SECTION 2
SPECIAL CONDITIONS

2.1 PURPOSE: TO ESTABLISH A CONTRACT FOR THE COUNTY:

The purpose of this solicitation is to establish a contract for Tire Leasing and Related Services for Transit Buses and other vehicles in conjunction with the County's needs.

2.2 SMALL BUSINESS CONTRACT MEASURES:

Pending

2.3 PRE-BID CONFERENCE

A pre-bid conference is not scheduled at this time, but may be held at a future date and announced via addendum.

2.4 TERM OF CONTRACT: SIXTY (60) MONTHS

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter which is distributed by the County's Department of Procurement Management, Purchasing Division; and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the sixtieth month period.

2.5 OPTION TO RENEW

Intentionally Omitted

2.6 METHOD OF AWARD: To a Single Lowest Priced Vendor in The Aggregate

Award of this contract will be made to the responsive, responsible bidder who submits an offer on all items listed in the solicitation and whose offer represents the lowest price when all items are added in the aggregate. If a vendor fails to submit an offer on all items, its overall offer will be rejected. The County will award the total contract to a single vendor. The awarded bidder shall be regularly engaged in the business of providing tire leasing and vehicle tire services and submit three references. The current manufacturer's price list for the corresponding tire groups shall be submitted with your bid. However, the County reserves the right to request this documentation during the evaluation of the bid submittals.

2.6.1 EXPERIENCE

The bidder must be regularly engaged in the business of providing leasing and transit bus tire services for a mass transit and/or fleet agencies for at least five (5) years as of the bid opening date. Documentation should be submitted with the bid document and may be received in the form of contract award documents from other agencies, fleet customers, or

SECTION 2
SPECIAL CONDITIONS

equivalent; however, Miami-Dade County may, at its sole discretion, allow the bidder to complete or supplement the qualification requirements information/documents in this section during the bid evaluation period.

2.6.2 REFERENCES

In addition, three (3) references, consisting of former and/or existing customers, shall be listed in the bidder's submittal and attached to the bid submittal package. The references listed must be from customers who have received repair services for comparable tire service work as listed in this solicitation. The references must be on the company letterhead, signed, and clearly listing their contact information for verification purposes. The references should include the company's name, and the name, title, address, e-mail address, and telephone number of the contact person who can verify that the bidder has successfully provided the services that the bidder is offering under this solicitation. These references must demonstrate to the County's satisfaction that the bidder has sufficient experience and expertise in the transit bus industry or equivalent fleet.

All bidders are required to submit with their bid all the specified information, documents, and attachments as proof of compliance to the qualification requirements; however, Miami-Dade County may, at its sole discretion, allow the bidder to complete or supplement the qualification requirements information/documents in this section during the bid evaluation period.

2.7 PRICES SHALL BE FIXED AND FIRM FOR TERM OF CONTRACT:

If the vendor is awarded a contract under this solicitation, the prices proposed by the vendor shall remain fixed and firm during the term of contract. The rate or rates per tire mile for the entire 36 month run-out period shall be the rate or rates in effect for the twelve month period immediately preceding the original expiration date.

2.8 EXAMINATION OF COUNTY FACILITIES AND INSPECTION OF COUNTY EQUIPMENT

See Section 2.3

2.9 EQUAL PRODUCT

Intentionally Omitted

2.10 LIQUIDATED DAMAGES

Liquidated Damages may include such losses as loss of Ridership as a result of reduced confidence in the transit system, negative publicity and loss of public good will as a result of reduced reliability and performance levels.

SECTION 2
SPECIAL CONDITIONS

The awarded bidder shall pay to the County \$115 per hour, per occurrence of each below, plus the cost of tires if any, for each hour that any of the following events occur:

- a) Awarded bidder fails to replace tires, prior to the time the vehicle is scheduled to be placed into service, that are damaged or defective or have a tread depth on any point on the tread which is less than that specified in Section 3.0 of this Contract, or are in any way unsafe for normal use on a transit vehicle.
- b) Awarded bidder fails to provide tires that meet all specifications stated in this Contract.
- c) Awarded bidder fails to provide competent staff at the levels described in Section 3.0 of this Contract.
- d) Awarded bidder fails to perform any of the tire service tasks described in Section 3.0 of this Contract.

Assessment of liquidated damages shall commence upon the County notifying the awarded bidder, unless additional time is specified by MDT. No liquidated damages will be assessed if the defect is corrected within eight (8) hours of notice of defect by the County.

Additionally, the awarded bidder shall be liable for any compensatory damages incurred by the County. Payments of liquidated and compensatory damages are due within thirty (30) calendar days after receipt of a written demand by Miami Dade County.

2.11 INDEMNIFICATION AND INSURANCE

Contractor shall indemnify and hold harmless the County and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorneys' fees and costs of defense, which the County or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by the Contractor or its employees, agents, servants, partners principals or subcontractors. Contractor shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the County, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon. 2.21 COUNTY USER ACCESS PROGRAM (UAP)

Intentionally Omitted

2.22 ACCIDENT PREVENTION AND BARRICADES

Precautions shall be exercised at all times for the protection of persons and property. All vendors performing services under this contract shall conform to all relevant OSHA, State and County regulations during the course of such effort. Any fines levied by the above mentioned authorities for failure to comply with these requirements shall be borne solely by the responsible vendor. Barricades shall be provided by the vendor when work is performed in areas traversed by persons, or when deemed necessary by the County Project Manager.

SECTION 2
SPECIAL CONDITIONS

2.23 ADDITION OR DELETION OF FACILITIES

Although this solicitation identifies specific facilities where the services are provided, it is hereby agreed and understood that MDT may add or delete service for any facility (ies) when such services are needed or are no longer required during the contract period. The County will provide written notice of no less than thirty (30) calendar days to the vendor.

The County may determine to obtain price quotes for the additional facilities from other vendors in the event that fair and reasonable pricing is not obtained from the current contract vendor, or for other reasons at the County's discretion.

2.24 CLEAN-UP

All unusable materials and debris shall be removed from the premises at the end of each workday, and disposed of in an appropriate manner. Upon final completion, the awarded bidder shall thoroughly clean up all areas where work has been involved as mutually agreed with the user department's project manager.

2.25 PURCHASE OF OTHER ITEMS NOT LISTED WITHIN THIS SOLICITATION BASED ON PRICE QUOTES:

While the County has listed all major tire sizes and tire services within this solicitation which are utilized by MDT in conjunction with their operations, new buses with different tire sizes may be acquired during the term of this contract and it may require additional and/or similar services or tires. Under these circumstances, County may contact the awarded bidder to obtain a price quote for these other items. The County reserves the right to award these items to the awarded bidder, or acquire them through a separate solicitation (See Section 3.3).

2.26 LICENSES, PERMITS, AND FEES

The awarded bidder shall obtain and pay for all licenses, permits, and fees required for this project; and shall comply with all laws, ordinances, regulations, and building code requirements applicable to the work contemplated herein. Damages, penalties, and fines imposed on the County or the vendor for the vendor's failure to obtain required licenses or permits shall be borne by the vendor. Miami-Dade County understands and agrees that the awarded bidder has no control over the work space provided.

2.27 RUN-OUT PERIOD AT EXPIRATION

Upon the expiration of this contract, if awarded bidder is not awarded the succeeding contract, the County shall have the right to extend this contract for a run-out period not to exceed thirty six (36) months from the original expiration date. During this run-out period the County will continue to use all tires, furnished by the awarded bidder of this contract, in

SECTION 2
SPECIAL CONDITIONS

County's possession. The awarded bidder of this contract will not be providing new tires during this run-out period.

All terms and conditions of the bid shall remain in full force except that the awarded bidder of this contract shall be relieved of any requirement to furnish the County with additional tires, materials, equipment, or tire services during this thirty-six month run-out period unless requested by the County and agreed to by the awarded bidder.

The rate or rates per tire mile in effect during the run-out period shall be the rate or rates in effect for the last twelve month period of the five year term.

It is understood that the County shall continuously use such tires in so far as practicable on its highest mileage runs until such tires are rendered permanently unfit for service during said thirty-six month period.

Upon expiration of the said thirty-six month period the County shall pay for any unused mileage on such tires at the rate or rates in effect for the last twelve month period of the five year term. The County will acquire each such used tire as is, with no warranty as to the condition or fitness for continued use of such tires. The amount of the unused mileage shall be the rates as set forth in paragraph three above.

DRAFT

SECTION 3
TECHNICAL SPECIFICATIONS

3.1 SCOPE

The awarded bidder shall furnish the County tires for use on Miami-Dade Transit (MDT) fleet, which includes County owned / leased buses, and minibuses on a mileage basis for renumeration under the terms and conditions set forth hereinafter. The County agrees to use tires furnished by the awarded bidder on County fleet operated by MDT. MDT may continue to use the tires it owns for the fleet. Additionally, the County may either lease and/or make a direct purchase of tires for its fleet. Such tires may be, at the County's sole discretion, incorporated into this Contract for service by the awarded bidder. The awarded bidder shall provide service to such tires regardless of the source of supply. The number of tires to be furnished hereunder shall be sufficient to keep the fleet fully equipped and to provide a reserve supply to be mounted on wheel rims and stored in MDT facilities or any other Bus Maintenance facility providing service to MDT as may be required. Vehicles operating under this Contract shall be equipped with appropriate wheel rim sizes, type, and spacing to conform to the approved standards of the Tire and Rim Association, Inc., herein incorporated by reference.

3.2 RECORD KEEPING AND REPORTS

MDT will maintain a record of the number of miles covered by each vehicle each month and submit these records to the awarded bidder each month. Bus mileage data/records will be made available to the awarded bidder upon request.

All tires must be branded with an identifiable tracking number prior to shipping to MDT for inventory control purpose.

Awarded bidder shall provide to MDT, a monthly detailed listing of all MDT fleet (by vehicle number) per Group, for which services were performed.

The awarded bidder shall maintain computer records of all details with respect to the items to be furnished under this Contract, including but not limited to, one complete copy of each invoice and related notes. The awarded bidder shall provide the following computerized monthly reports:

- a) Monthly tire mileage reports sorted by and in this order:
 1. Group
 2. Garage number & location
 3. Vehicle Number
 4. Wheel position

- b) The monthly tire mileage reports must contain the following information:
 1. Total monthly mileage
 2. Total accumulated mileage (on new tread and/or retread)
 3. Brand number, date and tread mileage (new or retread) of tires removed from wheel position

- c) Monthly reports providing tire mileage summary by:

SECTION 3
TECHNICAL SPECIFICATIONS

1. Category, listing the brand number, tire mileage, and
 2. Date of all tires permanently removed from service during the month and the average tire mileage for all tires of the category permanently removed from service during the previous six (6) month period.
- d) A listing of air pressure checks by vehicle number. (Does not need to be computerized.)
- e) Monthly report, which indicates wheel rims, by an identification marking, which have been ~~stripped and painted during the preceding twelve month period. The month in which each wheel rim was stripped and painted must be indicated in the report.~~ cleaned and brightened.

3.3 FUTURE PURCHASE OF BUSES

When purchasing or leasing new vehicles, with tire sizes not listed in this contract, for which Miami-Dade County has not yet taken title to, on or before the effective date of this Contract, the County shall have the following options:

- a) lease tires from the awarded bidder
- b) purchase tires from the awarded bidder
- c) purchase or lease vehicles already equipped with tires
- d) purchase tires from another vendor.

If the awarded bidder is required to deliver tires under this paragraph, the awarded bidder shall provide tires meeting the specifications contained in Section 3.0 of this Contract, and which conform to the approved standards of the Tire and Rim Association, Inc. Such tires shall then be incorporated into this Contract. If the County chooses options A or B above, the tire mileage rate charged shall be in Bidder's subsequent price quote per Section 2.26.

The County may choose to negotiate a separate lease rate for tires for other vehicles not currently included in this Contract that may be placed into operation during the Contract term or if a different size and/or construction type of tire is required. Additionally, the County shall have the option to purchase or lease tires for vehicles not included in this Contract from another vendor.

In case of vehicles that may be purchased or leased during the term of this Contract the awarded bidder may be required to sell and/or deliver tires to the North American plant(s) or North American seaport for delivery to the vehicle manufacturer(s). Such deliveries shall be made when requested in writing with thirty (30) days notice by the County.

3.4 SALE OR DISPOSAL OF BUSES

If during the term of this Contract, the County sells, or in any manner dispose of or removes from operation any fleet vehicle which have been equipped with the awarded bidder's supplied tires, or discontinue the use of any fleet vehicle equipped with awarded bidder's supplied tires

SECTION 3
TECHNICAL SPECIFICATIONS

that cannot be used on other existing fleet vehicles, the County shall have the option to purchase the unused mileage of those tires at the rates set forth in the bidder's proposal form or buy the tires at a price agreeable to the County and the awarded bidder.

The awarded bidder shall remove from County facility (ies), at no cost to the County, all new unused tires, and retreads. County will give the awarded bidder advance notice of disposition of vehicles so that the awarded bidder has an opportunity to minimize spare stock.

In the event that the County elects to use scrap tires on vehicles that are to be sold or disposed of, the awarded bidder agrees to furnish such tires to the County, if available, at no charge. Under no circumstances shall a vehicle equipped with scrap tires be operated on any public right-of-way.

3.5 DAMAGE TO AND/OR LOSS OF TIRES

The costs of premature tire failure provided by the awarded bidder shall be borne entirely by the awarded bidder, regardless of the reason for the failure, including, but not limited to, tires damaged by irregular wear, brake heat, curbing, road hazards, improper installation, and misalignment.

The awarded bidder shall be reimbursed, on a remaining mileage basis, for any loss of awarded bidder supplied tires held in County facilities, as a result of fire, accident, or theft by proven forced entry. Such reimbursement shall be made as described below.

The value of the tires for the purpose of determining the amount of loss under this paragraph shall be determined by subtracting from the average mileage recorded for all tires of the same group (original tread or retread) removed from service during the six-month period immediately preceding the date of such loss, the mileage run by the particular tire prior to such loss and multiplying the difference by the tire rate in effect at the time of loss.

In the event that insufficient tires have been removed from service to determine an appropriate tire average, the awarded bidder may delay billing until such average can be determined based on the first fifty tires removed from service.

Payment for extra tubes shall be made at the Manufacturer's current printed price list less 50%.

Notwithstanding the foregoing, the awarded bidder shall be responsible for all tire losses resulting from tire theft (except when there is evidence of forced entry) or fraudulent conversions while the tires are located in tire service areas provided by MDT. The awarded bidder shall also be liable for loss of any nature that occurs while the tires are in the process of being transferred.

3.6 TITLE TO TIRES

MDT will not transfer, sublet, or lend the tires furnished by the awarded bidder, or permit the tires to be used by anyone other than MDT, without the prior written consent of the awarded

SECTION 3
TECHNICAL SPECIFICATIONS

bidder. Title to all tires furnished hereunder shall remain at all times with the awarded bidder until the unused mileage is purchased by the County. The County shall have the right to purchase unused mileage on tires in use and take possession of tires at anytime during the term of this Contract. Tires in use are those used tires mounted on wheel rims, both those already installed on vehicles and those in inventory. No unused tires or unused retreads whether mounted or un-mounted shall be considered tires in use. If the County exercises its right to purchase the unused mileage on tires, the value of the unused mileage shall be calculated as described in Section 3 of this Contract.

3.7 VEHICLE TIRE SERVICE STAFFING

The awarded bidder shall provide at a minimum the following staff:

- a) One Tire Service Technician Supervisor to oversee all Contractor Employees assigned to the various locations under this Contract.
- b) Thirteen (13) Tire Service Technicians. The Tire Service Technicians shall be assigned four to each facility (Northeast Facility, Central Facility and Coral Way Facility), to provide 24 hour/ 7 days a week service. The remaining Tire Service Technician shall be available to perform work assignments as deemed necessary by the Tire Service Technician Supervisor. All Tire Service Technicians must possess a valid Commercial Drivers Licenses (CDL). No employee of the awarded bidder shall operate an MDT vehicle to transport passengers and shall only operate County vehicles on MDT property.

For vehicles with independent suspension, wheel alignment will be checked visually.
- m) All tires shall be inflated to conform to approved standards of the Tire and Rim Association, Inc. or as may be mutually agreed upon by the County and the awarded bidder. The awarded bidder shall inspect the tires of each available vehicle every fourteen (14) days, at minimum, and adjust inflation, if necessary.
- n) All tire pressure monitors, if equipped, must be re-installed during the tire mounting process. The tire monitoring system must be checked and calibrated when wheels are installed on the bus.
- o) Reinstall skirt panels if equipped.

The awarded bidder shall monitor all vehicle tires covered under this Contract to ensure that all conditions and requirements listed above are met at all times during the term of the contract. In the event of a dispute between the awarded bidder and the County regarding the fitness and/or safety of a tire, the County, in its sole discretion, shall determine the fitness and/or safety of the tire.

3.11 CLEANING AND PREPARATION SERVICES OF WHEELS / RIMS

The awarded bidder shall provide the following services:

- a) Aluminum rims must be cleaned, **shined**, and de-burred in preparation for service. Steel wool or abrasive chemicals that affect the factory sealed coating on the rims shall not be used for cleaning. ~~The following is a Qualified Product List (QPL) of the only chemicals approved by the Transit department. No other chemicals shall be used to clean the wheel rims.~~
 - ~~• FO-1118D~~
 - ~~• 7807 MDT, by Unisource~~
 - ~~• SF-Bus Wash II concentrate, by Rex Chemicals~~
 - ~~• LA175, by Rochester Midland~~
 - ~~• Believer Plus One Step Traffic Film Remover, by Johnson Diversey Inc.~~
 - ~~• R-10083 Bus Wash, by Zep Chemical~~
 - ~~• NCTAB, by Delta Environmental Inc.~~

SECTION 3
TECHNICAL SPECIFICATIONS

- b) Cleaned wheel rims shall be visually inspected for signs of metal fatigue and cracking. Any wheel rims showing such defects shall be returned to MDT for inspection.
- c) Ensure that mounting surfaces and hardware are clean and free of rust, dirt, and foreign material.
- d) Ensure that wheel/hub clearance is within specification through use of the go/no go gauge.
- e) Apply a thin coat of Anti-Seize compound (TG8030CO0001) to the hub pilot to prevent galling.
- f) Prior to installing the lug nuts, apply two drops of oil (15W-40) at one point between the nut flange and hex.

3.12 COUNTY / CONTRACTOR FURNISHED FACILITIES AND EQUIPMENT

The awarded bidder shall supply and maintain all necessary tools and equipment at each of the service sites including, but not limited to, the following equipment:

- Tire mounting machines
- Tire re-groovers
- Tire spreaders
- Balancing machines
- Heavy duty air wrenches
- Torque wrenches
- Sockets

The County will provide at each of the service sites the following space and equipment:

- One shop bay
- Vehicle lift
- Shop air

The awarded bidder shall maintain the calibration certifications on all torque wrenches and provide calibration documentation to the MDT Division Chief at each location for file retention. Any costs related to the replacement of lost equipment or damages due to improper use will be borne by the awarded bidder.

3.13 TERMINATION

At termination of this Contract, the County may purchase from the awarded bidder all mileage remaining on the tires in use. Tires in use are only those used tires mounted on wheel rims and will include both those already installed on vehicles and those in inventory. A cash purchase price will be calculated by multiplying the tire mileage remaining on the tires by the mileage

SECTION 3
TECHNICAL SPECIFICATIONS

rates in effect for the preceding twelve-month period before the Contract termination date. The mileage remaining shall be determined by subtracting the mileage the tires have run in service from the average mileage recorded for all tires of the same group (original tread or retreaded) removed from service during the preceding twelve month period to the termination of the Contract. Payment to the awarded bidder for the remaining mileage will be made in equal monthly installments over a period of twelve months with the first payment to be made within sixty (60) days of the termination of the Contract. Such tires may be purchased where they are and as they are, without warranties or representations of any kind. Any unused tires, unused retreads, and any un-mounted used tires in inventory shall be removed by the awarded bidder at no cost to the County.

The awarded bidder, at the termination of this Contract, shall remove all of its personal property with the exception of that property, which the County has agreed to purchase, within thirty (30) calendar days. Any personal property of the awarded bidder which is not removed in accordance with this Section will be removed by the County and stored in an outside storage container at the bidder's expense.

Failure on the part of the awarded bidder to reclaim its personal property within thirty (30) days from the date of termination shall constitute a gratuitous transfer of title to the County for whatever disposition is deemed to be in the best interests of the County. If the awarded bidder has any property in its possession belonging to the County, the awarded bidder will account for the same, and dispose of it in the manner the County directs.

3.14 ROAD CALLS

The County's authorized Flat Tire Service Agent will pick up replacement tires, from the nearest tire facility, and return damaged tires to the same facility as replacement. The awarded bidder will provide documentation to the authorized Flat Tire Agent and the County of all replacement tires provided to the Flat Tire Agent and damaged tires received. The awarded bidder will monitor inventory and the location of all leased tires.

3.16 DEFINITIONS

MDT or OPERATOR – Shall mean Miami-Dade County, Transit Department.

TIRE – Shall mean a casing, tube, and flap for a tube-type tire; and casing only for a tubeless tire.

BUS – Shall mean a transit bus 40’ and 60’ long vehicle.

VEHICLE – Shall mean any Transit bus, coach, mini-bus, etc.

SECTION 3
TECHNICAL SPECIFICATIONS

RIMS / WHEELS – Shall mean the equipment upon which tires are to be mounted. Rims / Wheels shall be of sizes and types to conform to the approved standard of the Tire & Rim Association of America, Inc.

BUS AND SERVICE VEHICLE MILES – Shall mean the actual number of miles of operation / travel of a bus. The methods to record bus and service vehicle miles shall be established at the discretion of MDT (with methods reasonably designated to provide reliable mileage information). The service and vehicle miles will be calculated by means of an instrument, which will accurately record mileage of each bus and service vehicle, and may be supplemented by using vehicle operating maintenance and service schedule records to provide accurate mileage information."

LEASED TIRE MILEAGE RATE – Shall mean the rate paid to the bidder for the use of the bidder manufactured tires.

VEHICLE TIRE SERVICE RATE – Shall mean the rate paid for repairing, servicing, and maintaining all tires in revenue service and shall be a separate additional charge for bidder manufactured tires and the only rate applied against pre-contract (run-out) and MDT uniquely branded tires.

PERMANENTLY UNFIT FOR SERVICE (SCRAP TIRES) – Shall mean any tire, which through damage or use has completed its useable life and is not to be used in any additional revenue service.

DAMAGED / ABUSED TIRE – Shall not include tires which have accumulated bus mileage equal to or greater than the average mileage or the bonus point mileage and must be removed after evaluation as permanently unfit for service.

NFPA – Shall mean the National Fire Protection Association

NIOSH – Shall mean the National Institute of Occupational Safety Hazard

OSHA – Shall mean the Occupational Safety and Health Administration

FMCSA – Shall mean the Federal Motor Carrier Safety Administration

TIRE FITNESS – Shall mean the tire meets or exceeds all appropriate specifications contained in this contract

STRIPPING – Shall mean the removal of paint and foreign materials such as rust from wheel rims to make the surface suitable for painting

DEFECTIVE TIRE – Shall mean tires which because of their condition, interfere with the used, and/or safety of buses, or minibuses.
