During the term of the contract, the County reserves the right to add or delete vendors as it deems necessary in its best interests. If the County elects to add vendors, they must meet the same minimum qualifications established for the original solicitation.

Price quote(s) submitted by pre-qualified vendors shall not be in the form of a lump sum quote (unless otherwise specified) and shall include all labor, materials and equipment, and any other items identified by the County in the request for quote, necessary to perform the work. The County shall notify the vendor(s) at the time of quotations the requirements for the work, included but not limited to time for completion of the work, pre-quote meeting or site visit, if vendor or the County is responsible for permits, if the work be performed at night, on weekends, if liquidated damages applies and if performance bond applies.

The responsive, responsible vendor offering the lowest fixed price meeting the requirements of the quote shall be awarded the work for the specific project and may be included in the next spot market quotation. The award to one vendor for a specific project does not preclude the ability of that vendor from submitting offers for other specific item(s).

The user department issuing the Request for Quote (RFQ) shall be responsible for the proper documentation of the quotation process to include but not limited to:

1. Request for Quote Form
2. Addenda

If work for other trades is required in conjunction with this solicitation and will be performed by a subcontractor(s), an applicable Certificate of Competency/contractor license issued to the subcontractor(s) shall be submitted with the prime vendor's offer; provided, however, that the County may, at its option and in its best interest, allow the vendor to supply the subcontractor(s) certificate/license to the County during the offer evaluation period.
