MEMO

TO: ALL BUILDING OFFICIALS IN MIAMI-DADE COUNTY

**FROM:  Jaime D. Gascon, P.E., Director
Board and Code Administration Division**

DATE: January 5, 2021

SUBJECT: FBC 7th Edition (2020) and Miami-Dade NOAs

All NOA holders were informed last summer that new building permit applications submitted on or after December 31, 2020 are required to show compliance with the new code or risk being rejected by building departments. They were also informed of the process and options available to update their NOAs to reflect compliance with the FBC 7th Edition (2020).

If the NOA or the NOA Drawings indicate the edition of the code under which the limits of use were established, the NOA is only applicable to permit applications under that edition.

Please note that all roofing NOAs do not make reference to the specific edition of the FBC and are therefore not affected.

If you have any questions or if we can be of additional assistance, please contact the Product Control Section at 786-315-2590.

Thank You.
