c) Where there is a change of contractor or qualifier involving a permit, the second permit holder shall pay a fee to cover the cost of transferring the data from the original permit to the second permit. Except when the original permit has expired or the original permit fee is less than established in this section in which case the full permit fee is charged. 107.34

d) Where a permit has become null and void pursuant to the applicable Building Code(s), a credit of fifty percent (50%) of the permit fee shall be applied to any re-application fee for a permit covering the same project and involving the same plans, provided that the complete re-application is made within six (6) months of the expiration date of the original permit, and provided
that no refund had been made as provided in this Section.

5. GENERAL INFORMATION

In addition to the fees assessed by Building and Neighborhood Compliance, the permit fee includes other fees assessed by other service areas, agencies, and/or Departments involved in the permitting process, including but not limited to the State of Florida, the Miami-Dade Fire Rescue Department; Public Works and Waste Management Department; Water and Sewer Department; and the Environmental Resources Management and Development Services areas of RER.

9. UP-FRONT FEE FOR PERMIT SUPPORT FUNCTIONS PERFORMED BY BUILDING AND NEIGHBORHOOD COMPLIANCE FOR PERMIT TYPES REQUIRED BY OTHER SERVICE AREAS OR COUNTY DEPARTMENTS

Projects permitted under the Master Model or Cookie Cutter Programs are not eligible for refund. The permit holder is responsible for requesting the refund in writing within 180 days of permit issuance. Failure of the permit holder to request the refund within the stated time period shall constitute a forfeit of the right to refund.

11. OPTIONAL PLAN REVIEW SERVICES

Permit applicants who request an alternate plan review service for an expedited review, to be completed after normal working hours, will be assessed a fee. This fee is equal to the pay supplement established for such service plus appropriate overhead rates. This fee will be paid prior to any plan review being performed.

12. INTEREST CHARGES ON UNPAID AMOUNTS DUE TO BUILDING AND NEIGHBORHOOD COMPLIANCE

Building and Neighborhood Compliance is authorized to impose an interest charge on any and all unpaid amounts which are due the service area. 13. ACTUAL COST FOR PROJECTS OR SERVICES NOT CONTEMPLATED IN CURRENT FEE STRUCTURE

The invoice will consist of actual labor cost, including any and all fringe benefit costs the Department is legally obligated to pay. Additionally, the invoice will include any other indirect cost associated with the actual labor cost, as determined by the Department’s Finance Section on a yearly basis.

The Director or his designee will also have the ability to request a deposit amount that is mutually acceptable by the Department and the company or individual that is legally responsible for the project(s) or services requested. The deposit amount shall be used to offset the final invoice project cost; if any amount is remaining, it shall be returned to the party that executed the agreement with the Department. The life span of the project(s) or services requested shall be included in the agreement.

14. ELECTRONIC CONCURRENT PLAN PROCESSING

In order to create a more efficient and effective permitting process, Building and Neighborhood Compliance has established procedures to process plans electronically via a concurrent automated workflow.
