Miami-Dade County’s Black Affairs Advisory Board

The Black Affairs Advisory Board (BAAB) falls under the Office of the Chair of the Miami-Dade County Board of Commissioners (BCC) and was created to serve in an advisory capacity to the BCC on issues affecting and relevant to citizens who emanate from the African Diaspora.

This board was created in 1994 and is also charged with making its constituents aware of the tax-supported services available through their local and state government entities. The BAAB has several committees which are tasked with identifying and finding viable solutions and options to issues affecting the Black World Community. These committees include: Education; Black Heritage Planning; Wellness and Health Care; Housing; Crisis Intervention/Respect Life; Economic Development; Social Media & Marketing; and Legislative Affairs. One subcommittee, the Haitian American Emergency Relief Committee (HAERC), established a 501c3 and operates in a quasi-independent manner from the BAAB.

The Black Heritage Planning Committee sponsors some of the Board’s most notable programs including its Black History Month exhibit, which features its curated photographic presentation “Vessels” and “Triumphant Spirits” honoring women and men who contribute positively to the growth and development of our community. This committee also hosts the annual “Pillars Award” program, which recognizes individuals or organizations who are deeply committed to public service but often go unheralded. The accompanying “Young Pillars” scholarship program has grown significantly since its inception in 2005 and provides financial assistance to students who demonstrate strong community service ideals.

Through its “Village Dialogues”, the BAAB delves deeper into the community in an effort to focus clearly on issues impacting their lives. These dialogues focus generally on education; community violence; economic development; health and housing. The MDC-CRT or “Miami-Dade County Coordinated Response Team (MDC-CRT) which is not housed in the County’s 311 system, is a direct result of one such dialogue. In October 2018, the BAAB sponsored a Village Dialogue on “Continuing the Dialogue on the State of Black Miami: “The Wakanda Effect,” which was held in the Board of Commission Chamber and televised on MDTV. This dialogue was a continuation of the “State of Black Miami” which began under the leadership of then Chair, Commissioner Jean Monestime in 2016. Another successful result of our Village Dialogues was the establishment along with Dade County Public Schools of the “Civil Citation Program” which has now been expanded throughout the State of Florida and has resulted in the reduction of long term involvement in the criminal justice system for juveniles.

For several years, the Black Affairs Advisory Board has partnered with a few organizations to compile a comprehensive list of the civic, cultural, professional and business organizations that comprise the African Diaspora here in Miami-Dade County. Once again, we are proud to present this most recent publication that we hope will demonstrate the strength and viability of the Black World Community.

The Miami-Dade County Black Affairs Advisory Board, as part of the Office of Community Advocacy, continues to act in an advisory capacity to the Board of County Commissioners and advocates for the social, economic, political and educational needs of our constituents.

We hope that this publication will encourage those who view it to connect and support these organizations and businesses that make Miami-Dade County an exciting and dynamic place.

Disclaimer

This edition of the “Black World Guide” once again represents the Black Affairs Advisory Board’s effort to connect the organizations, programs and businesses that represent the Black World Community currently in existence in Miami-Dade County. Every effort has been made to include those organizations, businesses and entities, however as in all projects such as these, omissions can happen. Please bring any omissions to our attention so that they can be included in any future updates; preferably by email to Retha.Boone-Fye@miamidade.gov or by fax to (305) 375-5715.

The compilation of these organizations and entities would not have been possible without the assistance of several organizations and our sincere appreciation is extended to them including: Shirley Ellison; Desmond Alufohai; interns Kamari Dawson and Abdias Armenteros.

Thanks are also extended to John Dixon, Executive Director of the Miami-Dade Economic Advocacy Trust (MDEAT); members of the Economic Development Committee; Traci Pollock, William Simmons as well as Desmond Alufohai and Dr. Yinka Tella from the Nigerian American Foundation. We also appreciate the continuing support of G. Eric Knowles; Beverly James; and Parker Gammon of the Miami Dade Chamber of Commerce.

Organizations represented in this guide are most not-for-profit and their views or services are not necessarily endorsed by the Black Affairs Advisory Board or Miami-Dade County.

THE "I SUPPORT B.O.B." Black Owned Business Campaign:

Miami-Dade Country has numerous Black owned businesses and the Black Affairs Advisory Board has been tasked to bring recognition resulting in increased traffic and revenue as part of its economic development strategy. This campaign strives to identify and coordinate a methodology that will bring more economic prosperity to these businesses as well as making them more visible. We invite the general community to support our effort to contribute to the economic strength of Miami-Dade County's minority owned businesses.

Homeownership Assistance Program (HAP)

Making Homeownership Affordable

First-time Home Buyer Program
During times when people find it hard to save and are spending an increasing amount of income on monthly housing expenses, MDEAT Homeownership Assistance Program (HAP) provides first-time homebuyers with down payment and closing costs assistance through a zero-interest, non-amortized, forgivable loan.

Educating Buyers

Housing Education Workshops
HAP partners with housing counseling agencies from across Miami-Dade County. Reaching nearly 1000 first-time homebuyers a year, HAP helps to increase their understanding of the purchase process so they may make well-informed purchase decisions for themselves and their families.

Expanding Our Industry Network

HAP Orientation Seminars
From realtors to closing agents to mortgage providers, HAP operates within a growing network of industry professionals. MDEAT trains and certifies these professionals which stimulates growth of the subsidized first-time home-buying market.

Advocating for Homeownership

Housing Advocacy Committee (HAC)
MDEAT invites industry professionals and concerned housing advocates to join HAC. Through its breakfast discussion series as well as its strategic and event planning sessions, HAC advocates for housing program changes, helps homeowners retain their homes, promotes comprehensive financial literacy, and reports on the state of housing for low-to-moderate income residents.

@MDEATInfo
Dear Readers:

Once again, the Miami-Dade Economic Advocacy Trust and the Office of Community Advocacy have teamed up to present the 2018-2019 “Black World Guide” which includes the “Targeted Urban Area (TUA) Business and Attractions Guide.”

Highlighting the Black-owned establishments in Miami-Dade County’s TUA as well as key attractions within these boundaries shows the strong relationship between the communities as well as the many available services and products.

The Miami-Dade Economic Advocacy Trust’s Mission is to ensure the equitable participation of Blacks in Miami-Dade County’s economic growth through advocacy and monitoring of economic conditions and development initiatives. MDEAT’s staff and board operate from the position that in order for Miami to be recognized for its designation as a “World Class City,” all residents must share in its prosperity.

We urge you to utilize this guide and take the opportunity to patronize these businesses while supporting those organizations and entities that adhere to your social and professional needs. We also encourage you to learn more about MDEAT and the various programs we offer. For more information, please visit us at www.miamidade.gov/EconomicAdvocacyTrust or follow us on Facebook, LinkedIn or Twitter.

Sincerely,

John E. Dixon, Jr.
Executive Director
Miami-Dade Economic Advocacy Trust

Targeted Urban Areas (TUA’s)

The All Neighborhood Targeted Area Map reflects the targeted urban area designations of residential communities and does not include the commercial corridors of N.W. 27 Avenue Corridor, N.W. 183 ST Corridor, and the TUA corridors in North Miami.
Florida City

Florida City is an historical area established in the 1920s. It maintains its old town charm with many original sites and building to visit along with a burst of thriving new businesses. The Targeted Urban area (TUA) within Florida City is bounded by Lucy Street to the north; Davis Parkway/S.W. 336th Street to the south; North Krome Avenue to the east; and S.W. 187th Avenue to the west. The TUA has a growing Hispanic population of 44% and benefits from the surrounding economic development that attracts many chain stores, restaurants, and major hotels.

Once filled with the sweet succulent scent of oranges emitting from miles of groves growing throughout the area, the neighborhood was appropriately named Naranja from the Spanish word for orange. With a local pronunciation of Na-Ran-Jah, the current day community is now filled with a mixed population of Hispanic and Black residents. It was once a stop for the Florida East Coast Railroad that ran through the town. Today, Naranja is a growing residential and farming community with a desirable rural hometown ambience. The steady population growth combined with the area’s proximity to historical sites and major highways makes it a good place for new business development. There are many attractions and great destinations close to Naranja such as the Everglades, Biscayne National Park, and the Florida Keys. The area is bounded by S.W. 248th Street to the north; S.W. 268th Street to the south; S.W. 134th Avenue to the east; and South Dixie Highway to the west.

Goulds

Goulds has its roots in the expansion of the Florida East Coast Railroad and is subsequently named after an operator Lyman Gould. Once known as a saloon town catering to field workers, the community has evolved into a working class population of close-knit families. Highlights of the South Dade community include Mount Pleasant Baptist Church, and many small storefronts and shopping plazas that cater to the local population. The Targeted Urban Area is split across Old Dixie Highway with S.W. 212th Street to the north; S.W. 232nd Street to the south; the Florida Turnpike to the east; and S.W. 127th Avenue to the west. It is also minutes away from such larger cities as Homestead and Florida City.

Richmond Heights

Once a beacon of Black middle class success, Richmond Heights was one of the first planned communities for Black war veterans and professionals. It was conceived in the 1940s by social visionary Captain Frank C. Martin and became home to such professionals as university professors, Fortune 500 presidents, Tuskegee Airmen and medical physicians, according to information contained on the www.miamisrichmondheights.com website. The current inhabitants of the southwest community are second through fifth generation residents of these neighborhood pioneers. The community borders S.W. 136th Street to the north; S.W. 152nd Street to the South; S.W. 103rd Avenue to the east; and S.W. 117th Avenue on the west. Its proximity to major cities like Homestead and Florida City continue to make it a desirable place to live and raise a family.

Nestled between the opulence of Coral Gables and the equally appealing eastside of Coconut Grove, the West Grove has been designated as one of Miami-Dade County’s targeted urban areas. The area's rich Bahamian influence dating as far back as the 1880s, spawned such cultural celebrations as the Goombay Festival and the historic architecture of its adorned business corridor. The neighborhood is roughly bound by Bird Avenue to the north; Marler Avenue to the south; S.W. 32 Avenue to the east; and South Dixie Highway to the west. The neighborhood’s proximity and historic appeal have attracted a heightened level of desirability from across ethnic groups and socio-economic classes. The area is predominantly composed of Blacks of Caribbean descent with a growing presence of non-Black residents due to the appeal of the East Grove. The area is also home to Peacock Park, Dinner Key Marina, The Miami City Hall, Barnacle Historic State Park, Coconut Grove Playhouse, the Marjory Stoneman Douglas House and Vizcaya Museum and Gardens.

Brownsville (also known as Brown Sub), is a small neighborhood nestled within the northwest section of Miami. During the mid-1960s, Brownsville was a thriving community for Black professionals. Over the decades, however, the area has seen an ebb and flow in population size and workforce including a current concentration of blue collar workers and the encroachment of the neighboring City of Hialeah. The area is roughly bound by N.W. 79th Street to the north; N.W. 36th Street to the south; N.W. 27th Avenue to the east; and N.W. 37th Avenue to the west. The targeted urban area of Model City/Brownsville is the home to the Brownsville Transit Village which includes the Brownsville Metrorail Station and mixed use residential high-rises. The area is also the location of the historical Hampton House where famous Blacks such as Rev. Dr. Martin Luther King, Jr., tennis great Althea Gibson and boxing legend Mohammed Ali lodged.

Attractions

Arch Creek Park was formally dedicated on April 25, 1982, and encompasses an 8-acre site at the junction of N.E. 135th Street and Biscayne Boulevard in North Miami. It offers many opportunities for botanical, historical, and archaeological study.

Oleta River State Park is the biggest built-up park in the Florida State Park system. The park is located on 1,043 acres of land and 50 acres of inland water – Biscayne Bay, in the northeastern end of the City of North Miami, and connects the Biscayne Bay Campus of Florida International University.

The Museum of Contemporary Art (MOCA) situated in the heart of downtown North Miami. The Contemporary Art building was designed by the globally acclaimed architect Charles Gwathmey of Gwathmey Siegel, New York.
Known for Moorish-themed buildings and decor, Opa-locka is a municipality in the northwestern section of Miami-Dade County. It is an abbreviation of a Seminole name spelled “Opa-tish-wocka-locka.” and is spread over the city’s 4.2 square-mile area. The city was founded by famed aviator Glenn Curtiss in 1920 and influenced by architectural décor of the famed fable “A Thousand and One Nights”. The streets of Opa-locka are adorned with names like Sabur Lane, Sultan Avenue, Alibaba Avenue, Perviz Avenue and Sesame Street. In addition to its unique architecture, Opa-locka is the home of the Opa-locka Executive Airport, Tri-Rail Opa-locka Station, three parks, and two lakes. The city features a mixed use of residential, commercial and industrial zones and has been the backdrop for such movies as “Texas Justice”, “Bad Boyz II”, and “2 Fast 2 Furious”. Bordering both Hialeah and Miami Lakes, Opa-locka holds the distinction of having the largest collection of Moorish Revival architecture in the Western Hemisphere, including a City Hall complete with minarets and elaborately painted domes. Opa-locka also has its own airport, which is used today for private planes, and the Opa-locka Hialeah Flea Market.

The Miami Dade Chamber of Commerce takes this opportunity to support the 2018-2019 “Black World Guide” as continued commitment to serving our community and our members and thanks the Miami-Dade County Office of Community Advocacy’s Black Affairs Advisory Board for making this directory available.

The Miami-Dade Chamber of Commerce was founded in 1974 by a group of Black business owners who sought to form a strong organization that could objectively advocate the needs of a growing Black business community. Led by four Presidents, David Fincher (1974-1984) Dorothy Baker (1984-2004); Bill Diggs (2005-2013) and current President G. Eric Knowles (2014--). Understanding that membership is the lifeblood of the Chamber we have focused on the needs of our membership through education, advocacy, networking, and creating opportunities in both the private and public sectors.

Over a forty year period, the Chamber has witnessed the evolving landscape of the black business community in South Florida. In the urban core, through numerous social unrest and the destruction of the black business infrastructure a decline has been witnessed. We see that new energy is being witnessed with the emergence of young, talented and vibrant entrepreneurs blazing new trails and creating new and sustainable business platforms.

The Chamber welcomes you to not only become a member, we welcome you to create the history of the next forty years of the black business community.

The Nigerian-American Foundation (NAF) is pleased to present its first-ever directory of African Diaspora organizations in South Florida. The directory includes for-profit companies, not-for-profit associations and faith-based organizations owned, managed and/or operated by Africans in South Florida.

The directory serves as a resource for customers or those that want to connect with the African Diaspora community. It also serves as a comprehensive platform that enable users to instantly identify, learn about, and contact African businesses relevant to them. The directory will help to provide brand awareness and improve visibility for the listed businesses.

We encourage African business owners to take advantage of the opportunities provided by this directory. To enter your listing, please visit the following website: http://nigerianamericanfoundation.com/directory-form.html

We would like to extend our gratitude to the Miami-Dade Black Affairs Advisory Board and to Ms. Retha Boone-Fye, for their support in publishing and including this first edition in the “2018 Black World Guide: A Directory of Black Organizations in Miami-Dade County.”

We look forward to your continuing collaboration as we foster commercial opportunities and create economic prosperity for black-owned enterprises.

Sincerely,

Yinka Tella, Ph.D.
