

☒ DIRECTOR'S BUSINESS PLAN CHECKLIST ☒

- ☐ I am using the **revised** business plan template for FY 2020-21 and FY 2021-22 located on the OMB Business Planning [Website](#). The time frame for this business plan represents the two-year period of October 1, 2020 through September 30, 2022.
- ☐ I have reviewed how my department supports the goals and objectives in the County strategic plan. (Refer to [Attachment A-8](#) of these instructions for a list goals and objectives)
- ☐ I have included in the Business Plan the most important issues and initiatives my department needs to address in FY 2020-21 and FY 2021-22. I have also identified issues I anticipate for years beyond FY 2021-22.
- ☐ I have reviewed my department's Scorecard and Business Plan Report. I have confirmed its content is relevant and up to date. I have also reviewed and set the targets for the Scorecard's measures through the end of FY 2021-22. Comparative data from the Florida Benchmarking Consortium and the International City/County Management Association that is available on the County [Intranet](#) was considered.
- ☐ I have reviewed the [Greater Miami & the Beaches Resilient305 Strategy](#) in preparing my business plan. I have associated all the measures on my scorecard with one of the 12 Resilience Drivers described in the FY 2020-21 Adopted Budget. ([Attachment A-9](#) provides an overview of these 12 drivers. The Business Plan template includes a section to show how your measures can be aligned to a Resilience Driver.)
- ☐ I have signed the cover page and have obtained the signature from my corresponding Chief in the Mayor's Office. I have kept a copy and forwarded the signed originals to OMB by the due date of March 8, 2021.

**BUSINESS PLAN DUE DATE**

Director and corresponding Chief in the Mayor's Office sign plan and submit final version to OMB, **including PDF of Scorecard Business Plan Report**

**March 8, 2021**

## **WHY DO WE USE BUSINESS PLANS AND SCORECARDS?**

Departmental business plans guide the annual budget process that supports the goals and objectives listed in the Miami-Dade County Strategic Plan. A well-written business plan summarizes a department's purpose and mission, communicates its priority initiatives for the current and the next fiscal year, and lists key issues which may impact the department's ability to achieve its desired outcomes.

There are two parts to the Business Plan: the Business Plan *Narrative* and the Business Plan *Report*. The narrative provides a written overview of a department's core mission, issues it is facing, and initiatives it wants to pursue in the coming fiscal year. The narrative is prepared in Microsoft Word, and a template for departments is available on the OMB Business Planning [Website](#). The Business Plan Report is generated from the department's scorecard in the County's performance management system.

Scorecards are used by departments to manage the implementation of their business plan. Key scorecard elements include the department's objectives and performance measures that demonstrate how well a department is doing. In addition, performance measure targets should reflect the levels required to achieve the outcomes listed in the Strategic Plan. Initiatives should be added to track progress in specific projects required to meet the targets of a department's most important measures.

The information presented in the business plan is then reviewed by OMB as an introduction to the annual budget process. As a result, it is critical that departments submit their business plans on time with up-to-date details about their challenges and priorities.

## **HOW DO I GET STARTED?**

Business plans should be collaboratively prepared with input from departmental staff, OMB, and the Office of the Mayor. All parties should provide ongoing input throughout the process prior to final submission.

### ***What are the roles and responsibilities of the different parties?***

Departmental leadership should review the updated goals and objectives of the Miami-Dade County Strategic Plan ([Attachment A-8](#)) and accordingly lay out the Department's performance objectives, measures, and initiatives for the current and next fiscal year. Department leadership should review this with managers and key operational staff to learn what factors may influence their ability to achieve their objectives and to specifically define required actions to achieve the performance goals. Budget and performance staff should collaborate to ensure objectives and performance measures match in the respective Business Plan and Budget systems.

Finally, department staff should seek out OMB involvement and include Business Analysts in the planning process. OMB staff should have the opportunity to review the business plan while it is still in draft form to provide comment and overall guidance if necessary.

### *How do I identify my key issues and priority initiatives?*

The most important external and internal factors that could impact the implementation of a department's business plan should be included as Key Issues in the narrative portion of the business plan. Examples are changes in the business environment, status of major project milestones, and legislative changes or mandates that impact your operations. Departments may want to start with a basic Strengths, Weaknesses, Opportunities, and Threats analysis (SWOT) to help identify these issues. Please call your Business Analyst if you require assistance.

A department's Priority Initiatives listed in the narrative should address these issues. Priority Initiatives are specific projects that have start and end dates, and result in actions that have a positive impact to operations.

**Attachment A-1 provides some guiding questions that departments should consider when planning for the current and upcoming year. Reviewing these questions will help departments identify the key elements that should go into a comprehensive business plan.**

The questions are categorized in the following manner:

- |                               |                      |
|-------------------------------|----------------------|
| 1. Mission                    | 4. Employees         |
| 2. Operating Environment      | 5. Revenue and Costs |
| 3. Customers and Stakeholders | 6. Processes         |

Finally, departments should consider how internal support departments impact the achievement of business plan objectives. Specific information about the kind of internal support department assistance needed is preferable.

### *Will a strategy map help?*

Strategy maps (see diagram in Attachment A-2) can be used during the planning process to help show the alignment of key operations with the County's Strategic Plan components. Strategy maps show from the bottom-up how departmental objectives support each other, including the key drivers of success. A good strategy map represents the foundation for effective scorecards and performance measurement. To complete a strategy map, department staff should take the following steps:

1. Identify the goals and associated outcomes from the County's Strategic Plan that the department most directly supports.

2. Evaluate departmental operations and key objectives, and identify those programs, activities, or any associated initiatives that support the achievement of the County Strategic Plan objectives.
3. Use the forms provided in [Attachment A-2](#) and [Attachment A-4](#) as a guide. Electronic versions are available on the OMB Business Planning [website](#).

### **HOW DO I SET TARGETS FOR MY PERFORMANCE MEASURES?**

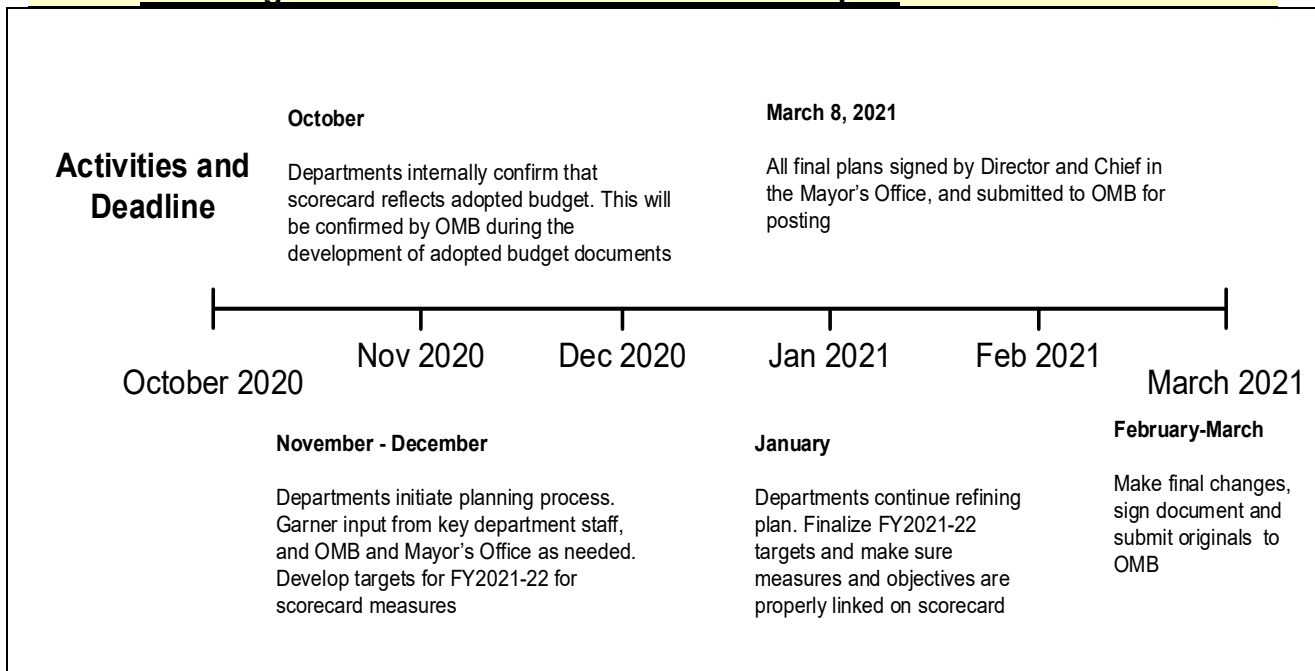

The Miami-Dade County Strategic Plan contains specific goals and objectives that focus the County on meeting its priorities. To help assess performance, departments should set targets for performance measures that are closely related to the Strategic Plan's goals and objectives at levels that would support achievement of the Strategic Plan. When setting targets, departments should consider the following questions:

- Who are our customers and stakeholders (internal and external)? What levels of performance are necessary to meet valid customer requirements?
- How are other jurisdictions performing? Comparative jurisdictional data collected by the Florida Benchmarking Consortium and the International City/County Management Association (ICMA) is online on the County [Intranet](#).
- How have we performed recently? What was our best month, quarter, or year? Can we improve on those levels? If so, what would be a reasonable increase that is can be considered a stretch goal while still being achievable?
- What is management's perspective? Are there external factors such as new technologies or changes in resources that will impact performance positively or negatively?

[Attachment A-3](#) can be used to help identify factors that you should consider when setting a target. Please call your OMB Analyst for assistance.

## WHAT IS THE DEADLINE FOR SUBMITTING THE BUSINESS PLAN?

<i>Deadline</i>	<i>Due Date</i>
<b>Final Approval</b>	
<ul style="list-style-type: none"> <li>Director and corresponding Chief in the Mayor's Office sign plan and submit final signed versions to OMB, <b><u>including PDF of Scorecard Business Plan Report</u></b></li> </ul>	<b>March 8, 2021</b>

## HOW DO I USE THE TEMPLATE TO WRITE THE BUSINESS PLAN NARRATIVE?

The Business Plan Narrative outlines a department's operations and identifies its priority initiatives and key issues for the current and next fiscal year. It should be written in plain language so that it can be shared with employees and stakeholders outside the County. The narrative must be prepared with the latest Microsoft Word template located on the OMB Business Planning [Website](#).

**It is important to note that this template has been revised since last year.**

The following is a section-by-section explanation of the information that should be included in the Business Plan Narrative. Please contact your OMB Business Analyst if you have any questions or need any help in completing the template.

As you prepare your business plan, please work with your OMB Analyst. OMB can help identify key issues, performance targets and priority initiatives.

## 1. Department Overview

- a. Departmental Mission: Insert departmental mission or purpose statement which is generally found in the proposed and adopted budget books. Also include a brief description of the major duties, services, and programs currently provided by the department.
- b. Our Customers: Please identify departmental customers and their most important needs. If applicable, include major customer trends that can impact operations. Be sure to include **internal** County customers as necessary.
- c. Table of Organization: Include the latest functional table of organization from the most recent adopted budget. Please contact your OMB Analyst for a copy of your T.O. from the adopted budget.
- d. Strategic Alignment Summary: Identify the Strategic Plan goals and objectives that are directly supported by the department's **most important** activities. It is not necessary to list all goals and objectives that the department may support. The full list of goals and objectives can be found on [Attachment A-8](#).
- e. Alignment of Selected Scorecard Measures to Resilience: Scorecard measures must be aligned to one of the twelve resilience dimensions described in [Attachment A-9](#).

## 2. Key Issues

- a. Insert a summary of significant issues that may impact the implementation of the department business plan (both positively and negatively). Departments are encouraged to perform a SWOT analysis to help identify such issues.
- b. Include as issues any changes in the business environment, achievement of milestones, obstacles for major projects, and legislative changes or mandates that impact your operations.
- c. If applicable, include issues that address your department's competitive environment and industry trends.

## 3. Priority Initiatives

- a. Describe the most important initiatives that are ongoing or planned in the next fiscal year. These initiatives should be limited in number (4-8 initiatives, or possibly more for large departments) and be directly related to the department's core mission and/or to the Key Issues addressed above.

- b. Initiatives listed here should be included in the County's performance management system. However, not all initiatives tracked in the system need to be listed in this portion of the business plan.

Sample initiatives include:

- Completion of Ocean Rescue Facility at Crandon Park
- Implement Greenway Prioritization Plan
- Implement a DERM Mobile Inspection System

#### **4. Future Outlook**

- a. Similar to "Key Issues" above, describe significant factors that may impact your operations sometime in the future (generally within 3-5 years).

#### **5. Business Plan Report**

- a. Departments will run this report from the County's performance management system and attach it to the Business Plan Narrative. If you have any technical difficulties running this report, please call OMB.

### **HOW DO I PREPARE THE BUSINESS PLAN REPORT?**

The Business Plan Report is completed by using the County's performance management system. This report consists of the departmental scorecard followed by more detailed information on the departmental performance measures and initiatives. Below are detailed steps for preparing and submitting this report.

#### **Scorecard Objectives and the Strategic Plan**

- Please review the departmental objectives on your scorecard. Check to see if they are linked to the correct strategic plan goal or objective. Please contact OMB if the objectives on your departmental scorecard need to change (added or removed) or if you believe the linkages to the Miami-Dade County Strategic Plan are incorrect, or new linkages need to be made.
- Organize your objectives using common balanced scorecard perspectives:
  - a. Customer: objectives related to residents and your customers
  - b. Financial: objectives related to your budget and key revenue and cost drivers
  - c. Internal: objectives related to processes that impact (a) and (b) above
  - d. Learning and Growth: objectives related to your employees, their professional development and skill levels
- Please review the updated goals and objectives of the Miami-Dade County Strategic Plan ([Attachment A-8](#)) to see which goals and objectives your department supports.
- Refer to the Balanced Scorecard Checklist in [Attachment A-5](#) for tips on developing improved content for department scorecards.

### Scorecard Measures and Initiatives

- Please make sure your scorecard objectives display the correct measures. The measures should have targets set and locked in the performance management system through FY 2021-22.
- [Attachment A-6](#) provides guidance for developing scorecard measures.
- Reassess all your current scorecard initiatives. Link to your objectives and measures only the most important of these initiatives, including the Priority Initiatives you listed in the Business Plan narrative. You can remove initiatives that are complete. Contact OMB for guidelines on archiving these completed initiatives.
- Please make sure the names of the initiative and measure owners display.

### Finalizing the Business Plan Report

- When all the above changes have been completed on your scorecard, run the Business Plan Report in the County's performance management system. Save the document as a PDF and email it along with the signed business plan narrative to OMB. Please call OMB if you have any difficulty finalizing this report.
- Please see [Attachment A-7](#) for step by step instructions for running the Business Plan Report in from the performance management system.

- **From the Business Plan Report, please confirm that:**
  - Departmental Objectives are linked to the correct "Parent Objective" in the Strategic Plan
  - Annualized targets for the current and next fiscal year are correct

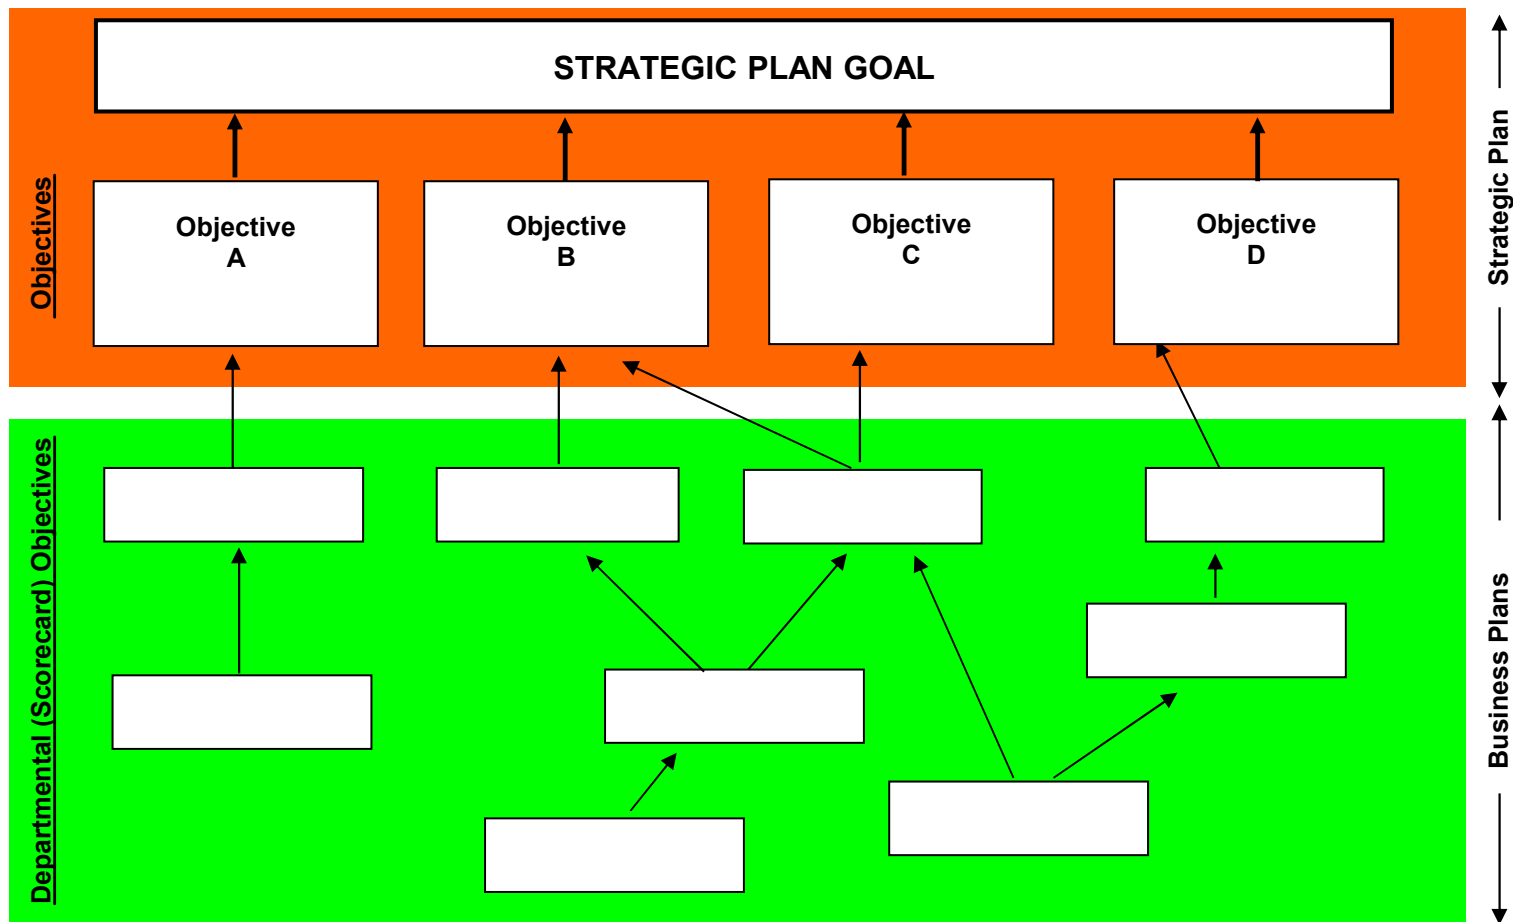

Attachment A-1  
Business Plan Development Questions

The following questions are intended to help guide your business planning process and identify your key issues and corresponding priority initiatives. When developing your business plan, you may want to incorporate answers to these questions in the document and your scorecard where appropriate.

<b>Your Mission</b>	<b>Your Operating Environment</b>
1. What are your most important services and programs? How do these programs support County goals and objectives in the Strategic Plan? How do they support resilience? What do you want to accomplish in the short-term and the long-term?	1. What are your department's strengths and weaknesses? Opportunities and threats? (SWOT Analysis)
2. Do you have the right initiatives in place to succeed? What will you need to measure to stay on track?	2. Are there some societal or industry trends impacting your operations? How have changes in the economy or technology impacted your core mission?
	3. How are you adjusting to the impact of new or potential regulations and legislation?
<b>Your Customers and Stakeholders</b>	<b>Your Employees</b>
1. Who are your customers and stakeholders? What are their needs? Have you considered internal customers and stakeholders?	1. Are employees involved in your business planning? Do they understand their role in business plan implementation?
2. How do you solicit feedback from customers and stakeholders? What have you learned?	2. Do your employees have the right skills to support your business plan?
3. How do you measure customer satisfaction?	3. Are you preparing for key retirements? Do you have any succession planning in place?
<b>Your Revenues and Costs</b>	<b>Your Processes</b>
1. What are your major cost drivers? How do you manage them?	1. What are your important processes? Are they efficient or prone to error? How would you improve them?
2. What are your near- and long-term revenue projections? Are there opportunities to obtain additional proprietary and grant revenues?	2. What County internal support do you need? How will engage those key departments?

Balanced Scorecard Checklist

CATEGORY	YES	NO	PRIORITY	DESCRIPTION
<b>Scorecard &amp; Perspectives</b>			High	The Scorecard uses the four Balanced Scorecard Perspectives (i.e. Customer, Financial, Internal, and Learning & Growth)
			High	Every Perspective has Objectives supported by Measures and/or Initiatives
			Medium	Scorecard Owner is the individual ultimately responsible for performance
			Medium	A total of 10-12 Objectives and no more than 30 measures populate the Scorecard
			Low	Appropriate Parent-Child linkages to other Scorecards exist
<b>Objectives</b>			High	At least one Financial Objective addresses "Meet Budget Targets" with appropriate Measures
			High	Objectives are correctly linked to Strategic Plan Goals or Objectives (work with OMB/MPPA division)
			High	Objectives are supported by appropriately linked Measures and/or Initiatives
			Medium	Objectives preferably have only 1 Owner, but no more than 3
			Medium	Objective titles address the department's specific responsibility supporting the broader Strategic Plan Goal and/or Priority Outcome
			Medium	Objectives are linked to the appropriate Perspective (i.e. Customer, Financial, Internal, Learning & Growth)
			Low	Objective descriptions are clear, informative, and well developed

<b>Measures</b>			High	Measures are linked to the appropriate Objective
			High	Measure goals/targets are consistent with budgeted service levels and adjusted for seasonality
			High	Actual Data is loaded and up-to-date
			Medium	Benchmark goals/targets and stretch goals are used where appropriate
			Medium	Measures with consistent underperformance are addressed by an improvement Initiative
			Medium	Good direction and year-to-date summarization are correct
			Medium	Measure titles are simple and clear
			Medium	Measure descriptions are well developed, explaining what is being measured, how it is calculated, and source of the data.
			Low	Measures have no more than one Owner accountable for the measure's performance
<b>Initiatives</b>			High	Priority Initiatives listed in your Business Plan and other important projects are linked to appropriate objectives and measures on your scorecard
			High	Initiative Status Reports are up-to-date
			Medium	Appropriate Tasks are created, assigned to Participants, and updated

GG4-4: Lead community sustainability efforts	Regulatory and Economic Resources

**Attachment A-9**  
**Miami-Dade County**  
**Aligning Scorecard Measures to County Resilience**

In recent years, Miami-Dade County began to participate in the Rockefeller Foundation's 100 Resilient Cities Program, under the auspices of the Adrienne Arsht-Rockefeller Foundation Resilience Center. This program provides jurisdictions around the world with a framework that can be used to build a community that can respond to external shocks from natural disasters, economic challenges, and failing infrastructure. In the spring of 2019, the [Resilient305 Strategy](#) was released.

The focus on resilience is not just about environmental sustainability and challenges posed by climate change. It requires participating jurisdictions to take a holistic look at their organization and how it supports the community being served across four broad dimensions:

- Leadership and Strategy
- Economy and Society
- Health and Wellbeing
- Infrastructure and Environment

Each of these four dimensions is supported by three “drivers,” which reflect the actions jurisdictions can take to improve their resilience. A table describing each dimension and driver is shown below.

Departments are required to consider resilience as well as their strategic objectives when identifying their key business plan activities and creating necessary performance measures. Scorecard measures should be linked to one of the resilience drivers below. These should be listed in Department Overview Section of the Business Plan template and linked in the County's performance management system. Please call your OMB Analyst for assistance.

Dimension & Driver	Description
<b>Leadership &amp; Strategy</b>	Promote effective leadership, inclusive decision-making, empowered stakeholders, and integrated planning
LS1: Promote Leadership and Effective Management	Encourage capable leadership and effective urban management within government and civil society, particularly during an emergency. This involves strong leadership, cross-sector communication, and evidenced-based decision-making.
LS2: Empower a Broad Range of Stakeholders	Ensure everybody is well informed, capable, and involved in their city. This includes access to information and education, communication between the government and public, knowledge transfer, and timely and appropriate monitoring.
LS3: Foster Long-Term and Integrated Planning	Align sectoral plans and individual projects with the city's vision to be coordinated and appropriate to address the city's needs. This includes city strategies and plans.
<b>Health &amp; Wellbeing</b>	Everyone living and working in the city has access to what they need to survive and thrive.
HW1: Meets Basic Needs	Particularly in times of crisis, ensure that people have access the basic resources necessary to survive – food, water and sanitation, energy, and shelter.
HW2: Supports Livelihoods and Employment	Assist individuals to access diverse livelihood and employment opportunities, including access to business investment and social welfare. This includes skills and training, fair labor policy, and development and innovation.
HW3: Ensures Public Health Services	Provide access to effective public healthcare and emergency services to safeguard physical and mental health. This includes medical practitioners and plans, as well as clinics and ambulances.

<b>Economy &amp; Society</b>	The social & financial systems that enable urban populations to live peacefully, and act collectively.
ES1: Promote Cohesive and Engaged Communities	Create a sense of collective identity and mutual support. This includes building a sense of local identity, social networks, and safe space; promoting features of an inclusive local cultural heritage; and encouraging cultural diversity while promoting tolerance and a willingness to accept other cultures.
ES2: Ensure Social Stability, Security, and Justice	Ensure a comprehensive and inclusive approach to law enforcement and justice that fosters a stable, secure, and just society. This includes fair and transparent policing and deterrents to crime – specifically in times of crisis, as well as enforcement of laws such as codes and regulations.
ES3: Foster Economic Prosperity	Ensure the availability of funding and a vibrant economy as a result of diverse revenue streams, the ability to attract business investment, and contingency plans. This involves good governance, integration with the regional and global economy and measures to attract investment.
<b>Infrastructure &amp; Environment</b>	The man-made and natural systems that provide critical services, protect, and connect urban assets enabling the flow of goods, services, and knowledge.
IE1: Provide and Enhances Protective Natural and Man-Made Assets	Maintain protective natural and man-made assets that reduce the physical vulnerability of city systems. This includes natural systems like wetlands, mangroves and sand dunes or built infrastructure like sea walls or levees.
IE2: Ensure Continuity of Critical Services	Actively manage and enhance natural and man-made resources. This includes designing physical infrastructure such as roads and bridges to withstand floods so that people can evacuate, as well as ecosystem management for flood risk management. It also includes emergency response plans and contingency plans that may coordinate airports to function so that relief can be lifted in and out during a crisis.
IE3: Provide Reliable Communication and Mobility	Provide a free flow of people, information, and goods. This includes information and communication networks as well as physical movement through a multimodal transport system.

<b>BUSINESS PLAN REPORT</b>	

## DEPARTMENT OVERVIEW

### Department Mission

*Insert departmental mission or purpose statement which is generally found in the proposed and adopted budget books. Also include a brief description of the major duties, services/and programs currently provided by the department.*

### Our Customer

*Please identify departmental customers and their most important needs. Include how customer feedback is collected and how satisfaction is measured. If applicable, include major customer trends that can impact operations.*

*Be sure to include **internal** County customers as necessary*

### Table of Organization

*Include a functional table of organization from the most recent adopted budget which can be obtained from OMB.*

### Strategic Alignment Summary

*Identify the Strategic Plan goals and objectives that are supported by the department's **most important** activities. It is not necessary to list goals and objectives that the department tangentially supports.*

*The full list of goals and objectives can be found on [Attachment A-8](#).*

### Alignment of Scorecard Measures to Resilience

*Measures on your department's scorecard should be linked to one of the twelve resilience dimensions described in [Attachment A-9](#). Use the table below to provide your input.*

*The associations you identify should also be entered in the County's performance management system located at <https://scrprd.miamidade.gov>.*

Scorecard Measures	Resilience Driver (Choose one from the list below)
Measure 1	
Measure 2	
Add rows for each measure.	
<div>Resilience Drivers:</div> <div>LS1: Promote Leadership and Effective Management LS2: Empower a Broad Range of Stakeholders LS3: Foster Long-Term and Integrated Planning HW1: Meets Basic Needs HW2: Supports Livelihoods and Employment HW3: Ensures Public Health Services</div> <div>ES1: Promote Cohesive and Engaged Communities ES2: Ensure Social Stability, Security, and Justice ES3: Foster Economic Prosperity IE1: Provide and Enhances Protective Natural and Man-Made Assets IE2: Ensure Continuity of Critical Services IE3: Provide Reliable Communication and Mobility</div>	

## KEY ISSUES

*Insert a summary of significant issues that may impact the implementation of the department business plan (both positively and negatively). Departments are encouraged to perform a SWOT analysis to help identify such issues.*

*Include as issues any changes in the business environment, achievement of milestones, obstacles for major projects, and legislative changes or mandates that impact your operations.*

*If applicable, also include issues that address your department's competitive environment and industry trends.*

*If known at the time this plan is being written, high level issues to be raised in budget hearings that may affect the implementation of your business plan should be addressed here (technical or more granular issues do not need to be included).*

## PRIORITY INITIATIVES

*Describe the most important initiatives that are ongoing or planned in the next fiscal year. These initiatives should be limited in number (4-8, or possibly more for large, complex departments) and be directly related to the department's core mission and/or to the Key Issues addressed above.*

*Initiatives listed here should be included in the County's performance management system. However, not all initiatives tracked in the system need to be listed in this portion of the business plan.*

## FUTURE OUTLOOK

*Similar to "Key Issues" above, describe significant factors that may impact your operations sometime in the future (generally within 3-5 years).*
