COMMUNITY ZONING APPEALS BOARD

COMMUNITY ZONING APPEALS BOARD - AREA 10

MEETING OF TUESDAY, MAY 20, 2014

RUBEN DARIO MIDDLE SCHOOL

350 NW 97 AVENUE, MIAMI, FLORIDA

NOTICE: THE FOLLOWING HEARINGS ARE SCHEDULED FOR 6:30 P.M., AND

ALL PARTIES SHOULD BE PRESENT AT THAT TIME

ANY PERSON MAKING IMPERTINENT OR SLANDEROUS REMARKS OR WHO BECOMES BOISTEROUS WHILE ADDRESSING THE COMMUNITY ZONING APPEALS BOARD SHALL BE BARRED FROM FURTHER AUDIENCE BEFORE THE COMMUNITY ZONING APPEALS BOARD BY THE PRESIDING OFFICER, UNLESS PERMISSION TO CONTINUE OR AGAIN ADDRESS THE BOARD BE GRANTED BY THE MAJORITY VOTE OF THE BOARD MEMBERS PRESENT.

NO CLAPPING, APPLAUDING, HECKLING OR VERBAL OUTBURSTS IN SUPPORT OR OPPOSITION TO A SPEAKER OR HIS OR HER REMARKS SHALL BE PERMITTED. NO SIGNS OR PLACARDS SHALL BE ALLOWED IN THE MEETING ROOM. PERSONS EXITING THE MEETING ROOM SHALL DO SO QUIETLY.

THE USE OF CELL PHONES IN THE MEETING ROOM IS NOT PERMITTED. RINGERS MUST BE SET TO SILENT MODE TO AVOID DISRUPTION OF PROCEEDINGS. INDIVIDUALS, INCLUDING THOSE ON THE DAIS, MUST EXIT THE MEETING ROOM TO ANSWER INCOMING CELL PHONE CALLS. COUNTY EMPLOYEES MAY NOT USE CELL PHONE CAMERAS OR TAKE DIGITAL PICTURES FROM THEIR POSITIONS ON THE DAIS.

THE NUMBER OF FILED PROTESTS AND WAIVERS ON EACH APPLICATION WILL BE READ INTO THE RECORD AT THE TIME OF HEARING AS EACH APPLICATION IS READ.

THOSE ITEMS NOT HEARD PRIOR TO THE ENDING TIME FOR THIS MEETING, WILL BE DEFERRED TO THE NEXT AVAILABLE ZONING HEARING MEETING DATE FOR THIS BOARD.

SWEARING IN OF WITNESSES

**A. OLYMPIA HEIGHTS UNITED METHODIST CHURCH (14-4-CZ10-1 (12-113)) 16-54-40
Area 10/District 10**

- (1) MODIFICATION of a plan approved pursuant to Resolution 4-ZAB-202-75, passed and adopted by the Zoning Appeals Board, reading as follows:

FROM: "Plans are on file and may be examined in the Zoning Department entitled "A Classroom Complex for Olympia Heights Methodist Church" as prepared by Robert Jerome Filer dated 3/12/95."

TO: "That in the approval of the plan, the same be substantially in accordance with that submitted for hearing entitled "Olympia Heights Methodist Church" as prepared by Filer and Hammond, dated stamped received 2/28/14 and consisting of 8 sheets."

- (2) MODIFICATION of Conditions #4, #5, and #6 of Resolution 4-ZAB-202-75, passed and adopted by the Zoning Appeals Board, reading as follows:

FROM: "4. That the use be approved, for both day nursery and kindergarten, not exceed 100 children."

"5. That the uses be restricted to children in the age group of 3 years to 5 years."

"6. That the hours of operation for the day nursery shall be from 7:00 a.m. to 6:00 p.m. and the hours of operation for the kindergarten shall be from 8:30 a.m. to 11:30 a.m."

TO: "4. That the use be approved, for both day nursery and kindergarten, not exceed 166 children."

"5. That the uses be restricted to children in the age group of infant to 6 years."

"6. That the hours of operation for the day nursery and kindergarten shall be Monday through Friday from 7:00 a.m. to 6:00 p.m."

- (3) DELETION of Condition #10 of Resolution 4-ZAB-202-75, passed and adopted by the Zoning Appeals Board, reading as follows:

"10. That only one sign, not to exceed 1 ½ sq. ft. will be maintained in connection with the uses."

The purpose for Requests #1 through #3 is to allow the applicant to submit revised site plans showing additional classrooms, an increase in the number of children, a change in hours of operation and to add more signage for the previously approved daycare, nursery, kindergarten and religious facility.

- (4) NON-USE VARIANCE to permit the existing religious facility and classroom buildings setback a minimum of 22' (25' required) from the side street (north) property line.

LOCATION: 3611 SW 87 Avenue, MIAMI-DADE COUNTY, FLORIDA.

May 20, 2014

Item No. A

Recommendation Summary	
Commission District	10
Applicant	Olympia Heights United Methodist Church
Summary of Requests	The approval of this application will allow the applicant to submit revised site plans showing all classroom areas, increase the number of children, change the hours of operations and to add more signage for the previously approved day nursery and kindergarten use within a religious facility. Additionally, approval of the application would allow the religious and educational facility with ancillary variances for setback, parking and landscaping, among others, based on the existing site conditions.
Location	3801 SW 97 Avenue, Miami-Dade County, Florida.
Property Size	1.918 Acres
Existing Zoning	RU-2, Two-Family Residential District
Existing Land Use	Religious facility
2015-2025 CDMP Land Use Designation	Low-Medium Density Residential, 6 – 13 dua <i>(see attached Zoning Recommendation Addendum)</i>
Comprehensive Plan Consistency	Consistent with the LUP map, interpretative text and policies of the CDMP
Applicable Zoning Code Section(s)	Section 33-311(A)(4)(b), Non-Use Variance Standards Section 33-311(A)(7), Generalized Modification Standards <i>(see attached Zoning Recommendation Addendum)</i>
Recommendation	Modified approval with conditions of requests #1, approval with conditions of requests #2 through #6 and requests #8, and #9; and denial without prejudice of request #7.

This item was deferred from the April 23, 2014 meeting of Community Zoning Appeals Board (CZAB) #10, due to a lack of quorum.

REQUESTS:

1. MODIFICATION of a plan approved pursuant to Resolution 4-ZAB-202-75, passed and adopted by the Zoning Appeals Board, reading as follows:

FROM: "Plans are on file and may be examined in the Zoning Department entitled " A Classroom Complex for Olympia Heights Methodist Church" as prepared by Robert Jerome Filer dated March 12, 1975"

TO: "That in approval of the plan, the same be substantial in accordance with that submitted for the hearing entitled "Olympia Heights Methodist Church" as prepared by Filer and Hammond, dated stamped received 2/28/14, consisting of 8 sheets."

2. MODIFICATION of Conditions #4, #5, and #6 of Resolution 4-ZAB-202-75,, passed and adopted by the Zoning Appeals Board, reading as follows:

FROM: "4. That the use be approved, for both day nursery and kindergarten, not exceed 100 children."

"5. That the uses be restricted to children in the age group of 3 years to 5 years.

"6. That the hours of operation for the day nursery shall be from 7:00 a.m. to 6:00 p.m. and the hours of operation for the kindergarten shall be from 8:30 a.m. to 11:30 a.m."

TO: "4. That the use be approved, for both day nursery and kindergarten, not exceed 166 children."

"5. That the uses be restricted to children in the age group of infant to 6 years."

"6. That the hours of operation for the day nursery and kindergarten shall be Monday through Friday from 7:00 a.m. to 6:00 p.m."

3. DELETION of Condition #10 of Resolution 4-ZAB-202-75, passed and adopted by the Zoning Appeals Board, reading as follows:

"10. That only one sign, not to exceed 1 1/2 sq. ft. will be maintained in connection with the uses.

The purpose of requests #1 through #3 is to allow the applicant submit revised site plans showing additional classrooms, an increase in the number of children, a change in hours of operations and to add more signage for the previously approved daycare, nursery, kindergarten and religious facility.

4. NON-USE VARIANCE to permit the existing religious facility and classroom buildings setback a minimum 22' (25' required) from the side street (north) property line..
5. NON-USE VARIANCE to permit a canvas covered shelter and an aluminum roofed shelter setback 0' (25' required) from the side street (north) property line.
6. NON-USE VARIANCE to permit a 60 sq. ft. detached sign (1 - 24 sq. ft. sign permitted).
7. NON-USE VARIANCE to permit 12 street trees (24 required).
8. NON-USE VARIANCE to permit parking within 25' of the right-of-way abutting SW 39 Street.
9. NON-USE VARIANCE of zoning regulations requiring section lines to be 80' in width, to permit 35' of dedication (40' required) for the east half of SW 97 Avenue.

PROJECT DESCRIPTION AND PROJECT HISTORY:

The subject property was approved to allow the existing religious facility at this location in 1954, pursuant to Resolution #7672. Subsequently, in 1962 pursuant to Resolution #2-ZAB-730-62, and in 1975 pursuant to Resolution #4-ZAB-202-75, the previously approved religious facility was approved for expansion onto additional property and to allow the day nursery and kindergarten use.

The applicant now seeks to modify the plans and conditions approved pursuant to the latter 1975 resolution in order to submit new site plans indicating additional classrooms for the existing day nursery and kindergarten use within an existing religious facility. With this application, the applicant also seeks to increase the number of students for the daycare and kindergarten use, to change the hours of operation for the education facility as well as to increase the signage. Approval would also allow the applicant to permit the existing religious facility with variances to the setback, parking and landscape regulations for the RU-2, Two-family Residential District.

NEIGHBORHOOD CHARACTERISTICS		
	Zoning and Existing Use	Land Use Designation
Subject Property	RU-2; religious facility, school and daycare	Low-Medium Density Residential, (6 to 13 dua)
North	RU-2; duplex and single-family residences,	Low-Medium Density Residential, (6 to 13 dua)
South	RU-2; duplex residences BU-1; restaurant	Low-Medium Density Residential (6 to 13 dua)
East	RU-2: duplex residences	Low-Medium Density Residential, (6 to 13 dua)
West	GU; public school	Low-Medium Density Residential, (6 to 13 dua)

NEIGHBORHOOD COMPATIBILITY:

The submitted plans depict the existing 22,400.89 sq. ft. religious facility consisting of sanctuary areas, classrooms and administrative offices on the 1.918-acre parcel. The facility abuts residential uses to the north, east and partially to the south, as well as commercial uses to the south and a public school facility located to the west. Additionally, the subject property abuts the north/south section line roadway, SW 97 Avenue, and approximately 315' north of section line roadway, SW 40 Street.

SUMMARY OF THE IMPACTS:

The approval of this application will allow the applicant to expand the number of children served by the daycare and pre-school educational services along with the previously approved religious facility. Staff opines that approval of this application will not create any new visual or traffic impacts on the surrounding area.

COMPREHENSIVE DEVELOPMENT MASTER PLAN ANALYSIS:

The subject property is currently zoned RU-2, Two-Family Residential District and contains an existing religious facility and the daycare and pre-school uses that the application now seeks to expand. The Comprehensive Development Master Plan (CDMP) Land Use Plan (LUP) map designates the subject property for **Low-Medium Density Residential** use. *The type of housing typically found in areas designated low-medium density include single-family homes, townhouses and low-rise apartments. Zero-lot-line single-family developments in this category shall not exceed a density of 7.0 dwelling units per gross acre.* The CDMP Land Use Element Interpretative text under *Residential Communities* also permits *neighborhood and community services including schools, daycare centers and houses of worship, only when consistent with other goals, objectives and policies of this Plan and compatible with the neighborhood.* The criteria to evaluate compatibility among proximate land uses is outlined in the CDMP Land Use Element, **Policy LU-4A**, among which are *access, traffic, parking, height, bulk scale of architectural elements, buffering, and landscaping as applicable.*

Staff opines that approval with conditions of the requested modification of the site plan to allow expanded classroom areas, increase the number of students, the age group and the operating hours for the existing daycare and pre-school uses within the existing two-story religious facility, which also contains the sanctuary and ancillary facilities on the 1.918-acre subject parcel will not result in any noticeable variation of the scale of the existing facilities from the surrounding one and two-story single-family residences as well as the restaurant use to the south. Further, staff notes that the existing buildings have been approved and have been in existence for at least the past thirty-five (35) years. As such, staff opines that the approval of the requested modification of the site plans and the conditions of a prior resolution in order to allow more students and expand the hours of operation for the existing day nursery and kindergarten use will not create any new visual or aural impacts on the surrounding properties or on passersby along the abutting roadways; therefore approval of the requests would satisfy the criteria for compatibility set forth in the CDMP Land Use Element, **Policy LU-4A**.

Based on the foregoing analysis, staff opines that the approval of the application to permit the expansion of the existing day nursery and kindergarten use in conjunction with the existing religious facility is **compatible** with the area and therefore **consistent** with the CDMP Land Use Element interpretative text for the **Residential Communities** and the CDMP Land Use Plan map Low-Medium Density Residential designation for the subject property.

ZONING ANALYSIS:

When the first three (3) requests (request #1, to modify the site plan approved pursuant to a prior resolution; request #2, to modify conditions approved pursuant to said resolution pertaining to the number of children for the daycare and kindergarten use, the age groups and the hours of operation for the latter facility, along with request #3, to delete a condition restricting the number and size of signs allowed) are analyzed under the Generalized Modification Standards, Section 33-311(A)(7), staff opines that approval with conditions of these requests would be **compatible** with the surrounding area. The submitted plans depict the existing religious facility, daycare and kindergarten use within the 1.918-acre parcel. Said plans indicate that the existing religious facility has adequate parking areas to accommodate the religious and educational uses on the subject parcel.

In plans submitted by the applicant, the proposed revisions show additional classroom space within the existing buildings for the daycare and kindergarten use to accommodate the additional number of students. The applicant indicated in its letter of intent that no physical changes were made to the structures that were approved pursuant to the 1975 resolution. Staff's review of the submitted plans indicates that they are similar to the previously approved plans. Notwithstanding, the plans submitted with this application indicate that the existing development encroaches into the side street (north) setback area 3' beyond the prior approval, which is the subject of request #4. Additionally, said plans also indicate a canvas covered accessory structure within said setback area that is the subject of request #5. For reasons that will be explained later, staff is supportive of the latter requests. Further, since the requested internal changes to expand the number of classrooms do not result in any physical expansion of the buildings accommodating the daycare and kindergarten use, staff is supportive of the request to modify the previously approved plans.

In addition, staff is supportive of the applicant's request to modify conditions of the prior resolution pertaining to the number of students, the age group of the students and the hours of operation for the daycare and kindergarten use. Based on the memoranda from the departments reviewing the application including the Platting and Traffic Review Section of the Department of Regulatory and Economic Resources and the Division of Environmental Resource Management (DERM) of the Department of Regulatory and Economic Resources (RER) the approval with conditions of these requests would not generate or result in excessive traffic or burden public facilities. However, staff notes that the Platting and Traffic Review Section's memorandum indicates that approval of the application is subject to conditions outlined in its memorandum. As such, subject to this and the other conditions outlined in the aforementioned memorandum and the memorandum from the other departments reviewing the application, staff opines that approval with conditions of the submitted plans for the existing facility (request #1) along with the change in the number of children, the age groups, hours of operation (request #2) and the removal of the prior signage restrictions (request #3), would not create any new or negative visual impacts on the surrounding area and would not have a negative impact on traffic on the abutting rights-of-way, SW 97 avenue, SW 38 Street or SW 39 Street.

Further, staff opines that the site plan inclusive of the modifications to the existing daycare and kindergarten facilities are visually similar in scale and height to the facilities that were approved in the 1975 resolution and compatible with the surrounding residential and commercial uses. Additionally, as previously mentioned, staff opines that approval of this application would not generate excessive noise or traffic, create other hazards to the surrounding area or be incompatible with same, when considering the necessity for and reasonableness of the modifications in relation to the present and future development of the area concerned. However, for reasons that will be explained below, staff opines that the submitted plans should be modified to show the required 24 street trees. **Therefore, except as hereby modified to show the additional street trees, staff recommends modified approval with conditions of request #1 and approval with conditions of requests #2 and #3, under the Generalized Modification Standards, Section 33-311(A)(7).**

The applicant also seeks variances to permit the existing religious facility and classroom buildings along with a canvas covered shelter setback less than required from the side street (north) property lines (requests #4 and #5, respectively), to permit a larger detached sign than allowed by the zoning regulations (request #6); to permit the existing facility with less street trees than allowed (request #7), parking within 25' of an abutting right-of-way to the south (request #8) and less dedication than required for the east half of SW 97 Avenue (request #9).

When requests #4 through #6 and requests #8 and #9 are analyzed under Section 33-311(A)(4)(b), Non-Use Variance (NUV) From Other Than Airport Regulations Standards, staff opines that approval would be **compatible** with the area and would not be detrimental to the community. As previously noted, the existing religious facility has been in existence at this location since 1954 and has been approved on more than one occasion for the expansion of the facilities up until 1975. The modifications to the site plan being requested are primarily internal and do not reflect any significant change in the scale and height of the existing structures from what was previously approved. As such, staff opines that the 3' encroachment (request #4) of the existing buildings housing the church and educational uses has existed at the site for almost forty (40) years and will not create any new visual impacts on the surrounding residential uses located to the north. Further, staff's research of the Property Appraiser's records indicate that the existing religious and education facilities on the subject property have been in existence at this location before the majority of the abutting residences to the north were constructed. In addition, staff opines that the existing canopy shelter that is the subject of request #5 is similar to canopy carports that could be approved in some residential districts setback varying from 1.5' to 5' from the front property line. As such, staff opines that the existing canopy that provides shelter from the elements for the playground for 3 to 4 year old children attending the kindergarten will not create a negative visual impact nor would it be out of character with the residential uses located to the north.

Staff opines that the approval of one sign that will be almost three times the size of what is allowed, for both the religious facility and the educational uses existing on the subject property (request #6), will not be excessive and will not result in a proliferation of signage on the property. Staff notes that the facility is located along a section line roadway approximately 300' from the intersection of a major east/west section line roadway. As such, staff opines approval of the requested variance would provide sufficient visibility for the existing uses while not contributing to visual clutter in close proximity to the residential properties located to the north.

The submitted plans also indicate that the existing parking areas in the southwest corner of the facility are located within 25' of the abutting right-of-way, SW 39 Street. Approval of request #8, would allow the applicant to permit this existing parking. The submitted plans do not indicate any visual buffering for the parking areas from the abutting roadway. However, staff opines that since the southwest corner of the parcel abuts the parking and drives for the restaurant located to the south, any negative visual impact on the more intensive commercial use will be very minimal. In addition, pursuant to Resolution #2-ZAB-730-62, staff notes that the subject property was previously approved in 1962 to allow parking within the 25' setback area along the side street (north) property line. As such, approval of the aforementioned request would not be out of character with the approvals of similar requests in this area. Further, staff opines that the approval of the applicant's request to permit 35' of roadway dedication for the east half of SW 97 Avenue instead of the 40' required (request #9), maintains the basic intent and purpose of the zoning, subdivision and other land use regulations and would be **compatible** with the area. Although the church and educational facility has received approvals on more than one occasion for expansion of the religious and educational facility since 1962, staff notes that the surveys and plans submitted only indicated the existing 35' dedication along SW 97 Avenue that is the subject of this request. Staff notes that the memorandum from the PWWM department does not object to this request. Therefore, staff opines that approval of the applicant's request for a 5' reduction in the dedication along SW 97 Avenue would not be detrimental to the current roadway width and configuration and would not have a negative impact on the traffic flows along

said roadway. Therefore, staff recommends approval with conditions request #8 under the NUV standards.

The applicant also seeks approval under the aforementioned NUV standards, of a request to permit 12 street trees, where 24 trees are required (request #7) for the 1,918 acre subject property that fronts onto three (3) abutting roadways, SW 97 Avenue, SW 38 Street and SW 39 Street. Staff opines that although the facility has existed at the site for more than fifty (50) years, there is sufficient room to accommodate the additional trees on the site. Further, staff opines that there is a need to increase the number of street trees on the property to the current landscape Code requirements to mitigate the intensification of the educational uses on the subject property that is the subject of requests #1 and #2. As such, staff opines that approval of this request that would permit the facility with only 50% of the street tree requirement would be **incompatible** with the surrounding residential and commercial uses; therefore, staff recommends denial without prejudice of request #7.

Based on the aforementioned analysis, staff recommends approval with conditions of requests #4 through #6 and requests #8 and #9; and denial without prejudice of request #7 under Section 33-311(A)(4)(b) NUV Standards.

ACCESS, CIRCULATION AND PARKING: The submitted plans indicate that the subject property has an ingress/egress drives along SW 38 Street as well as an egress only drive along SW 39 Street. Further, staff notes that the plans also show adequate parking and drives within the parcel for the religious facility and educational uses.

NEIGHBORHOOD SERVICES PROVIDER REVIEW: See attached.

OTHER: Not applicable.

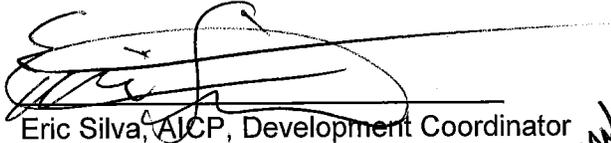

RECOMMENDATION: Modified approval with conditions of requests #1, approval with conditions of requests #2 through #6 and requests #8 and #9; and denial without prejudice of request #7.

CONDITIONS FOR APPROVAL: (For requests #1 through #6 and #8 only).

1. That all the conditions of Resolution 4-ZAB-202-75, remain in full force and effect except as herein modified.
2. That in the approval of the plan, the same be substantially in accordance with that submitted for the hearing entitled, "Olympia Heights Methodist Church" as prepared by Filer and Hammond, dated stamped received 2/28/14, consisting of 8 sheets, except as herein amended to show the required amount of street trees.
3. That all signage except as herein approved shall be in compliance with the zoning regulations and that no caricatures be placed on the fences or walls of the structure.
4. That the applicant comply with all applicable conditions and requirements of the Division of Environmental Resource Management of the Department of Regulatory and Economic Resources.

5. That the applicant comply with all applicable conditions and requirements of the Platting and Traffic Review Section of the Department of Regulatory and Economic Resources.

NEIGHBORHOOD SERVICES PROVIDER COMMENTS	
<i>Division of Environmental Resource Management (RER)</i>	<i>No objection*</i>
<i>Platting and Traffic Review Section (RER)</i>	<i>No objection*</i>
<i>Parks, Recreation and Open Spaces</i>	<i>No objection</i>
<i>Fire Rescue</i>	<i>No objection</i>
<i>Schools</i>	<i>No objection</i>
<i>*Subject to conditions in their memorandum.</i>	

COMPREHENSIVE DEVELOPMENT MASTER PLAN (CDMP) OBJECTIVES, POLICIES AND INTERPRETATIVE TEXT

Low-Medium Density Residential <i>(Pg. I-31)</i>	<i>The Adopted 2015 and 2025 Land Use Plan designates the subject property as being within the Urban Development Boundary for Low-Medium Density Residential. This category allows a range in density from a minimum of 6.0 to a maximum of 13 dwelling units per gross acre. The types of housing typically found in areas designated low-medium density include single-family homes, townhouses and low-rise apartments. Zero-lot-line single-family developments in this category shall not exceed a density of 7.0 dwelling units per gross acre.</i>
Residential Communities <i>(Pg. I-26)</i>	<i>The areas designated Residential Communities permit housing types ranging from detached single-family to attached multifamily buildings, as well as different construction systems. Also permitted in Residential Communities are neighborhood and community services including schools, parks, houses of worship, daycare centers, group housing facilities, and utility facilities, only when consistent with other goals, objectives and policies of this Plan and compatible with the neighborhood. The character of the "neighborhood" reflects the intensity and design of developments, mix of land uses and their relationships.</i>
Policy LU-4A <i>(Page I-11)</i>	<i>When evaluating compatibility among proximate land uses, the County shall consider such factors as noise, lighting, shadows, glare, vibration, odor, runoff, access, traffic, parking, height, bulk, scale of architectural elements, landscaping, hours of operation, buffering, and safety, as applicable.</i>

PERTINENT ZONING REQUIREMENTS/STANDARDS

Section 33-311(A)(7) Generalized Modification Standards.	<i>The Board shall hear applications to modify or eliminate any condition or part thereof which has been imposed by any final decision adopted by resolution; and to modify or eliminate any provisions of restrictive covenants, or parts thereof, accepted at public hearing, except as otherwise provided in Section 33-314(C)(3); provided, that the appropriate Board finds after public hearing that the modification or elimination, in the opinion of the Community Zoning Appeals Board, would not generate excessive noise or traffic, tend to create a fire or other equally or greater dangerous hazard, or provoke excessive overcrowding of people, or would not tend to provoke a nuisance, or would not be incompatible with the area concerned, when considering the necessity and reasonableness of the modification or elimination in relation to the present and future development of the area concerned, or (b) (i) that the resolution that contains the condition approved a school use that was permitted only as a special exception, (ii) that subsequent law permits that use as of right without the requirement of approval after public hearing, and (iii) that the requested modification or elimination would not result in development exceeding the standards provided for schools authorized as a matter of right without the requirement of approval after public hearing.</i>

ZONING RECOMMENDATION ADDENDUM

Olympia Heights Methodist Church Z12-113

<p>Section 33-311(A)(4)(b) Non-Use Variances From Other Than Airport Regulations.</p>	<p>Upon appeal or direct application in specific cases, the Board shall hear and grant applications for non-use variances from the terms of the zoning and subdivision regulations and may grant a non-use variance upon a showing by the applicant that the non-use variance maintains the basic intent and purpose of the zoning, subdivision and other land use regulations, which is to protect the general welfare of the public, particularly as it affects the stability and appearance of the community and provided that the non-use variance will be otherwise compatible with the surrounding land uses and would not be detrimental to the community. No showing of unnecessary hardship to the land is required.</p>
<p>Buildings for public assemblage—In districts other than business or industrial. Sec. 33-17.</p>	<p>All building or other structures or any part thereof, intended for public assemblage, wherein provisions are made for fifty (50) or more persons to assemble in one (1) room or such structure as an auditorium, church, club, hospital, sanitarium, school, theater, night club, amusement park structure and similar structures, excluding hotels, motels and apartments shall be located or placed only in business or industrial districts, as herein provided, and shall comply with the following:</p> <ul style="list-style-type: none"> (1) No building for public assemblage shall be located closer than twenty-five (25) feet to any property line which abuts on a public highway or alley, or closer than fifty (50) feet of any property line abutting a lot under different ownership than that on which the structure is to be placed, or closer than seventy-five (75) feet to an existing residential building. (3) In EU-1 and EU-2 Districts, where the setback from the front building line is greater than the minimum specified by this section, buildings for public assemblage shall set back at least the minimum distance required, namely, fifty (50) feet from the front property line. (4) No building for public assemblage in EU-M, EU-1 and EU-2 Districts shall be closer than seventy-five (75) feet to any property line abutting a lot under ownership other than that on which the structure is to be placed. (7) Ample parking facilities for buildings for public assemblage shall be provided off the highway right-of-way. Parking facilities for a church, school, or other buildings used for noncommercial purposes in a residential district may be permitted in the same district with said church, school or other buildings used for noncommercial purposes, provided no parking lot or special parking area is closer than twenty-five (25) feet to any property under different ownership which is zoned RU or EU unless the parking area is separated from such lot by a wall or hedge approved by the Director.

A. OLYMPIA HEIGHTS UNITED METHODIST
(Applicant)

14-4-CZ10-1(12-113)
Area 10/District 10
Hearing Date: 05/20/14

Property Owner (if different from applicant) Same

Is there an option to purchase /lease the property predicated on the approval of the zoning request? Yes No

Disclosure of interest form attached? Yes No

Previous Zoning Hearings on the Property:

<u>Year</u>	<u>Applicant</u>	<u>Request</u>	<u>Board</u>	<u>Decision</u>
1962	Olympia Heights Methodist Church	- Variance & Special Exception to permit a church 48' in height (35' permitted). - Cross 58' in height and setback 0' (65' required). - Setback 50' (65' required). - Parking in side setback P.U.P.	ZAB	Approved with Condition(s) District 10 05/20/14
1975	Olympia Heights Methodist Church	- Unusual Use day nursery and continued use kindergarten P.U.P.	ZAB	Approved with Condition(s)

Action taken today does not constitute a final development order, and one or more concurrency determinations will subsequently be required. Provisional determinations or listings of needed facilities made in association with this Initial Development Order shall not be binding with regard to future decisions to approve or deny an Intermediate or Final Development Order on any grounds.

Memorandum

Date: February 3, 2014
To: Jack Osterholt, Director
Department of Regulatory and Economic Resources
From: Jose Gonzalez, P.E.
Department of Regulatory and Economic Resources

A handwritten signature in cursive script, appearing to read "Jose Gonzalez", written in black ink.

Subject: C-10 #Z2012000113-2nd Revision
Olympia Heights United Methodist Church
3801 SW 97th Avenue, Miami, FL 33165
Non-Use Variance to Permit Additional Children to the Existing
School and to Increase the Age Group of the Children AND
Modification of a Previous Resolution to Permit an Addition to the
Church
(RU-2) (1.918 Acres)
16-54-40

The subject application has been reviewed by the Department of Regulatory and Economic Resources – Division of Environmental Resources Management (DERM) for compliance with the requirements of Chapter 24 of the Miami-Dade County Code (the Code) and meets the minimum requirements of the Code. Accordingly, the application may be scheduled for public hearing.

Wellfield Protection

The subject property is located within the Average Day Pumpage Wellfield Protection Area for the Alexander Orr/Snapper Creek/Southwest Wellfield Complex. Development of the subject property shall be in accordance with the regulations established in Section 24-43 of the Code. Since the subject request is for a non-residential land use, the owner of the property has submitted a properly executed covenant in accordance with Section 24-43(5) of the Code which provides that hazardous materials or wastes shall not be used, generated, handled, discharged, disposed of or stored on the subject property.

Potable Water Service

Public water can be made available to the subject property. Therefore, connection of the proposed development to the public water supply system shall be required in accordance with the Code requirements.

Existing public water facilities and services meet the Level of Service (LOS) standards set forth in the Comprehensive Development Master Plan (CDMP). Furthermore, the proposed development order, if approved, will not result in a reduction in the LOS standards subject to compliance with the conditions required by DERM for this proposed development order.

Wastewater Disposal

Public sanitary sewers cannot be made available to this site. Therefore, DERM would not object to the interim use of a septic tank and drainfield system as a means for the disposal of domestic liquid waste, provided that the proposed development meets the sewage loading requirements of Section 24-13(4) of the Code. Based upon the available information the proposal meets the said requirements;

furthermore, since the request is for a non-residential land use, the property owner has submitted a properly executed covenant running with the land in favor of Miami-Dade County as required by Section 24-13(4)(a) of the Code.

Stormwater Management

Be advised that any modification to the existing Site Plan will require a new review by the Water Control Section of DERM.

Wetlands

The subject property does not contain wetlands as defined by Chapter 24-5 of the Code; therefore, a Class IV Wetland Permit will not be required.

The applicant is advised that permits from the Army Corps of Engineers (305-526-7181), the Florida Department of Environmental Protection (561-681-6600) and the South Florida Water Management District (1-800-432-2045) may be required for the proposed project. It is the applicant's responsibility to contact these agencies.

Tree Preservation

The proposal to permit additional signage and to increase the number and age group of children will not impact tree resources. Be advised that a Miami-Dade County Tree Removal/Relocation Permit is required prior to the removal and/or relocation of any tree that is subject to the Tree Preservation and Protection provisions of the Code.

Enforcement History

There are no open or closed enforcement records for violations of Chapter 24 of the Code for the subject property.

Concurrency Review Summary

A concurrency review has been conducted for this application and has determined that the same meets all applicable LOS standards for an initial development order, as specified in the adopted CDMP for potable water supply, wastewater disposal, and flood protection. Therefore, the application has been approved for concurrency subject to the comments and conditions contained herein.

This concurrency approval does not constitute a final concurrency statement and is valid only for this initial development order, as provided for in the adopted methodology for concurrency review. Additionally, this approval does not constitute any assurance that the LOS standards would be met by any subsequent development order applications concerning the subject property.

This memorandum shall constitute written approval as required by Chapter 24 of the Code.

If you have any questions concerning the comments or wish to discuss this matter further, please contact Christine Velazquez at (305) 372-6764.

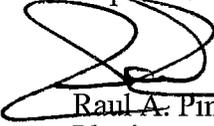

cc: Eric Silva, Department of Regulatory and Economic Resources

Memorandum

Date: April 16, 2014

To: Eric Silva, Development Coordinator
Department of Regulatory and Economic Resources

From: 
~~Raul A. Pino, PLS, Chief~~
Platting and Traffic Review Section
Department of Regulatory and Economic Resources

Subject: Z2012000113
Name: Olympia Heights United Methodist Church
Location: 3801 SW 97 Avenue
Section 16 Township 54 South Range 40 East

The Department of Regulatory and Economic Resources Platting and Traffic Review Section has reviewed the subject application and has no objections.

Public Works and Waste Management Department Traffic Engineering Division Comments:

Miami Dade County Public Works and Waste Management Department Traffic Engineering Division (TED) has no objections to this application provided the comment indicated below is implemented in the field.

-Public swale areas must be restored adjacent to the south driveway connection.

Should you need additional information or clarification on this matter, please contact Mr. Jeff Cohen at (305) 375-2030.

This land requires platting in accordance with Chapter 28 of the Miami-Dade County Code. Any right-of-way dedications and/or improvements required will be accomplished thru the recording of a plat.

This application **does** meet the traffic concurrency criteria for an Initial Development Order. It will generate **62 AM and 0 PM** daily peak hour vehicle trips. The traffic distribution of these trips to the adjacent roadways reveals that the addition of these new trips **does not** exceed the acceptable level of service of the following roadways:

Sta.#		LOS present	LOS w/project
F-74	SW 40 St. e/o SW 107 Ave.	C	C
F-76	SW 40 St. w/o SW 87 Ave.	C	C
9699	SW 97 Ave. s/o SW 24 St.	D	D
9700	SW 97 Ave. s/o SW 40 St.	C	C

The request herein, constitutes an Initial Development Order only, and one or more traffic concurrency determinations will subsequently be required before development will be permitted.

Memorandum

Date: September 25, 2012

To: Jack Osterholt, Director
Regulatory and Economic Resources Department

From: 
Assistant Director, Administration
Public Works and Waste Management Department

Subject: DIC # 12-113
Olympia Heights United Methodist Church

Attached please find a copy of this Department's review of the above-referenced item. Final comments will be offered as needed. If you should have any questions, please do not hesitate to contact Stacey McDuffie of the Fiscal, Planning and Performance Management Division at 305-514-6661.

Attachment

PUBLIC WORKS AND WASTE MANAGEMENT DEPARTMENT

DIC REVIEW #12-113

Olympia Heights United Methodist Church

Application: *Olympia Heights United Methodist Church* is requesting a modification to conditions of a previous hearing 4-ZAB-202-75 for a daycare on the property to permit an additional sixty five (65) children to be added in their preschool facility at the same church location. The property is currently located in an area zoned Two-family Residential (RU-2).

Size: The subject property is approximately 1.918 acres.

Location: The subject property is located at 3801 SW 97th Avenue in Miami-Dade County, Florida.

Analysis:

1. Solid Waste Disposal

The Miami-Dade County Solid Waste Management System consists of both County facilities and private facilities under contract as follows: three Class I landfills (two owned by Waste Management Inc., of Florida) a Class III landfill, a Resources Recovery Facility waste to energy plant and associated ash monofill, and three regional transfer facilities. The Public Works and Waste Management Department (PWWM) does not assess or adjust estimated capacity requirements based on the impacts of individual developments. Instead, the Department maintains sufficient disposal capacity to accommodate five years of waste flows committed to the system through long-term interlocal agreements or contracts with municipalities and private waste haulers and anticipated non-committed waste flows. The latest Concurrency Status Determination issued in September of 2011, which is valid for one year, shows sufficient disposal system capacity to exceed the County's adopted level of service (five years of capacity). This determination, which is on file with the Sustainability, Planning and Economic Enhancement Department (formerly the Department of Planning and Zoning) is contingent upon the continued ability of the County to obtain and renew disposal facility operating permits from the Florida Department of Environmental Protection, as needed.

2. Garbage and Trash Collection Services

The property as mentioned in the application falls within the PWWM solid waste collection service area. The modification regarding the daycare facility on the property will likely be considered development for a "commercial establishment". Chapter 15 of the Miami-Dade Code, entitled Solid Waste Management, requires the following of commercial developments located in unincorporated Miami-Dade County:

"every commercial and multi-family residential establishment shall utilize the solid waste collection services of either the proper governmental agency able to provide such services, or that of a licensed solid waste hauler authorized to perform such services by the Director of the Department." Therefore, the landlord or property owner is required to contact a private hauler to provide waste and recycling collection service. The collected material will subsequently be disposed of at PWWM facilities.

3. Recycling: Commercial Establishments

The following language from **Section 15-2.3a** requires commercial establishments "to provide for a recycling program, which shall be serviced by a permitted hauler or the appropriate governmental agency. The recycling program for commercial establishments must include a minimum of three (3) materials chosen from the following:

- | | |
|----------------------------|--|
| 1) High grade office paper | 6) Steel (cans, scrap) |
| 2) Mixed paper | 7) other metals/scrap production materials |

- | | |
|----------------------------------|--|
| 3) Corrugated cardboard | 8) Plastics (PETE, HDPE-natural, HDPE-colored) |
| 4) Glass (flint, emerald, amber) | 9) Textiles |
| 5) Aluminum (cans, scrap) | 10) Wood |

Section 15-2.3 states the failure of a commercial establishment to provide a recycling program or a modified recycling program pursuant to Section 15-2.4 hereof shall constitute a violation of this section for which the property owner and the owner(s) and operator(s) of the commercial establishment shall be jointly and severally liable.

4. Waste Storage/Setout Considerations

Section 15-4 of the Code requires that plans for storage and collection of solid waste be adequate before a building permit may be issued. Site plans must address location, accessibility, number and adequacy of solid waste collection and storage facilities. The site plan legend must contain the following statement: "Facilities for the collection and storage of solid waste are shown in accordance with Section 15-4 of the Miami-Dade County Code."

5. Site Circulation Considerations

It is required that development plans associated with this project incorporate at least one of the following traffic circulation criteria to minimize the reversing of waste vehicles and hence, provide for the safe circulation of service vehicles:

- a. Cul-de-sac with a minimum 49 foot turning radius (no "dead-ends")
- b. "T" shaped turnaround 60 feet long by 10 feet wide
- c. Paved throughway of adequate width (minimum 15 feet)

In addition, any and all alleyways designed with utilities, including waste collection, provided at the rear of the property should be planned in accordance with standard street specifications with sufficient width and turning radii to permit large vehicle access. Additionally, there should be no "dead-end" alleyways developed. Also, a sufficient waste set-out zone should be preserved (between the edge of the pavement and any possible obstructions such as parked cars, fencing, etc.,) that would interrupt or preclude waste collection. **The PWWM has no objections to the proposed application.**

Memorandum

Date: December 9, 2013

To: Jack Osterholt, Deputy Mayor
Director, Regulatory and Economic Resources Department

From: Maria I. Nardi, Chief *M.I.*
Planning and Research Division
Parks, Recreation and Open Spaces Department

Subject: Z2012000113: OLYMPIA HEIGHTS UNITED METHODIST
Revised plans stamped received 12/3/2013

Application Name: OLYMPIA HEIGHTS UNITED METHODIST

Project Location: The site is located at 3801 SW 97 AVE, Miami-Dade County.

Proposed Development: The applicant is requesting a modification to permit additional students in the school at the church location.

Recommendation: PROS has no pertinent comments for this application concerning impact or demand on existing County parks, proposed or budgeted service expansion, nor do we perform a concurrency review. Based on our findings described herein **PROS HAS NO OBJECTION TO THIS APPLICATION.**

If you need additional information or clarification on this matter, please contact John Bowers at (305) 755-5447.

Memorandum

Date: 16-DEC-13
To: Jack Osterholt, Director
 Department of Regulatory and Economic Resources
From: Dave Downey, Fire Chief
 Miami-Dade Fire Rescue Department
Subject: Z2012000113

Fire Prevention Unit:

No objection to the site plan with a December 3, 2013 Zoning Department received date. Existing conditions remain.

Service Impact/Demand

Development for the above Z2012000113
 located at 3801 SW 97 AVE, MIAMI-DADE COUNTY, FLORIDA.
 in Police Grid 1525 is proposed as the following:

<u>N/A</u> residential	dwelling units	<u>N/A</u> industrial	square feet
<u>N/A</u> Office	square feet	<u>N/A</u> institutional	square feet
<u>N/A</u> Retail	square feet	<u>N/A</u> nursing home/hospitals	square feet

Based on this development information, estimated service impact is: N/A alarms-annually.
 The estimated average travel time is: 5:30 minutes

Existing services

The Fire station responding to an alarm in the proposed development will be:
 Station 47 - Westchester - 9361 Coral Way
 Rescue, ALS Engine

Planned Service Expansions:

The following stations/units are planned in the vicinity of this development:
 None.

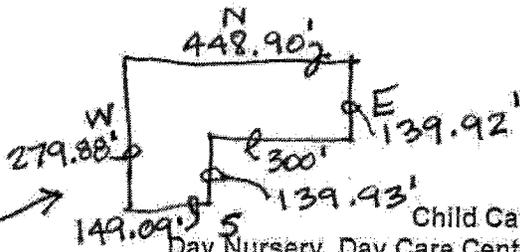

Fire Planning Additional Comments

Not applicable to service impact analysis.

For information regarding the aforementioned comments, please contact the Miami-Dade Fire Rescue Department Planning Section at 786-331-4540.

CHILD CARE CHECKLIST REQUIREMENTS FOR ZONING HEARING

1. Day care centers and kindergartens require a public hearing under the provisions of the Florida Statutes, Chapter 218, F.S. (218.30, 218.31, 218.32, 218.33, 218.34, 218.35, 218.36, 218.37, 218.38, 218.39, 218.40, 218.41, 218.42, 218.43, 218.44, 218.45, 218.46, 218.47, 218.48, 218.49, 218.50, 218.51, 218.52, 218.53, 218.54, 218.55, 218.56, 218.57, 218.58, 218.59, 218.60, 218.61, 218.62, 218.63, 218.64, 218.65, 218.66, 218.67, 218.68, 218.69, 218.70, 218.71, 218.72, 218.73, 218.74, 218.75, 218.76, 218.77, 218.78, 218.79, 218.80, 218.81, 218.82, 218.83, 218.84, 218.85, 218.86, 218.87, 218.88, 218.89, 218.90, 218.91, 218.92, 218.93, 218.94, 218.95, 218.96, 218.97, 218.98, 218.99, 219.00).
2. Multi-family units with requirements of Article XV, (98B-103.11 through 204-11.22), Zoning Ordinance of Broward County.
3. Submit one full set of floor plans with: C.D. (PDF) format including a technical set of plans for zoning hearing; paper, showing outdoor play/sports area with a space parking lot; 500 yards surrounding area; 1/4" scale site plan showing the location of the building, parking lot, and play area; and a site plan showing the location of the building, parking lot, and play area.
4. Multi-family units with requirements of Article XV, (98B-103.11 through 204-11.22), Zoning Ordinance of Broward County.
5. Submit one full set of floor plans with: C.D. (PDF) format including a technical set of plans for zoning hearing; paper, showing outdoor play/sports area with a space parking lot; 500 yards surrounding area; 1/4" scale site plan showing the location of the building, parking lot, and play area; and a site plan showing the location of the building, parking lot, and play area.

DEFINITIONS

Day Nursery	Children for infants and children up to the age of six (6).
Kindergarten	Children and preschool programs for children ages four (4) through six (6).
After-school care	Children and preschool for children above the age of six (6) who are not in school during the regular school day. This program is conducted on the premises of the school and is supervised by the school staff.
Religious services for children	Children for children who participate in religious services on the premises of the church or synagogue. This program is conducted on the premises of the church or synagogue and is supervised by the church or synagogue staff.
Chaperone or Unsupervised	An individual of higher rank than the child's parent or guardian who is responsible for the child's care and supervision during the hearing.
Family Day Care	The term "family day care" means the care of children in a private home in which the caregiver is not a professional caregiver and the children are not in the care of a child care center.
Preschool	Children for children who are under the age of six (6) and are not in school during the regular school day. This program is conducted on the premises of the school and is supervised by the school staff.
Emergency, Junior, and Senior High	Children for children who are under the age of six (6) and are not in school during the regular school day. This program is conducted on the premises of the school and is supervised by the school staff.

Item No. B

Recommendation Summary	
Commission District	10
Applicant	Kennit Corp.
Summary of Request	The applicant seeks to delete a Declaration of Restriction which prohibited dental and medical offices uses and restricted the hours of operation for the office uses on the subject property.
Location	3611 SW 87 Avenue, Miami-Dade County, Florida
Property Size	75' X 139'
Existing Zoning	RU-5A, Semi-Professional Office District 10,000 sq ft. net
Existing Land Use	Office Building
2015-2025 CDMP Land Use Designation	Low Density Residential (see attached Zoning Recommendation Addendum)
Comprehensive Plan Consistency	Consistent with the LUP map, and the interpretative text and policies of the CDMP
Applicable Zoning Code Section(s)	Section 33-311(A)(7) Generalized Modification Standards (see attached Zoning Recommendation Addendum)
Recommendation	Approval with conditions.

REQUEST:

This item was deferred from the April 23, 2014 meeting of Community Zoning Appeals Board (CZAB) #8 due to a lack of quorum.

DELETION of a Declaration of Restrictions recorded in Official Records Book 23638, pages 2647-2652.

The purpose of the request is to delete a Declaration of Restriction which prohibited dental and medical offices uses and restricted the hours of operation.

PROJECT DESCRIPTION AND HISTORY:

The applicant seeks to delete a prior Declaration of Restrictions prohibiting medical and dental office uses along with the limitation of the hours of operation.

In July 2005, pursuant to Resolution #CZAB10-43-05, the subject property was approved for a district boundary change from RU-2 (Two Family Residential District) to RU-5A (Semi-Professional Office District) along with ancillary variances. Said zone change was approved with the acceptance of a proffered Declaration of Restrictions, prohibiting medical and dental offices on the property and limiting the hours of operation from Monday through Friday from 9:00 AM to 6:00 PM and Saturdays from 9:00 AM to 5:00 PM.

<u>NEIGHBORHOOD CHARACTERISTICS</u>		
	Zoning and Existing Use	Land Use Designation
Subject Property	RU-5A; Office Building	Low Density Residential (2.5-6 dua)

North	RU-2; Single-family residence	Low Density Residential (2.5-6 dua)
South	RU-2; Office Building	Low Density Residential (2.5-6 dua)
East	RU-1; Single-family residence	Low Density Residential (2.5-6 dua)
West	RU-2; Duplex residence	Low Density Residential (6-13 dua)

NEIGHBORHOOD CHARACTER:

The property is located in an area characterized by duplex and single family residences and semi- professional offices. However, the subject property fronts onto a well-traveled north/south section line roadway, SW 87 Avenue.

SUMMARY OF THE IMPACTS:

The approval of this application will allow the applicant medical and dental office uses with no restrictions on the hours of operation. However, the request could have a negative impact on the abutting residences due to a possible increase in traffic in the surrounding area.

COMPREHENSIVE DEVELOPMENT MASTER PLAN ANALYSIS:

The subject property is designated as **Low Density Residential** use on the Comprehensive Development Master Plan (CDMP) Land Use Plan (LUP) map. *This category allows a range in density from a minimum of 2.5 to a maximum of 6 dwelling units per gross acre and is characterized by single family housing, e.g., single-family detached, cluster, zero lot line and townhouses.* Staff notes that the subject property was previously approved pursuant to Resolution No. CZAB10-43-05 for a district boundary change from RU-2, Two Family Residential District to RU-5A, Semi-Professional Offices District along with other ancillary variances. However, at the time of the application, a Declaration of Restrictions was proffered by the applicant prohibiting dental and medical office uses and limiting the hours of operations on the subject property. Approval of the request sought in the application will remove said prohibitions. Additionally, the approval of the request will not change the office use on the subject property.

Staff notes that the CDMP Land Use Element interpretative text, Residential Communities, under Office Uses, indicates that *office uses smaller than five acres in size may be approved in areas designated as Residential Communities where other office uses which are not inconsistent already lawfully exist on the same block face. In addition, office uses may be approved along the frontage of major roadways in residential community areas where residences have become less desirable due to inadequate setbacks from roadway traffic and noise, or due to a mixture of nonresidential uses or activities in the vicinity. Such limited office uses may be approved on such sites in residential community areas only where the residential lot fronts directly on a Major Roadway as designated on the Land Use Plan map* Staff notes that the subject property was previously approved for office uses per Resolution CZAB10-43-05.

Further, staff notes that there are three additional properties located along the block face that were approved for office uses, and that the properties front onto a well-traveled north/south section line roadway, SW 87 Avenue, a major roadway as indicated on the CDMP LUP map.

Therefore, staff opines that approval with conditions of the request to remove the prohibition of medical and dental office uses and the hours of operation for the previously approved office on the property is **consistent** with the CDMP LUP map designation and the Land Use Element interpretative text for office uses in Residential Communities.

ZONING ANALYSIS:

When analyzing the request to delete a Declaration of Restrictions recorded in Official Record Book 23638, Pages 2647-2652 pertaining to the prohibition of dental and medical offices uses, under Section 33-311(A)(7) Generalized Modification Standards, staff opines that the deletion to allow dental and medical office uses would not generate excessive noise, traffic, provoke excessive overcrowding of people, or tend to provoke a nuisance, as evidenced by the memoranda submitted by the Departments of Public Works and Waste Management, the Division of Environment Resource Management (DERM) of the Department of Regulatory and Economic Resources, and the Miami-Dade Fire Rescue Department. Additionally, said departments indicate in their memoranda that they do not object to the request. Staff opines that the approval of the request with a condition limiting the number of dental or medical practicing professionals at the subject site at any given time would not have negative visual, noise, or traffic impacts or unduly burden County services in the surrounding area.

Further, staff opines that approval would be compatible with the area. Staff found similar approvals in the area allowing dental and medical office uses. For example, properties located on 3631 SW 87 Avenue and 3701 SW 87 Avenue were approved pursuant to Resolutions #CZAB10-8-98 and #CZAB10-7-98 to permit semi-professional office uses in the RU-2 zoning district as would be permitted in the RU-5A zoning district, with a condition that dental and medical offices be limited to a single practitioner. Additionally, a property located on 3721 SW 87 Avenue was approved pursuant to Resolution # CZAB10-2-11 to delete a condition from a prior resolution that prohibited medical, dental, chiropractor, optometrist and optician office uses.

However, when analyzing the requested deletion of the Declaration of Restrictions in regards to the hours of operation, under Section 33-311(A)(7) Generalized Modification Standards, staff opines that the removal of this restriction could possibly establish a 24 hour, 7 day a week, dental or medical office. Staff opines that this could intensify the traffic and noise impacts on the duplex and single-family residences to the north, east and west of the subject property during the late night or early morning hours. As such, staff recommends as a condition for approval, that the hours of operation be from Monday to Friday from 7AM to 8PM. and Saturday from 9AM to 5PM.

Therefore, staff recommends that the application be approved with conditions under Section 33-311(A)(7) Generalized Modification Standards.

ACCESS, CIRCULATION AND PARKING: N/A

NEIGHBORHOOD SERVICES PROVIDER REVIEW: See attached.

OTHER: Not applicable.

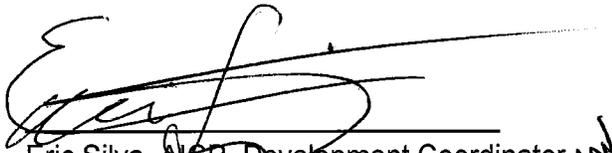

RECOMMENDATION:

Approval with conditions.

CONDITIONS FOR APPROVAL:

1. That any medical or dental office be restricted to one practicing professional on site at any given time.
2. That the hours of operation for the office uses on the subject property shall be Mondays through Fridays from 7:00AM to 8:00PM and Saturdays from 9:00AM to 5:00PM.

COMPREHENSIVE DEVELOPMENT MASTER PLAN (CDMP) OBJECTIVES, POLICIES AND INTERPRETATIVE TEXT

Low-Density Residential (Pg. I-31)	<p><i>The Adopted 2020 and 2030 Land Use Plan designates the subject property as being within the Urban Development Boundary for Low Density Residential. The residential densities allowed in this category shall range from a minimum of 2.5 to a maximum of 6.0 units per gross acre. This density category is generally characterized by single family housing, e.g., single-family detached, cluster, zero lot line and townhouses. It could include low-rise apartments with extensive surrounding open space or a mixture of housing types provided that the maximum gross density is not exceeded.</i></p>
Office Uses (Pg. I-35)	<p><i>Smaller than five acres in size may be approved in areas designated as Residential Communities where other office, business or industrial use(s) which are not inconsistent with this plan already lawfully exist on the same block face. However, where such an office, business, or industrial use exists only on a corner lot of a subject block face or block end, approval of office use elsewhere on the block is limited to the one block face or block end which is the more heavily trafficked side of the referenced corner lot.</i></p> <p><i>In addition, office uses may be approved along the frontage of major roadways in residential community areas where residences have become less desirable due to inadequate setbacks from roadway traffic and noise, or due to a mixture of nonresidential uses or activities in the vicinity in accordance with the limitations set forth in this paragraph. These office uses may occur in combination with or independent of residential use. Such limited office uses may be approved on such sites in residential community areas only where: a) the residential lot fronts directly on a Major Roadway as designated on the Land Use Plan map (Frontage roads are not eligible for consideration)</i></p>

PERTINENT ZONING REQUIREMENTS/STANDARDS

33-311(A)(7) Generalized Modification Standards	<p><i>The Board shall hear applications to modify or eliminate any condition or part thereof which has been imposed by any final decision adopted by resolution, and to modify or eliminate any provisions of restrictive covenants, or parts thereof, accepted at public hearing, except as otherwise provided in Section 33-314(C)(3); provided, that the appropriate board finds after public hearing (a) that the modification or elimination, in the opinion of the Community Zoning Appeals Board, would not generate excessive noise or traffic, tend to create a fire or other equally or greater dangerous hazard, or provoke excessive overcrowding of people, or would not tend to provoke a nuisance, or would not be incompatible with the area concerned, when considering the necessity and reasonableness of the modification or elimination in relation to the present and future development of the area concerned, or (b) (i) that the resolution that contains the condition approved a school use that was permitted only as a special exception, (ii) that subsequent law permits that use as of right without the requirement of approval after public hearing, and (iii) that the requested modification or elimination would not result in development exceeding the standards provided for schools authorized as a matter of right without the requirement of approval after public hearing.</i></p>

Memorandum

Date: December 11, 2013

To: Jack Osterholt, Director
Department of Regulatory and Economic Resources

From: Jose Gonzalez, P.E.
Department of Regulatory and Economic Resources

Subject: C-10 #Z2013000099
Kennit Corp
3611-3613 SW 87th Avenue
Delete covenant restrictions of use and hours of operation
(RU-5A) (0.00 Acres)
15-54-40

A handwritten signature in black ink, appearing to read "Jose Gonzalez", written over the printed name in the "From:" field.

The subject application has been reviewed by the Department of Regulatory and Economic Resources-Division of Environmental Resources Management (DERM) for compliance with the requirements of Chapter 24 of the Miami-Dade County Code (the Code) and meets the minimum requirements of the Code. Accordingly, the application may be scheduled for public hearing.

Wellfield Protection

The subject property is located within the Average Day Wellfield Protection Area of the Alexander Orr wellfield complex. Development of the subject property shall be in accordance with the regulations established in Section 24.43 of the Code.

Since the subject request is for a non-residential land use, the owner of the property has submitted a properly executed covenant in accordance with Section 24-43(5) of the Code which provides that hazardous materials or wastes shall not be used, generated, handled, discharged, disposed of or stored on the subject property.

Potable Water Service and Wastewater Disposal

Public water and public sanitary sewers can be made available to the subject property. Therefore, connection of the proposed development to the public water supply system and sanitary sewer system shall be required, in accordance with Code requirements. All sewer lines serving the property shall comply with the exfiltration standards as applied to development within wellfield protection areas.

Existing public water and public sanitary sewer facilities and services meet the Level of Service (LOS) standards set forth in the Comprehensive Development Master Plan (CDMP). Furthermore, the proposed development order, if approved, will not result in a reduction of the LOS standards subject to compliance with the conditions required by DERM for this proposed development order.

Notwithstanding the foregoing, and in light of the fact that the County's sanitary sewer system has limited sewer collection, transmission, and treatment capacity, no new sewer service connections can be permitted, unless there is adequate capacity to handle the additional flows that this project would generate. Consequently, final development orders for this site may not be granted if adequate capacity in the system is not available at the point in time when the project will be contributing sewage to the system. Lack of adequate capacity in the system may require the approval of alternate means of

sewage disposal. Use of an alternate means of sewage disposal may only be granted in accordance with Code requirements, and shall be an interim measure, with connection to the public sanitary sewer system required upon availability of adequate collection/transmission and treatment capacity.

Stormwater Management

Stormwater shall be retained on site utilizing properly designed seepage or infiltration drainage system. Drainage plans shall provide for full on-site retention of the stormwater runoff generated by a 5-year / 1-day storm event.

Site grading and development plans shall comply with the requirements of Chapter 11C of the Code, as well as with all state and federal criteria, and shall not cause flooding of adjacent properties.

Any proposed development shall comply with county and federal flood criteria requirements. The proposed development order, if approved, will not result in a reduction in the LOS standards for flood protection set forth in the CDMP subject to compliance with the conditions required for this proposed development order.

Drainage restrictions may be applicable, since the site is located within the Average Day Wellfield Protection Area.

Wetlands

The subject property does not contain wetlands as defined by Section of the Code; therefore, a Class IV Wetlands Permit will not be required.

The applicant is advised that permits from the Army Corps of Engineers (305) 526-7181, the Florida Department of Environmental Protection (561) 681-6600 and the South Florida Water Management District (1-800-432-2045) may be required for the proposed project. It is the applicant's responsibility to contact these agencies.

Tree Preservation

The proposal to delete covenant restrictions of use and hours of operation will not impact tree resources. Be advised that a Miami-Dade County Tree Removal/Relocation Permit is required prior to the removal and/or relocation of any tree that is subject to the Tree Preservation and Protection provisions of the Code.

Enforcement History

There are no open or closed enforcement records for violations of Chapter 24 of the Code for the subject property.

Concurrency Review Summary

A concurrency review has been conducted for this application and has determined that the same meets all applicable LOS standards for an initial development order, as specified in the adopted CDMP for potable water supply, wastewater disposal, and flood protection. Therefore, the application has been approved for concurrency subject to the comments and conditions contained herein.

This concurrency approval does not constitute a final concurrency statement and is valid only for this initial development order, as provided for in the adopted methodology for concurrency review. Additionally, this approval does not constitute any assurance that the LOS standards would be met by any subsequent development order applications concerning the subject property.

This memorandum shall constitute written approval as required by Chapter 24 of the Code.

If you have any questions concerning the comments or wish to discuss this matter further, please contact Christine Velazquez at (305) 372-6764.

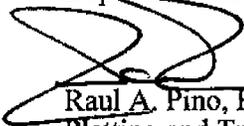

cc: Eric Silva, Department of Regulatory and Economic Resources

Memorandum

Date: January 28, 2014

To: Eric Silva, Assistant Director
Department of Regulatory and Economic Resources

From: 
Raul A. Pino, PLS, Chief
Platting and Traffic Review Section
Department of Regulatory and Economic Resources

Subject: Z2013000099
Name: Kennit Corp.
Location: 3611 SW 87 Avenue
Section 15 Township 54 South Range 40 East

The Department of Regulatory and Economic Resources Platting and Traffic Review Section has reviewed the subject application and has no objections.

This land complies with Chapter 28 of the Miami-Dade County Code. The property is platted as Lot 2 Block 7 of Plat Book 47, Page 84.

This application does not generate any new additional daily peak hour trips, therefore no vehicle trips have been assigned. This application meets the traffic concurrency criteria set for an Initial Development Order.

Memorandum

Date: November 27, 2013

To: Eric Silva, Assistant Director
Regulatory and Economic Resources Department

From: 
(Paul Mauriello, Assistant Director, Waste Operations
Public Works and Waste Management Department)

Subject: Kennit Corp (#13_099)

The Department's review of the above-referenced item is provided below. Additional comments will be provided as needed. If you should have any questions, please do not hesitate to contact Stacey McDuffie, Manager of the Fiscal Management and Planning Division, at 305-514-6661. **The PWWM has no objections to the proposed application.**

Application: *Kennit Corp* is requesting a modification of Resolution No. CZAB10-43-05 and its Restrictive Covenant by removing all use and hours of operation restrictions to permit the continued use of a real estate office on the property.

Size: The subject property is approximately .24 acre.

Location: The subject property is located at 3611-3613 SW 87th Avenue, in Miami-Dade County, Florida.

Analysis:

1. Solid Waste Disposal

The Miami-Dade County Solid Waste Management System consists of both County facilities and private facilities under contract as follows: three Class I landfills (two owned by Waste Management Inc., of Florida) a Class III landfill, a Resources Recovery Facility waste to energy plant and associated ash monofill, and three regional transfer facilities. The Public Works and Waste Management Department (PWWM) does not assess or adjust estimated capacity requirements based on the impacts of individual developments. Instead, the Department maintains sufficient disposal capacity to accommodate five years of waste flows committed to the system through long-term interlocal agreements or contracts with municipalities and private waste haulers and anticipated non-committed waste flows. The latest Concurrency Status Determination issued on September 25, 2013, which is valid for one year, shows sufficient disposal system capacity to exceed the County's adopted level of service (five years of capacity). This determination, which is on file with the Regulatory and Economic Resources Department (formerly the Department of Planning and Zoning) is contingent upon the continued ability of the County to obtain and renew disposal facility operating permits from the Florida Department of Environmental Protection, as needed.

2. Garbage and Trash Collection Services

Pursuant to Chapter 15 of the Miami-Dade County Code (Code), entitled Solid Waste Management, the real estate office on the property will be considered a commercial establishment. Per the Code the following is required of commercial establishments located in unincorporated Miami-Dade County:

"Every commercial and multi-family residential establishment shall utilize the solid waste collection services of either the proper governmental agency able to provide such services, or that of a licensed solid waste hauler authorized to perform such services by the Director of the Department." This property is on residential waste collection route 3115, therefore, the landlord or property owner may fulfill the requirement, either through the PWWM, which can provide commercial waste cart service or through a private hauler to provide waste and recycling collection service.

3. Recycling

The following language from **Section 15-2.3a** of the Code requires commercial establishments "to provide for a recycling program, which shall be serviced by a permitted hauler or the appropriate governmental agency. The recycling program for commercial establishments must include a minimum of three (3) materials chosen from the following:

- | | |
|----------------------------------|--|
| 1) High grade office paper | 6) Steel (cans, scrap) |
| 2) Mixed paper | 7) other metals/scrap production materials |
| 3) Corrugated cardboard | 8) Plastics (PETE, HDPE-natural, HDPE-colored) |
| 4) Glass (flint, emerald, amber) | 9) Textiles |
| 5) Aluminum (cans, scrap) | 10) Wood |

Section 15-2.3 of the Code states the failure of a commercial establishment to provide a recycling program or a modified recycling program pursuant to Section 15-2.4 hereof shall constitute a violation of this section for which the property owner and the owner(s) and operator(s) of the commercial establishment shall be jointly and severally liable.

5. Waste Storage/Setout Considerations

Section 15-4 of the Code requires that plans for storage and collection of solid waste be adequate before a building permit may be issued. Site plans must address location, accessibility, number and adequacy of solid waste collection and storage facilities. The site plan legend must contain the following statement: "Facilities for the collection and storage of solid waste are shown in accordance with Section 15-4 of the Miami-Dade County Code."

6. Site Circulation Considerations

It is required that development plans associated with this project incorporate at least one of the following traffic circulation criteria to minimize the reversing of waste vehicles and hence, provide for the safe circulation of service vehicles:

- a. Cul-de-sac with a minimum 49 foot turning radius (no "dead-ends")
- b. "T" shaped turnaround 60 feet long by 10 feet wide
- c. Paved throughway of adequate width (minimum 15 feet)

In addition, any and all alleyways designed with utilities, including waste collection, provided at the rear of the property should be planned in accordance with standard street specifications with sufficient width and turning radii to permit large vehicle access. Additionally, there should be no "dead-end" alleyways developed. Also, a sufficient waste set-out zone should be preserved (between the edge of the pavement and any possible obstructions such as parked cars, fencing, etc.,) that would interrupt or preclude waste collection.

Memorandum

Date: November 18, 2013

To: Jack Osterholt, Deputy Mayor
Director, Regulatory and Economic Resources Department

From: Maria I. Nardi, Chief *M.I.*
Planning and Research Division
Parks, Recreation and Open Spaces Department

Subject: Z2013000099: KENNIT CORP

Application Name: KENNIT CORP

Project Location: The site is located at 3611 SW 87 AVE, Miami-Dade County.

Proposed Development: The request is for deletion of conditions of a previous resolution removing all use and hours of operation restrictions to permit additional office uses allowed under the RU-5A zoning district.

Impact and demand: This application does not generate any new residential population applicable to CDMP Open Space Spatial Standards

Recommendation: PROS has no pertinent comments for this application concerning impact or demand on existing County parks, proposed or budgeted service expansion, nor do we perform a concurrency review. Based on our findings described herein **PROS HAS NO OBJECTION TO THIS APPLICATION**

If you need additional information or clarification on this matter, please contact John Bowers at (305) 755-5447.

Memorandum

Date: 16-DEC-13

To: Jack Osterholt, Director
Department of Regulatory and Economic Resources

From: Dave Downey, Fire Chief
Miami-Dade Fire Rescue Department

Subject: Z2013000099

Fire Prevention Unit:

No objection to the site plan with a November 13, 2013 Zoning Department received date.

Service Impact/Demand

Development for the above Z2013000099
located at 3611 SW 87 AVE, MIAMI-DADE COUNTY, FLORIDA.
in Police Grid 1526 is proposed as the following:

<u>N/A</u> residential	dwelling units	<u>N/A</u> industrial	square feet
<u>N/A</u> Office	square feet	<u>N/A</u> institutional	square feet
<u>N/A</u> Retail	square feet	<u>N/A</u> nursing home/hospitals	square feet

Based on this development information, estimated service impact is: N/A alarms-annually.
The estimated average travel time is: 5:24 minutes

Existing services

The Fire station responding to an alarm in the proposed development will be:
Station 3 - Tropical Park - 3911 SW 82 Avenue
Rescue, ALS Engine

Planned Service Expansions:

The following stations/units are planned in the vicinity of this development:
None.

Fire Planning Additional Comments

Not applicable to service impact analysis.

REVISION	DATE	BY

**Miami-Dade County Department of Regulatory and Economic Resources
Staff Report to Community Council No. 10**

PH: Z14-004 (14-5-CZ10-1)

May 20, 2014

Item No. 1

Recommendation Summary	
Commission District	6
Applicant	Tania Garces
Summary of Requests	The applicant is seeking to permit an existing addition to a single-family residence setback less than required from the front and rear property lines, resulting in a greater lot coverage.
Location	7420 SW 31 Street, Miami-Dade County, Florida.
Property Size	65' x 100'
Existing Zoning	RU-1, Single-Family Residential District
Existing Land Use	Single-family residence
2015-2025 CDMP Land Use Designation	Low-Density Residential, 2.5 to 6 dua <i>(see attached Zoning Recommendation Addendum)</i>
Comprehensive Plan Consistency	Consistent with interpretative text, goals, objectives and policies of the CDMP
Applicable Zoning Code Section(s)	Section 33-311(A)(4)(b), Non-Use Variance Standards <i>(see attached Zoning Recommendation Addendum)</i>
Recommendation	Approval with conditions of request #2 and denial without prejudice of requests #1 and #3.

REQUESTS:

1. NON-USE VARIANCE to permit an existing addition to a single-family residence setback 8' (25' required) from the rear (south) property line.
2. NON-USE VARIANCE to permit the existing single-family residence setback 24.7' (25' required) from the front (north) property line.
3. NON-USE VARIANCE to permit a lot coverage of 37.40% (35% maximum permitted).

Plans are on file and may be examined in the Department of Regulatory and Economic Resources entitled "Garces Residence" as prepared by OBMI Architect, dated stamped received 2/27/14, consisting of 1 sheet. Plans may be modified at public hearing.

PROJECT DESCRIPTION: The plan submitted depicts the 1,716 sq. ft., single-family residence on the 0.15-net acre, RU-1, Single-Family Residential district zoned parcel. This application seeks to legalize the residence and the existing additions with encroachments into the front and rear setback areas.

NEIGHBORHOOD CHARACTERISTICS		
	Zoning and Existing Use	Land Use Designation
Subject Property	RU-1; single-family residence	Low Density Residential (2.5 to 6 dua)
North	RU-1; single-family residences	Low Density Residential (2.5 to 6 dua)
South	RU-1; single-family residence	Low Density Residential (2.5 to 6 dua)

East	RU-1; single-family residence	Low Density Residential (2.5 to 6 dua)
West	RU-1; vacant	Low Density Residential (2.5 to 6 dua)

NEIGHBORHOOD COMPATIBILITY:

The subject property is located at 7420 SW 31 Street within an existing residential development. The area surrounding the subject property is primarily characterized by single-family residences.

SUMMARY OF THE IMPACTS:

Approval of this application will allow the applicant to maintain the existing addition to the single-family residence which provides the applicant and her family with additional living area. Staff opines that approval of the existing residence with the existing addition will not create any new visual impact on the surrounding properties.

COMPREHENSIVE DEVELOPMENT MASTER PLAN ANALYSIS:

The Comprehensive Development Master Plan (CDMP) Land Use Plan (LUP) map designates the site for **Low Density Residential**. *This category allows a range in density from a minimum of 2.5 to a maximum of 6 dwelling units per gross acre and is characterized by single family housing, e.g., single-family detached, cluster, zero lot line and townhouses.* The approval of the request sought in the application will not add additional dwelling units to the site beyond what is allowed by the LUP map of the CDMP, and will not change the single-family detached use. Since the applicant is not requesting to add additional dwelling units or change the single-family detached use, approval of the application with conditions is **consistent** with the density threshold of Low Density Residential Communities map of the CDMP LUP map designation.

ZONING ANALYSIS:

The applicant seeks to permit the residence with the existing non-permitted addition that is setback 8' from the rear south) property line (request #1), and to permit the residence setback 24.7' (25' required for both) from the front (north) property line (request #2). Additionally, the applicant seeks approval of a third request to permit the existing residence with a lot coverage of 37.40% (35% maximum permitted).

When requests #1 and #3 are analyzed under Section 33-311(A)(4)(b), Non-Use Variance (NUV) Standards, staff opines that approval will not maintain the basic intent and purpose of the zoning, subdivision and other land use regulations and for the reasons stated below would be **incompatible** with same. The submitted plans indicate the existing bedroom and bathroom addition to the residence encroaching 17' into the rear (south) setback area that is the subject of request #1. Staff opines that this approximately 275 sq. ft. addition is equivalent to approximately 4% of the total lot coverage for the 6,500 sq. ft. parcel and is the cause of the 2.40% overage in lot coverage, which is the subject of request #3.

Staff's research indicated that there were other properties in the area that were approved for variances of similar or more intensive encroachments into the rear setback areas and excessive lot coverage as are being requested in requests #1 and #3, respectively. For example, pursuant to Administrative Variance #V1989000037, a property located at 7555 SW 30 Street was

approved to permit a proposed addition setback 12.5' (25' required) from the rear (north) property line. Additionally, staff's research indicated that pursuant to Resolution #CZAB10-15-11, a property located northwesterly of the subject property, at 2920 SW 75 Avenue was among other things approved to allow the residence setback 4.61' from the rear property line, where 25' is required. Further, pursuant to Resolution #Z-167-93, a property located south east of the subject property along SW 37 Street was approved to permit an existing residence with a lot coverage of 40% (35% permitted). Notwithstanding, staff's research did not indicate that the approval of the more extreme of the latter two (2) examples of approvals was the norm in the surrounding area. Specifically, staff notes that the aforementioned approval, which permitted a residence encroaching 20.39' into the rear setback area, was based on the irregular configuration of that lot. Therefore, staff opines that approval of the requested 17' encroachment that results in the 2.4% overage in lot coverage, which is the subject of requests # 1 and #3, is excessive and would be out of character with prior approvals in the surrounding area.

Pictures submitted with the application indicate that the encroachment into the rear (south) setback area is buffered by an existing hedge along the rear (south) and interior side (west) property lines. Further, staff opines that the enclosed addition will not result in any new visual impact or negatively affect the privacy of the residents on the abutting parcel to the south. However, staff opines that the requested 17' encroachment is excessive. Further, staff opines that the residence could be easily configured by future owners for multi-family use, based on the submitted floor plans for the residence, which indicates two (2) ingress/egress doors along the west elevation of the residence, one of which leads from the bedroom that is a part of the addition that encroaches into the rear setback area. **Therefore, based on the aforementioned analysis, staff recommends denial without prejudice of request #1 and #3 under Section 33-311(A)(4)(b), Non-Use Variance Standards.**

However, when request #2 is similarly analyzed under the NUV standards, Section 33-311(A)(4)(b), staff opines that approval of the request to permit the existing residence setback 24.7' from the front (north) property line would not affect the basic intent and purpose of the zoning, subdivision and other land use regulations and for the reasons stated below would be **compatible** with same. Staff opines that the .30' encroachment into the front setback area is minimal, is likely due to construction error and does not have any visual impact on the surrounding area. However, as conditions for approval of this request, staff recommends that the existing bedroom and bathroom addition encroaching into the rear (south) setback area should be removed. **Therefore, staff recommends approval with conditions of request #2, under Section 33-311(A)(4)(b), NUV standards.**

Based on the aforementioned analysis, staff recommends approval with conditions of request #2 and denial without prejudice of requests #1 and #3 under Section 33-311(A)(4)(b), Non-Use Variance From Other Than Airport Regulations Standards.

ACCESS, CIRCULATION AND PARKING: Not applicable.

NEIGHBORHOOD SERVICES PROVIDER REVIEW: See attached.

OTHER: Not applicable.

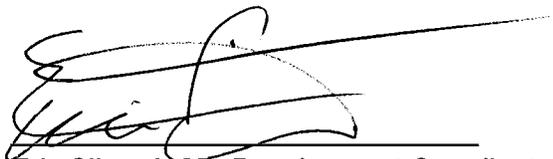

RECOMMENDATION:

Approval with conditions of request #2 and denial without prejudice of requests #1 and #3.

CONDITIONS FOR APPROVAL : (For request #2 only).

1. That a site plan be submitted to and meet with the approval of the Director of the Department of Regulatory and Economic Resources upon the submittal of an application for a building permit and/or Certificate of Use; said plan must include among other things but not be limited to, location of structure or structures, exits and entrances, drainage, walls, fences, landscaping, and other requirements.
2. That in the approval of the plan, the same be substantially in accordance with that submitted for the hearing entitled, "Garces Residence" as prepared by OBMI Architect, dated stamped received 2/27/14, consisting of 1 sheet, except as herein amended to show the removal of the rear bedroom and bathroom addition. Except any future additions on the property which conform to zoning code requirements will not require further public hearing action.
3. That the applicant shall provide a Declaration of Use at the time of permitting that will restrict the residence to single-family use only.
4. That the use be established and maintained in accordance with the approved plan.

Memorandum

Date: February 26, 2014
To: Jack Osterholt, Director
Department of Regulatory and Economic Resources
From: Jose Gonzalez, P.E.
Department of Regulatory and Economic Resources

A handwritten signature in black ink, appearing to read "Jose Gonzalez", written over the printed name in the "From:" field.

Subject: C-10 #Z2014000004
Tania Garces
7420 SW 31st Street, Miami, Florida 33155
Non-Use Variance to permit an addition to a single family residence
setback less than required from property lines.
(RU-1) (0.15 Acres)
14-54-40

The subject application has been reviewed by the Department of Regulatory and Economic Resources – Division of Environmental Resources Management (DERM) for compliance with the requirements of Chapter 24 of the Miami-Dade County Code (the Code) and meets the minimum requirements of the Code. Accordingly, the application may be scheduled for public hearing.

Flood Protection

The application site does not lie within a Special Flood Hazard Zone as per determined the Federal Flood Insurance Rate Maps (FIRM) for Miami-Dade County. The County Flood Criterion is 7.5 ft NGVD. The proposed legalization of several additions as depicted in the zoning request for a variance of setbacks appears to be a substantial improvement as defined in Chapter 11C of the Code. Existing residential structures with proposed substantial improvements must be 8 inches above the crown of road and County Flood Criteria. The plans provided with this application do not state the highest crown of road elevation and elevations of the existing residence and additions being legalized. The applicant will be required to demonstrate the additions comply with the Code prior to approval of building permit plans. For more information please contact the Floodplain Program at 786-315-2800.

Potable Water Service

Public water can be made available to the subject property. Therefore, connection of the proposed development to the public water supply system shall be required in accordance with Code requirements.

Existing public water facilities and services meet the Level of Service (LOS) standards set forth in the Comprehensive Development Master Plan (CDMP). Furthermore, the proposed development order, if approved, will not result in a reduction in the LOS standards subject to compliance with the conditions required by DERM for this proposed development order.

Wastewater Disposal

Public sanitary sewers are not located within feasible distance for connection to the subject property. Consequently, any proposed development would have to be served by a septic tank and drainfield as a means for the disposal of domestic liquid waste. DERM has no objection to the interim use of a septic

tank and drainfield, provided that the maximum sewage loading allowed by Section 24-43.1(3) of the Code is not exceeded and the property is connected to public water.

Stormwater Management

Stormwater shall be retained on site utilizing properly designed seepage or infiltration drainage system. Drainage plans shall provide for full on-site retention of the stormwater runoff generated by a 5-year / 1-day storm event.

Site grading and development plans shall comply with the requirements of Chapter 11C of the Code, as well as with all state and federal criteria, and shall not cause flooding of adjacent properties.

Any proposed development shall comply with county and federal flood criteria requirements. The proposed development order, if approved, will not result in a reduction in the LOS standards for flood protection set forth in the CDMP subject to compliance with the conditions required for this proposed development order.

Wetlands

The subject property does not contain wetlands as defined by Section 24-5 of the Code; therefore, a Class IV Wetlands Permit will not be required.

The applicant is advised that permits from the Army Corps of Engineers (305-526-7181), the Florida Department of Environmental Protection (561-681-6600) and the South Florida Water Management District (1-800-432-2045) may be required for the proposed project. It is the applicant's responsibility to contact these agencies.

Tree Preservation

The existing addition will not impact tree resources. Please be advised that a Miami-Dade County Tree Removal/Relocation Permit is required prior to the removal and/or relocation of any tree that is subject to the Tree Preservation and Protection provisions of the Code.

Enforcement History

There are no open or closed enforcement records for violations of Chapter 24 of the Code for the subject property.

Concurrency Review Summary

A concurrency review has been conducted for this application and has determined that the same meets all applicable LOS standards for an initial development order, as specified in the adopted CDMP for potable water supply, wastewater disposal, and flood protection. Therefore, the application has been approved for concurrency subject to the comments and conditions contained herein.

This concurrency approval does not constitute a final concurrency statement and is valid only for this initial development order, as provided for in the adopted methodology for concurrency review. Additionally, this approval does not constitute any assurance that the LOS standards would be met by any subsequent development order applications concerning the subject property.

This memorandum shall constitute written approval as required by Chapter 24 of the Code.

If you have any questions concerning the comments or wish to discuss this matter further, please contact Christine Velazquez at (305) 372-6764.

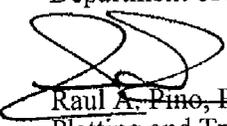

cc: Eric Silva, Department of Regulatory and Economic Resources

Memorandum

Date: February 27, 2014

To: Eric Silva, Assistant Director
Department of Regulatory and Economic Resources

From: 
Raul A. Pino, PLS, Chief
Platting and Traffic Review Section
Department of Regulatory and Economic Resources

Subject: Z2014000004
Name: Tania Garces
Location: 7420 SW 31 Street
Section 14 Township 54 South Range 40 East

The Department of Regulatory and Economic Resources Platting and Traffic Review Section has reviewed the subject application and has no objections.

This land requires platting in accordance with Chapter 28 of the Miami-Dade County Code. Any right-of-way dedications and/or improvements required will be accomplished thru the recording of a plat.

This application does not generate any new additional daily peak hour trips, therefore no vehicle trips have been assigned. This application meets the traffic concurrency criteria set for an Initial Development Order.

Memorandum

Date: February 11, 2014

To: Eric Silva, Assistant Director
Regulatory and Economic Resources Department

From: Paul Mauriello, Assistant Director, Waste Operations
Public Works and Waste Management Department

A handwritten signature in black ink, appearing to read "Paul Mauriello". The signature is written in a cursive, flowing style.

Subject: Tania Garces (#14_004)

The Public Works and Waste Management Department (PWWM) has no objections to the proposed application.

The property is located within the Department's waste collection service area. According to Chapter 15 of the Miami-Dade Code, entitled Solid Waste Management, the single family residence on the property meets the definition of a residential unit. The residential unit on the property will continue to receive PWWM waste collection and recycling services. The current waste collection fee of \$439 will cover all associated costs.

If you should have any questions, please do not hesitate to contact Stacey McDuffie, Manager of the Fiscal Management and Planning Division, at 305-514-6661.

Memorandum

Item No. 2

Recommendation Summary	
Commission District	6
Applicant	Mormax Beverages Corp. d/b/a BJ's Wholesale Club #367
Summary of Requests	This application would permit the sale of alcoholic beverages on Sunday for a proposed liquor package store.
Location	Lying east of SW 71 Avenue between SW 24 Street (Coral Way) and SW 29 Road aka 7050 & 7056 Coral Way, Miami-Dade County, Florida.
Property Size	14.44-acres
Existing Zoning	BU-2, Special Business District
Existing Land Use	Vacant lot
2015-2025 CDMP Land Use Designation	Business and Office (see attached Zoning Recommendation Addendum)
Comprehensive Plan Consistency	Consistent with interpretative text, goals, objectives and policies of the CDMP
Applicable Zoning Code Section(s)	Section 33-311(A)(4)(b) Non-Use Variances From Other Than Airport Regulations (see attached Zoning Recommendation Addendum)
Recommendation	Approval with a condition

REQUEST:

NON-USE VARIANCE to permit Sunday sales of alcohol beverages (Sunday sales not permitted, except during the month of December) for a previously approved liquor package store & membership warehouse and membership warehouse.

PROJECT DESCRIPTION AND PROJECT HISTORY:

This application would permit the sale of alcoholic beverages on Sunday for a proposed liquor package store.

In July 2013, pursuant to Resolution CZAB10-17-13, the subject property was approved for a district boundary change from IU-3 (Unlimited Industrial Manufacturing District) and BU-2 (Special Business District) to BU-2 (Special Business District); a special exception for the same application was approved to permit a proposed liquor package store spaced less than the required 1500' from another legally established alcoholic beverage use along with two variances to permit signage on the subject property.

NEIGHBORHOOD CHARACTERISTICS		
	Zoning and Existing Use	Land Use Designation
Subject Property	BU-2; commercial	Business and Office
North	BU-2; Office building, restaurant	Business and Office
South	IU-3; vacant land and warehouse building	Industrial and Office
East	RU-4M; condominiums	Business and Office

	BU-1A; auto dealer IU-3; warehouse buildings and an auto body shop	Industrial and Office Industrial and Office
West	BU-2, retail outlet IU-3; warehouse buildings and vacant land	Business and Office Industrial and Office

NEIGHBORHOOD COMPATIBILITY:

The subject property is two contiguous parcels located lying east of SW 71 Avenue between SW 24 Street (Coral Way) and SW 29 Road aka 7050 & 7056 Coral Way. The surrounding area is characterized by commercial, industrial and residential uses. The property is currently under construction.

SUMMARY OF THE IMPACTS:

Approval of this application will allow the surrounding neighbors and customers of the future liquor package store to purchase alcoholic beverages on Sundays.

CDMP ANALYSIS:

The subject property is currently zoned BU-2, Special Business District and is located at 16200 SW 88 Street and is designated as **Business and Office** use on the Comprehensive Development Master Plan (CDMP) Land Use Plan (LUP) map. *This category accommodates the full range of sales and service activities. Included are retail, wholesale, personal and professional services, call centers, commercial and professional offices, hotels, motels, hospitals, medical buildings, nursing homes (also allowed in the institutional category), entertainment and cultural facilities, amusements and commercial recreation establishments such as private commercial marinas.* The existing BU-2 zone allows liquor package stores. Staff opines that approval of the applicant's request to permit the sale of alcoholic beverages on Sundays at the future liquor package store within the BU-2 zone, is **compatible** with the surrounding commercial and residential uses and **consistent** with the uses allowed under the CDMP Land Use Element Business and Office interpretative text, and with the subject parcel's Business and Office LUP map designation.

ZONING ANALYSIS:

The Subject property consists of two contiguous parcels located at 7050 and 7056 SW 24 Street (Coral Way), a well-travelled section line roadway. When the request to permit Sunday sales of alcohol beverages (Sunday sales not permitted, except during the month of December) for a previously approved liquor package store is analyzed under the Non-Use Variance Standard, Section 33-311(A)(4)(b), staff opines that the approval of the application will not have a negative impact on the surrounding area. Additionally, staff opines that allowing the sale of alcoholic beverages on Sundays, subject to a condition that the sales be limited to the hours of operation of the wholesale store, which operates from 9:00 a.m. to 8:00 p.m. on Sundays, is **compatible** with the other land uses, would not be detrimental to the community and will allow the establishment to provide its patrons the convenience of shopping at the site on Sundays.

As previously mentioned, staff is of the opinion that the request to permit Sunday sales is **compatible** with the surrounding commercial, industrial and residential uses and **consistent** with the uses allowed under the CDMP Land Use Element Business and Office interpretative text, and with the subject parcel's Business and Office LUP map designation. Based on the aforementioned, staff therefore recommends approval with a condition of the applicant's request to permit said liquor package store with sales of alcoholic beverages on Sundays. **As such, staff recommends approval with a condition of the request under Section 33-311(A)(4)(b) (Non-Use Variances From Other Than Airport Regulations).**

ACCESS, CIRCULATION AND PARKING: N/A

NEIGHBORHOOD SERVICES PROVIDER COMMENTS: See attached.

OTHER: N/A

RECOMMENDATION: Approval with a condition.

CONDITION FOR APPROVAL:

That the Sunday hours of operation for the liquor package store be limited to 9:00 a.m. to 8:00 p.m (except during the month of December which shall be limited to 8:00 a.m. to 10 p.m.).

COMPREHENSIVE DEVELOPMENT MASTER PLAN (CDMP) OBJECTIVES, POLICIES AND INTERPRETATIVE TEXT

<p>Business and Office (Pg. I-41)</p>	<p><i>The Adopted 2020 and 2030 Land Use Plan designates the subject property, being within the Urban Development Boundary for Business and Office. This category accommodates the full range of sales and service activities. Included are retail, wholesale, personal and professional services, call centers, commercial and professional offices, hotels, motels, hospitals, medical buildings, nursing homes (also allowed in the institutional category), entertainment and cultural facilities, amusements and commercial recreation establishments such as private commercial marinas. Also allowed are telecommunication facilities (earth stations for satellite communication carriers, satellite terminal stations, communications telemetry facilities and satellite tracking stations). These uses may occur in self-contained centers, high-rise structures, campus parks, municipal central business districts or strips along highways. In reviewing zoning requests or site plans, the specific intensity and range of uses, and dimensions, configuration and design considered to be appropriate will depend on locational factors, particularly compatibility with both adjacent and adjoining uses, and availability of highway capacity, ease of access and availability of other public services and facilities. Uses should be limited when necessary to protect both adjacent and adjoining residential use from such impacts as noise or traffic, and in most wellfield protection areas uses are prohibited that involved the use, handling, storage, generation or disposal of hazardous material or waste, and may have limitations as to the maximum buildable area, as defined in Chapter 24 of the County Code. When the land development regulations are amended pursuant to Land Use Element Policies LU-9P and LU-9Q, live-work and work-live developments shall be permitted on land designated as Business and Office, as transitional uses between commercial and residential areas.</i></p>
--	--

PERTINENT ZONING REQUIREMENTS/STANDARDS

<p>33-311(A)(4)(b) Non-Use Variances From Other Than Airport Regulations</p>	<p><i>Upon appeal or direct application in specific cases, the Board shall hear and grant applications for non-use variances from the terms of the zoning and subdivision regulations and may grant a non-use variance upon a showing by the applicant that the non-use variance maintains the basic intent and purpose of the zoning, subdivision and other land use regulations, which is to protect the general welfare of the public, particularly as it affects the stability and appearance of the community and provided that the non-use variance will be otherwise compatible with the surrounding land uses and would not be detrimental to the community. No showing of unnecessary hardship to the land is required.</i></p>
--	--

2. MORMAX BEVERAGES CORP.,
DBA BJ'S WHOLESDALES CLUB #367
(Applicant)

14-5-CZ10-2 (14-14)
 Area 10/District 06
 Hearing Date: 05/20/14

Property Owner (if different from applicant) **CORAL TERRACE COMMERCIAL, LLC.**

Is there an option to purchase /lease the property predicated on the approval of the zoning request? Yes No

Disclosure of interest form attached? Yes No

Previous Zoning Hearings on the Property:

<u>Year</u>	<u>Applicant</u>	<u>Request</u>	<u>Board</u>	<u>Decision</u>
1952	Miami Wood Treating Co.	- Special permit for a billboard Sign.	BCC	Approved
1983	Futura Coral Way Property I LTD.	- Zone change from BU-2 & IU3 to BU-2. - Unusual use for amusement Rides. - Non-use variances for parking - Special exception for spacing.	BCC	Approved w/Condition(s)
2001	Coral Way Properties, LTD.	- Special exception for car Dealership & auto repair. - Non-use variances of zoning Regulations.	CZAB-10	Approved w/Condition(s)
2007	Chrysler Realty Co., LLC.	- Modification of resolution.	CZAB-10	Approved w/Condition(s)
2013	Pan American Coral Terrace, Ltd.	- Zone change from IU-3 & BU-2 to BU-2. - Non-use variance of signage	CZAB-10	Approved w/Condition(s)

Action taken today does not constitute a final development order, and one or more concurrency determinations will subsequently be required. Provisional determinations or listings of needed facilities made in association with this Initial Development Order shall not be binding with regard to future decisions to approve or deny an Intermediate or Final Development Order on any grounds.

Memorandum

Date: February 27, 2014

To: Jack Osterholt, Director
Department of Regulatory and Economic Resources

From: Jose Gonzalez, P.E.
Department of Regulatory and Economic Resources 

Subject: C-10 #Z2014000014
Coral Terrace Comm., LLC.
7050 Coral Way (Wholesale Club)
7056 Coral Way (Package Store)
Miami, FL 33155
Non-Use Variance to permit Sunday sales of alcohol for a
previously approved packages store and membership warehouse.
(BU-2) (16.44 Acres)
14-54-40

The subject application has been reviewed by the Department of Regulatory and Economic Resources – Division of Environmental Resources Management (DERM) for compliance with the requirements of Chapter 24 of the Miami-Dade County Code (the Code) and meets the minimum requirements of the Code. Accordingly, the application may be scheduled for public hearing.

DERM has no pertinent comments regarding the subject application since the request does not entail any environmental concern.

Concurrency Review Summary

A concurrency review has been conducted for this application and has determined that the same meets all applicable LOS standards for an initial development order, as specified in the adopted CDMP for potable water supply, wastewater disposal, and flood protection. Therefore, the application has been approved for concurrency subject to the comments and conditions contained herein.

This concurrency approval does not constitute a final concurrency statement and is valid only for this initial development order, as provided for in the adopted methodology for concurrency review. Additionally, this approval does not constitute any assurance that the LOS standards would be met by any subsequent development order applications concerning the subject property.

This memorandum shall constitute written approval as required by Chapter 24 of the Code.

If you have any questions concerning the comments or wish to discuss this matter further, please contact Christine Velazquez at (305) 372-6764.

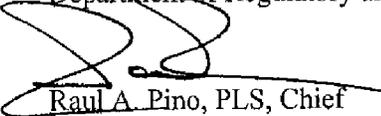

cc: Eric Silva, Department of Regulatory and Economic Resources

Memorandum

Date: February 27, 2014

To: Eric Silva, Assistant Director
Department of Regulatory and Economic Resources

From: 
Raul A. Pino, PLS, Chief
Platting and Traffic Review Section
Department of Regulatory and Economic Resources

Subject: Z2014000014
Name: Mormax Beverages Corp, dba BJ's Wholesale Club #367
Location: 7050 & 7056 Coral Way
Section 14 Township 54 South Range 40 East

The Department of Regulatory and Economic Resources Platting and Traffic Review Section has reviewed the subject application and has no objections.

This land requires platting in accordance with Chapter 28 of the Miami-Dade County Code. Any right-of-way dedications and/or improvements required will be accomplished thru the recording of a plat.

This application does not generate any new additional daily peak hour trips, therefore no vehicle trips have been assigned. This application meets the traffic concurrency criteria set for an Initial Development Order.

Memorandum

Date: March 10, 2014

To: Eric Silva, Assistant Director
Regulatory and Economic Resources Department

From: 
Paul Mauriello, Assistant Director, Waste Operations
Public Works and Waste Management Department

Subject: Mormax Beverages Corp. d/b/a BJ's Wholesale Club #367 (#14_014)

The Department's review of the above-referenced item is provided below. Additional comments will be provided as needed. If you should have any questions, please do not hesitate to contact Stacey McDuffie, Manager of the Fiscal Management and Planning Division, at 305-514-6661. **The PWWM has no objections to the proposed application.**

Application: *Mormax Beverages Corp. d/b/a BJ's Wholesale Club #367* is requesting a non-use variance to allow package sales on Sundays of beer, wine and liquor for consumption off premises in an area currently zoned Business Districts, special (BU-2).

Size: The subject property is 14.44 acres.

Location: The subject property is located at 7050 & 7056 Coral Way in Miami-Dade County, Florida.

Analysis:

1. Solid Waste Disposal

The Miami-Dade County Solid Waste Management System consists of both County facilities and private facilities under contract as follows: three Class I landfills (two owned by Waste Management Inc., of Florida) a Class III landfill, a Resources Recovery Facility waste to energy plant and associated ash monofill, and three regional transfer facilities. The Public Works and Waste Management Department (PWWM) does not assess or adjust estimated capacity requirements based on the impacts of individual developments. Instead, the Department maintains sufficient disposal capacity to accommodate five years of waste flows committed to the system through long-term interlocal agreements or contracts with municipalities and private waste haulers and anticipated non-committed waste flows. The latest Concurrency Status Determination issued on September 25, 2013, which is valid for one year, shows sufficient disposal system capacity to exceed the County's adopted level of service (five years of capacity). This determination, which is on file with the Regulatory and Economic Resources Department (formerly the Department of Planning and Zoning) is contingent upon the continued ability of the County to obtain and renew disposal facility operating permits from the Florida Department of Environmental Protection, as needed.

2. Garbage and Trash Collection Services

Pursuant to Chapter 15 of the Miami-Dade County Code (Code), entitled Solid Waste Management, the retail and package store to be built on this vacant property will meet the County Code definition of development for commercial establishments. Per the Code the

following is required of commercial establishments located in unincorporated Miami-Dade County:

"Every commercial and multi-family residential establishment shall utilize the solid waste collection services of either the proper governmental agency able to provide such services, or that of a licensed solid waste hauler authorized to perform such services by the Director of the Department." Therefore, the landlord or property owner is required to contact a private hauler to provide waste and recycling collection service, once the buildings are developed.

3. Recycling

The following language from **Section 15-2.3a** of the Code requires commercial establishments "to provide for a recycling program, which shall be serviced by a permitted hauler or the appropriate governmental agency. The recycling program for commercial establishments must include a minimum of three (3) materials chosen from the following:

- | | |
|----------------------------------|--|
| 1) High grade office paper | 6) Steel (cans, scrap) |
| 2) Mixed paper | 7) other metals/scrap production materials |
| 3) Corrugated cardboard | 8) Plastics (PETE, HDPE-natural, HDPE-colored) |
| 4) Glass (flint, emerald, amber) | 9) Textiles |
| 5) Aluminum (cans, scrap) | 10) Wood |

Section 15-2.3 of the Code states the failure of a commercial establishment to provide a recycling program or a modified recycling program pursuant to Section 15-2.4 hereof shall constitute a violation of this section for which the property owner and the owner(s) and operator(s) of the commercial establishment shall be jointly and severally liable.

4. Waste Storage/Setout Considerations

Section 15-4 of the Code requires that plans for storage and collection of solid waste be adequate before a building permit may be issued. Site plans must address location, accessibility, number and adequacy of solid waste collection and storage facilities. The site plan legend must contain the following statement: "Facilities for the collection and storage of solid waste are shown in accordance with Section 15-4 of the Miami-Dade County Code."

5. Site Circulation Considerations

It is required that development plans associated with this project incorporate at least one of the following traffic circulation criteria to minimize the reversing of waste vehicles and hence, provide for the safe circulation of service vehicles:

- a. Cul-de-sac with a minimum 49 foot turning radius (no "dead-ends")
- b. "T" shaped turnaround 60 feet long by 10 feet wide
- c. Paved throughway of adequate width (minimum 15 feet)

In addition, any and all alleyways designed with utilities, including waste collection, provided at the rear of the property should be planned in accordance with standard street specifications with sufficient width and turning radii to permit large vehicle access. Additionally, there should be no "dead-end" alleyways developed. Also, a sufficient waste set-out zone should be preserved (between the edge of the pavement and any possible obstructions such as parked cars, fencing, etc.,) that would interrupt or preclude waste collection.

Memorandum

Date: March 10, 2014

To: Jack Osterholt, Deputy Mayor
Director, Regulatory and Economic Resources Department

From: Maria I. Nardi, Chief *M.I.N.*
Planning and Research Division
Parks, Recreation and Open Spaces Department

Subject: Z2014000014: MORMAX BEVERGAES CORP DBA BJ'S WHOLESALERS CLUB #367

Application Name: MORMAX BEVERGAES CORP DBA BJ'S WHOLESALERS CLUB #367

Project Location: The site is located at 7050 & 7056 CORAL WAY, Miami-Dade County.

Proposed Development: The request is approval for a SUNDAY SALES OF ALCOHOL.

Impact and demand: This application does not generate any residential population applicable to CDMP Open Space Spatial Standards. We have no pertinent comments for this application concerning impact or demand on existing County parks, proposed or budgeted service expansion, nor do we perform a concurrency review.

If you need additional information or clarification on this matter, please contact John Bowers at (305) 755-5447.

Memorandum

Date: 25-FEB-14
To: Jack Osterholt, Director
Department of Regulatory and Economic Resources
From: Dave Downey, Fire Chief
Miami-Dade Fire Rescue Department
Subject: Z2014000014

Fire Prevention Unit:

Not applicable to MDRF site requirements.

Service Impact/Demand

Development for the above Z2014000014 located at 7050 & 7056 CORAL WAY, MIAMI-DADE COUNTY, FLORIDA. in Police Grid 1489 is proposed as the following:

<u>N/A</u> residential	dwelling units	<u>N/A</u> industrial	square feet
<u>N/A</u> Office	square feet	<u>N/A</u> institutional	square feet
<u>N/A</u> Retail	square feet	<u>N/A</u> nursing home/hospitals	square feet

Based on this development information, estimated service impact is: N/A alarms-annually. The estimated average travel time is: 6:30 minutes

Existing services

The Fire station responding to an alarm in the proposed development will be:
Station 40 - West Miami - 975 SW 62 Avenue
Rescue, ALS Engine

Planned Service Expansions:

The following stations/units are planned in the vicinity of this development:
None.

Fire Planning Additional Comments

Not applicable to service impact analysis.
