

EFFECTIVE OCTOBER 1, 2009

Policy changes affecting transit riders using wheelchairs and motorized mobility aids

With the implementation of the new automated fare collection system on October 1, 2009, to ride at the discounted fare, customers using wheelchairs or motorized mobility aids who are not STS Certified need to register with Miami-Dade Transit to obtain an EASY Card for discount-fare riders.

Metrorail faregates only open when activated by tapping an EASY Card. For this reason, MDT is discontinuing its former policy that allowed customers using wheelchairs not to have to display fare media or their Special Transportation Service (STS) ID card to ride on transit.

For more information please call 3-1-1

TDD Users call 305-468-5402

For STS Information please call, MDT's Paratransit Operations Division at 786-469-5000

Apply at the Transit Service Center on the second level of the Government Center Metrorail station, Monday to Friday, 8 a.m. to 4:30 p.m.
