## How to Read a Department's Budget Narrative

Continuous improvement and future resilience play a central role in Miami-Dade County's effort to deliver excellent government services in a fiscally responsible manner. The approach applies equally to the presentation of strategic, financial and operational information in the Budget and Multi-Year Capital Plan. These two pages highlight significant changes to department narratives and detail their major sections.

To ensure Miami-Dade County is growing as a resilient government, as part of our Strategic Plan refresh, unit measures are now being classified by Resilience Driver, as defined by the Rockefeller Foundation's City Resilience Framework (CRF), as well as the classification by Strategic Objective. Strategic Objectives – updated this year – are listed in Appendix U. Resilience Drivers represent key focus areas that help ensure Miami-Dade County is helping create a community that is prepared for, can withstand, and can recover from various types of challenges ranging in size and scope. The CRF describes the essential systems of a city or county in terms of four dimensions: **Health & Wellbeing (HW)**, **Economy & Society (ES)**, **Infrastructure & Environment (IE)** and **Leadership & Strategy (LS)**, each containing three drivers reflecting the actions cities can take to improve their resilience. Detailed descriptions of the 12 drivers can be found at the [100 Resilient Cities webpage](#).

The **resilience emoji** ( 🌱 ) is used to highlight County programs, projects, and functions which support the CRF.

The information below is a summary of the department budget narrative layout. The numbered bullets below correspond to the circled numbers on the sample narrative page that follows.

## FY 2019 - 20 Proposed Budget and Multi-Year Capital Plan

### Board of County Commissioners

The Miami-Dade County Board of County Commissioners (BCC or the Board) is the legislative and governing body of Miami-Dade County. One County Commissioner is elected from each of Miami-Dade County's 13 districts to serve no more than two consecutive four-year terms. Registered voters from the respective districts choose Commissioners in non-partisan elections. The Commissioners elect a Chairperson and Vice-Chairperson of the Board. The Chairperson of the Board appoints a Chairperson and Vice-Chairperson, and members of all committees. Each Commissioner's salary is set by County Charter at \$6,000 per year. District elections are held every four years, with the most recent election of Commissioners from odd-numbered districts held in 2018. The election of Commissioners from even-numbered districts will be held in August 2020. Commissioners are limited to two four-year terms effective with the 2012 election.

The BCC reviews and adopts comprehensive development land use plans for the County; licenses and regulates taxis, transportation network entities, jitneys, limousines, and rental cars; sets tolls and policy regarding public transportation systems; regulates utilities; adopts and enforces building codes; establishes zoning controls; and establishes policy relating to public health, safety services and facilities, recreational and cultural facilities, housing and social services programs, and other services. Each year, the BCC sets the property tax millage rates and approves the County's budget, which determines the expenditures and revenues necessary to operate all County services and enacts the County's strategic plan. In addition, the Board, through its agenda coordination function, develops and distributes all legislative items. All meetings are public, and the Board can take no action unless a majority of Commissioners currently serving in office are present. The Commission may override a Mayoral veto at its next regularly scheduled meeting by a two-thirds vote of those members present.

The BCC performs policy-making functions and advocates for Miami-Dade County citizens at all levels of government.

### Fire Rescue

The Miami-Dade Fire Rescue Department (MDFR) protects people, property, and the environment by providing proactive, responsive, professional, and humanitarian emergency fire rescue services that are essential to public health, safety, and well-being. MDFR is one of the ten largest fire rescue departments in the United States, serving residents, businesses, and visitors 24 hours per day, 365 days per year. MDFR has 70 fire rescue stations serving unincorporated Miami-Dade County and 29 municipalities.

MDFR's commitment to protecting people, property, and the environment aligns with goals of the Public Safety strategic area. In addition, MDFR provides air rescue service with transport within Miami-Dade County to Federal Aviation Administration (FAA) approved landing pads at various hospital facilities. Additional specialty units are dedicated to Airport and Seaport response, hazardous material emergencies, ocean rescue, maritime response, response to snake bites, urban search and rescue, and complex extrications. MDFR provides annual building inspections and plans review and inspection for new construction, to ensure compliance with the Fire Code.

The Office of Emergency Management (OEM) supports the community's disaster preparedness, response, recovery, and mitigation needs through the coordination of information and resources. Additionally, the OEM manages the County's Emergency Operations Center (EOC), coordinating emergency response and recovery plans, decisions, and operations in order to maximize the use of resources within Miami-Dade County. The OEM provides these services throughout Miami-Dade County, including all of its municipalities, private sector entities and not-for profit service providers.

MDFR is accredited by the Commission on Fire Accreditation International (CFAI), which is part of the Center for Public Safety Excellence, Inc. The department is one of only 266 agencies in the world to achieve International Accreditation Agency status by CFAI, and is the largest accredited fire rescue department in the Southeast and the second largest in the nation. Additionally, the OEM is accredited by the Emergency Management Accreditation Program (EMAP), a voluntary accreditation process for state, territorial and local government emergency management programs. OEM is one of only 114 jurisdictions nationwide and 20 in the state of Florida to achieve EMAP.

MDFR provides a vital public service to an extensive list of stakeholders, which include the County's 2.8 million residents, 16 million annual visitors, 29 municipalities, and more than 80,000 businesses. Internal customers include the Miami-Dade Police Department, Miami-Dade Aviation Department, and PortMiami, among other partners, with which MDFR works in ensuring the County is prepared in the event of an emergency.

### Judicial Administration

The Judicial Administration function of the Eleventh Circuit (the Circuit) includes the County-funded activities of the State Attorney, Public Defender, and the Administrative Office of the Courts.

As part of the Public Safety strategic area, the various entities of the court system strive to attain justice for all residents of Miami-Dade County through the rule of law as an independent branch of government constitutionally entrusted with the fair and just resolution of disputes. In doing so, the Circuit provides equal access to a fair and effective system of justice for all without excess cost, inconvenience, or delay, and with sensitivity to an increasingly diverse society. While preserving the constitutional right to trial by an impartial judge or jury, the Circuit also offers efficient methods of dispute resolution such as mediation. The State Attorney is responsible for prosecuting or defending, on behalf of the State, all suits, applications, or motions in which the State is a party. The Public Defender represents indigent people who have been arrested or who are at risk of losing their life or liberty and cannot afford to hire a private attorney, as well as individuals facing involuntary civil commitment because of mental illness or mental retardation. The Administrative Office of the Courts (AOC), which provides support services to the Judiciary, includes the following areas: case management, courtroom assignments, court reporting, court technology, interpreter operations, human resources, fiscal and procurement management, facilities management, planning, and security. Under Revision 7 to Article V of the Florida Constitution, the State is required to fund the following elements of the state court system on behalf of the State Attorney, Public Defender, and Judiciary: Judges and Judicial Assistants, Law Clerks and legal research services, Magistrates and Hearing Officers, State Attorneys, Assistant State Attorneys and staff, Public Defenders, Assistant Public Defenders and staff, alternative dispute resolution/mediation, case management, foreign and sign language interpreter services, court reporting, expert witnesses, mental health professionals, court administration, transportation, and travel expenses. The law provides that counties pay reasonable and necessary salaries, costs, and expenses of the state court system to meet local requirements and may fund State Attorney and Public Defender efforts toward the prosecution and defense of violations of local ordinances. Pursuant to Florida Statute 29.008, the responsibility rests with the Chief Judge, in conjunction with the State Attorney and the Public Defender, to identify all local requirements within the Circuit. Counties are obligated to fund communications services, existing multi-agency criminal justice information systems, and the construction, maintenance, utility, and security costs associated with court facilities.

The entities of the court system interact with the Clerk of Courts, other justice agencies, community-based organizations, and the general public.

### TABLE OF ORGANIZATION

## FY 2019 - 20 Proposed Budget and Multi-Year Capital Plan

---

### ADDITIONAL INFORMATION

- We appreciate the collaborative efforts of Chief Judge Bertila Soto, Katherine Fernandez-Rundle, State Attorney, and Carlos J. Martinez, Public Defender, towards the successful completion of the FY 2019-20 Proposed Budget
- Revision 7 to Article V of the Florida Constitution, effective July, 1, 2004, established certain obligations (such as the maintenance of facilities, security, technology, telecommunications, and existing multi-agency criminal justice information systems) on the part of counties; as of September 30, 2018 the County Budget includes funding of more than \$69 million in General Fund revenues to support Court-related expenditures in the Internal Services Department, the Information Technology Department, and the Court System budget
- The FY 2019-20 Proposed Budget includes approximately \$4.721 million for local requirement Court programs to support: County Mediation, Family Court Services/Supervised Visitation, Dependency Drug Court Program, Mental Health Coordination, Unified Children's Court, Juvenile Drug Court, Adult Drug Court, Civil Court Interpreters, Domestic Violence Fatality Review Team, Domestic Violence Drug Court, Probate for Marchman Act, Urinalysis Needs, Criminal Mental Health Jail Diversion Program, Traffic Operations, and Veterans Treatment Court
- **The FY 2019-20 Proposed Budget includes five additional positions to meet growing workloads: three Judicial Services Coordinator 1 positions (\$216,000; one position is grant funded), one Judicial Support Administrator 1 position (\$58,000), and one grant funded Judicial Services Coordinator 2 position (\$68,000); the positions that are not grant funded are subsidized by the General Fund and the Department will continue to pursue additional grant funding opportunities in order to mitigate the impact to the General Fund in the future**
- **The FY 2019-20 Proposed Budget includes funding for a records warehouse imaging project for the State Attorney's Office which will reduce the immediate need for additional physical storage and ultimately eliminate the rental of the records storage space (\$568,000)**
- Revenues generated from traffic surcharges have decreased 36 percent since FY 2013-14; this reduction in revenues, approximately \$2.8 million, has been replaced by an increased General Fund subsidy; this negative trend may continue into the upcoming fiscal years and would require either service adjustments or further increases to the General Fund subsidy
- The FY 2019-20 Proposed Budget includes \$4.183 million in self-funded local requirement Court programs such as Self-Help (\$2.292 million), Drive Legal (\$1.374 million), Process Servers (\$387,000), and Adult Drug Court (\$130,000)
- The FY 2019-20 Proposed Budget includes funding for the Early Representation Unit (\$1.159 million), a local requirement Court program administered by the Public Defender's Office (PDO); the program assists in obtaining a timely release of defendants from jail, reducing the County's cost for housing inmates
- The FY 2019-20 Proposed Budget provides \$203,000 to contract for the timely service of PDO civilian subpoenas; this service reduces delays of Court cases and County expenditures associated with the incarceration of defendants pending disposition; additionally, the Proposed Budget includes recurring funding for licensing agreements and network support for the PDO (\$454,000)
- The FY 2019-20 Proposed Budget includes funding for the State Attorney's Office (SAO) (\$8.664 million); the funding supports the Civil Citation Program (\$71,000), Mobile Operations Victim Emergency Services (MOVES) program (\$267,000), and the subpoena service program (\$240,000); the MOVES and the subpoena service programs have been certified as local requirements
- The FY 2019-20 Proposed Budget includes funding for the Expedited Intake System (EIS) in the SAO, which identifies efficiencies in the "file/no-file" decision process through the enhanced ability to obtain personal service of the notices to appear at all pre-file conferences (\$449,000); the EIS program has been certified as a local requirement
- The FY 2019-20 Proposed Budget includes \$28,000 for the PDO and \$3,000 for the SAO to defend and prosecute local ordinance violations; the County remains responsible for the courier functions of the PDO and the SAO and will continue to provide the vehicles required for this activity
- The FY 2019-20 Proposed Budget includes funding for the Children and Special Needs Center, which is administered by the SAO to coordinate multi-jurisdictional interviewing and assessment of children and the mentally impaired who are victims of sexual abuse (\$530,000); the intergovernmental agreement between the County and the State of Florida will be continued as it relates to the appropriation of funds by the Board of County Commissioners (BCC)

## **FY 2019 - 20 Proposed Budget and Multi-Year Capital Plan**

---

- ✎ The FY 2019-20 Proposed Budget includes funding from the Miami-Dade Police Department (MDPD) (\$125,000), the Miami-Dade Chiefs Association (\$320,000), and carryover (\$124,000) to operate the County Court Standby Program; this program coordinates witness appearances in court through subpoena management, thereby reducing police overtime in various police departments, including MDPD, and improving case scheduling in the Court System
- In order to carry out the functions funded by the County, separate intergovernmental continuation agreements will be executed administratively between the County and the PDO and the SAO subject to appropriation of funds by the BCC
- ✎ The FY 2019-20 Proposed Budget includes funding of \$749,000 for the Law Library; this operation is funded by fees, charges, and donations (\$74,000); 25 percent of the Criminal Court cost \$65 surcharge (\$229,000); Local Business Tax (\$84,000); and carryover (\$362,000)
- ✎ The FY 2019-20 Proposed Budget includes funding for the Legal Aid program (\$4.374 million); the funding is comprised of General Fund support (\$2.474 million), Florida Bar Foundation contributions (\$350,000), Grants to Encourage Arrest related to domestic violence (\$150,000), Victims of Crime Act grants (\$610,000), court fees (\$229,000), and other miscellaneous revenues (\$561,000)
- ✎ The Non-Departmental General Fund section of the FY 2019-20 Proposed Budget includes \$2.728 million in funding for the Guardianship Program; the Guardianship Program of Dade County, Inc. provides guardianship assistance for destitute adults who are charged or detained in Miami-Dade County and are appointed a Guardian by the Court

### **CAPITAL BUDGET HIGHLIGHTS AND OPERATIONAL IMPACTS**

- ✎ The FY 2019-20 Proposed Budget and Multi-year Capital Plan includes \$500,000 in funding from the General Government Improvement Fund (GGIF) to support various repairs and renovations throughout the court facilities
- The FY 2019-20 Proposed Budget and Multi-Year Capital Plan includes the purchase of one vehicle for the Administrative Office of the Courts (\$25,000) and funding for the purchase of one vehicle for the State Attorney's Office (\$40,000); the County's fleet replacement plan is included under Non-Departmental Capital Budget Project #2000000511
- The FY 2019-20 Proposed Budget and Multi-Year Capital Plan includes close-out costs for the construction of additional courtrooms and facility improvements to the Joseph Caleb Tower (total project cost \$31.108 million; \$1.16 million in FY 2019-20); the additional courtrooms, which opened in May 2019, are projected to have an estimated operating impact in FY 2019-20 of \$529,000; this includes one new full-time Court Mediator 2 position, along with positions relocated from other facilities
- ✎ In FY 2019-20, the Department will continue to work with the Internal Services Department to manage the emergency repairs at the Miami-Dade County Courthouse to correct and/or repair hazardous conditions that may affect the life, health, and safety of judges, employees, visitors, and users of the courthouse (total project cost \$30 million; \$5.803 million in FY 2019-20)

\* The methodology for calculating this measure requires enough staffing to keep medical examiners below 250 autopsies performed annually; this measure indicates the ratio of doctors on staff to doctors needed to handle autopsy case load in compliance with the National Association of Medical Examiners (NAME) guidelines; due to the magnitude of anticipated autopsy workload in FY 2019-20 the Target was lowered to 95%

\*\* Vacancies in the FERT unit impacted the FY 2018-19 Projection and the FY 2019-20 Target, as compared to the FY 2018-19 Budget

## FY 2019 - 20 Proposed Budget and Multi-Year Capital Plan

### Parks, Recreation and Open Spaces

The Parks, Recreation and Open Spaces (PROS) Department builds, operates, manages and maintains one of the largest and most diverse park systems in the country consisting of over 270 parks and over 13,800 acres of passive and active park lands. The Department's five strategic objectives and priority areas include fiscal sustainability, placemaking/design excellence, health and fitness, conservation and stewardship and performance excellence. The Department provides opportunities for health, happiness and prosperity for residents and visitors of Miami-Dade County through the Parks & Open Spaces Master Plan, consisting of a connected system of parks, public spaces, natural and historic resources, greenways, blue-ways and complete streets, guided by principles of access, equity, beauty, sustainability, and multiple benefits. The Department operates as both a countywide park system serving 2.8 million residents and as a local parks department for the unincorporated area serving approximately 1.2 million residents. The Department acquires, plans, designs, constructs, maintains, programs and operates County parks and recreational facilities; provides summer camps, afterschool and weekend programs for youth; manages 44 competitive youth sports program partners; provides programs for active adults, the elderly and people with disabilities; and provides unique experiences at Zoo Miami and seven Heritage Parks: Crandon, Deering Estate, Fruit and Spice, Greynolds, Haulover, Homestead Bayfront and Matheson Hammock Park. Additionally, PROS provides various community recreational opportunities including campgrounds, 17 miles of beaches, 304 ballfields, tennis, volleyball, and basketball courts, an equestrian center, picnic shelters, playgrounds, fitness zones, swimming pools, recreation centers, sports complexes, a gun range, and walking and bicycle trails. The Department manages over 26,000 acres of environmentally endangered lands and natural and environmental experiences are offered through five nature centers/preserves and Eco-Adventure programs. The Department provides education in agriculture, sustainable gardening, marine science, food and nutrition through Agriculture and Cooperative Extension services.

As part of both the Recreation and Culture and Neighborhood and Infrastructure strategic areas, the Department manages revenue generating facilities including six golf courses, one tennis center, six marinas, Deering Estate, Fruit & Spice Park, Trail Glades Range and Zoo Miami. The Department attracts regional, national and international events, including equestrian shows at the Ronald Reagan Equestrian Center and track and field meets. The Department also provides landscape maintenance, security guard services and street lighting for special assessment districts; administers toll collection and maintenance on the Rickenbacker and Venetian Causeways; manages roadway landscape maintenance, roadside safety tractor mowing and lot clearing services; and facilitates the planting of trees, palms and landscaping to provide aesthetic enhancements through Neat Streets and the Million Trees Miami initiative.

The Department coordinates many activities with a variety of stakeholders including residents, homeowners' associations, community councils, municipalities, groups involved in sports and recreational development, environmental groups, community-based organizations, and neighborhood groups.
