Subject: Fiscal Impact Statement for Ordinance Creating the Miami-Dade County Interfaith
Advisory Board

The Office of Community Advocacy supports various boards, however, due to increased workload associated with the support required for the Interfaith Advisory Board, as outlined in the ordinance, the Office will require an additional Program Officer 1 position.

The cost for the first year of implementation is estimated at \$66,370 this includes one position (\$53,600) and corresponding operating expenditures such as annual software licenses, telephones services and office supplies, and the one-time purchase of computer equipment and office space configuration (\$12,745). Five-year estimated costs assume a five percent (5%) growth in personnel related expenditures and a three percent (3%) growth in other operating expenditures every year thereafter.

Subject: Report on The Creation of the Miami-Dade County Interfaith Advisory Board

The following items listed in this report are provided pursuant to Section 2-11.37 of the Miami-Dade County Code regarding the creation of a new advisory board:

1. The IAB shall serve as a liaison between the Board and faith-based, religious, and spiritual communities. This relationship will enable outreach and interaction with these various entities and the receipt of input and feedback regarding their needs that may be addressed by the County.
2. The IAB will be advisory to the Board of County Commissioners on various matters that affect the faith or religious or spiritual well-being of community members. There are no other County boards that serve in a similar capacity.
3. The cost for the first year of implementation is estimated at \$66,370 this includes one position (\$53,600) and corresponding operating expenditures such as annual software licenses, telephones services and office supplies, and the one-time purchase of computer equipment and office space configuration (\$12,745). Five-year estimated costs assume a five percent (5%) growth in personnel related expenditures and a three percent (3%) growth in other operating expenditures every year thereafter.
4. The creation of the IAB would not enable the County to obtain state or federal grants, or other financing.
5. The IAB will not have Bonding authority.
6. The IAB will not have any authority to enter into contract of any kind as such there will be no need for the spending of County funds.
7. The creation of the IAB will be the best method of achieving the benefit desired, as faith-based, religious, and spiritual leaders often hold prominent positions within the communities. Residents from these communities often discuss issues of great concerns and seek guidance from these leaders. As liaisons to the Board, they could provide the needed feedback that could be a value-added in the formulation of public policy.
