

AWARD SHEET SUPPLEMENT
BID No. 7031-0/18
AERIAL SPRAYING SERVICES

I. Purchasing Instructions

A. Award Description

Awarded bidders shall furnish two (2) or more multi-engine fixed wing aircrafts equipped for Ultra Low Volume spraying of insecticides to control mosquitoes within the confines of Miami-Dade County.

B. Contractor Responsibility (Re: ITB Paragraph 3.2)

Vendor shall provide: labor, equipment, supplies, aircraft, pilots, gasoline, oil, maintenance, landing, tie down fees, and all other costs associated with the requested services. The vendor shall provide a copy of each aerial spray mission report, showing the following:

- spray altitude;
- ground wind speed and direction;
- aircraft speed;
- begin and end times;
- amount of insecticide used;
- number of acres sprayed;
- temperature;
- color differentiating maps showing spray "on and spray" areas.
- copy of each aerial spray mission report using a calibrated global positioning satellite (GP). Reports shall be submitted within forty-eight (48) hours of each flight.

C. Contractor Availability (Re: ITB Paragraph 3.4)

The vendor must be available for contact between the hours of 7:30 AM and 5:00 PM seven (7) days per week.

The primary airport used for aerial spray operations is Tamiami Airport; however, other airports may be used when necessary, such as Homestead General and Opa-Locka.
