

**MIAMI-DADE
COUNTY**
ADDENDUM NO. 3

CLERK, CIRCUIT & COUNTY CLERK
MIAMI-DADE COUNTY, FLA.
#1

2013 APR 17 PM 4:22

CLERK OF THE BOARD

DATE: April 17, 2013
TO: ALL PROSPECTIVE PROPOSERS
SUBJECT: Request for Proposal No. 852
TITLE: Information Technology Hardware

This addendum becomes a part of the subject Request for Proposals (RFP):

- Attachment No.1 contains the pre-proposal questions received in response to RFP No. 852 with the applicable County responses.
- Attachment No. 2 contains the Pre-proposal Conference Sign-in Sheet
- Attachment No. 3 contains revised A-6 Forms for all Groups
- Attachment No. 4 contains revised standard specifications for all Groups.
- Attachment No. 5 contains an additional Item for the Group 3 Proposer Information Section.
- Attachment No. 6 contains a revised Form B-3

ALL OTHER INFORMATION REMAINS THE SAME.

Miami-Dade County

Beth Goldsmith, CPPB
Procurement Contracting Officer 2
Internal Services Department
Miami-Dade County

cc: Clerk of the Board

Attachment No. 1

Pre-proposal Questions and County Responses

**MIAMI-DADE
COUNTY**
ADDENDUM NO. 3

1. Section 2.1, Introduction, Page 4: Would Miami-Dade County consider utilizing an existing, competitively bid contract that allows for purchases of the products included in this bid, specifically HP's Western States Contracting Alliance (WSCA) Master Price Agreement number B27164 and its State of Florida Participating Addendum number 250-WSCA-10-ACS (collectively the "WSCA Agreement"), under which Miami-Dade County is an authorized purchaser? As a result, the WSCA Agreement would become the governing terms, with the addition of all other bid-specific requirements/pricing.

Response: The County continues to assess available contracts on an on-going basis in order to meet the operational needs of all departments. As outlined in the solicitation, the purpose of this RFP is to select strategic technology partners to work with the County.

2. Page 5, Section 2.2, Current Process: Please provide more information regarding the County's internal service management solution. Is this solution something that is custom and unique to the County or is it a solution along the lines of Ariba, Sciqwest, etc.?

Response: The County operates BMC REMEDY 7.6 Service Management for internal service request management. Authorized staff can submit procurement requests online for review by ITD technical staff. This system is not used for placing orders with vendors. The County is not seeking solution for contract management at this time.

3. Page 5, Section 2.3.1, Group 1: Would the County be open to AMD based options?

Response: No, the County has not requested AMD based options.

4. Page 5, Section 2.3.1, Group 1: Due to the length of time between the RFP release and the award date and the fact that Intel's chipset is expected to have a new release, please provide acknowledgement that the County understands that the model numbers of the devices provided may or may not be available at the time of the RFP award.

Response: The configurations included within the RFP are for the purpose of evaluation of responsive, responsible Proposers. The County understands that the exact configurations included within the RFP may not be available at the time of contract award.

5. Page 5, Section 2.3.1, Group 1, 2 and 3: Does the County have a Microsoft Enterprise Agreement?

Response: Yes, the County has a Microsoft Enterprise Agreement.

6. Page 5, Section 2.3.1, Group 1, 2, and 3: Does the County have a preference in regards to power supply?

Response: The power supply configuration provided by Proposers should be the proper wattage based on the case size and specifications for each class of machine. The County prefers certified energy star power supplies. Revised standard specifications, including power supply information, have been included in Attachment No. 4 to this Addendum.

7. Page 5, Section 2.3.1, Group 2: The video card on this build shows (2) DVI, this technology is being phased out for newer technologies like Displayport. Is the County agreeable to receiving a response that utilizes the latest technology for graphics?

Response: Yes, the County will accept response for Displayport. The configurations included within the RFP are for the purpose of evaluation of responsive, responsible Proposers. The County understands that the exact configurations included within the RFP may not be available at the time of contract award.

8. Page 6, Section 2.3.2, Group 2, Tablet: Would the County allow for responses with Windows 8 Pro operating systems?

Response: Yes, the County will accept response for Windows 8 for Tablets only. The configurations included within the RFP are for the purpose of evaluation of responsive, responsible Proposers. The County understands that the exact configurations included within the RFP may not be available at the time of contract award.

9. Page 6, Section 2.3.2, Group 2, Tablet and Netbook configurations: Neither of these configurations show a wireless requirement, is this an oversight?

Response: This was an oversight by the County. The County will require Wireless Connectivity Dual-band Wi-Fi (802.11a/b/g/n). Revised standard specifications, including wireless requirement information, have been included in Attachment No. 4 to this Addendum

10. Page 6, Section 2.3.2, Group 2, Laptop configuration: This configuration shows has a 10.1" display, please verify this specification.

Response: The display for Group 2 under section 2.3.2 is 11.6 inch WSVGA (1024x600) Anti-Glare LED. Revised standard specifications, have been included in Attachment No. 4 to this Addendum

11. Pages 6-7, Section 2.3.2, Group 2, Laptop, Mid Performance, and High Performance: These configurations show a Dell branded wireless NIC card. Please confirm that you are open to receiving responses that meet the technical specifications but may not be Dell branded devices

Response: This was an oversight by the County. The County will require Wireless Connectivity Dual-band Wi-Fi (802.11a/b/g/n). Revised standard specifications, including wireless requirement information, have been included in Attachment No. 4 to this Addendum.

12. Page 7, Section 2.3.3, Group 3: Are you currently using VMWare or Citrix for the broker?

Response: The County operates Citrix infrastructure for desktop virtualization.

13. Page 7, Section 2.3.3, Group 3: Are you planning on keeping the environment as is or changing (i.e. VM today, Citrix tomorrow)?

Response: The County operates Citrix infrastructure for desktop virtualization and has no plan to change.

14. Page 7, Section 2.3.3, Group 3: For Group 3, there is no mention of the monitors for the devices. Is this an unintended omission or will you be utilizing the monitors from the Group 1 award?

Response: The County does not require a monitor for the Thin Client devices outlined in Group 3.

**MIAMI-DADE
COUNTY**
ADDENDUM NO. 3

15. Page 7, Section 2.3.3, Group 3: If the County does need monitors to go with these devices, would the county be interested in all in one style devices in lieu of a traditional thin client and monitor bundle?

Response: See response to Question No. 14.

16. Page 7, Section 2.3.3, Group 3: For Group 3, the County does not mention accessories for the thin clients such as work center stands, VESA brackets for mounting to a monitor or stand, etc. Are these options items that the County will need responders to be compatible with or capable of supporting?

Response: No, the County will not require these options.

17. Page 7, Section 2.3.3, Group 3: Does the county require PC over IP support and/or TCX support for any or all of the thin clients shown in Group 3?

Response: No, the County does not required PC over IP support or TCX support for Group 3.

18. Page 7, Section 2.3.3, Group 3: Specific to the length of time the devices are expected to be utilized within the environment, the County's pricing forms for Group 3 as well as the specifications included do not mention or have an area to include pricing for software maintenance, maintenance, future software updates, etc that are not included in year 1 or within the initial acquisition cost of the devices. Will the County require this information from the vendors or will the County amend the response forms so the vendors can provide the total cost of the device including these post initial sale costs?

Response: Please see Attachment No. 5.

19. Page 7, Section 2.3.3, Group 3: Specific to the operating system listed on each of the thin client specifications, all of these devices have Wyse OS listed as the Operating System required. Will the County accept alternative Operating Systems capable of supporting Windows XP or Windows 7 Virtual Desktops, or is the County only considering the Wyse version of an OS as acceptable?

Response: The County will only accept the most current version of Wyse OS. Revised standard specifications, including OS information, have been included in Attachment No. 4 to this Addendum.

20. Page 8, Section 2.4, Website Services: What browser is the County standardized on? Would the County be agreeable to submitting purchase orders via the website in lieu of emailing the purchase order? Does the County utilize any eProcurement solutions such as Sciquest, Ariba, Oracle, Peoplesoft etc. that the website will need to be linked to or through?

Response: The County operates Windows Internet Explorer 8, 9 and 10. The County does not utilize and is not seeking an e-Procurement solution at this time.

21. Page 9, Section 2.7, Leasing: Please define third party leases. Does the County consider wholly owned subsidiaries as a third party, or does the County consider a third party to be a non-affiliated financial services company as a third party? Does the County wish to exclude proposals that include assigned or leases serviced by third party entities?

Response: The County considers a non-affiliated financial services company to be a third party lessor. Wholly owned subsidiaries with a different Federal Tax ID number are also considered a third party lessor. Proposers should provide a detailed description of leasing

options offered in response to Item No. 14 of the Proposer Information Section. The County will evaluate all information provided in accordance with the outlined Evaluation Criteria.

- 22. Page 9, Section 2.11, Inventory Requirements: In lieu of a spare parts contingency, would the County prefer a program where entire spare machines are provided for use as devices the County is capable of deploying for urgent situations, or is the County only interested in having spare parts available and on hand for break fix?**

Response: Proposers should provide a detailed description of how they will provide the inventory of 44 machines outlined in Section 2.11 as well as a spare parts inventory as deemed appropriate by the Proposer in response to Item No. 14 of the Proposer Information Section.

- 23. Page 10, Section 3.1, Submittal Requirements: Regarding the 3 separate packages required for submittal, please advise where you would like us to include responses to pages 1-16, which are not just informational.**

Response: It is not necessary to include pages 1-16 in the Proposal response. There are no pages within pages 1-16 that prompt for a response. These pages are informational only.

- 24. Page 20, Proposer Information Section, Paragraph 2: Please clarify if this paragraph is requesting references or if the County is requesting information regarding all contracts that are held with Government entities.**

Response: The County is requesting information regarding comparable contracts awarded to Proposers.

- 25. Page 20, Proposer Information Section, Paragraph 3: Please clarify how many contracts should be provided in order to fulfill this request and be compliant with the County's request?**

Response: Per Question No. 3 in the Proposer Information Package, Proposers should list all contracts performed for Miami-Dade County.

- 26. Page 20, Proposer Information Section, Paragraph 4: Please clarify the difference between the requirement in paragraph 4 vs. the requirements listed in paragraphs 2 and 3 above.**

Response: Question No. 4 is requesting a listing of major clients. Question No. 2 is requesting a description of comparable contracts. Question No. 3 is requesting a list of all contracts performed for Miami-Dade County.

- 27. Page 21, Technical Requirements, Item 7: Please clarify whether or not the County is agreeable to accepting responses for devices that are consumer class machines. Groups 2 and 3 of the "Hardware to be Provided" section of this RFP document specifically state that commercial class devices are the only devices that will be considered by the County.**

Response: Per Section 2.3, the County states Proposers shall provide pricing for commercial/business class machine only. Proposers providing consumer class machines may be deemed non-responsive.

- 28. Page 21, Technical Requirements, Item 14: Please clarify which leasing structures the County desires? What term of lease and frequency of payment is desired?**

Response: The County has not specified a leasing structure, term, and frequency of payment. Proposers should provide a detailed description of leasing options offered in response to Item No. 14 of the Proposer Information Section. The County will evaluate all information provided in accordance with the outlined Evaluation Criteria.

29. Page 29, Form A-6, Subcontractor/Supplier Listing: Please clarify whether this form is required in the bid response packets or if the form will be needed only upon contract award. The form in the RFP packet is marked as a draft document.

Response: Form A-6 should be included in the Proposal response. Revised A-6 Forms removing the "Draft" watermark have been included as Attachment 3 to this Addendum.

30. Page 20, Proposer Information Section, Proposer's Background, Experience and Past Performance (Item 2): Please clarify if this paragraph is requesting references.

Response: See response to Question No. 23.

31. Page 20, Proposer Information Section, Proposer's Background, Experience and Past Performance (Item 3): How many contracts must vendors include in order to be compliant?

Response: See response to Question No. 24.

32. Page 20, Proposer Information Section, Proposer's Background, Experience and Past Performance (Item 4): Please clarify the difference between this paragraph 4 and paragraphs 2 and 3 above.

Response: See response to Question No. 25

33. Forms B-1, B-2, and B-3: If vendors quote percentage above cost, is that acceptable?

Response: Proposers must complete Forms B-1, B-2 and B-3 in the format outlined within the RFP. Failure to complete the Forms as required may result in a firm being deemed non-responsive.

34. For Group 2, Option 1, is Window 8 Operating System an option?

Response: The configurations included within the RFP are for the purpose of evaluation of responsive, responsible Proposers. The County understands that the exact configurations included within the RFP may not be available at the time of contract award.

35. For Group 2, Option 2, is there a recommended display size?

Response: Revised standard specifications, including display information, have been included in Attachment No. 4 to this Addendum.

36. For Group 2, all options, are there required weight specifications?

Response: No, there are no required weight specifications

37. For Group 2, all options, are there any required docking specifications?

Response: No, there no required docking specifications

38. Under Section 2.11, is MD County requiring a total of 44 backup/inventory computers to be included in the bid? Could we provide quantity 2 computers per group or spare parts such as hard drives?

Response: Per Section 2.11, the County requires a total of 44 computers.

39. Will you make available the sign in sheet from the Pre- Bid meeting that was held on April 10th?

Response: The sign-in sheet has been included as Attachment 2 to this Addendum.

40. For Group 3 equipment are you using VM Ware or Citrix for your thin client software?

Response: Please see response to Question No. 12.

41. How often does the County make changes to the base image? Monthly, Quarterly, etc.

Response: The County makes changes to the base image as necessary to meet operational business requirements. Changes are not completed on a scheduled basis.

42. Is there an anticipated volume of purchases that may be made for the Library System?

Response: The County does not have an anticipated volume available at this time.

43. Clarification requested on Pg. 9 #2.7 Leasing Services Provided. What meant by "*....does not accept third party leases*". What is the County's definition of a third party lease?

Response: See response to Question No. 21.

44. Clarification requested on Pg. 17 # 4, Pg. 32 #8, Pg. 47 #12- May the vendor respond to all 3 sections within one binder as long as the sections are clearly identified for a total qty of 12 binders? Or does the agency want 3 binders separately for each group for a total of 36binders?

Response: The County requests the submission of a separate proposal for each Group due to the fact that each Group will be evaluated independently.

45. Page 36 #9 - Please provide documentation on what "the current process" is .

Response: The current processes are outlined in Section 2.2 of the RFP.

46. Price Proposal Schedule Group 1-Pg 31, Group 2-Pg 46, Group 3-Pg 61

If the vendor would like to respond with pricing for Multiple Manufacturers per group, will it be acceptable to provide Form B – Price Proposal Schedule Per Group for Each manufacturer?

Example Group 1 – Desktops Computers PG. 31

Pg. 31 Form B – Price Proposal Schedule – Manufacturer A

Pg. 31 Form B – Price Proposal Schedule – Manufacturer B

Pg. 31 Form B – Price Proposal Schedule – Manufacturer C

To be repeated per group as necessary

Response: If a Proposer would like to propose multiple manufacturers, a separate complete proposal would need to be submitted for each manufacturer. Proposing a different manufacturer would impact more than just the Price Proposal Form. Items within the Proposer Information Section (i.e. Item No. 7) would also be impacted.

47. Does the county anticipate that it will use 3 separate websites to administer their personal computing environment if each group goes to a separate vendor?

Response: In the event that three separate Proposers are awarded, the County understands that three separate websites will be required.

48. Does the county anticipate a time that the requested website would also be used to process and place orders?

Response: Proposers should provide a detailed description of the proposed website in response to Item No. 10 of the Proposer Information Section. The County will assess processes on an ongoing basis based on available functionality.

49. With respect to the specifications for each unit, can we assume that brand specific references are not meant to limit the offerings that can be presented?

Response: Any reference to brand specific items was an oversight on the part of the County. Revised standard specifications have been included in Attachment No. 4 to this Addendum.

50. With respect to Group 2, Option 2: Netbook: we don't offer a 2 year warranty. Will a 3 year warranty be acceptable?

Response: Yes, a 3 year warranty would meet the requirement outlined. Proposers should provide a detailed description of what warranty options are being included in response to Item No. 11 of the Proposer Information Section.

51. We assume that education pricing will only be used if it is lower than our standard pricing for the entire county.

Response: That is correct.

52. Would the county consider purchasing and paying for the inventory at the time of order if the vendor supplied an extra one year warranty?

Response: The County will not accept the extra one year warranty period in lieu of the consignment inventory requested in this RFP.

53. When new products are introduced, will the County exhaust the existing inventory before requesting newer product?

Response: That is correct.

54. What is the definition of dedicated personnel? Are the people that we designate allowed to work on any other projects if time permits?

Response: Dedicated personnel means individuals assigned specifically to work with the County that the County may access directly as opposed to contacting a general company-wide phone number and/or email. Dedicated personnel may be assigned to other accounts/projects as long as there is no service delays and/or operational impact to the County.

55. If a local VAR partners as an agent with an OEM, can the response qualify for SBE preference?

Response: In the event that a certified SBE firm opts to use a subcontractor, the Selection Factor would be applicable. If a certified SBE firm partners equally with a non-SBE firm and submits a joint proposal, the Selection Factor would not be applicable. If a non-SBE firm opts to use a certified SBE firm as a subcontractor, the Selection Factor would not be applicable.

56. Other than the Website what kind of planning services are you requesting? Are you requesting a Project Manager as part of the proposal? If so will the County have a dedicated interface or will the Project Manager have to engage each department?

Response: As outlined in Section 2.6, planning services may include stewardship activities and technology road mapping to allow the County properly plan for technology initiatives/purchases. Proposers may opt to provide a Project Manager as part of the Dedicated Personnel being proposed to the County. ITD will serve as the contract administrator on behalf of all County departments.

57. Should we assume all thin clients will need to have a monitor, keyboard and mouse as part of the configuration?

Response: The County will not require a monitor for Group 3. Proposers must include wired keyboard and mouse as part of Groups 3. Revised standard specifications have been included in Attachment No. 4 to this Addendum.

58. Would the County consider extending this due date? If so, please provide an updated due date and time.

Response: It is not the intention of the County to extend the Submission Due Date.

59. When does the County intend to issue responses to Proposers' questions?

Response: The County has included responses to all questions received in this Addendum No. 3.

60. Please confirm if the County wants manufacturer-specific associated components or if Proposers may offer third party manufacturers that would meet the County's requirements for Group 1.

Response: Proposers must provide Desktop Computers that meet or exceed the specifications outlined within the solicitation, which includes authorized/approved components from a specified OEM. Revised standard specifications have been included in Attachment No. 4 to this Addendum.

61. Group 1. Does the County require VPro capability on any or all of the machines listed?

Response: No, the County does not require VPro capability.

62. Group 1. The County's specifications are for 2nd generation iCore processors. Please provide the minimum requirements for the 3rd generation (current version) of processors.

Response: Revised standard specifications, including processor information, have been included in Attachment No. 4 to this Addendum.

63. Group 1. On the hard drive spec listed for the Standard Performance desktop, 6Gb/s is listed as the required data transfer speed. If the hard drive meets the GB and RPM specifications, is that sufficient? If not, please provide a detailed explanation as to why 6Gb/s is required for the standard user.

Response: Proposers must meet or exceeds specification listed.

64. Group 1. The County mentions Energy Star and RoHS Compliance. Which Energy Star compliance (Gold, Silver) is required?

Response: The County requires Silver Energy Star rating. Revised standard specifications have been included in Attachment No. 4 to this Addendum.

65. Group 2. Does the County require VPro capability on any or all of the machines listed?

Response: No, the County does not require VPro capability.

66. Group 2. The County's specifications are for 2nd generation iCore processors. Please provide the minimum requirements for the 3rd generation (current version) of processors.

Response: Revised standard specifications, including processor information, have been included in Attachment No. 4 to this Addendum.

67. Group 2. The County mentions Energy Star and RoHS Compliance. Which Energy Star compliance (Gold, Silver) is required?

Response: The County requires Silver Energy Star rating. Revised standard specifications have been included in Attachment No. 4 to this Addendum.

68. Group 2. Is there any consideration being made for military specification testing (milspec) and/or semi-rugged systems?

Response: No, milspec and semi-rugged systems are not being evaluated or included in any award associated with this RFP.

69. Group 2/Group 3. Regarding the requested warranties for Groups 2 and 3, is onsite warranty a requirement or will the County accept depot (mail-in) warranty as your standard?

Response: Revised standard specifications, including warranty information, have been included in Attachment No. 4 to this Addendum.

70. Section 2.8. Is the County interested in having the vendor apply asset tags at the manufacturing stage in addition to loading the County's image?

Response: No, the County is not interested in having asset tags applied.

71. Section 4.2. Please confirm if the Proposer will be penalized for not providing a pricing discount for eligible customers deemed by the County to be educational.

Response: The County will evaluate proposed Educational Pricing Options in accordance with the Evaluation Criteria for each Group.

72. Group 1, Proposer Information Package, Item 4. Please confirm that the County is looking for information on all Proposer customers who purchase in-scope products on contract. Also, please define "modules" as stated in this section.

Response: The County is seeking a listing of all major clients included public entities for which Proposers have been awarded a similar contract. Modules refers to what services from Section 2 (i.e. website, dedicated personnel, etc.) are being provided to the identified clients.

73. Form B-1, All Groups. Please confirm if the pricing table should state "Public Sector List Price" or "List Price" as there is a discrepancy on the pricing tables. Also, please define "list price."

Response: All Groups should state, "Public Sector List Price." Public Sector List Price is defined as the published and/or advertised price that vendors make available/visible to all public sector entities.

74. Form B-1. All Groups. The County specifies that they want to know what educational/academic pricing options are available from the Proposer. Will the County be adding this discount information to the pricing table so it can compare percentages and prices side-by-side from various Proposers?

Response: The County is not evaluating the actual discount that is provided via educational/academic pricing. Rather, the County is requesting that Proposer's provide a detailed description of what, if any, educational/academic pricing options are available as well as information regarding what documentation or certifications are required to gain access to this pricing. Proposers may, at their option, wish to include percentages discounts as part of their response to Item No. 19 of the Proposer Information Section.

75. Form B-1. Group 1. Please confirm if 20% is the correct annual spend percentage for the high performance model in Group 1. Earlier in the document, it states it is 30%. If you add up the corresponding percentages (20%, 50%, and 20%) they only add up to 90%.

Response: The Form B-1 contains a typographical error. Per Section 2.3.1, the appropriate percentages are Option 1, Standard Performance – 20%, Option 2, Mid Performance – 50%, and Option 3, High Performance – 30%.

76. Section 2.11 - The RFP states that "the County requires on-site inventory be provided on a consignment basis."

a. How will the County store and update the vendor when the units are put into production?

Response: Inventory will stored in secure, climate controlled store room. The County will issue a purchase order when units are deployed.

b. Will the consignment units get installed within a guaranteed time period?

**MIAMI-DADE
COUNTY**
ADDENDUM NO. 3

Response: The consignment inventory will not exceed 60 calendar days from receipt of the asset by the County. After the 60 calendar day period, the County will issue a purchase order for those assets that have exceeded the 60 calendar day consignment term.

- c. Could the vendor provide a delayed payment terms instead?

Response: No, the County is not requesting a delayed payment term.

77. Draft Agreement – Article 30 and 37 - The Draft Agreement states that this contract will be subject a two percent (2%) user access program (UAP) fee and may be subjected to a one quarter (1/4) of one (1) percent Inspector General Audit cost.

- a. Would the County confirm what the total percentage to be deducted from vendor invoices – 2% or 2.25%?

Response: The total percentage to be deducted is 2.25%.

- b. Are there any additional fees that the County may access a vendor on submitted invoices?

Response: There are no additional fees to be assessed on vendor invoices.

Attachment No. 3
Revised A-6 Forms

Attachment No. 4
Revised Standard Configurations

Group 1 – Desktop Computers

Option 1	Standard Performance
Processor:	3rd Generation Intel® Core™ i5 3330 Processor (up to 3.20ghz)
Operating System:	Genuine Windows® 7 Professional, 64-bit
Memory:	4GB DDR3, Non-ECC, 1333MHz Dual Channel SDRAM, 2x2GB
Boot HDD:	500GB 7,200 RPM 3.5" SATA, 6.0Gb/s Hard Drive w/ 16MB Cache
Media Storage Device:	16X DVD-ROM SATA
Video Card:	Integrated Video, Intel® HD Graphics 2000 (1DP & 1 VGA)
Case:	Desktop (excluding All-In-One)
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Monitors:	20" LCD Wide Screen
Environmental Compatibility:	Energy Star and RoHS
Case:	Desktop (excluding All-In-One)
Power supply	certified Energy Star power supplies (silver)
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel

Option 2	Mid Performance
Processor:	3rd Generation Intel® Core™ i7 3370 Processor (up to 3.90ghz)
Operating System:	Genuine Windows® 7 Professional, 64-bit, English
Memory:	8GB DDR3, Non-ECC, 1333MHz Dual Channel SDRAM, 2x4GB
Boot HDD:	500GB 3.5 6.0Gb/s SATA with 16MB DataBurst Cache™
Media Storage Device:	16X DVD-ROM SATA
Video Card:	512MB AMD RADEON HD 6350 (2 DVI), Full Height
Case:	Mini Tower
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Monitors:	22" LCD Wide Screen
Environmental Compatibility:	Energy Star and RoHS
Power supply	certified Energy Star power supplies (silver)
Case:	Mini Tower
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel

Option 3	High Performance
Processor:	3rd Generation Intel® Core™ i7 3370 Processor (up to 3.90ghz)
Operating System:	Genuine Windows® 7 Professional, 64-bit, English
Memory:	16GB DDR3 Non-ECC, 1333MHz Dual Channel SDRAM, 4x4GB
Boot HDD:	500GB 3.5 6.0Gb/s SATA with 16MB DataBurst Cache™
Second HDD	250GB 3.5 6.0Gb/s SATA with 8MB DataBurst Cache™
Media Storage Device:	16X DVD-ROM SATA
Video Card:	1GB AMD RADEON HD 6450 (1 DP/ DVI), Full Height
Case:	Mini Tower
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)

MIAMI-DADE COUNTY
ADDENDUM NO. 3

Monitors:	24" LCD Wide Screen
Environmental Compatibility:	Energy Star and RoHS
Case:	Mini Tower
Power supply	certified Energy Star power supplies (silver)
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel

Group 2 – Mobile Computers

Option 1: Tablet	Description
Processor:	Intel® Atom® Processor Z670 (1.50GHz, 512KB)
Operating System:	Genuine Windows® 7 Professional, Media, 32-bit, English
Memory:	2.0GB, DDR2-800MHz SDRAM, Integrated
Primary storage	64GB Mobility Solid State Drive
Camera/Microphone:	Dual Webcams with Digital Microphone - 1.3MP Front / 5.0MP Rear
Video Card:	Intel® Graphics Media Accelerator 600
Hardware Warranty:	1 Year On-site
LCD	10.1" WXGA (1280x800) Wide Viewing Angle
Environmental Compatibility:	Energy Star and RoHS (silver)
wireless	Wireless Connectivity Dual-band Wi-Fi (802.11a/b/g/n)

Option 2: Netbook	Description
Processor:	AMD Dual-Core Processor E-450(1.65GHz, 1MB L2 Cache)
Operating System:	Genuine Windows® 7 Professional, 64-bit, English
Memory:	4GB DDR3 System Memory (1 Dimm)
Display	LCD/LED 11.2" anti-glare
Boot HDD:	320GB 5400 rpm Hard Drive
Webcam:	Webcam and mic
Video:	AMD Radeon HD 6320M Discrete-Class Graphics
Hardware Warranty:	2 Year On-site
Monitors:	none
wireless	Wireless Connectivity Dual-band Wi-Fi (802.11a/b/g/n)
Environmental Compatibility:	Energy Star and RoHS (silver)

Option 3: Laptop	Standard Performance
Processor:	3rd Generation Intel® Core™ i3-3227U (3M cache, 1.9ghz)
Operating System:	Genuine Windows® 7 Professional, 64-bit, English
Memory:	2.0GB, DDR3 SDRAM at 1333MHz
Hard drive:	250GB 5400rpm Hard Drive
Display:	11.6" inch WSVGA (1024x600) AntiGlare LED
Webcam:	none
Media Storage Device:	8X DVD
Video Card:	Express Card

MIAMI-DADE COUNTY
ADDENDUM NO. 3

Wireless	Wireless™ 1501 802.11b/g/n Half Mini Card
Hardware Warranty:	3 Year On-site
Environmental Compatibility:	Energy Star and RoHS (silver)

Option 4: Laptop	Mid-Performance
Processor:	3rd Generation Intel® Core™ i5-3337U processor (3M cache up to 2.7ghz)
Operating System:	Genuine Windows® 7 Professional, 64-bit, English
Memory:	3.0GB, DDR3-1333MHz SDRAM, 2 DIMMS
Hard drive:	320GB 5400rpm Hard Drive
Display	14.0" HD(1366x768) Anti-Glare LED
Webcam:	Webcam and mic
Media Storage Device:	8X DVD

Wireless	Wireless™ 1501 802.11b/g/n Half Mini Card
Hardware Warranty:	3 Year On-site
Environmental Compatibility:	Energy Star and RoHS (silver)

Option 4: Laptop	High Performance
Processor:	3rd Generation Intel® Core™ i7-3840QM processor (8MB Cache, up to 3.8GHz w/ Turbo Boost 2.0)
Operating System:	Genuine Windows® 7 Professional, 64-bit, English
Memory:	4.0GB, DDR3-1333MHz SDRAM, 2 DIMMS
Hard drive:	256GB Solid State Drive
Display	15.6" HD(1366x768) Anti-Glare LED
Webcam:	Webcam and mic
Media Storage Device:	8X DVD
Video Card:	Intel® HD Graphics 3000
Wireless	Wireless™ 1501 802.11b/g/n Half Mini Card
Hardware Warranty:	3 Year On-site
Environmental Compatibility:	Energy Star and RoHS (silver)

Group 3 – Thin Client Devices

Option 1	Standard Thin Client Device
Processor:	1 GHz processor
Operating System:	Wyse OS (most current version)
Memory:	512 MB RAM DD2
Primary storage	128 MB FLASH
Video Card:	VIA VX855 (dual monitor capability)
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Wireless	none
Environmental Compatibility:	Energy Star and RoHS (silver)

ADDENDUM NO. 3

keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel
Comments:	Recommended for task worker and/or kiosk users

Option 2	Standard Thin Client Device (no dual monitor capability)
Processor:	1 GHz processor
Operating System:	Wyse OS (most current version)
Memory:	512 MB RAM DD2
Primary storage	128 MB FLASH
Video Card:	VIA VX855
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Wireless	none
Environmental Compatibility:	Energy Star and RoHS (silver)
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel
Comments:	Recommended for task worker and/or kiosk users

Option 3	Wireless Thin Client Device
Processor:	1 GHz processor
Operating System:	Wyse OS (most current version)
Memory:	512 MB RAM DD2
Primary storage	128 MB FLASH
Video Card:	VIA VX855 (dual monitor capability)
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Wireless	Internal Wireless 802.11 b/g/n
Environmental Compatibility:	Energy Star and RoHS (silver)
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel
Comments:	Recommended for task worker and/or kiosk users with wireless requirements

Option 4	Wireless Thin Client Device - (no dual monitor capability)
Processor:	1 GHz processor
Operating System:	Wyse OS (most current version)
Memory:	512 MB RAM DD2
Primary storage	128 MB FLASH
Video Card:	VIA VX855
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Wireless	Internal Wireless 802.11 b/g/n
Environmental Compatibility:	Energy Star and RoHS (silver)
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel
Comments:	Recommended for task worker and/or kiosk users with wireless requirements

Option 5	Premium Thin Client Device (R10L)
Processor:	1.5 GHz processor

MIAMI-DADE COUNTY

ADDENDUM NO. 3

Operating System:	Wyse OS (most current version)
Memory:	2 GB RAM
Primary storage	1 GB FLASH
Video:	AMD ATI 690E (dual monitor capability)
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Wireless	Internal Wireless 802.11 b/g/n
Environmental Compatibility:	Energy Star and RoHS
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel
Comments:	Recommended for 2-way Video Conferencing

Option 6	<i>Premium Thin Client Device (R10L) - (no dual monitor capability)</i>
Processor:	1.5 GHz processor
Operating System:	Wyse OS (most current version)
Memory:	2 GB RAM
Primary storage	1 GB FLASH
Video:	AMD ATI 690E
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Wireless	Internal Wireless 802.11 b/g/n
Environmental Compatibility:	Energy Star and RoHS
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel
Comments:	Recommended for 2-way Video Conferencing

Option 7	<i>DSL-Ready Thin Client Device</i>
Processor:	1 GHz processor
Operating System:	SUSE Linux Enterprise (current version)
Memory:	1 GB RAM
Primary storage	1 GB FLASH
Video:	VIA VX855 (dual monitor capability)
Hardware Warranty:	3 Year Advanced Exchange Mail-In (shipping to be provided by Proposer)
Wireless	Internal Wireless 802.11 b/g/n
Environmental Compatibility:	Energy Star and RoHS (silver)
keyboard/mouse	Keyboard Wired Entry Keyboard - US, MOUSE USB Optical Mouse / track wheel
Comments:	Boots up into the Miami-Dade County cloud site for login into a virtual desktop

Option 8	<i>DSL-Ready Thin Client Device - (no dual monitor capability)</i>
Processor:	1 GHz processor
Operating System:	SUSE Linux Enterprise (current version)
Memory:	1 GB RAM
Primary storage	1 GB FLASH
Video:	VIA VX855
