, the Federal Property and Administration Services Act of 1949; Florida Statutes Chapters 259.032 and 380, Part III; and Florida Administrative Code Chapter 18. Completed management plans shall be submitted to the National Park Service and Florida Communities Trust for review and approval. The County shall have direct input into the final product, and will only approve a work product that meets the legislative requirements. Several management plans and stewardship reports are time sensitive and need to be submitted within six months of assignment in the first year of contract. Some reports will be assigned in later years of the contract, and can be completed with a less rigid timeline.

B. Research County records for each property to determine:
   1) Management Authority and Responsibility
   2) Surrounding Existing and Planned Land Uses
   3) Acquisition History, Deeds, Leases, and Easements

C. Provide a description and assessment of Natural and Cultural Resources.

D. Develop a Resource Management Program, which shall include, but not limited to:
The County, at its sole discretion, may modify, suspend, or cancel any Work Order at any time and shall only pay for work actually performed by the selected Proposer. The County may negotiate each Work Order award or may award a Work Order on the basis of initial written proposal. Multiple Work Orders may be issued simultaneously, depending upon the need for services.

2.5 **Additional Services**
At the County's sole discretion, the selected Proposer shall provide additional related services as may be required by the County, including additional land management plans and stewardship reports for additional park locations, on a Work Order basis.

B. Research County records for each property to determine:
   1) Management Authority and Responsibility
   2) Surrounding Existing and Planned Land Uses
   3) Acquisition History, Deeds, Leases, and Easements

C. Provide a description and assessment of Natural and Cultural Resources.

D. Develop a Resource Management Program, which shall include, but not limited to:
1) Special Management Considerations
2) Site Security Needs
3) Management Needs and Problems
4) Management Long Term and Short Term Goals, including Measurable Objectives
5) Management Measures for Natural Resources and Cultural Resources
6) Research Needs
7) Resource Management Schedule (timetable for implementation of various stages of management and for providing public access)
8) Land Management Review
9) Potential Uses and Proposed Public Access Facilities
10) Location, Vicinity, Topographic Maps
11) Soil Descriptions & Map
12) Natural Community Description(s) and Map
13) Plant, Animal, and Protected Species Lists
14) Cultural/Historical Resource Management Statement
15) Management Priority Schedule and Cost Estimates

E. Recommend management goals, objectives and business opportunities that could be realized through a program partnership, with a vendor hired through a public request for proposal.

F. Provide PROS with an amended program of utilization or an amended original use plan, if applicable, for federal surplus properties acquired by the Department.

G. Coordinate teleconferences or meetings with other agencies, interest groups, and advisory committees to gather pertinent project details for the development of the plans and reports. The selected Proposer shall meet with County staff at critical milestones in the project development, to include meetings at the site, if necessary.

H. Conduct presentations at publicly advertised meetings, community meetings and meetings of advisory committees upon request of PROS to ensure public participation.

I. Provide the County Project Manager daily contact access and availability to key staff for project status reporting.

2.4 Work Assignment
All work to be performed under any contract, as a result of this Solicitation, requires that the County issue a Work Order. Individual assignments will be made on a project by project basis. Hourly rates shall not exceed the maximum hourly rate reflected on Form B-1, Price Proposal Schedule.

When projects arise, the County will prepare a Scope of Services and provide it to the selected Proposer. The selected Proposer shall provide a written proposal and estimate, which shall include the following:

a) description of the project(s) scope;
b) staff performing the work, each person's job title, and hourly rate which shall not exceed the maximum hourly rate;
c) estimated date of project completion; and
d) estimated cost per staff person; including (estimated out-of-pocket costs, estimated total hours for the project; and a “not to exceed” cost for the project).
The County, at its sole discretion, may modify, suspend, or cancel any Work Order at any time and shall only pay for work actually performed by the selected Proposer. The County may negotiate each Work Order award or may award a Work Order on the basis of initial written proposal. Multiple Work Orders may be issued simultaneously, depending upon the need for services.

2.5 **Additional Services**
At the County’s sole discretion, the selected Proposer shall provide additional related services as may be required by the County, including additional land management plans and stewardship reports for additional park locations, on a Work Order basis.
