\*\*\*\*\*

THE FOLLOWING SUMMARY INFORMATION IS PROVIDED AS A COURTESY; IT SHOULD NOT BE TREATED AS LEGAL ADVICE AND IT SHOULD NOT BE RELIED UPON. LEGAL CONSULTATION MAY BE WARRANTED IF AN APPEAL OR OTHER LEGAL CHALLENGE IS BEING CONTEMPLATED.

\*\*\*\*\*

Decisions of the Community Zoning Appeals Board (CZAB) may be subject to appeal or other challenge. For example, depending upon the nature of the requests and applications addressed by the CZAB, a CZAB decision may be directly appealable to the Board of County Commissioners (BCC) or may be subject to challenge in Circuit Court. Challenges asserted in Circuit Court, where available, must ordinarily be filed within 30 days of the transmittal of the pertinent CZAB resolution to the Clerk of the BCC. Appeals to the BCC, where available, must be filed with the Zoning Hearing Section of the Department of Regulatory and Economic Resources (RER), or its successor Department, within 14 days after RER has posted a short, concise statement (such as that furnished above for the listed items) that sets forth the action that was taken by the CZAB. (RER's posting will be made on a bulletin board located in the office of RER.) All other applicable requirements imposed by rule, ordinance, or other law must also be observed when filing or otherwise pursuing any challenge to a CZAB decision.

Further information regarding options and methods for challenging a CZAB decision may be obtained from sources that include, but are not limited to, the following: Sections 33-312, 33-313, 33-314, 33-316, and 33-317 of the Code of Metropolitan Dade County, Florida; the Florida Rules of Appellate Procedure; and the Municode website ([www.municode.com](http://www.municode.com)). Miami-Dade County does not provide legal advice regarding potential avenues and methods for appealing or otherwise challenging CZAB decisions; however, a licensed attorney may be able to provide assistance and legal advice regarding any potential challenge or appeal.

Item No. 1

<b>Recommendation Summary</b>	
<b>Commission District</b>	8
<b>Applicant</b>	The Fresh Market, Inc.
<b>Summary of Requests</b>	The applicant is seeking to approve signage that is not allowed by the sign regulations in an existing shopping center.
<b>Location</b>	8760 SW 136 Street, Miami-Dade County, Florida.
<b>Property Size</b>	54.37 acres
<b>Existing Zoning</b>	BU-2, Special Business District
<b>Existing Land Use</b>	Shopping Center
<b>2015-2025 CDMP Land Use Designation</b>	Business and Office (see attached Zoning Recommendation Addendum)
<b>Comprehensive Plan Consistency</b>	Consistent with interpretative text, goals, objectives and policies of the CDMP
<b>Applicable Zoning Code Section(s)</b>	Section 33-311(A)(4)(b), Non-Use Variance Standards (see attached Zoning Recommendation Addendum)
<b>Recommendation</b>	<b>Deferral.</b>

**REQUEST:**

NON USE VARIANCE of sign regulations to permit two (2) roof signs (roof signs not permitted).

Plans are on file and may be examined in the Department of Regulatory and Economic Resources, entitled "FRESH MARKET" as prepared by Federal Heath Sign Company and dated stamped received June 19, 2012, consisting of 3 sheets. Plans may be modified at public hearing.

**PROJECT DESCRIPTION:**

The submitted site plan depicts the existing retail market within the approximately 54 acre open air shopping center and the existing roof signage.

<b><u>NEIGHBORHOOD CHARACTERISTICS</u></b>		
	<b>Zoning and Existing Use</b>	<b>Land Use Designation</b>
<b>Subject Property</b>	BU-2; shopping center	Business and Office
<b>North</b>	BU-2; retail, offices and restaurant uses RU-4M: townhouses	Business and Office  Low-Medium Density Residential, 6-13 dua
<b>South</b>	Canal	Water
<b>East</b>	GU; South Dixie Highway/Busway	Transportation
<b>West</b>	RU-TH; townhomes	Low-Medium Density Residential, 6-13 dua

**NEIGHBORHOOD COMPATIBILITY:**

The subject property is an existing open air shopping center located on the southwest corner of SW 136 Street, a section line roadway, and South Dixie Highway. The surrounding area is characterized by commercial and retail uses as well as residential uses located to the west and south of the subject parcel.

**SUMMARY OF THE IMPACTS:**

Approval of this application will allow the applicant to maintain two (2) existing roof signs which are not permitted. The existing roof signage provides the tenant with more visibility at this intersection of two (2) well travelled roadways and may facilitate a smoother flow of traffic within the 54 acre site. However, the approval could have a visual impact on the surrounding commercial and residential uses.

**CDMP ANALYSIS:**

The subject property is an existing shopping center that is designated as **Business and Office** on the Comprehensive Development Master Plan (CDMP) Land Use Plan (LUP) map. *This category accommodates the full range of sales and service activities. Included are retail, wholesale, personal and professional services, call centers, commercial and professional offices, hotels, motels, hospitals, medical buildings, nursing homes (also allowed in the institutional category), entertainment and cultural facilities, amusements and commercial recreation establishments such as private commercial marinas.* The applicant seeks approval to permit signage beyond what is allowed by the Code for a tenant within the existing shopping center. The Business and Office designation permits retail uses such as the existing shopping center. As such, the existing use within the area designated as Business and Office is **compatible** with the commercial and retail uses allowed and therefore **consistent** with the CDMP LUP map Business and Office designation.

**ZONING ANALYSIS:**

The current application seeks approval of the existing roof signs (roof signs not permitted) for a tenant in the 54 acre shopping center under Section 33-311(A)(4)(b), Non-Use Variance Standards. However, this application needs to be deferred so that the requests can be properly analyzed and then re-advertised. Therefore, since this application has not been properly advertised it needs to be deferred with leave to amend and re-advertised.

**ACCESS, CIRCULATION AND PARKING:** Not applicable.

**NEIGHBORHOOD SERVICES PROVIDER COMMENTS:** See attached.

**OTHER:** N/A

**RECOMMENDATION:** Deferral.

**CONDITIONS FOR APPROVAL:** None.

### COMPREHENSIVE DEVELOPMENT MASTER PLAN (CDMP) OBJECTIVES, POLICIES AND INTERPRETATIVE TEXT

<p><b>Business and Office</b> (Page I-41)</p>	<p><i>This category accommodates the full range of sales and service activities. Included are retail, wholesale, personal and professional services, call centers, commercial and professional offices, hotels, motels, hospitals, medical buildings, nursing homes (also allowed in the institutional category), entertainment and cultural facilities, amusements and commercial recreation establishments such as private commercial marinas. Also allowed are telecommunication facilities (earth stations for satellite communication carriers, satellite terminal stations, communications telemetry facilities and satellite tracking stations). These uses may occur in self-contained centers, high-rise structures, campus parks, municipal central business districts or strips along highways. In reviewing zoning requests or site plans, the specific intensity and range of uses, and dimensions, configuration and design considered to be appropriate will depend on locational factors, particularly compatibility with both adjacent and adjoining uses, and availability of highway capacity, ease of access and availability of other public services and facilities. Uses should be limited when necessary to protect both adjacent and adjoining residential use from such impacts as noise or traffic, and in most wellfield protection areas uses are prohibited that involved the use, handling, storage, generation or disposal of hazardous material or waste, and may have limitations as to the maximum buildable area, as defined in Chapter 24 of the County Code. When the land development regulations are amended pursuant to Land Use Element Policies LU-9P and LU-9Q, live-work and work-live developments shall be permitted on land designated as Business and Office, as transitional uses between commercial and residential areas.</i></p>
---	---

### PERTINENT ZONING REQUIREMENTS/STANDARDS

<p><b>Non-Use Variances From Other Than Airport Regulations.</b> Section 33-311(A)(4)(b)</p>	<p><i>Upon appeal or direct application in specific cases, the Board shall hear and grant applications for non-use variances from the terms of the zoning and subdivision regulations and may grant a non-use variance upon a showing by the applicant that the non-use variance maintains the basic intent and purpose of the zoning, subdivision and other land use regulations, which is to protect the general welfare of the public, particularly as it affects the stability and appearance of the community and provided that the non-use variance will be otherwise compatible with the surrounding land uses and would not be detrimental to the community. No showing of unnecessary hardship to the land is required.</i></p>

---

The subject application has been reviewed for compliance with the requirements of Chapter 24 of the Miami-Dade County Code (the Code) and meets the minimum requirements of the Code. Accordingly, the application may be scheduled for public hearing.

The Department of Regulatory and Economic Resources has no pertinent comments regarding this application since the request does not entail any environmental concern.

#### Concurrency Review Summary

A concurrency review has been conducted for this application and has determined that the same meets all applicable LOS standards for an initial development order, as specified in the adopted CDMP for potable water supply, wastewater disposal, and flood protection. Therefore, the application has been approved for concurrency subject to the comments and conditions contained herein.

This concurrency approval does not constitute a final concurrency statement and is valid only for this initial development order, as provided for in the adopted methodology for concurrency review. Additionally, this approval does not constitute any assurance that the LOS standards would be met by any subsequent development order applications concerning the subject property.

This memorandum shall constitute written approval as required by Chapter 24 of the Code.

If you have any questions concerning the comments or wish to discuss this matter further, please contact Christine Velazquez at (305) 372-6764.

PUBLIC WORKS AND WASTE MANAGEMENT DEPARTMENT

DIC REVIEW #12-084  
**The Fresh Market, Inc.**

**Application:** *The Fresh Market, Inc.* is requesting a non-use variance to allow for additional signage on the property. The area is currently zoned BU-2 (Special Business District).

**Size:** The lease site for The Fresh Market is .58 acres on a subject property, the Falls Shopping Center, which is approximately 87 acres.

**Location:** The subject property is located at 8760 SW 136<sup>th</sup> Street in Miami-Dade County, Florida.

**Analysis:**

1. Solid Waste Disposal

The Miami-Dade County Solid Waste Management System consists of both County facilities and private facilities under contract as follows: three Class I landfills (two owned by Waste Management Inc., of Florida) a Class III landfill, a Resources Recovery Facility waste to energy plant and associated ash monofill, and three regional transfer facilities. The Public Works and Waste Management Department (PWWM) does not assess or adjust estimated capacity requirements based on the impacts of individual developments. Instead, the Department maintains sufficient disposal capacity to accommodate five years of waste flows committed to the system through long-term interlocal agreements or contracts with municipalities and private waste haulers and anticipated non-committed waste flows. The latest Concurrency Status Determination issued on September 12, 2011, which is valid for one year, shows sufficient disposal system capacity to exceed the County's adopted level of service (five years of capacity). This determination, which is on file with the Sustainability, Planning and Economic Enhancement Department (formerly the Department of Planning and Zoning) is contingent upon the continued ability of the County to obtain and renew disposal facility operating permits from the Florida Department of Environmental Protection, as needed.

2. Garbage and Trash Collection Services

The property as mentioned in the application falls within the PWWM solid waste collection service area. The placement of additional signage on a property within a shopping center will likely be considered development for a "commercial establishment". Chapter 15 of the Miami-Dade Code, entitled Solid Waste Management, requires the following of commercial developments located in unincorporated Miami-Dade County:

"every commercial and multi-family residential establishment shall utilize the solid waste collection services of either the proper governmental agency able to provide such services, or that of a licensed solid waste hauler authorized to perform such services by the Director of the Department." Therefore, the landlord or property owner is required to contact a private hauler to provide waste and recycling collection service. The collected material will subsequently be disposed of at PWWM facilities.

3. Recycling: Commercial Establishments

The following language from **Section 15-2.3a** requires commercial establishments "to provide for a recycling program, which shall be serviced by a permitted hauler or the appropriate governmental agency. The recycling program for commercial establishments must include a minimum of three (3) materials chosen from the following:

- |                            |  |
|----------------------------|--|
| 1) High grade office paper | 6) Steel (cans, scrap)                     |
| 2) Mixed paper             | 7) other metals/scrap production materials |

- |                                  |  |
|----------------------------------|--|
| 3) Corrugated cardboard          | 8) Plastics (PETE, HDPE-natural, HDPE-colored) |
| 4) Glass (flint, emerald, amber) | 9) Textiles                                    |
| 5) Aluminum (cans, scrap)        | 10) Wood                                       |

**Section 15-2.3 states** the failure of a commercial establishment to provide a recycling program or a modified recycling program pursuant to Section 15-2.4 hereof shall constitute a violation of this section for which the property owner and the owner(s) and operator(s) of the commercial establishment shall be jointly and severally liable.

#### 4. Waste Storage/Setout Considerations

**Section 15-4** of the Code requires that plans for storage and collection of solid waste be adequate before a building permit may be issued. Site plans must address location, accessibility, number and adequacy of solid waste collection and storage facilities. The site plan legend must contain the following statement: "Facilities for the collection and storage of solid waste are shown in accordance with Section 15-4 of the Miami-Dade County Code."

#### 5. Site Circulation Considerations

It is required that development associated with this project ensure that either of the following criteria be present in project design plans and circulation operations to minimize the reversing of waste vehicles and hence, provide for the safe circulation of service vehicles:

- a. Cul-de-sac with a minimum 49 foot turning radius (no "dead-ends").
- b. "T" shaped turnaround 60 feet long by 10 feet wide.
- c. Paved throughway of adequate width (minimum 15 feet).

In addition, any and all alleyways designed with utilities, including waste collection, provided at the rear of the property should be planned in accordance with standard street specifications with sufficient width and turning radii to permit large vehicle access. Additionally, there should be no "dead-end" alleyways developed. Also, a sufficient waste set-out zone should be preserved (between the edge of the pavement and any possible obstructions such as parked cars, fencing, etc.,) that would interrupt or preclude waste collection. **The PWWM has no objections to the proposed application.**
