ADDITIONAL ITEMS ALLOWED:

When a requirement is identified by the Miami-Dade Water and Sewer Department, the vendors in the "Pre-qualified Vendor Lists" shall be invited to offer a fixed price and a firm delivery time for the specific items. It will be the Miami-Dade Water and Sewer Department's prerogative to contact the pre-qualified vendors, contact three (3) pre-qualified vendors on a rotating basis, or to contact the pre-qualified vendors for a specific brand/make. The pre-qualified vendor offering the lowest fixed price on the total amount of the order shall be awarded the order

Although the County has identified Units, equipment, parts, service and installation for Liquid Level Control Systems as the items to be purchased from this contract, there may be ancillary items that must be purchased during the term of this contract.

LOCAL PREFERENCE:

The local preference must be applied to all price quotation at the time of price submittals. When there is a responsive bid from a Miami-Dade local business within 10% of the lowest price submitted by a responsive non-local business, the local business and the non-local low bidder shall have the opportunity to submit a best and final bid equal to or lower than the amount of the low bid previously submitted by the non-local business.

Bid Preference and Local Preference will be considered when evaluating the prices offered for specific orders. The bid preference shall be applied to the offers received from certified Micro/SBE bidders. The resulting Micro/SBE bidders' evaluation prices shall then be compared to the other offers to determine if Best and Final Offers (BSFO's) need to be requested in accordance with the Local Preference legislation.

UAP: This contract includes the 2% User Access Program Provision. The program discount must be collected for all purchases.

TOTAL CONTRACT VALUE: \$454,000.00

USER DEPARTMENT	ALLOCATION:
Miami-Dade Water & Sewer	\$454,000.00
