**Road map (Special conditions):**

**3.2 SCOPE OF WORK: GROUP 2 PUMP OUT SERVICES**

The successful bidder will provide all labor, equipment, tools and incidentals to efficiently and properly pump out all trap contents (grease, water and solids); scrape and pressure wash trap walls and water jetting of influent lines of the lift stations and other traps covered under this group on an as-needed when needed basis. After each service, the successful bidder shall submit to the County's Representative a report noting the location, type of service, separator number (if any), condition, and number of gallons pumped; report any abnormal conditions or areas in need of repair to the County's Representative. Repairs will be solicited from Group 3 Prequalification for repairs.

**3.2.1 PER GALLON PRICES**

Bidders must quote an all inclusive price per gallon for all pump out services. All related fees such trap washing (pressure cleaning), removal of solid and build up, truck cleaning, mobilization and water jetting fees shall be included in the price per gallon.

**3.2.4 DISPOSAL FEE**

Charges for legally disposing of these wastes will be reimbursed to the successful bidder when added to the invoice with proof of legal disposal and cost. Invoice at cost only.
