WHEREAS, the Board intends, to the extent possible, that the debt service millage required to pay the debt service on the Bonds shall not exceed the current debt service millage in any year while the Bonds are outstanding and the total principal amount of the Bonds has been fixed with that intention in mind,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

MEMORANDUM

Amended
Special Item No. 3

TO: Honorable Chairperson Barbara Carey Shuler, Ed. D.
and Members, Board of County Commissioners

DATE: July 20, 2004

FROM: George M. Burgess
County Manager

SUBJECT: Resolution Approving a
Special Election for the
*Building Better
Communities* Bond
Program - To Construct
and Improve Bridges,
Public Infrastructure and
Neighborhood
Improvements

R#914-04

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the placement of the *Building Better Communities* General Obligation Bond Program (Program) ballot question authorizing funding for projects to construct and improve bridges, public infrastructure and neighborhood improvements on the November 2, 2004, ballot. If approved by the Board and the voters, the referendum will allow the County to construct and improve bridges, bikeways, sidewalks and other neighborhood improvements including those providing Americans with Disabilities Act (ADA) accessibility, as well as provide for an Economic Development Fund (see Appendix A). This resolution will allow the County to issue General Obligation Bonds in an amount not to exceed \$352.182 million over a multi-year period to fund improvements to the County's infrastructure and address a number of quality of life issues in our community. Legislation establishing the administration of the Economic Development Capital Improvement Fund, creating interlocal agreements with the municipalities and establishing a Program Advisory Committee will be forwarded to the Board upon approval of the program by the electorate. Individual debt issuances will also be subsequently forwarded for Board approval.

BACKGROUND

The recommended Program will provide the County with the capability of responding to the community's longstanding unfunded capital infrastructure needs in a comprehensive manner. The attached recommended list of projects provides a multi-faceted approach which addresses the need for facilities and infrastructure as well as economic development concerns. Since our Community Small Business Enterprise and Community Workforce regulations will apply to the *Building Better Communities* projects, it is anticipated that the Program will contribute to our economy by generating a large number of jobs as well as many new and meaningful business development and training opportunities in our local community.

Honorable Chairperson Barbara Carey Shuler, Ed. D.
and Members, Board of County Commissioners
Page 2

A comprehensive report detailing our efforts to assemble a balanced *Building Better Communities* Program is presented under separate cover. The attached resolution and corresponding project recommendations further refine the proposed Program by incorporating the Board's input from the June 24, 2004 General Obligation Bond Workshop as well as subsequent individual follow-up meetings with Board members.

We have a unique opportunity to move forward with this Program at this time. Existing debt from the Decade of Progress Bond Program, the Criminal Justice Bond Program and the Safe Neighborhood Parks Bond Program is being retired allowing capacity for future bond issuances while maintaining a flat millage rate for debt service. Finally, placement of the ballot question on an already scheduled General Election allows us to avoid incurring the considerable costs that would be associated with a separate election.

Therefore, it is respectfully requested that the Board approve the attached resolution and allow the electorate to vote on critical capital improvement issues impacting the future of Miami-Dade County.

Assistant County Manager

The County Manager, the Finance Director, the Supervisor of Elections and the Clerk of the County Commission are hereby authorized and directed to take all appropriate actions necessary to carry into effect and accomplish the provisions of this Resolution. This special election shall be a nonpartisan election. Inspectors and clerks to serve as election officials in connection with this special election shall be appointed in accordance with the provisions of the general election laws.

Section 9. This special election shall be canvassed by the County Canvassing Board as provided under the election laws of this State, in accordance with the provisions of Section 2.07 of the Home Rule Charter.

Section 10. All proceeds of the sale of the Bonds shall be delivered to the Finance Director of the County who shall deposit those proceeds in appropriate construction fund trust accounts, not to be commingled with other funds of the County, to be disbursed solely for the purposes set forth in this Resolution. The County, itself or through independent auditors, shall have the right at all times to audit the books and records of all beneficiaries who receive proceeds from the sale of the Bonds.

Some projects listed in Appendix A of this Resolution may be the subject of contractual agreements between the County and the external agencies receiving the Bond proceeds to pay the cost of such projects. Such agreements shall provide the terms and conditions for the County to release Bond proceeds to the agency and such other requirements as the County shall deem appropriate. In the event that an agency fails, without adequate reason, to commence acquisition, planning, design or construction of a project within six (6) months of the receipt of County approval to proceed with such project, the County shall have the option of reallocating the Bond proceeds earmarked for such project to any other projects listed in Appendix A falling within the same ballot category.

All additions, deletions and significant modifications to individual projects or to Appendix A shall require a majority vote of the Board after public hearing.

Section 11. Bond proceeds in an amount not to exceed 3% of the principal amount of the Bonds shall be used to pay administrative expenses associated with managing the Bond program. The Finance Director will deposit these funds in a separate Bond Administrative Expense Fund.

Section 12. The Bonds are part of an overall Bond Program pursuant to which the County is proposing to issue up to \$2,925,750,000 in General Obligation Bonds ("Bond Program")

upon voter approval. The intent of the County is to include a combined municipal and UMSA component ("Municipal Component") in the Bond Program totaling 10% of the Bond proceeds, net of issuance costs. The formula used for distribution of proceeds is based on a weighted formula 75% on population and 25% on contribution to the tax roll (based on June 1, 2004 figures) as compared to the total population and property tax roll figures for the entire County. The data for this distribution was based upon most recent Census figures as provided by the Miami-Dade County Planning Department and tax roll figures as provided by the Miami-Dade County Property Appraiser. Should a municipality incorporate after passage of this Bond program, it may petition the Board for a portion of any unallocated Bond proceeds that had been apportioned to local projects in the UMSA area then contained in such municipality. Not all of the individual components of the Bond Program will include a Municipal Component but in the aggregate, the overall Bond Program will include a Municipal Component that equals 10% of the Bond Program.

It is the intent of the County that the balance of the bond proceeds from the Bond Program net of cost of issuance (90%) shall be used for projects of countywide and/or regional significance.
