Miami-Dade County, Florida

RFP No.

The County as represented by PWWM is soliciting proposals for disaster debris removal monitoring services to support the oversight and management of debris recovery contractors. The oversight and management of debris recovery contractors shall provide a range of services including but not limited to: truck certification; damage assessment; training; emergency planning; and other required services as needed and/or requested by the County. Other required services may include facilitating communication with the Federal Emergency Management Agency (FEMA), Federal Highway Administration (FHWA), the State of Florida and other federal agencies and coordination with state insurance representatives.

The County anticipates awarding three contracts to Primary, Secondary, and Tertiary Contractors. Work assignments will be awarded in an order of Primary, Secondary, and Tertiary, (refer to Section 2.3 (B) for Work Order Assignments).
