

For nearly forty years, Pam Perry has worked with clients, litigants and her community to resolve issues that profoundly affect people's lives. A respected lawyer, mediator, and arbitrator, Pam is a great believer in the power of persistence, preparation, and creative approaches to apparently insoluble problems. In addition to her work as a neutral, Pam has represented scores of people accused of misconduct by federal and state authorities and has handled complex commercial and professional malpractice matters. Pam also has an interest in end-of-life issues and has helped to enforce living wills created by people who have expressed their end of life wishes and are no longer able to speak for themselves.

Pam is a Panel Member of the American Arbitration Association, a Florida Supreme Court Qualified Arbitrator and a Florida Supreme Court Certified Civil-Circuit and Appellate Mediator. She has been a Martindale-Hubbell AV-rated lawyer since 1990, is regularly listed in Florida Super Lawyers and other publications, and received the G. Kirk Hass Humanitarian Award from the Florida Bar Association. In addition, she has served as the Chair of the Judicial Nominating Commission for the Eleventh Judicial Circuit, the first woman President of the Florida Association of Criminal Defense Lawyers (Miami Chapter), and a member of the Miami-Dade County Charter Review Task Force. She has also served as a member of the Miami-Dade Community Relations Board, the Florida Bar Commission on Judicial Independence and the Florida Association for Women Lawyers. She is presently a member of the Miami-Dade Fire Rescue Response K-9 Foundation and the Miami-Dade Independent Civilian Panel, where she is honored to be the Vice-Chair.

Pam is a Miami native, a proud graduate of South Miami Senior High School, and an eyewitness to the growth and vitality of Miami-Dade County. She understands the challenges that our evolving community has faced and brings her demonstrated commitment to preparation, hard work, transparency and justice to the law enforcement oversight process. She looks forward to speaking with anyone interested in issues related to law enforcement oversight in our community.
