Estimated Value:	\$237,044 (excluding Contingencies and Dedicated Allowances)						
Project Name:	LEHMAN CURVE N41 REALIGNMENT						
Project Location:	6601 NW 72 Avenue, Miami, Florida 33166						
License Requirements:	Primary:	General Engineering; Railroad Construction					
Scope of Work:	(Contractor must obtain and submit all permits prior to performing any work). The work includes but is not limited to the following: Correct alignment of Curve #41 in the Lehman Yard Maintenance facility. The work will involve realigning the existing track to its designed 300-foot radius curve. The curve is currently out of service and cannot be used until the curve geometry is corrected. Sections of the existing track bed and substrate will be modified to accept the new track layout. The contact rail will also be aligned to match the 300-foot running rail radius. The track bed will be tamped, and concrete ties installed, as required. New running and third rail will be installed, as needed. The new track will be tested before being accepted to ensure that all control lines and traction power connections function per the intended design.
