

FY 2013 - 14 Adopted Budget and Multi-Year Capital Plan

Information Technology

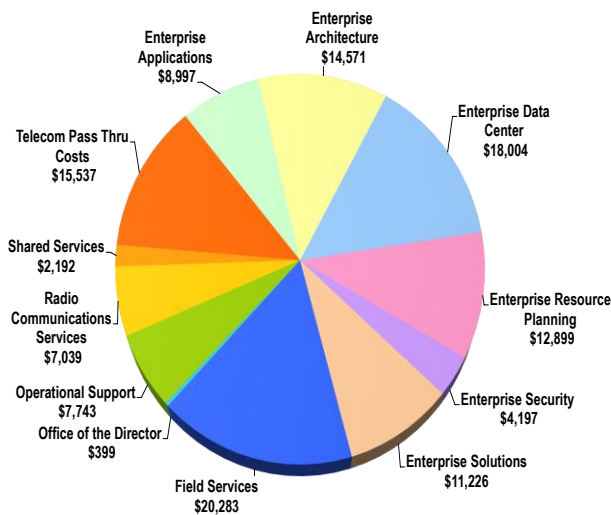

The Information Technology Department (ITD) provides information technology (IT) enterprise and infrastructure services that support the operations of all County departments.

As part of the General Government strategic area, the Department deploys emerging technologies in support of County government operations and services to the public. ITD provides a reliable and secure IT infrastructure, including network and hardware/software platforms, to support departmental applications and enterprise services. ITD partners with other County departments and management to implement and maintain technology solutions that enable efficient operations and delivery of County services, to include telecommunications and radio operations. ITD ensures that its services improve government access, efficiency, and effectiveness through the implementation of appropriate IT standards, methodologies, security, and project management practices.

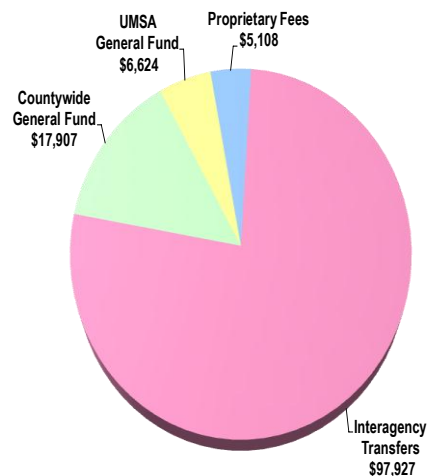

The Department's stakeholders include all County departments, elected officials, Miami-Dade County residents, local businesses, visitors, and anyone who visits the County's website.

DIVISION: OFFICE OF THE DIRECTOR AND OPERATIONAL SUPPORT

The Office of the Director and the Operational Support Division include the CIO and activities that support the IT operational areas of the Department, including procurement, accounting, budget and management, human resources, customer service, and project management functions.

- Oversees the development and use of technologies in order for County departments and their service partners to deliver quality customer service to the public
- Directs strategic enterprise-wide integration of new technologies into the County's IT infrastructure and oversees IT resources and services
- Provides asset management, financial and administrative support; manages human resource activities
- Provides County residents with electronic access to public records and information
- Provides IT project management oversight to better manage funding, improve project outcomes, and increase customer satisfaction

DIVISION COMMENTS

- In FY 2012-13, ITD continued to work with various County departments including Internal Services (ISD), Miami-Dade Police, Regulatory and Economic Resources (RER), and Public Works Waste Management (PWWM) to streamline County IT functions; as of the end of FY 2012-13, 44 resources from RER, one resource from Transit, one resource from Juvenile Services, and 12 resources from ISD have transferred to ITD as part of the initial effort to consolidate IT functions and services under a centralized model; this on-going effort will produce operational efficiencies, expanded capabilities, improved continuity of operations, and better collaboration and information sharing
- In FY 2012-13 and through FY 2013-14, IT contract allocations will continue to be consolidated; as IT contracts come to the Board of County Commissioners for contract renewal, the total allocation will be aggregated under ITD; this allows the County to leverage its enterprise license agreements, achieve volume discounts, align purchases with approved IT standards, and will eliminate unnecessary duplication

FY 2013 - 14 Adopted Budget and Multi-Year Capital Plan

DIVISION: ENTERPRISE APPLICATIONS

The Enterprise Applications Division provides multi-platform Countywide and departmental automated application systems.

- Supports and maintains citizen service applications including Park and Recreation systems, Real Estate and Property Tax Assessment, and Value Adjustment Board related systems
- Supports and maintains Regulatory and Economic Resources systems including Construction Permitting, Environmental Resources, For-Hire Transportation Licensing, Consumer Protection Services, Small Business Development, and Film and Entertainment Permitting
- Supports and maintains criminal justice systems relied upon by County, state, municipal, and other public safety agencies
- Provides support to court-related applications such as Civil, Traffic and Parking, Jury, and Electronic Subpoena systems
- Provides application system support for legislative, capital improvements, occupational licenses, and tax collection systems

- *The FY 2013-14 Adopted Budget includes the elimination of one vacant Computer Service Manager position*
- ITD is deploying Community Action and Human Services Department's (CAHSD) "Social Services on the Web", a new application that will allow County citizens to apply for social services via the internet; Phase I development for Elderly Services was completed in FY 2012-13 and will be placed into production once the departments finalize acceptance testing and validation; Phase II, which includes all social services available to County citizens, will be implemented in FY 2013-14
- In FY 2013-14, ITD will deploy "ISD Parking," an online payment application to facilitate payment of parking fees using credit cards and e-checks; collections cover over 4,400 parking spaces at the Government and Civic Centers
- ITD, in partnership with RER, is in the process of developing a web-based self-service one-stop-shop portal where citizens will be able to obtain comprehensive guidance on the start-up of a business within Miami-Dade County and municipalities
- In FY 2012-13, ITD began the PeopleSoft Human Capital Management 9.1 upgrade for the ISD Payroll and Information Management Division; once the upgrade is finalized, the new release will enhance the recruitment process for the County, and provide the basis for a pilot of Performance Management features and for the Benefits Open Enrollment process; both initiatives are planned to kick-off in early FY 2013-14
- In FY 2012-13, ITD and the Office of Management and Budget (OMB) began the implementation of Oracle's Hyperion Planning application for Budgeting and Reporting; the initial phase of the Hyperion project will be deployed December 2013
- Phase 1 of the Vendor Consolidation Project, "Online Vendor Registration," is planned for completion in FY 2013-14; the objective of this project, to be completed in three phases, is to develop a single, centralized, self-service vendor portal for all vendor-related services offered by the County; Phase I will automate vendor registration by replacing the paper-based vendor registration process with electronic web-based vendor registration, thus allowing vendors to access and update pertinent vendor information on-line

FY 2013 - 14 Adopted Budget and Multi-Year Capital Plan

DIVISION: ENTERPRISE SECURITY

The Enterprise Security Division develops and implements data security policies, manages enterprise security risk, and manages the County's data security infrastructure, remote access, directory services, and mobile messaging.

- Reduces risk exposure present in the County's computer infrastructure by establishing mitigation programs, to include cyber security and business continuity planning
- Provides information security services management including firewalls, intrusion detection and prevention, anti-virus, Domain Name Services (DNS), and Internet proxy infrastructure
- Provides electronic mail (e-mail) for communications including mobile messaging (BlackBerry) within the County and with external entities, agencies, and constituents while protecting against virus attacks and unsolicited commercial e-mail (SPAM)

FY 2013 - 14 Adopted Budget and Multi-Year Capital Plan

DIVISION COMMENTS

- The FY 2013-14 Adopted Budget includes the elimination of one vacant Operating Systems Programmer position
- In FY 2012-13, a pilot project was completed utilizing EAMS technology to automate the capital inventory process for six departments; planning is underway to expand use of this technology by continuing to augment the number of automated departments in FY 2013-14
- Implementation of new Enterprise Content Management (ECM) technology continued; in FY 2012-13, the new Tax Collection system and the integration of documents for Port Miami's Permitting System were incorporated into the new ECM technology; in FY 2013-14, the County's Finance Department will extend the accounts payable solution with an approval workflow (AP Workflow) for invoice and purchase order processing to additional departments; migration of electronic information stored on the Electronic Document Management System (EDMS) technology to the new ECM will continue in FY 2013-14
- In FY 2012-13, several GIS initiatives were started in partnership with municipal governments, including the Mayor's Bike305 initiative, developed in collaboration with the Parks, Recreation and Open Spaces Department and five municipalities, featuring bike trails, events and points of interest across the area; plans are to continue to expand the initiative (PARKS305) in FY 2013-14 to include all County municipal governments enabling the sharing of parks-related information across the County in an automated fashion

DIVISION: FIELD SERVICES

The Field Services Division is responsible for engineering, services for the integration of voice and data solutions, enterprise management and maintenance services to support the County's data, voice, and wireless point-to-point and broadband, private wired line, telecommunications equipment infrastructure, encompassing personal computing devices and auxiliary peripheral devices.

- Provides telecommunications design and engineering services for new facilities, and updates to existing facilities, including network solutions services for the integration of voice and data solutions
- Provides infrastructure cabling services for data, voice and cable TV
- Provides installation and setup of new telecommunication equipment ranging from telephone systems and devices, personal computing, wireless and print devices, mainframe terminals, and auxiliary peripheral devices; delivers equipment maintenance and support services
- Provides support 24 X 7 for the 911 and 311 call centers
- Manages a carrier class core fiber optic network, as well as the routed and switched network configuration, connecting over 600 sites to MetroNet
- Provides carrier-class wireless point-to-point, point-to-multipoint, fixed outdoor or mobile Broadband, and Wi-Fi/WiMax services

FY 2013 - 14 Adopted Budget and Multi-Year Capital Plan

DIVISION COMMENTS

- The FY 2013-14 Adopted Budget includes the elimination of two vacant positions: one Computer Operations Supervisor and one Operating Systems Programmer
- During FY 2012-13, ITD continued deployment of new Metronet Ethernet Edge Switches and Wireless LAN; this new equipment will provide benefits such as one Gigabit per second (Gbps) connectivity, Power over Ethernet, which will allow Voice over Internet Protocol (VOIP) phone handsets to draw power from their network connection, prioritization of critical network traffic, improved security features, and wireless employee and guest access; sites slated for upgrade during FY 2013-14 include Court House Center, Court House East, and Dade County Courthouse
- During FY 2013-14, ITD will continue supporting and expanding the Call Center enterprise switch and IVR (Interactive Voice Response) solution; this enterprise voice platform will be the backbone for all call center technology in Miami Dade County, providing dual core processing servers, redundant port networks, and physical/logical redundancy; the infrastructure projects that are scheduled to be deployed onto the enterprise voice system include the 311 Answer Center, WASD Call Center, SAO Call Center, ISD Call Center, COC Call Center, AOC Call Center, and the RER/Building Call Center

DIVISION: RADIO COMMUNICATIONS SERVICES

The Radio Communications Services Division is responsible for providing local and regional public safety first responders and County departments with efficient, reliable, and secured radio communications services and solutions.

- Develops strategic direction of the County's 700/800 MHz Radio Communication Systems
- Provides 24 X 7 support of the radio infrastructure
- Provides repair and installation of vehicle emergency lighting and mobile communications equipment
- Coordinates interoperability plans in the Southeast Florida region
- Coordinates communications talkgroups
- Provides radio engineering and design services

FY 2013 - 14 Adopted Budget and Multi-Year Capital Plan

CAPITAL HIGHLIGHTS AND OPERATIONAL IMPACTS

- ITD's FY 2013-14 Adopted Budget and Multi-Year Capital Plan includes \$1.711 million from the IT Funding Model that is a pass-through expense transferred to the Finance Department (\$990,000) and to the Capital Outlay Reserve (\$641,000) to be used to fund the personnel and implementation expenses related to the deployment of the AP Workflow project
- Through the IT Leadership Council, ITD submitted a proposal to implement an ERP archiving solution (\$248,000) that will provide for rapid capture of a large volume of data and the storage of that data in a compressed mode, as well as the ability to retrieve pertinent application-related information while generating cost savings by providing less expensive storage of archived data; this project will be integrated with the full Enterprise Resource Planning (ERP) application implementation that began in FY 2012-13 (\$5.855 million)
- In FY 2012-13, ITD worked on enhancements at the Miami International Airport (MIA) and Palm Springs North radio sites, increased battery backup capacity at SPCC, performed other tower maintenance activities required by the Federal Aviation Administration and expanded and enhanced broadband site coverage; in FY 2013-14, ITD will begin performing a major upgrade to the County's radio communications infrastructure by converting the Palm Springs North radio site from an "Audio Receive Rx" configuration for System B dedicated to law enforcement, to a "Audio Transmit Tx" which will improve radio coverage on the north end of the County; in addition, Control Point computer enhancements will be completed that will allow for additional transmit channels on the P25 System B infrastructure that is planned for deployment in December 2013
- The FY 2013-14 Adopted Budget and Multi-Year Capital Plan includes a transfer from the IT Funding Model to the Capital Outlay Reserve (COR) to fund new and ongoing enterprise IT capital projects (\$426,000)
