

FY 2021-22 Proposed Budget and Multi-Year Plan

How to Read a Department's Budget Narrative

Continuous improvement and future resilience play a central role in Miami-Dade County's effort to deliver excellent government services in a fiscally responsible manner. The approach applies equally to the presentation of strategic, financial and operational information in the Budget and Multi-Year Capital Plan. These two pages highlight significant changes to department narratives and detail their major sections.

To ensure Miami-Dade County is growing as a resilient government, as part of our Strategic Plan refresh, unit measures are now being classified by Resilience Driver, as defined by the Rockefeller Foundation's City Resilience Framework (CRF), as well as the classification by Strategic Objective. Strategic Objectives – updated this year – are listed in Appendix W. Resilience Drivers represent key focus areas that help ensure Miami-Dade County is helping create a community that is prepared for, can withstand, and can recover from various types of challenges ranging in size and scope. The CRF describes the essential systems of a city or county in terms of four dimensions: **Health & Wellbeing (HW)**, **Economy & Society (ES)**, **Infrastructure & Environment (IE)** and **Leadership & Strategy (LS)**, each containing three drivers reflecting the actions cities can take to improve their resilience.

The **resilience emoji** (🌱) is used to highlight County programs, projects, and functions which support the CRF.
