Memorandum

Date: January 25, 2007

To: Honorable Chairman Bruno A. Barreiro and
Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Resolution Authorizing the County Manager to Amend the Administrative Rules for the *Building Better Communities* (BBC) Bond Program with respect to Municipal Disbursements

Agenda Item No. 12(A)(2)

This item was deferred, at the Assistant County Manager's request, at the INLUC Meeting of September 25th, 2006 in order to formalize the safeguards related to the advance disbursement of funds to municipalities into the item.

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution revising the Administrative Rules governing the *Building Better Communities* (BBC) General Obligation Bond Program to amend the method of disbursement of Bond fund allocations to municipalities to allow payment of up to 90% of the agreement amount given certain conditions.

BACKGROUND

On May 17, 2005 the Board approved Resolution No. R-595-05 establishing the Administrative Rules for the BBC Program. The Administrative Rules currently require that, following the execution of an interlocal agreement, in general, payments shall be made to recipients on a reimbursement basis. However, the Administrative Rules also allow advance payment of up to 25% of the value of the funding allocation for a municipal project. The change requested will allow for the disbursement to municipalities of up to ninety percent (90%) of their Building Better Communities project allocation assuming that satisfactory progress has been accomplished. The remaining ten percent (10%) of the bond fund allocation will be retained in order to assure that the intended scope of the project is implemented and that the municipality is in compliance with the County's Administrative rules. A request for advance payment can be initiated by either the recipient or by the County.

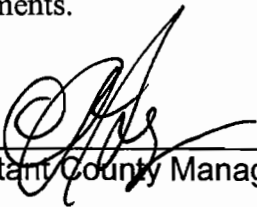

It is important to note that this change will not cause an automatic lump-sum transfer of 90% of the fund allocation in any case. I want to assure the Board that safeguards will be instituted to ensure proper management of advanced funding. Prior to making any advance payments, County staff will evaluate each project's performance and determine, on a case-by-case basis, that satisfactory progress has been accomplished. There will be no transfers in advance of such evaluations. Evaluations will be conducted by Miami-Dade's Office of Capital Improvements (OCI). Specific guidelines to be followed in making these evaluations and disbursements are included in the revised Administrative Rules included as Attachment 1.

OCI will make a recommendation to the County Manager and he, or his designee, shall be required to approve each disbursement under this provision.

Honorable Chairman Bruno A. Barreiro and
Members, Board of County Commissioners
Page 2

Furthermore, if the County Manager concludes that a municipality that has benefited from this provision has not complied with the BBC Administrative Rules or has otherwise not made satisfactory progress, the County may withhold sufficient funds due the municipality from other sources, such as PTP funds, until such time as the County Manager feels the County's interests are protected. The Board will be informed of each disbursement under this provision.

As you are aware, as part of the BBC Bond Program, the County is subject to arbitrage penalties for any funds not spent within three years after each respective bond sale. In order to avoid arbitrage penalties, it is in the County's best interest to implement projects and expend bond proceeds as quickly as possible. This recommended change to the Bond Program will greatly assist in reducing the risk of arbitrage penalties in the future and reduce administrative expenses related to multiple municipal interlocal agreements.

However, prior to the effective date of the Grant Agreement or Interlocal Agreement, as the case may be,, a Recipient may incur eligible Pre-Agreement Expenses as defined in Article I - Section 4, and then after the effective date of the Grant Agreement or Interlocal Agreement, as the case may be, be reimbursed for those costs, provided that:

b. However, in accordance with the guidelines reflected below, the County Manager may, on a case-by-case basis and at his sole discretion, consider advance payment of up to 90% of a municipality's funding allocation for a specific project. Upon the County Manager's decision that a request for advance payment of up to 90% of a municipality's funding allocation for a specific project will be considered, the guidelines below will be applied consistently and in their entirety.

Conditions under which a municipality may receive up to 90% of their BBC allocation for a subject project:

- A municipality must not owe money to the County and the County must not have any outstanding claims against the municipality;
- Project activity to date is proceeding on-schedule;
- Construction schedules are being updated on a monthly basis and all required documentation has been submitted to Miami-Dade's Office of Capital Improvements (OCI).
- The municipality must have contract(s) in place to complete the project and no outstanding claims or disputes can exist between the municipality and their contractors on the project;
- Municipality payments to contractors, subcontractors and suppliers are being made timely;

Field Evaluations will be conducted on a case-by-case basis by Miami-Dade's Office of Capital Improvements (OCI) and will include items such as:

- Field audit determination that the project is on-schedule including physical construction;
- Follow-up field audit inspections will be performed by OCI to ensure project completion;

18

OCI will submit a written recommendation to the County Manager to approve any disbursement under these provisions. The municipalities will be required to execute a supplemental agreement acknowledging these terms.

Safeguards/Corrective Actions to be implemented by the County in case of non-compliance by a municipality with the BBC-GOB Administrative Rules or if satisfactory progress is not being maintained will include:

- Funding for municipal or other GOB-funded projects to be performed by the subject municipality will be withheld;
- The County will ask to be reimbursed the amount given to the municipality as part of the grant agreement and/or withhold funds due to the municipality from other County funding sources such as PTP;
- If the municipality refuses to reimburse the County the amount of the grant agreement, the County may employ all available means to recover the subject funds up to and including litigation.

The aforementioned safeguards will be implemented by the County in cases of non-compliance. All conditions shall be a part of all grant agreements with a municipality. All existing grant agreements will be amended to include the provisions referenced above and all new grant agreements will likewise include these provisions.

Any disbursement of funds under these provisions will be reported to the Board.

c. All advance payments received by a Recipient shall be maintained in a separate interest bearing account and may not be commingled with other funds. All advances and interest earned must be fully accounted for. The Municipality shall submit evidence of interest earned to the County with any subsequent reimbursement request. The amount of interest earned shall be deducted from such subsequent payment to the Municipality. If at any time the amount of interest earned is greater than the reimbursement request, the Municipality shall submit payment to the County an amount equal to the interest earned less the reimbursement request. Upon the County's receipt of the payment and any required supporting documentation from the Municipality, the reimbursement request may be paid. Checks must be made payable to Miami-Dade County Board of County Commissioners and forwarded to the Office of the County Manager.

- 9) Recipients must submit reimbursement/payment requests no later than quarterly. If a Recipient is unable to submit a reimbursement/payment request by the quarterly deadline, a written justification indicating the reason for the delay and expected submission date is required to be submitted by the deadline. Failure to comply with this requirement shall render the Recipient in non-compliance with the Administrative Rules and may result in reduction or forfeiture of payment, at the discretion of the County Manager. Failure to submit two consecutive requests shall be deemed a forfeiture of all rights unless specifically waived by the County Manager. The Recipient must submit a written explanation for such delays in order to be considered for a waiver of this requirement and all such waivers shall be made at the sole discretion of the County Manager.
- 10) Recipients shall complete, sign, and submit to the County the appropriate Reimbursement Request forms as necessary (Exhibits D through H) accompanied by supporting documentation (i.e., copies of invoices, receipts and check payments).

- 11) Reimbursement requests for Fixtures, Furniture & Equipment items must be included and approved in the Grant Agreement or the Interlocal Agreement, as the case may be, prior to acquisition. Written requests for Fixtures, Furniture & Equipment approval must be accompanied by Exhibit H.
- 12) Five (5%) of the value of the Building Better Communities General Obligation Bond funding for a given Project shall be retained by the County for all projects in excess of \$100,000, unless otherwise recommended in writing by staff and approved by the Board. Upon completion of a Project, a signed project completion certificate (Exhibit I) must be submitted with the final reimbursement request forms in order for the remaining retainage to be released.
- 13) The County Manager may require that reimbursement requests for any Funding Allocations requiring a cash match must be accompanied by documentation of the expenditure of committed match funds (i.e., copies of invoices, canceled checks, etc.).
- 14) Each Recipient will ensure that all contractors and consultants perform in accordance with the terms, conditions, drawings and specifications of their contracts or purchase orders and that all Federal, State and local contracting rules apply.
- 15) Each Recipient shall maintain an accounting system, which meets generally accepted accounting principles, and shall maintain all required financial records to properly account for all Building Better Communities General Obligation Bond funds and any supplemental funds used for the Project. The Recipient shall at all times maintain a separate accounting of all Building Better Communities General Obligation Bond funds.
- 16) Each Recipient shall be responsible for reporting, on a continuous, on-going basis, any contractual relationship established to perform work on the project, start dates, progress payments, completion dates, etc. in the system provided by the County.
- 17) The Recipient shall be responsible for completing the Project. If the total cost of the Project exceeds the value of the Funding Allocation, then the Recipient must provide any supplemental funds required. In the event that supplemental funds are necessary for completion of a Project, as of the point in time that it is known that supplemental funds are needed, the Recipient must demonstrate that such supplemental funds have been committed to the Project prior to and as a condition of disbursement or further disbursement of Funding Allocations. The requirement for a Recipient to provide supplemental funds may be modified, in part or whole, by the Board, to the extent that it approves in writing any reduction or change to the Project scope of work in accordance with the Ordinance. Approval of any reduction or change in scope of work is at the sole discretion of the Board.

D) Acquisition Projects. Guidelines and requirements for administering Acquisition Project Funding Allocations are as follows:

- 1 **Appraisal Required.** Prior to acquisition of a Project site, a Recipient must obtain an appraisal or appraisals supporting the fair market value of the land to be acquired. Pursuant to State law, if the property is \$500,000 or less in appraised value, one appraisal is required. If the property exceeds \$500,000 in appraised value, two appraisals are required.

- 2 Amount Authorized for Payment. The amount of Funding Allocation authorized for payment for land acquisition shall in no case exceed the Funding Allocation available for the Project. In the event that the negotiated acquisition price exceeds by ten percent or greater the appraised value of the land, the disbursement of Funding Allocation shall be conditioned upon a written justification for the purchase price and other conditions attendant to the proposed purchase, which justification is declared satisfactory by the Board in writing. Appraisal costs are eligible Funding Allocation costs as long as the appraised property is being realistically and seriously considered for Acquisition, regardless of the outcome.
- 3 Environmental Survey. The Recipient may not acquire land for a BBC GOB Program funded Project until a Phase I environmental survey is completed, which demonstrates that the property is suitable for its intended general use and for the specific Project. GOB funds may be used for the necessary clean-up a Phase II environmental survey may require provided the scope of the project is not impacted. Changes to the scope of the project require BCC approval.
- 4 Signage. For six months following an Acquisition, the County shall post a sign, in the general design provided by the County, containing the Building Better Communities General Obligation Bond logo, identifying the source of Project funding. The cost of such a sign is eligible for payment from the Funding Allocation.
- 5) Ownership. Title to land acquired with BBC GOB Program funds or facilities constructed/developed with Building Better Communities General Obligation Bond funds shall vest with a Public Agency or a legally incorporated 501(c)(3) not-for-profit Community-Based Organization.

E) Development Projects. Guidelines and requirements for administering Development Project Funding Allocations are as follows:

- 1) Licensed Contractors; Contractor Bonds. Duly licensed contractors shall perform all construction. Construction contracts for work in excess of the threshold amounts established in Section 255.20 of the Florida Statutes shall require payment and performance bonds, which comply with the requirements of Section 255.05, Florida Statutes.
- 2) Cost Elements.
 - a) Construction Equipment. Recipients are required to use their own equipment, if available. If a Recipient's equipment is used, the maximum Funding Allocation payment shall cover operating and routine maintenance costs of such equipment; the Funding Allocation excludes any depreciation or replacement cost from payment. If a Recipient's equipment is used, a report or source document must describe the work performed, indicate the hours used and be related to the Project. If a Recipient does not have needed construction equipment available, then the Recipient may rent such equipment.
 - b) Construction Supplies and Materials. Supplies and materials may be purchased for a specific Project or may be drawn from a central stock, providing they are claimed at a cost no higher than that which the Recipient paid. When supplies and/or materials are

purchased with the intention of constructing a piece of equipment, structure or part of a structure, the costs that are charged as supplies and materials may be capitalized according to the Recipient's normal practice or policy. If capitalized, only the cost reasonably attributable to the Project may be claimed under the Project.

- c) **Personnel or Employee Services.** Services of the Recipient's employees who perform work directly related to the accomplishment of the Project are eligible costs payable from the Funding Allocation. These costs must be computed according to the Recipient's prevailing wage or salary scales and may include fringe benefit costs, such as vacations, sick leave, FICA, MICA, health and life insurance, and workers compensation at the Recipient's established fringe benefit rate. Costs charged to the Project must be computed on the basis of actual time spent on the Project, and supported by time and attendance records describing the work performed on the Project. Overtime costs may be allowed under the Recipient's established policy, provided that the regular work time was devoted to the same Project. Salaries and wages claimed for employees working on allocation-funded Projects must not exceed the Recipient's established rates for similar positions or rates per industry standards. Alternative methodologies for established wage rates must be pre-approved by the Board.
- d) **Consultant Services.** The costs of consultant services necessary for the Project are eligible for payment from the Funding Allocation. The Recipient must pay consultants according to the Recipient's customary or established method and rate. No consultant fee may be paid to the Recipient's own employees.

3) Cost Activities.

- a) **Construction activities.** The cost of all necessary construction activities, from site preparation (including demolition, survey, excavation and other site work) to the completion of a structure is eligible for payment from the Funding Allocation.
- b) **Fixtures, Furniture and Equipment.** The cost of Fixtures, Furniture and Equipment necessary to operate the facility are eligible for payment from the Funding Allocation if approved in the Grant Agreement or the Interlocal Agreement, as the case may be, and a detailed list of eligible items is submitted in writing and approved by the County Manager prior to its purchase (See Article III, Section 1 (c)). Costs for consumable goods shall not be considered eligible for payment from the Funding Allocation. Also, refer to Article I, Section 4 for a detailed definition of Fixtures, Furniture and Equipment.
- c) **Interpretive Signs and Aids.** The cost of signs, display boards or other interpretive aids relating to the Project are eligible for payment from the Funding Allocation.
- d) **Signage.** During the time period of Development, the County shall post a sign in a prominent location at the Project site in the general design provided by the County depicting the Building Better Communities General Obligation Bond logo and identifying the source of funding for the Project. The cost of such a sign is eligible for payment from the Funding Allocation.

Recipients are encouraged to use value-engineering clauses in contracts for construction

projects of sufficient size to offer reasonable opportunities for cost reductions.

4) The following is a nonexclusive list of costs ineligible for payment from the Funding Allocation:

- a) Funding Application costs.
- b) Ceremonial expenses.
- c) Expenses for publicity.
- d) Bonus payments unless specifically authorized by the Board.
- e) Charges in excess of the lowest responsive and responsible bid or proposal in accordance with the governing rules and procedures of the Recipient, when the law requires the Recipient to utilize competitive selection. In the event a selection process is used, other than a low bid process any cost in excess of the cost of the highest ranked firm shall be considered ineligible.
- f) Charges for deficits or overdrafts.
- g) Charges incurred contrary to the policies and practices of the Recipient.
- h) Interest expense (May be reimbursed at the discretion of the Board if incurred during the construction period and is attributable only to the construction period).
- i) Litigation expenses or judgments.
- j) The cost of services, material or equipment obtained under any other program.
- k) Costs of discounts not taken.
- l) The cost of purchasing a non-refundable option when acquiring land.

F) Budget Changes.

- 1) Recipients shall adjust their Project budgets to reflect actual costs and updated cost estimates and shall submit adjusted Project budgets to the County Manager as soon as the recipient is aware of a material budget change.
- 2) Budget adjustments may not exceed the 17% Soft Cost limitation for design, planning, and program administration, nor exceed the Project Funding Allocation without approval of the Board.
- 3) Recipients shall obtain the prior written approval of the Board whenever budget adjustments are anticipated as outlined in a, b, and c below. The request must be in the same budget format the Recipient used in the Grant Agreement or Interlocal Agreement, as the case may be, and shall be accompanied by a narrative justification for the proposed revision. Such request for adjustment shall, if approved, amend the Grant Agreement or Interlocal

Agreement, as the case may be. Requests for budget changes shall be considered whenever any of the following adjustments are required:

- a) For any Project involving both Acquisition and Development activities, any proposed budget transfers from Development to Acquisition.
- b) Any proposed reduction or revision of the scope or objectives of the Project (regardless of whether there is an associated budget adjustment) that substantially changes the original intent of a project.
- c) Any change that would increase Soft Costs for planning, design, and project administration which exceeds the limit specified in Article III Section 3 (c)(1).

In the event that a Recipient has completed the approved scope of work for a Project and has unexpended funds, the Recipient may submit a request to the County Manager's Office to expend these funds in an existing or new budget line item for the Project. The County Manager is authorized to approve such budget changes and expenses not to exceed 15% of the total budget.

G) Cost Overruns. During the execution of work on a Project, the Recipient may find that actual Project costs exceed the approved budget. For cost overruns that will require additional funding for the Project, or otherwise require a budget adjustment for which prior Board approval is required pursuant to paragraph E above, the Recipient shall:

- 1) Provide a justification for the additional costs;
- 2) Identify available funds for the completion of the Project; and, if necessary
- 3) Request from the Board a change or revision in the Project scope consistent with the terms of the Ordinance.

The Board, at its discretion, may authorize in writing a change or revision in the scope of the Project: (i) where change or revision of the scope is consistent with the Ordinance; and (ii) where the change or revision is justified by the Recipient; and (iii) where the Recipient does not have sufficient funds to complete the Project with the available funds. Under those circumstances, the Board, in its sole discretion, may identify other funds available under the Ordinance for the Project.

SECTION 2. COMPLIANCE RESPONSIBILITIES

The following constitute general requirements for program compliance:

- A) An annual independent audit of the Building Better Communities General Obligation Bond funds must be submitted by all Recipients to the County Manager's Office no later than six months after the close of the Recipient's fiscal year for which a Funding Allocation was received and each year thereafter until Project completion. The audit report must include the Fund Summary Status Report, Exhibit J. The audit must be performed by certified independent auditors and include the following:
 - 1) Test for compliance with the Grant Agreement or Interlocal Agreement, as the case may be, Miami-Dade County Ordinance No. 05-47, applicable resolutions and the Building Better

Communities General Obligation Bond Administrative Rules.

- 2) Test to verify compliance with advance requirements.
 - 3) Sufficient tests, as determined by the independent auditor to verify true and accurate reflection of Project expenditures.
 - 4) Tests to verify expenditure of required match dollars.
 - 5) Verification of the Fund Summary Status Report.
- B) Land and facilities acquired, developed, improved or rehabilitated by Funding Allocation shall be dedicated and maintained in perpetuity for the use and benefit of the general public except where leases are in effect. Any land, facilities, or equipment acquired with Building Better Communities General Obligation Bond funds may not be sold or transferred without the written consent of the County and may require an equitable reimbursement of bond funding based on residual value. All projects shall be open to the public at reasonable times and shall be managed in a safe and attractive manner appropriate for public use.
- C) Funding Allocation for the purposes of development, improvement, rehabilitation or restoration shall be expended for these purposes only on lands owned by a Recipient or on lands for which the Recipient holds a lease or other use agreement. Such lease or other use agreement must be for an unexpired minimum term of 25 years. The Funding Allocation Recipient may demonstrate the eligibility of the Project to the reasonable satisfaction of the Board, through a joint ownership, use, franchise or other agreement, evidencing that the lands and/or the Project will be utilized for the public benefit, consistent with the terms of this Ordinance, for a term of at least 25 years in duration. The lease must not be revocable at will.
- D) Recipient shall maintain all financial and programmatic records, supporting documents and other records pertinent to the Funding Allocation for a period of three years from the starting date defined below. If any litigation, claim, negotiation, audit or other action involving the records has been started before the expiration of the three year period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular three year period, whichever is later. When Funding Allocation support is continued or renewed at annual or other intervals, the retention period for the records of each funding period starts on the day the Recipient submits to the County its single or last expenditure report for that period. In all other cases, the retention period starts on the day the Recipient submits its final expenditure report.
- E) The Board and the County, or any of their authorized representatives, shall have the right of access to any pertinent books, documents, papers or other records of the Recipient in order to make audits, examinations, excerpts and transcripts.

Office of the Miami-Dade County Inspector General (IG) (MDC Code Section 2-1076) shall have the authority and power to review past, present and proposed County programs, accounts, records, contracts and transactions. The IG shall have the power to subpoena witnesses, administer oaths and require the production of records. Upon ten (10) days written notice to the Recipient from IG, the Recipient shall make all requested records and documents available to the IG for inspection and copying. The IG shall have the power to report and/or recommend to

the Board whether a particular project, program, contract or transaction is or was necessary and, if deemed necessary, whether the method used for implementing the project or program is or was efficient both financially and operationally. Monitoring of an existing project or program may include reporting whether the project is on time, within budget and in conformity with plans, specifications, and applicable law. The IG shall have the power to analyze the need for, and reasonableness of, proposed change orders.

The IG may, on a random basis, perform audits on all County contracts throughout the duration of said contract (hereinafter "random audits"). This random audit is separate and distinct from any other audit by the County. To pay for the functions of the Office of the Inspector General, any and all payments to be made to the Recipient under the Grant Agreement will be assessed one quarter of one percent of the total amount of the payment, to be deducted from each progress payment as the same becomes due unless, as stated in the Code or the Grant Agreement, the Project is federally or state funded and federal or state law or regulations preclude such a charge. The Recipient shall in stating its agreed prices be mindful of this assessment.

The IG shall have the power to retain and coordinate the services of an independent private sector inspector general (IPSIG) who may be engaged to perform said random audits, as well as audit, investigate, monitor, oversee, inspect, and review the operations, activities and performance and procurement process including, but not limited to, project design, establishment of bid specifications, bid submittals, activities of the contractor, its officers, agents and employees, lobbyists, County staff and elected officials in order to ensure compliance with contract specifications and detect corruption and fraud.

- F) If a Recipient materially fails to comply with any term of an award, the Board or the County Manager may take one or more of the following actions, as appropriate in the circumstances:
- 1) Temporarily withhold cash payments pending correction of the deficiency by the Recipient;
 - 2) Disallow all or part of the cost of the activity or action not in compliance;
 - 3) Wholly or partly suspend or terminate the current award for the Recipient's Project;
 - 4) Withhold further Funding Allocation awards from the Recipient; or
 - 5) Take other remedies that may be legally available.
- G) Any of the enforcement actions listed in paragraph F above, taken by the County Manager, which are contested and unresolved between the Recipient and the County within thirty days of such action, will result in the Board providing the Recipient with an opportunity to be heard on the issue. Said hearing will occur within sixty days of the Board receiving the Recipient's written request. Staff will recommend appropriate action to the Board.
- H) Costs to Recipient resulting from obligations incurred by the Recipient during a suspension or after termination of an award are not eligible for reimbursement unless the County Manager expressly authorizes them in the notice of suspension or termination or subsequently authorizes reimbursement in writing. Other costs incurred by the Recipient during suspension or after termination which are necessary and not reasonably avoidable are eligible for reimbursement if:

- 1) The costs result from obligations which were properly incurred by the Recipient before the effective date of suspension or termination, were not in anticipation of it, and in the case of a termination, are non-cancelable; and
 - 2) The costs would be eligible for reimbursement if the award was not suspended or if the award expired normally at the end of the funding period in which the termination takes effect.
- D) Inspections. Staff of the Board or the County, or both, shall periodically inspect each Project to ensure compliance with these rules, the Ordinance, and the Grant Agreement or Interlocal Agreement, as the case may be. Staff shall perform an inspection of the Project site to ensure compliance prior to release of the final Funding Allocation payment.

SECTION 3. REPORTS

Recipients are required to submit the Project Status Report no later than monthly (Exhibit E), in the format stipulated by the County Manager. Additional reports that shall be due upon request of the County Manager may include, but are not limited to:

- A) Actual accomplishments of each Funding Allocation;
- B) Problems encountered in implementation of each Funding Allocation; and
- C) Anticipated start and/or completion dates of each Funding Allocation.

Recipient may be required to meet with the Board to discuss the Project.

SECTION 4. PROJECT CLOSE-OUT

- A) A Recipient has up to forty-five (45) days after the expiration or termination of the Funding Allocation to submit all final documentation including final reimbursement requests and project completion certificates.
- B) The close-out of a Funding Allocation does not affect:
 - 1) The County's right to disallow costs and recover funds on the basis of a later audit or review;
 - 2) The Recipient's obligation to return any funds due as a result of later refunds, corrections or other transactions;
 - 3) Records retention responsibilities set forth above;
 - 4) Continuing responsibilities set forth in the Ordinance and these rules; and
 - 5) Audit rights set forth in these rules.
- C) Any amounts paid to Recipient in excess of the amount to which the Recipient is finally determined to be entitled under the terms of the Grant Agreement or Interlocal Agreement, as the case may be, constitute a debt to the County. If not paid within a reasonable period after demand, the County may reduce the debt by:
 - 1) Making an administrative offset against other requests for reimbursement;

- 2) Withholding payments otherwise due to the Recipient; or
- 3) Taking other action provided by law.

Any overdue debt of the Recipient shall accrue interest at the maximum rate allowed by law.

SECTION 5. INTERPRETATION; ADMINISTRATION

These administrative rules have been promulgated under the Ordinance. In the event of a conflict between these rules and the provisions of the Ordinance, the Ordinance shall prevail.

The County Manager shall be authorized to interpret the provisions of these administrative rules and their interpretation of any matters governed hereby shall be final and may only be overturned by a majority vote of the Board. The County Manager shall submit recommendations amending these administrative rules to the Board, which may approve or reject such recommendations by majority vote.

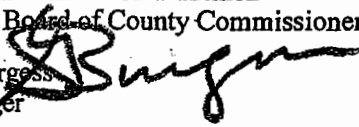

The County Manager shall be authorized and required to administer the Building Better Communities General Obligation Bond Program consistent with the Ordinance and these administrative rules.

Memorandum

Date: September 25, 2006

To: Honorable Chairman Joe A. Martinez
and Members, Board of County Commissioners

From: George M. Burgess
County Manager 

Subject: Resolution Authorizing the County Manager to Amend the Administrative Rules for the *Building Better Communities (BBC)* Bond Program with respect to Municipal Disbursements

INLUC
Agenda Item No. 4 (D)

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution amending the Administrative Rules governing the *Building Better Communities (BBC)* General Obligation Bond Program to revise the method of disbursement of Bond fund allocations to municipalities.

BACKGROUND

On May 17, 2005 the Board approved Resolution No. R-595-05 establishing the Administrative Rules for the BBC Program. The Administrative Rules currently require payments to be made to recipients exclusively on a reimbursement basis. The change requested will allow for the disbursement to municipalities of up to ninety percent (90%) of the Building Better Communities General Obligation Bond fund allocation upon execution of their interlocal agreements with the County. The remaining ten percent of the bond fund allocation will be retained in order to assure that the intended scope of the project is implemented and that the municipality is in compliance with the County's Administrative Rules.

It is important to note that this change will not cause an automatic lump-sum transfer of 90% of the fund allocation in any case; I want to assure the Board that safeguards will be instituted to ensure proper management of advanced funding. Prior to making any advance payments, County staff will evaluate each project's performance and determine, on a case-by-case basis, that satisfactory progress has been accomplished. There will be no transfers in advance of such evaluations.

As you are aware, as part of the BBC-GOB Bond Program, the County is subject to arbitrage penalties for any funds not spent within three years after each respective bond sale. In order to avoid arbitrage penalties, it is in the County's best interest to implement projects and expend bond proceeds as quickly as possible. This recommended change to the Bond Program will greatly assist in reducing the risk of arbitrage penalties in the future and reduce administrative expenses related to multiple municipal interlocal agreements.
