If the time clock adjacent to the bid box is unable to stamp the bid envelope due to its thickness, please see Ms. Silvia Perez, Mr. James P. 8. Upon selection of participating contractors, individual work orders for each contractor shall be self-rotated by MDAD based on contractor availability, prior responsiveness, previous performance, urgency of the work and any other factor as may be determined by MDAD. The definition of an adequate response shall be determined at MDAD's sole discretion on a case-by-case basis. Once a contractor has responded within two (2) hours, MDAD staff will work with the contractor to determine the best course of action, establish the scope of the work and schedule the work. Failure to respond two consecutive times within two (2) hours of being contacted for work may result in the firm being removed from participation in the work order- based program.

10. MDAD shall provide selected contractors with sample work order forms and technical specifications for each respective trade as applicable.

11. All labor classification listed in the Bid Form must have a value greater than zero (\$0.00). Failure to submit a price for all labor classification shall be considered a non-curable deficiency and shall render the bid "Non-Responsive".

Furthermore, all other Pay Items listed in the Bid Form (Mobilization & Markup) must also have a value greater than zero; failure to comply with this requirement will not constitute a curable deficiency and shall render the bid "Non-Responsive".

All potential bidders are hereby notified that failure to submit the completed Bid Form reflecting the bid amount and bidder information will not constitute a curable deficiency and shall render the bid "non-responsive." Failure to include the COA, Fair Wage, Collusion and/or Affirmation of Vendor Affidavits, Addendum or other similar forms due with the bid shall be considered curable deficiencies. Bidders will be allowed to cure these deficiencies within deadlines established by MDAD staff.

the site meeting with a detailed scope of work to be performed and its cost breakdown. MDAD, based on the complexity of the scope of work, may grant additional time for the submission of the required proposal. The request for additional time shall be submitted in writing to the PM/CM in order to be valid and considered for approval by MDAD staff. Contractors that do not submit the required proposal as previously mentioned, will be issued a letter for deficiency. If the Contractor fails to provide a proposal after the deficiency letter has been sent, a Notice to Cure will be issued. Upon the contractor not submitting the required proposal after a Notice to Cure letter has been issued, the Contractor may be Terminated for Default as established in Section 1 of the General Terms and Conditions, Article 1.20 (Termination for Default) of the MCC 7360 contract. 15. Permits are required depending on the scope of work of each Work Order. Contractors shall obtain all permits, certificates inspections and licenses, pay all charges, taxes, royalties and fees and give all notice necessary and incidental to the lawful performance of the work.
