\*Florida Statutes 489.113(4)(a) and 489.516(3) requires that when a certificate holder desires to engage in contracting in any area of the state, as a prerequisite therefore, he or she shall be required only to exhibit evidence of holding a current certificate to the local building official, tax collector, or other authorized person in charge of the issuance of licenses and building or electrical permits in the area, and to pay the fee for the occupational license and permit required of other persons.

Although no ordinance or statute mandates registration with the local jurisdiction, Miami-Dade County Department of Regulatory and Economic Resources provides voluntary registration process that makes it easier for state contractors who are performing work in Unincorporated Dade County to obtain permits. The process includes verification of the contractor's license status, photocopying the driver's license, and obtaining a copy of the current General Liability and Worker's Compensation Insurance. This information is then placed in our computer system, which allows the Unincorporated Miami-Dade County RER to expeditiously verify the state contractor's information, without the contractor having to present the required document each time.
